Hayden Pool is open for the summer

Page 9

Good News for the Town of Kearny

There is a wealth of good news this week for the people of Kearny. Like most good things, these three items took quite a while to develop fully.

The municipal pool is the first good news. The Town Council approved the rebuilding of the pool to proceed as soon as possible. The Rotary Club's fund-raiser last month and its Go Fund Me campaign on the internet provided the emotional impetus, along with other donations, both of money and of skills. Mr. Joe Wilhelm pledged ASARCO's involvement through providing all the electrical work. Jay Warnett's company has contracted to do the lighting, and a pool company out of the Phoenix area has contracted to do the plastering. Other people have been very helpful, including Chris and Sam Misita. Senator Barbara McGuire has acquired some corporate donations and is seeking

even more.

The only catches are that the pool will open late and that funds for operation have yet to be acquired. I'll keep everyone posted as news on the pool develops.

The second good news is that most of the parts have arrived (except some pressure valves) for the rebuilding of the water filtration plant. As soon as all the parts have arrived, NCS Engineering and Fann Environmental (and our town crew) will begin work. This will take some time and, after completion, we may still experience brown water as the plant begins to work.

This work should rectify the engineering mistakes made in previous years. The filtration plant will remove most iron, manganese, and other solids. It will not remove dissolved mineral content, so our water will taste the same as always. Let's hope this is a final farewell to our brown and purple water.

The third good thing is the Economic Survey, which was completed last week with the help of many, many people. The survey is meant to supplement the U.S. Census which was taken five years ago. We suspect it will reveal that the

people of Kearny have been hit very hard by the recession, which is a continuing phenomenon in much of rural Arizona. The survey is now being reviewed by the Department of Housing, and we hope to have the results soon.

I personally thank everyone who completed the survey and everyone who helped to distribute the surveys. It took us five months, but the work is done.

This will not be a sleepy summer for Kearny. Much remains to be done in order for our town to be a better, safer, and more economically desirable place. Thank you, people of Kearny, for stepping up to the plate.

Are you ready for the summer heat?

By **John Hernandez**
Copper Area News

Summer is almost here (June 21) and with it comes the brutal heat that Arizona is known for. Yes, it may be a dry heat but it is still hot, darned hot!

The 100 plus degree temperatures will be starting this week and with it some harmful effects that can even be deadly. In Arizona over 2,000 people end up in the emergency room every year for treatment of heat related illnesses. These illnesses include sunburn, heat rash, heat cramps, heat exhaustion, heat stroke and even death. Over 1,500 people in Arizona died from heat related illnesses between the years 2000-2012, over 100 each year!

Those people with the highest risk of suffering heat exhaustion include the elderly, young children (age 0-4), those with high blood pressure, those using alcohol, prescription drugs, or illicit drugs and those people that work or exercise in a hot environment. Please do not leave a child or pet in your car unattended.

Sun Life Health Center has provided information to make the public aware of heat related illnesses and how to identify heat stroke and help prevent it. Their information follows:

The majority of heat-induced stress in Arizona usually occurs during outdoor activities. Help protect yourself and your family this summer from heat/sun stroke and dehydration with some basic precautionary measures:

Drink water: Individuals who are outdoors in the summer heat should drink 1-2 liters of water, and those

doing strenuous activity should drink up to 4 liters. Avoid coffee or alcohol, which will dehydrate you.

Protect your skin: Always wear sun screen if you will be out under the sun for more than 20 minutes. Wear lightweight, light-colored clothing to reflect the heat. Other options are hats or umbrellas.

Take it slow: Try to keep strenuous activity during the cool morning times (between 4-7am). If you are doing hard labor during the hottest times of the day, take frequent breaks in a shaded place to cool down.

Eat more, eat less: Eat smaller meals more often throughout the day. This keeps your energy up, but does not overwork your body. It's advised to especially avoid protein (meat, sea food, eggs, dairy, beans) which can raise your body temperature as you digest it. Also it is wise

to eat room temperature or raw foods so that your body does not have to work to keep your body temperature equilibrium.

Despite our best efforts, children and our elderly population are at most risk during the summer months. Knowing what to look for can help save lives. Signs of heatstroke are vomiting, mental confusion, throbbing head, decreased alertness, loss of consciousness, high body temperature (as high as 105 degrees), hot and dry reddish skin, a rapid and weak pulse, rapid, shallow breathing, and seizures. If a loved one begins to show these signs, seek medical attention immediately.

Behind the Scene at Kids' Closet

By **Patrick Polencheck**
Special to Copper Area News

It's summer in our wonderful SaddleBrooke community and many of our dedicated volunteers are gone for the season. But there is still much work behind the scene to be done prior to reopening Kids' Closet for the fall/winter school year.

This year's opening will be on Thursday, Sept. 17, and continue through Nov. 23, 2015.

To prepare for this season, KC's four buyers are hard at work determining the items that for their shopping list in preparation for their buying trip to Las Vegas in August. Based on the 2,732 children clothed during the 2014-15 session, KC's team of buyers, Jo Sauvegeau, Jeanette Wollinka, Nancy Moore and Karen Haddock, is working diligently to assess our needs for this session by taking into account some of the latest fashion trends that children from pre-K through grade 8 would like to wear to school. Starting with underwear, socks, footwear, shirts, pants hats and jackets for each child is one large order.

That is just for starters!

Once these items are purchased, they now have to be processed. That is where our receiving managers Richard and Lori Snead see to it that all the clothing is verified and then sorted into like sizes and binned for its trip to the Kids' Closet in Mammoth (30 miles north of SaddleBrooke).

After they arrive, our two warehouse managers Pat Schlote and Melanie Stout will check it in and place it in the appropriate sections. This is a big task taking many hours of work so that once Kids' Closet opens for business, everything is ready to go.

What would we do without these dedicated volunteers?

There are many more volunteer jobs available. If you are interested, please contact: SaddleBrooke Community Outreach located in Suite "L" in the commercial center or call: 520-825-3302. Kids' Closet is open on Mondays, Thursdays and occasional Saturdays.

The sun promises to be brutal this summer. Are you ready?

Ray JROTC awarded voucher from Arizona Elks Major Project Committee

The Arizona Elks Major Project committee awarded the Kearny Elks Lodge a \$1000 voucher to be given to a group in our community who could use it. Since the Ray High Jr. ROTC group works with the Elks closely on different projects and there was a chance we would not have this group in our community, the lodge decided to submit their name and summarize their activities for the town, other communities and organizations, and, finally, the activities that benefit them. Bill Foucher, Board of Directors, and Delma Turnbulla, East District Chairman, presents Master Sgt. Jordan and cadets Taylor Ashby, Commander Cody Gotto, 1st Sgt. Noah Stuart, Executive Officer and Alicen Baca, Corporal with a \$1,000 check.

Winkelman woman named Sommelier

By **Nina Crowder**
Copper Basin News

Katy Gonzalez knows her wine.
And she has the certification to prove it.

Katy, a Winkelman resident, recently received her certification as Sommelier. More than 250 people were in her class in Las Vegas, but only 12 percent, including Katy, actually received the certificate as Sommelier. A Sommelier or wine steward is a person trained in the wine

profession who specializes in all aspects of wine service and wine pairing.

"I love wine and I would like to teach people about wine. I tasted things in wine I didn't anticipate tasting," Katy said.

Tasting a really good wine inspired her to look into becoming a Sommelier. "I tasted a wine from Australia and it tasted like chocolate covered cherry, velvet jacket in my mouth that was evolving," she said.

Katy is also a butcher and enjoys what she does. There have been times in her butcher profession that she will go to the person's home to butcher and they are always amazed at the amount of meat they receive and how the procedure is done. Her family has been in the butcher business and has been entrepreneurs giving her the drive for starting her own business.

Katy plans to start a business revolving around wine and teach at different locations including some of the local Town Halls in the next few months. Her classes will include how to taste wine, how different tastes come out when pairing food with wine and other preferences for wine. She has even named her business: Zeitgeist, Spirit of the Times.

Her testing in Las Vegas was a two-day event of testing four different wines at a time, six different times during the two days. She had to break down the components of the wine in 28 different categories: the nose and palate, fruits, non fruits, spices, organic, non-organic, minerals, low or high acidity, and alcohol content. She was given 12 minutes to test the four different wines.

Is Master Sommelier next for Katy? Achieving that takes years of preparation and an unwavering commitment.

Congratulations to Katy on her Sommelier Certification and best of luck to her future endeavors.

Katy Gonzales is our local Sommelier.

Hayden alum wraps up first season with CAC Vaqueras

By Andrew Luberda
Copper Area News

Hayden High School 2014 graduate Devin Estrada recently completed her first full season at Central Arizona College, displaying the same talent that led her to being an All-Division and All-Section performer for the Lady Lobos a year ago.

Estrada, who batted .586 in her final high school season, played in 46 games during her freshman year with the Vaqueras, finishing with a .344 batting average, one homerun, four doubles, two triples, 22 RBI, and 20 runs scored.

She played catcher and first base for CAC, a member of the Arizona Community College Athletic Conference, and is more certain than ever that she made the right choice to attend the only school that offered her a scholarship.

"I had went for a tryout in the fall of my senior year," recalled Estrada when asked why she decided to attend CAC. "Just seeing the environment, I think, was more me than anything and I realized the code was family. (The coaches) care about their players and now that I'm at CAC I think my choice was perfect."

The soon-to-be sophomore is studying nutrition and plans to continue her education at a four-year school in the future. Estrada admits she hasn't decided which school or schools she might attend but did say she is considering Northern Arizona University and Arizona State. Her choices might increase if some other four-year schools want her to continue her athletic career.

For most college freshmen transitioning from high school to college requires some adjustments, something Estrada acknowledged to the Copper Basin News.

"I think if anything it's balance," she answered when asked what has been her biggest challenge. "Trying to maintain sports and school at the same time. It's a really difficult season and having to constantly working for my spot (is a challenge)."

In addition to having success on the field, Estrada has enjoyed the opportunity to meet new people, especially her teammates. The opportunity to be a part of a close-knit group was one the deciding factors in her decision to sign with CAC.

"Making new friends and becoming part of a new family," Estrada said were what she enjoyed the most during her first year at CAC. "They're people I know I

could depend on for the rest of my life."

Even though she's had success at the next level, Estrada's time at Hayden is not too far removed from her memory. She hit one home run as a freshman at CAC this year and remembered her first high school homer in an interview conducted during the season.

"I was a junior," she said. "I hit it out during the Safford Tournament against Morenci."

Estrada took the only scholarship she was offered, partly the result of signing before other schools offered. Still, she worked hard to achieve her dreams and suggested others do the same if they want to play at the next level.

"Never stop chasing your dream," she said. "If that's really what you want to do and you know you want to do it then you better work hard. Working hard gets you a long way."

Derek Figueroa wins Pitch, Hit and Run competition

Derek Figueroa was featured on the Jumbotron at Chase Field after winning the Pitch, Hit and Run Competition.

Derek Figueroa, son of Rudy and Rebecca Figueroa of Kearny, is the D-backs 2015 Team Champion of the Scotts MLB Pitch, Hit & Run Competition in the boys 11-12 age group. Derek competed at Chase Field on June 7 and was recognized on the field during pre-game of the AZ D-backs vs. NY Mets MLB game that day.

Derek began by winning the All Around Champion at the local competition held in Kearny in April. He then advanced to the sectionals competition in Casa Grande on May 9 and won All Around Champion. His score from sectionals made it into the top 3 scores of all sectional competitions in Arizona and New Mexico, advancing him to compete at the Team Championships at Chase Field in the D-backs market, where he won All Around Champion there also.

If Derek's score from the team championships makes it in the top 3 from all 30 team championships in the U.S., he will advance to compete during MLB All-Star week and attend the game in Cincinnati, OH in July. Finalists will be announced June 28 on MLB Network.

His family is super proud of him either way.

And his fans are cheering for him!

Ray students head to Washington, DC

Did you know that our nation's first president, George Washington, never lived in the White House? Did you know that the designer of the Vietnam War Memorial, Maya Lin, was only 21 when she designed the monument?

Students from Ray Junior Senior High School learned these interesting facts, plus many more on their trip

to Washington, D.C. last week. Accompanied by junior high social studies teacher, Jennifer Cude, 19 students and 4 parents traveled to D.C. for 5 days and took in a rigorous itinerary of historic monuments, museums and government buildings.

Upon arriving in D.C., students went directly to the

Smithsonian Museum of Natural History and finished out the day at the 'big three' monuments, the Lincoln Memorial, the Korean War Memorial and the Vietnam Memorial. On day two, the students went to Arlington National Cemetery, where they encountered among many beautiful sites, a statue dedicated to the memory of General Steven Watts Kearny, and of course took a picture with him! Next they headed to the Pentagon 9/11 Memorial, the National Cathedral, which was awe-inspiring, and National Zoo, for a quick look at the pandas. Students rounded out the evening with a very unique U.S. Military pass and review performance at Fort Myer called "Twilight Tattoo," which was a tribute to the U.S. military from the Revolutionary War to present day.

Day three included even more excellent experiences for Ray students. Ford's Theater was the first stop on the itinerary. It was here that President Lincoln was shot by John Wilkes Booth. Students also got to see the bed and room in which Lincoln died. After a photo stop in front of the White House, the next stop was the National Archives, where the Declaration of Independence, the Constitution and the Bill of Rights are housed. It was particularly moving to see such important documents in person! From there students headed to the Smithsonian Museum of American History. Some highlights of that stop were the First Ladies' inaugural dresses and the WWII exhibit. The tour ended with the Jefferson Memorial, the Franklin Delano Roosevelt Memorial and the Martin Luther King Jr. Memorial – all very beautiful and meaningful structures.

Day four was no less packed with the first stop being Mt. Vernon, Washington's home in Virginia – this is where he lived while he was president, because there was no White House at that time in history. It was a truly beautiful place to tour. After the morning spent there, students continued on to the U.S. Capitol for a tour, which was fascinating, and students were able to remember many facts about our nation's government from school. Next they stopped by the Supreme Court for a photo opportunity, and the World War II monument, before heading on to a ride to the top of the Washington Monument – that was breathtaking. Students were amazed at what 555ft in the air feels like!

The final day of the tour was inspiring. Students started with a visit to the Library of Congress, which contains Thomas Jefferson's personal library and the Gutenberg Bible, which was printed in the 1450s in Europe. The next stop was the Holocaust Museum – an incredibly sobering look at the atrocities committed against European Jews. The day of touring was finished by a quick visit to the National Air and Space Museum before they headed to the airport for the trip home.

The students from Ray, the parents who went along and Mrs. Cude had an excellent time and agreed that this experience would benefit our students both academically as well as personally. Everyone hopes to visit Washington, D.C. again someday and all the travelers want to express their thanks and appreciation to the businesses, parents and individuals of the Kearny area who donated money, gifts and time to making this amazing trip possible.

Having fun with McGruff the Crime Dog.

This year's Summer Reading Program Theme at the Kearny Library is "Super Heroes" which includes make believe Super Heroes and local heroes, such as our Police, Fire, EMTs and Air Evac.

June 4 was our "Celebrate Your Local Hero Day" with Librarian and 4th – 6th grade Summer Reading Program teacher Vickie Lechuga inviting Kearny's own Police Chief Corso and his crew down for their own special day.

Organizers cannot thank Chief

Corso and his crew enough for their response. They went above and beyond the call of duty, by having not only the Police, but the Fire Department, Ambulance and Native Air Emergency personal come and bring all their equipment for the kids to climb on and pretend in. The kids get to try out the ambulance. Our wonderful heroes interacting with the kids! The kids could hardly wait to examine the helicopter.

US 60 passing lane project east of Superior starts this week; Intermittent closures for blasting work will be necessary

PHOENIX — The first of a series of planned improvement projects along US 60 between Superior and Globe will start Wednesday, June 17, when the Arizona Department of Transportation begins work to construct a new passing lane from Devils Canyon to Oak Flat (mileposts 231-233), along with other improvements.

When completed, this \$8.8 million safety improvement project will make it easier for motorists to pass large trucks and slow-moving vehicles whose speed drops because of the sustained grades along this stretch of highway from Devil's Canyon to the Oak Flat area.

There will be minimal impacts to the traveling public during this initial phase of the project prior to Fourth of July holiday weekend.

Construction of the passing lane and some shoulder widening will require US 60 to be closed during blasting, which will start after the Independence Day holiday

weekend.

The project will include the following:

- Construction of a new westbound passing lane from Devil's Canyon to Oak Flat (mileposts 231-233)
- Widening shoulders in the Devil's Canyon area (milepost 233-234)
- Improvements to the Waterfall Canyon bridge (milepost 229)
- Box culvert drainage improvements (milepost 242 just west of Miami)

Work hours will be 6 a.m. to 6 p.m. Monday through Thursday. Work crews may also be working at night during different phases of the construction. The project is anticipated to be completed by summer 2016.

Removing several areas of rock embankment will require blasting during the project. The first phase of blasting is being planned for the week after the Fourth

of July holiday weekend during morning hours around 9 a.m. The exact day has not been determined. Blasting will occur about every five to seven days in a five-month period until it is completed. Closures during the initial blasts may be up to three hours. As blasting continues there will be a lesser impact on traffic and delays will be reduced.

ADOT will work to minimize the traffic impacts as much as possible, including scheduling some nighttime work.

There will be narrow traffic lanes, wide-load restrictions and a reduced speed limit through the work zone. Flaggers and pilot cars will be used at different times throughout the project. Drivers are asked to use caution, watch for construction equipment and personnel, and allow extra time for your commute.

ADOT works to inform the public about planned highway restrictions, but there is a possibility that unscheduled closures or restrictions may occur. Weather can also affect a project schedule. To stay up to date with the latest highway conditions around the state, visit the ADOT Traveler Information System at az511.gov or call 5-1-1.

Free blood lead and urine arsenic testing offered

Cobre Valley Superior Clinic, along with the Arizona Department of Health Services, is offering free blood lead and urine arsenic testing to those who are eligible.

Arizona Department of Health Services is conducting a Community Lead Screening Project which is part of a four-state consortium including: Utah, Colorado, New Mexico and Arizona. A summary of statistics will be shared with them, and with the Center for Disease Control, but individual results will be kept confidential.

All children 6 years old or younger, as well as pregnant women, living in high risk zip codes should receive a blood lead test. Urine arsenic testing will also be available for children 6 years old and older who drink from a private well. For those living just outside of high risk zip codes, a questionnaire will be available in order to determine risk.

Lead poisoning can cause learning disabilities, interference with growth, and behavioral problems in children. Arsenic can cause gastro-intestinal upset, skin changes, and kidney malfunction. Testing is free, so please get checked with a blood lead test or a urine arsenic test.

Please call 602-364-3847 or email kaleb.tsang@azdhs.gov for testing which will be available at the Cobre Valley Superior Clinic on Aug. 7 and 8 from 9 a.m. to 4 p.m. both days.

For more information or if you have any questions, please feel free to call the Arizona Department of Health Services, at the number above.

To be included in the weekly church listing, contact the Copper Basin News at 520-363-5554 or by email at cbnsun@minersunbasin.com.

Position Announcement
Program Coordinator

Location: Casa Grande, Arizona

The Central Arizona Governments (CAG) is seeking a Program Coordinator for its Workforce Development programs. With our central office located in the City of Apache Junction, CAG is a regional governmental planning agency serving 11 communities, two Native American tribes, and a total population of 402,000 throughout Pinal County. Workforce Development programs serve an important role for the region and provide over one-half million dollars in Workforce Innovation and Opportunity Act funds annually.

The successful candidate will provide training and oversight support to WIOA staff and eligible program participants to ensure successful completion of training and/or employment objectives by performing the following duties:

Ensures compliance to federal/state program regulations at provider and administrative entity level. Responsible for preparation and presentation of numerous reports. Attends meetings of the Workforce Investment Board and its sub-committees and disseminates information to CAG staff and committees. Coordinates local job training activities with other related programs (i.e. social services, economic development). Acts as liaison between staff and educational institutions, related state agencies, federal agencies, CAG's elected officials, municipal staff, and citizen advisory groups. Other duties to include special projects, grant writing, and designing of training programs related to WIOA program needs. This position is responsible for setting an example for other CAG staff regarding CAG procedures as described in the Employee Manual. Manages 3 Case managers and 1 Community Outreach Specialist. Is responsible for overall direction, coordination, and evaluation of these units. Carries out supervisory responsibilities in accordance with the organization's policies and applicable laws. Responsibilities include assisting the Program Manager in interviewing and hiring employees in the Social Services Department. Recommends hiring and disciplinary action of staff to the Program Manager. This position is responsible for planning, assigning, and directing work; meeting performance standards, and appraising performance; addressing complaints and resolving personnel and operational problems with the department. Responsible for file monitoring and oversees Rapid Response under the Dislocated Worker program.

This position requires a Bachelor's degree (B.A./B.S.) within a related field or equivalent from a four year accredited college or university; or four years related experience and/or training; or equivalent combination of education and experience. Any equivalent combination of experience and training which provides the required knowledge, analytical and communication skills will be considered. Travel throughout the CAG region is required. Occasional travel in state and out of state may also be required.

CAG provides a small office working environment and conducts business on a four day (10 hours per day) work week, Monday through Thursday.

Salary range is \$40,000 to \$57,000 DOQ with a competitive benefit package provided.

Send detailed resume and three work related references to: Andrea Robles, Central Arizona Governments (CAG), 1075 S. Idaho Road, Suite 300, Apache Junction, AZ 85119 or e-mail arobles@cagaz.org.

First review of applications will occur on June 29, 2015. Recruitment will remain open until position is filled. CAG is an EOE-male/female, handicapped affirmative action employer.

Position Announcement
Case Manager I

Location: Casa Grande, Arizona

The Central Arizona Governments (CAG) is seeking a Case Manager I for its Workforce Development programs. With our central office located in the City of Apache Junction, CAG is a regional governmental planning agency serving 11 communities, two Native American tribes, and a total population of 402,000 throughout Pinal County. Workforce Development programs serve an important role for the region and provide over one-half million dollars in Workforce Innovation and Opportunity Act funds annually.

The successful candidate will provide support to WIOA eligible program participants to ensure their successful completion of training and/or employment objectives by performing the following duties:

Determines eligibility and in conjunction with the client, formulates an Individual Employment Plan (IEP) which identifies vocational goals, barriers to employment and supportive service needs. Also determines the appropriate course of action to overcome identified barriers and records information on training and/or supportive service needs, and reviews IEP on a regular basis to ensure continued progress in training or job search programs. Maintains accurate and complete case notes to outline client progress and to provide reference for all staff involved with the client. Provide counseling to clients to furnish information, resolve problems, motivate and encourage the client. Coordinate with various public service agencies throughout the satellite office's area, to establish effective networking linkages and to gather referral information necessary for clients. Prepare supportive service forms for approval by WIOA Program Manager. Collect information necessary in the preparation of case files. Contact clients to provide information regarding possible employment opportunities. Conduct workshops, orientations and job clubs, and provide ongoing data entry into state's data collection program.

The position requires a minimum of 3 years of experience in client case management, an associate's degree in public administration, social work or an appropriate related degree.
