OBITUARIES

Lloyd Allen Thomas

Our Daddy, Lloyd Allen Thomas passed away peacefully in his home with family by his side on May 31, 2019.

Lloyd was given a wonderful 'bonus week' of life in which his children were able to gather beside him and Mom to hear stories of his life, hold his hands, hug him, and of course shed tears of joy. As his loving children, we shall miss him and honor him in our memory every day.

Lloyd was born in Bisbee, AZ on Feb. 19, 1927 to Edward and Edna (Newman). He is survived by his loving wife of over 68 years, Elizabeth "Betty" Thomas, and his sister, Loia Beth Jones. He was preceded in death by his parents and his brother, John Gordon Thomas. Lloyd leaves a legacy that will forever shine through his children, Teri (Mark) Anderson, Edward (Darlene) Thomas, Ann (Stephen) Ross, and Joellen (TC) Brown. Along with his children, Lloyd leaves behind many loved ones including 12 grandchildren, 11 great-grandchildren, 5 great-great-grandchildren, and numerous nieces and nephews. Lloyd was a great friend to many and touched the lives of all who crossed his path. He was a man of integrity, honor, and wittiness.

Lloyd graduated from Bisbee High School and joined the Navy. He later attended Cal Tech, obtained a Mining Geologist Degree from the University of Arizona, and

pursued graduate geology studies at Harvard University. While attending Harvard, he met and married the love of his life, Elizabeth Ellen Knights. Lloyd worked briefly at a zinc mine in Hanover, NM, then Magma Copper Company in Superior, AZ and then spent over 35 years as a Geological and Planning Engineer at San Manuel's Magma Copper Company, retiring in 1989. Lloyd spent many years as the Treasurer for the Community Presbyterian Church and after balancing the books, you would often see him walking across town to the Valley National Bank to drop off the deposit.

A special celebration of life service will be held on Monday, June 24, 2019 at 11 a.m. at the Community Presbyterian Church located at 801 McNab Parkway in

San Manuel, AZ. A celebratory meal, also at the church, is being provided immediately after the service. The meal includes machaca tacos, Dad's favorite La Casita fare. The family asks that in lieu of flowers, donations can be made to the Community Presbyterian Church of San Manuel, AZ at P.O. Box 679, San Manuel, AZ 85631. The family deeply appreciates all those who have offered assistance, thoughts and prayers.

A life well lived full of laughter and love; we will miss you, Dad.

APS temporarily halts customer disconnects; thorough review of disconnection policies to be initiated with community groups

PHOENIX – Arizona Public Service announced last week that it will temporarily suspend disconnections for residential customers who are behind on their payments and launch a review of its disconnection policies.

The decision was driven by a number of factors, including recent public comments at Arizona Corporation Commission Open Meetings and conversations with community stakeholders about customer care and safety; the onset of summer heat; and reports of a 2018 customer death in which heat may have been a contributing factor after electricity service was disconnected.

"Our hearts go out to the family of the customer," an APS spokesperson said. "The safety of our fellow Arizonans is our top priority. We want all our customers to stay connected, especially during the summer."

Over the next 30 days, APS will conduct a thorough review of its disconnection policies. They will bring together a group of community organizations, advocates for limited-income customers and other public agencies to work together on the best options to help customers keep their service connected.

Customers will still be billed for energy usage during this suspension of disconnections, and responsible for paying their bills in a timely manner. APS offers a number of assistance programs including payment arrangements, due-date extensions and bill support programs. There are also options for customers who may want to pick a

Quick response contains the Tilbury Fire

On Friday, June 14, at approximately 3:21 p.m., a fire was reported just east of the railroad tracks near the corrals in Kearny. The fire spread quickly to an area behind the 500 block of Hartford Rd. and the 400 block of Jamestown Rd.

Multiple structures in both areas were threatened but the quick response from the Kearny Volunteer Fire Department turned back the flames preventing damage to any of the threatened structures.

The Kearny Volunteer Fire Department along with aviation resources from the Arizona Forestry Department and numerous other agencies were able to contain the fire to approximately 22.5 acres. There was also a smaller fire that broke out simultaneously between Kearny and Kelvin which was contained at approximately 3 acres. By Saturday morning both fires were 100 percent contained.

The Town of Kearny would like to thank the following agencies for their support during the Tilbury Fire: the Kearny Volunteer Fire Department, Kearny Police Department, Kearny EMS, Hayden Fire Department, Superior Fire Department, Oracle Fire Department, Golder Ranch Fire District, Arizona State Forestry, Avra

Senior Construction Specialist

****This position is based in Lead, South Dakota****

Position closes: June 28, 2019

Fermilab is America's premier laboratory for particle physics and accelerator research, funded by the U.S. Department of Energy. We support discovery science experiments in Illinois and at locations around the world, including deep underground mines in South Dakota and Canada, mountaintops in Arizona and Chile, and the South Pole.

We are strategic risk takers, innovators, and collaborators. We are engineers, scientists, technicians, administrative professionals. We are 1,800 employees advancing knowledge for the benefit of humankind. Fermilab has been at the forefront of particle physics for more than 40 years. We build world-leading accelerators and detectors to conduct some of the most advanced particle physics experiments possible. We collect and analyze the data from those experiments with some of the most powerful computers in the world.

The Long-Baseline Neutrino Facility (LBNF) / Deep Underground Neutrino Experiment (DUNE) Project is seeking a **Construction Specialist** to join the Fermilab team at the Sanford Underground Research Facility (SURF) in **Lead, South Dakota**. The LBNF/DUNE Project will design and construct the world's largest proposed neutrino experiment to answer the most compelling questions about the makeup of our universe. In support of DUNE, LBNF will construct the world's most powerful neutrino beamline at Fermilab and surface and underground conventional facilities (CF) to host DUNE's large liquid argon neutrino detectors nearly a mile underground at the Sanford Lab.

Under minimal supervision, the selected candidate will independently coordinate, inspect, and oversee all aspects of complex construction projects including the installed systems, safety management systems, quality assurance and controls systems, project schedules and costs. They will inspect construction work in progress to ensure that materials and work standards conform to specifications, quality requirements of the contract and applicable construction codes. They will oversee construction contractors' activities to ensure compliance of their Environmental, Safety, & Health (ES&H) plans, applicable Occupational Safety & Health Administration (OSHA) Standards, equipment manufacturers' specifications, and applicable hazard analysis.

Valley, Florence Fire Department, Douglas Fire, Payson, and anyone else who may have been overlooked.

"Once again, the citizens of the Copper Basin deserve a great big thank you for their support of the firefighters on the front line," said Town of Kearny Public Information Officer David Orzell. "Many cases of water and ice

were quickly donated to the cause at the Kearny Fire Department. The Copper Basin continues to show how big our small towns become during an emergency."

Anna Flores, Kearny Town Manager, echoed the gratitude and also extended her thanks to Mr. Orzell, who helped on the sidelines.

John Fitzsimmons to present Epic Magic Show in Superior, Kearny

John FitzSimmons will be performing his Epic Magic Show at Constitution Hall in Kearny at noon on Wednesday, June 26. Free tickets will be available at the door.

He'll appear at the Superior Public Library at 10 a.m. on the same day as a kick off to their summer reading program.

It promises to be an action packed show, from a man who is described as combining "over 20 years of unique magic, with bizarre stunts, and some of the most perplexing events ever created." After all, it isn't every show that comes with a money back guarantee!

To learn more about Mr. John Fitzsimmons and what he has to offer, please visit online at new.fitzmagic.com/#inline-content, where you will find, among other information, a short video of highlights.

Loving the Lord

From Mark 12:30 we read, "You shall love the Lord your God with all your heart, and with all your soul, and with all your mind, and with all your strength." This is more than just the physical burnt offerings and sacrifices.

You could say, this is the heart and soul of the entire matter. This love comes from within – your inner being. It resonates from those who are real on the inside. This is not what other people usually see.

He begins with 'you shall.' Obviously this is not an option, but mandatory. Your heart, soul, mind and strength represent your total and complete inner person. Your

emotional and spiritual side is who you truly are.

It is when you obey with all that is 'in' you, you can change the world. This is your 'inner beauty' that reflects God's glory and turns your world around!

Superior Food Court Park is now officially open

What else could they serve at the grand opening of the food court and farmers market then 'dirt cups!'

Cat Brown | Sun

The Town of Superior, in conjunction with the Copper Corridor Economic Development Coalition (CCEDC) and the Southern Gila County Economic Development Corporation (SGCEDC), hosted a grand opening ribbon cutting ceremony for the newly improved Food Court park in downtown Superior on Friday. The ceremony included a presentation on the food hub and how it can help grow the regional economy and recognized key partners for supporting the program.

Funding for the remodeling of the food court came from a United States Department of Agriculture (USDA) grant that was applied for by the SGCEDC. Funds from the grant also helped to purchase a refrigerated trailer that will allow for produce from throughout the Copper Corridor region to be picked up and sold at the three local farmers

markets. The Town of Superior provided both in-kind and cash funding as match for the project.

In 2017, the SGCEDC and CCEDC began working together on the Copper Communities Food Hub study. The study identified areas within the region where food is grown and raised, it identified home bakers and other food artisans and what resources they needed to grow successful food based business.

Mayor Mila Besich congratulated Anthony Huerta, the Public Works director for the Town, and thanked him and his staff for remodeling the food court.

"Anthony put a tremendous amount of creativity into the design. We are so proud of him and his staff for completing this project," she said.

The CCEDC and SGCEDC also recognized Arlene Diaz-Gonzalez for her assistance

APS and MLB partner to host an All Star Clinic

Arizona Public Service partnered with Major League Baseball to host a half day skills camp for Superior's baseball and softball players in the Superior Little League program. The clinic is taught by retired MLB players. The players working with the Superior athletes were Lou Klimchock, Ken Phelps, Leon Brown and Ron Davis.

Klimchock played for the Kansas City Athletics, Milwaukee Braves, Washington Senators, New York Mets and Cleveland Indians. He mostly played third and second base.

Ken Phelps was a designated hitter and first baseman and primarily played for the Seattle Mariners, although he also played for six other MLB teams.

Leon Brown played professional baseball as an outfielder 13 years.

He was drafted by the Baltimore Orioles in the 1966 amateur draft out of Grant Union High School in Sacramento, California. He then went on to spend 13 years in professional baseball, mostly in the minor leagues.

Ron Davis played as a pitcher for 11 years. He played for the New York Yankees, Minnesota Twins, Chicago Cubs, Los Angeles Dodgers, and the San Francisco Giants.

During the clinic the players run fundamental building drills, teach on physical fitness and the importance of warming up before games and practice. After the drills the players join the athletes on the field for a game and after the game they were all treated to a pizza lunch where the young players had a chance to ask the players questions.

Local baseball players had a chance to learn from former MLB players at a clinic sponsored by APS.
