LETTER TO THE EDITOR

Thanks to the governor, legislature

The City of Globe, Town of Miami, and surrounding communities are home to more than 30,000 residents who rely on Cobre Valley Regional Medical Center for accessible, affordable and quality medical care.

We are a Critical Access

Hospital (CAH) – a federal designation given to healthcare facilities in communities where the next nearest hospital is at least 35 miles away. During a medical emergency – say, a heart attack or car accident – having a hospital like ours close by can mean the difference between life and death. Unfortunately, small hospitals in rural areas are also some of the hardest

hit by rising costs to attract physicians and provide healthcare to individuals without insurance.

That's why we are so grateful for the support of Governor Ducey and the Arizona Legislature. As part of the recently-approved 2018-19 State budget, Arizona leaders directed an additional \$1.8 million to support Critical Access Hospitals and the services we provide.

These state dollars – matched by approximately \$4 million from the federal government – will help those of us at Cobre Valley Regional Medical Center to continue doing what we do best: caring for our patients.

Thank you, Governor Ducey and legislators.

Sincerely,
 /s/ **Neal Jensen, CEO
 Cobre Valley Regional
 Medical Center**

Rebuild Superior seeks ideas for history preservation; community meeting set for June 25

Superior, AZ - Rebuild Superior Inc. invites local residents of Superior and the region to attend a special community meeting to discuss ideas on what should be done to preserve and maintain the mining history and culture of Superior, once the Smelter and Smokestack are torn down. The meeting is scheduled for Monday, June 25, 2018; the meeting will start at 6 p.m. and will be held at the Superior Junior-Senior High School Multipurpose Room. Light refreshments will be served. This spring, Resolution Copper announced that the company will be tearing down the smokestack located on

their West Plant property in September of 2018. The accompanying buildings will be torn down earlier. This iconic structure has been standing in the Superior skyline for almost a century. The Town of Superior and Resolution Copper have signed a Memorandum of Understanding to conduct public outreach in order to hear from community members on what they would like to see done to honor Superior's mining history through a legacy project. Rebuild Superior Inc. has been tasked with conducting community outreach. Once the community is polled and ideas are brought forward, Resolution Copper

and the Town of Superior will decide on three ideas to conduct feasibility and sustainability plans.

Some ideas that have been shared through the Community Working Group. They include a Mining History, Education and Innovation center and re-activation of the Magma Arizona Rail Road for both commerce and tourism. The community meeting will be interactive and invites participants to listen to ideas and also share their ideas. For more information on the meeting please contact Jim Schenk via email at rebuildsuperior@outlook.com. Rebuild Superior Inc. is a local 501c3

non-profit community development organization.

The organization was formed by the Town of Superior, Superior Unified School District and Superior Chamber of Commerce to spearhead economic development and move community projects forward.

On July Fourth, safety first

WASHINGTON, DC — The nation's emergency physicians urge those celebrating Independence Day to exercise good judgement and to be mindful of potential dangers, especially from accidents with fireworks.

"Whether you are grilling, camping, spending the day in or near the water, or just relaxing with family and friends, a few simple safety tips can keep the celebration going and keep you out of the emergency department," said Paul Kivela, MD, MBA, FACEP, president of the American College of Emergency Physicians.

More than 11,100 people went to the emergency room with injuries from fireworks in 2016, according to the most recent data available from the Consumer Product Safety Commission. Children younger than 15 years of age accounted for 31 percent of the estimated 2016 injuries. And, 69 percent of the emergency department-treated injuries were burns.

Emergency physicians strongly encourage people to leave fireworks to the professionals. If fireworks are legal in your area, ACEP strongly urges you to avoid using them near residential areas. Children should never play with fireworks or sparklers and older children should always be supervised. If you are drinking alcohol, please do not handle fireworks or supervise others who may rely on you if an emergency occurs. Some additional firework safety tips:

- Avoid purchasing or using illegal fireworks. Do not attempt to make your own.
- Read warning labels and follow all instructions. Do not use fireworks in any way other than suggested on the label.
- Keep a bucket of water or fire extinguisher on hand.
- Light fireworks one at a time.

- Dispose of all fireworks properly. Soak them all in water before throwing them away.
- Do not light fireworks indoors or near other objects.
- Avoid burns or other accidents by not standing or crouching over fireworks when trying to light the fuse. Immediately back up to a safe distance after you light it.
- Do not point or throw fireworks at another person.
- Do not re-light a malfunctioning "dud" or pick up fireworks that have not ignited fully.
- Dress appropriately. Loose fitting clothes could be a fire hazard or become tangled or caught.
- Setting off fireworks in glass or metal containers can create fragments that can cause severe injury.

For those celebrating outside, it is

JFK students learn protocol for American Flag presentation, leave legacy for future students

Six students who ended their school careers at John F. Kennedy Elementary School have left a lasting impression on the school.

The students, Yeritzel Romero, Kayleigh Rogers, Devyn White, Kaden Major, David Drennan and Omari Allison, began a tradition at the school of raising the American flag every morning and lowering it every afternoon, following

proper regulations and traditions set forth by the United States military.

Each student was given instruction by local veteran representative of the VFW and American Legion, Gary Michiel Montiel, who was approached by the students' teacher Mike Lowery. Both men, because of their personal appreciation and respect for our country, believed teaching

these students proper reverence for our flag would be vital to our community.

Before concluding the school year those same students who performed this great service this last school year, taught the incoming 6th graders how to honor the flag by the same standards they were taught, effectively passing the torch of patriotism to another group of young students.

Pictured from left are: Yeritzel Romero, Kayleigh Rogers, Devyn White, Kaden Major, David Drennan, Omari Allison.

Copper Corridor Softball: Home of Champions

By **Andrew Luberd**
Copper Area News

The Superior softball team recently won its second state title in four years, claiming the 2015 championship in addition to last month's triumph. During the past four years, Superior has made three appearances in the State Championship game and reached the semifinals in the other.

Between the Pantherettes' most recent titles, the Ray Lady Bearcats won back-to-back state championships in 2016 and 2017.

San Manuel, under the leadership of Deanne Brewer,

made three-straight trips the State Championship game from 2013-15, winning back-to-back titles in 2013 and 2014.

For nearly two decades, Hayden was at the top of the softball state hierarchy, winning four-straight titles (1986-89) and appearing in five championship games between 1997-2002.

Superior head coach Martin Navarrette took over the Pantherettes program in 2014 and led his team to the playoffs every year since. He envisioned building a program that's turned into one of the state's most successful.

Navarrette executed his plan for long-term success.

"From Little League all the way up we've been with these girls," the two-time State Champion head coach recently told *Copper Area News*. "I'll tell you right now, softball is on everybody's mind in Superior, starting with the little girls coming up, and that's going to make a big difference.

"They keep playing, moving up through the ranks, and (a state championship) is the result we're going to get in the end."

San Manuel, Ray and Superior have seen several players move on to the next level, including Lyana Waddell, Stormee Galka, and Gabby Salcido. Most recently, Ray's Janae Ruiz, and Superior's Kiki Arriola, Tori Juarez and Anlysse Jaurez will play at the next level.

Sending players to college attracts more players to build the programs.

"Absolutely, they want to be a part of it," Navarrette said. "They want that championship too. That's all anyone talks about. I've got eight-graders telling me right now, 'Hey Coach, let's do it. Let's get started now.'"

The players take pride in their performance, especially in front of those fans across the state who might not be aware of the recent dynasty-type of success achieved around the Copper Corridor.

"I think we made our statement this year and now people know who we are," Superior senior-to-be Anisah Cardenas said.

Navarrette said players want "that championship." One of his own validated his statement.

"I always dreamed about winning a state championship," said Lindsay Ketron, who was named to the AIA 1A All-Conference 1st Team as a junior. "But I never thought it was going to be one of the things I was going to be a part of until I came to Superior."

Lindsay Ketron rounds third on her way to the plate in this year's championship game.

JULY 4TH SAFETY

Continued from page 4

important to monitor your fluid intake, especially in warm weather. Limit the likelihood of dehydration by drinking plenty of water. Young children and senior citizens are especially vulnerable to heat-related illness, and risks increase with exertion. Apply (and re-apply) sunscreen when participating in outdoor activities.

Excessive alcohol consumption can lead to avoidable accidents and could put your friends and loved ones at risk, too. Don't drink and drive! Arrange for a designated driver in advance whenever possible. It is important to remain aware that alcohol accelerates the effects of heat-related illness.

Nobody wants a stomach issue to ruin a picnic or to cut the celebration short. Refrigerate any food that needs to be kept cold. Food poisoning can occur in

as little as one hour when temperatures are over 90 F. Foods that need to be kept cold should be placed in a cooler or on ice to maintain a temperature of 40 F. If you or a loved one has a food allergy, it may be appropriate to carry medication and be prepared with an action plan in the event of an allergic reaction.

Heading to the pool, lake or other water activity? For swimmers, always try to have a lifeguard or chaperone keeping an eye on children. For boaters, review safe boating laws and procedures, and make sure you have a current license and updated safety equipment and life jackets on board before heading out.

If you plan to cook on a grill, whether you are a novice or an expert, be mindful of risks involved with open fires or gas lines. Keep the family football games or other recreational activities a reasonable distance

away from the flames.

Hikers and campers, protect yourself with appropriate gear and insect repellent. If you are hiking in a remote location, alert family or friends of your departure time and approximate route.

At the heart of Reflections is our belief that every person with life limiting illness has the right to live with dignity, free of pain. Compassionate hospice care provides comfort, hope, and support for patients and their families during the final stages of life's journey. Our community educators are available to answer questions about benefits and resources that could help you or your loved one remain in your home and receive help.
