SUPERIOR, ARIZONA
CHAMBER OF COMMERCE

"Like" us on

Our mission is to promote business, the Town, and the quality of life in Superior and surrounding areas.

June is busting out all over...along with beautiful flowers, hummingbirds, bees, lizards, scorpions and VERY warm days. It's the time of the year that the Winter Visitors are gone, the hikers are seldom seen and we all try to flock to the mountains to avoid the heat. What this adds up to for our businesses in town are fewer people and fewer sales. Now, more than any other time of the year, our businesses need local support. Let's all try to shop in town whenever possible. It keeps the money here and helps us all.

The Town is hosting an old fashioned 4th of July on the 5th of July! Local groups will help provide food, drinks, fun for families and fireworks. Free swimming will help cool things down. Call the town at 520-689-5752 for details.

September 20th the Chamber will host a COMMUNITY YARD SALE. Oodles of goodies, old and new will be available. All of the town's non-profit groups will be invited to set up so it should be a huge sale. Time to start thinking about Christmas? Call Doc Darr at 480-818-1606 if you'd like to donate some items for the sale. The Chamber appreciates anything except clothing.

Arizona State Land Commissioner scheduled to speak at Community Working Group Meeting in Superior

Arizona State Land Commissioner Vanessa Hickman and Deputy Commissioner Jim Adams are scheduled to speak at a meeting of the Superior Community Working Group on Wednesday, June 18. The Community Working Group has invited the commissioners to speak about Arizona State Trust Land issues relative to the proposed Resolution Copper mining project. An area of State Trust Land has been suggested as a possible future mine tailings site.

The Arizona State Land Department manages approximately 9.2 million acres of State Trust lands within Arizona. These lands were granted to the state under the provisions of the federal Enabling Act that provided for Arizona's statehood in 1912. These lands are held in trust and managed for the sole purpose of generating revenues for the 13 State Trust land

beneficiaries, the largest of which is Arizona's K-12 education.

The Community Working Group (CWG) is made up of Town of Superior and area residents and stakeholders who meet regularly to consider and discuss facts and issues surrounding the proposed Resolution Copper Mining Project. CWG meetings are held at the Superior Chamber of Commerce offices at 165 West Main in Superior beginning at 6 p.m. CWG meetings are open to the public and time is reserved on the agenda for public comment and questions.

Past CWG meeting agendas, summaries and information are available for public review at the Superior Chamber of Commerce offices and at the Superior Public Library at 99 North Kellner Ave., and online at resolutioncopper.com/sustainable-development/community/.

Freeport-McMoRan announces 2014 Globe-Miami Community Investment Fund Grant recipients

Globe-Miami – Recognizing organizations with a vision for a sustainable future in the areas of infrastructure, education, community/economic development, community services and cultural/historic preservation, the Freeport-McMoRan Foundation announced the 2014 Globe-Miami Community Investment Fund grant recipients on Thursday, June 5 at the Bullion Plaza Cultural Center & Museum. Nine area nonprofits were awarded a total of \$335,000 at the presentation.

The Globe-Miami Community Investment Fund was established in 2012 to focus on programs and projects that create a sustainable community benefit. It is administered by a committee comprised of community leaders selected by the Globe-Miami Community Partnership Panel. The Panel was also established by Freeport-McMoRan in 2012 to foster open and ongoing dialogue with the community, allowing the company and the community to work together to develop thoughtful solutions that address community issues.

The Community Investment Fund Committee solicits and selects programs to receive financial support based on established criteria, and

strives to assist in the success of recipient programs

The 2014 grant recipients include:

- Arizona Youth Partnership – \$20,000
- Cobre Valley Institute of Technology – \$55,000: This grant will provide transportation services for Globe and Miami High School students to participate in college-level career

and technical education programs. By making this service available, a barrier to accessing quality educational programs will be removed.

As more students participate in programming, additional revenue will be available to further enhance CVIT program offerings.

- Gila County Housing Services – \$10,000: Program funding will leverage dollars

to assist with the completion of minor home repairs and adaptations that specifically assist elderly and disabled individuals, making their residences safer and allowing them to remain in their homes.

- Gila County Canyon Water Improvement District – \$50,000
- Gila Community College – \$50,000: Funds will

be used to enhance the welding program at the Regional Training Center (RTC) by implementing a Virtual Reality Arc Welder simulator. In doing so, the RTC will be able to attract and engage more students in this high demand program. The simulator also reduces energy consumption, waste and scrap while providing tangible savings that can be used to further enhance important career and college ready program offerings at Gila Community College.

- Globe Unified School

District – \$38,500

- Miami Genesis – \$26,500
- Miami Unified School District – \$30,000
- Southern Gila County Economic Development Corporation – \$55,000: Funds will be used for a wayfinding and signage project to help build a consistent brand for the region. By working collaboratively, the project will create a systematic, visually cohesive, graphic communication system for visitors and residents in

Tonto National Forest holds open house for proposed Resolution Copper tailings site; public comment still sought

By Mila Besich-Lira
Superior Sun

Last week the Tonto National Forest held an open house at the Superior Junior Senior High School Multipurpose room. The purpose of the open house was to allow the public to comment on hydrological and geotechnical concerns they may have in regards to the proposed Resolution Copper tailings site. This particular open house was focused on the impacts that studying the proposed tailings site. Conducting the environmental impacts on the tailing sites will require geological and hydrological studies, those studies of the land and water will require many of the forest roads to be improved and maintained and in some cases the company will need to add new temporary roads to access the potential drill sites. These studies will help to prepare baseline studies needed to assist the forest service in making decisions pertaining to the tailing site.

In mid May, many local community leaders as well as residents received a letter from the forest service outlining the work that will need to be done by Resolution Copper in order to fully determine if the proposed tailings site will be a viable spot. The baseline study project will require the company to construct 16 drill sites to accommodate 16 ground water testing and monitoring wells that would impact approximately 4.21 acres. Complete 41 geotechnical drill holes and piezometer installations that would impact approximately .27 acres. Construct geotechnical test trenches at 33 sites that would impact approximately 1.32 acres, Complete roadway improvements to allow access to data gathering sites on Forest Service land, this would impact 16.42 acres. Construct contractor laydown yards, this would impact 2.19 acres. Conduct road maintenance for drill sites with monitoring wells or piezometers installed and also allow use of short term temporary access roads to bring tracked rig to off road locations.

Anyone wishing to make a comment was able to record their comment at the open house. If you missed the open house and still wish to make a comment, you may send a written comment to Mr. Neil Bosworth, Forest Supervisor, Tonto National Forest, 2324 East McDowell Rd, Phoenix, AZ 85006 or via fax to 602-225-5295 you may also email your comments to comments-southwestern-tonto@fs.ed.us. All comments must be received via mail, in person, email or fax by Monday, June 23, 2014. Anyone wishing to be added to the mailing list can contact Celeste Daisy Kinsey at 602-225-5248 or ckinsey@fs.fed.us. The letter to the public from the forest service explained that the comments must be relevant to this particular part of the study, they are not recording comments on the overall mining project in this phase, comments in this period are to be relevant to the geological and hydrological study in the proposed tailings site. Those using citations or references in their comments, must include those reference and citations.

This is only one of the many phases of permitting and public hearing processes that Resolution Copper will undergo as the Mine Plan of Operations goes through the National Environmental Protection Act (NEPA) process. Resolution Copper submitted the much awaited Mine Plan of Operations to the Tonto National Forest in November 2013. You can read the plan of operations online at: <http://bit.ly/1uzQhNj>

SHS volleyball team headed to UofA Camp

The Superior High School girls volleyball team has been working hard this Summer to raise money to attend the David Rubio Volleyball camp at the University of Arizona in Tucson. For the past two weekends the team has hosted a car wash and bake sales. The team needs to raise \$1000 to cover their lodging expenses. With support from the Red Bear Outfitters and OMYA, their registration fees have been paid.

Coach Cheryl Lopez explained that the camp will help these upperclassmen players enhance team building, and develop stronger skills and strategy. Lady Panthers attending the camp this year are: Juniors: Gabby Salcido, Phalicittee Thomas, Ari San Miguel and Seniors: Hunter Flanagan, Lindsay Duarte, Cierra Navarrette and Vanessa Perez.

If you are willing to contribute to this camp please contact the Superior High School at 520-689-3100.

Members of the Superior High School Volleyball Team wash cars to earn money for a trip to the University of Arizona.
