Consuelo Padilla Alvarado was born on June 25, 1928 to Bernardo and Rita Navarro Padilla. She was raised and spent most of her life living in Superior, AZ. She had 5 brothers and 2 sisters. She married Fortino Alvarado of Superior AZ on August 25, 1957. She passed away April 25, 2017.

We are deeply grateful, we will always remember her incredible strength, the ability to overcome the trails of life, her great personality and for the love she gave. Even more, we're so grateful for her years of prayers for us. Thank you Lord for this beautiful woman, and please help us through these sad days without her.

She is survived by her husband Fortino, son Robert, 8 grandchildren, 20 great grandchildren and 3 great great grandchildren. Her two sisters Angelita Carrillo and Socorro Alvarado. She is preceded in death by her daughter Christina, 2 parents, 5 brothers: Bernardo, William, Rudolfo, Alejandro, and Frederico.

Nana, we love you mucho mucho. May the winds of heaven blow softly to whisper in your ear just how much we love you, we miss you and wish that you were here.

Happy Birthday to the age you decide you are this year!

Statewide Fire Restrictions now in effect on State Lands

Phoenix - The increase in wildfire starts, coupled with hot temperatures and dry fuels, forces the Arizona Department of Forestry and Fire Management to go statewide with fire restrictions.

As of today, northern Arizona will now be under Stage 1 restrictions, to include, Apache, Coconino, Mohave, and Navajo counties.

Beginning at 0800, those northern Arizona counties will follow suit with the rest of the state. Restrictions on campfires, smoking and fireworks will be in place. Target shooting is never allowed on state lands.

"We are in the heart of fire season and heading into the midst of the Arizona summer. Nearly 20 wildfires are actively burning around the state today, resources are spread very thin, and we need to be proactive. We do not want another Sawmill or Lizard in the state," said State Forester Jeff Whitney.

With these latest restrictions, the entire state will now be under Stage 1 restrictions on state-owned and state-managed lands.

Restrictions apply to the following state-owned and state-managed lands within the above-mentioned counties including:

- All State Trust lands outside incorporated municipalities.
- All Game and Fish Commission Wildlife areas and department properties outside incorporated

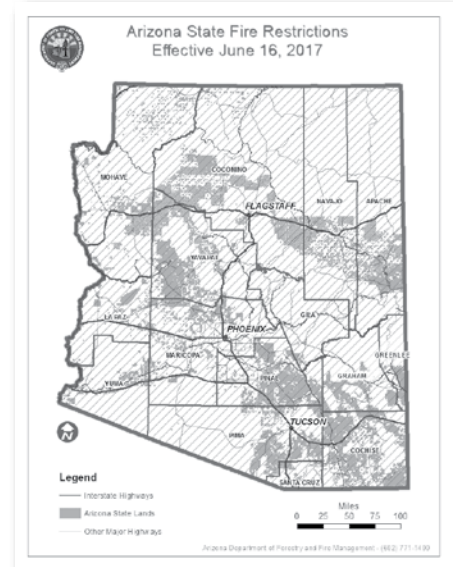

municipalities.

- All State Parks outside incorporated municipalities – State Parks will remain open with campfires allowed in developed campgrounds.
- All Department of Transportation highway, right-of-way property outside incorporated municipalities, not owned by federal land management agencies.

Restrictions include:

- Building, maintaining, attending, or using a fire, campfire, charcoal, coal, or wood stove, other than in a developed campsite or picnic area is prohibited. Exemptions include, a device solely fueled by liquid petroleum or LPG fuels that can be turned on and off. Such devices can only be used in an area that is barren or cleared of all overhead and surrounding flammable materials within three feet of the device.
 - Smoking is prohibited unless it is within an enclosed vehicle or building, a developed recreation site/improved site or while stopped in an area at least three feet in diameter that is barred or cleared of all flammable materials.
 - Fireworks or another incendiary device are prohibited.
 - Welding or operating acetylene or other torch devices with an open flame is prohibited.
- Exemptions include:
- Any federal, state or local law enforcement officer

Fourth of July and Other Copper Corridor Tidbits

The new Apache Sky Casino is beginning to make a real mark on our area. It is becoming a big employer, with people from the surrounding towns making up part of the work force. It has been meeting with civic officials to make official and helpful connections which could lead to further employment opportunities and other kinds of growth in our towns.

On Saturday, July 1, the casino is offering a free fireworks show at its site in Dudleyville. The fireworks begin at 9 p.m., but the music begins at 6 p.m. and hot dogs and sodas (at only \$1 each) will be readily available. This is a good family-friendly event, and there should be more than enough parking for everyone.

The Fourth of July there will be fireworks in Hayden. These are provided through the financial gifts of many people, and the fire departments from Hayden/Winkelman and Kearny will be supervising the event. So, as you see, there are now two opportunities to experience a fine display. I hope all of us will be able to see both events.

The heat of the summer is fully upon us, which makes the swimming pools in Superior, Kearny, Hayden, Mammoth and San Manuel particularly attractive. The town of Kearny has announced that swimming lessons will begin Monday, June 26, and end on Friday, July 7. Lessons run from noon until 12:30 p.m. each day. The lesson fee is \$30 per swimmer, plus the pool admission fee (varies). There are three levels: water readiness, beginner, and stroke ready. More information and registration forms are available at the pool window from 1-5 p.m., Monday through Saturday.

San Manuel's Copper Town Association will hold its regular meeting on Tuesday,

ALONG THE GILA

By Sam Hosler
Special to Copper Area News

July 11, at 7 p.m. at the San Manuel Senior Center. I am sure that the association would appreciate the support of more community members as they do their best to improve the town.

Budget meeting usually draw big yawns, but as Kearny's Town Council wrestles with community needs and financial realities it is doing its best to benefit all of us. A special budget hearing will take place on Monday, June 26, at 4:30 p.m. Why so early in the day? Because the town's reserve funds are precariously low, and the town's budget the past few years has relied on the draw-down of its reserve funds, the only "savings account" available. Please be present to support the Mayor and Council in their work. For more information, contact Kearny Town Hall.

The summer heat does terrible things to our yards. Weeds grow and good plants wither, even cacti. Let's keep up the curb appeal of our yards.

Western Reprographics

Signage and promotional materials are much needed for all businesses. From T-Shirts, banners and signs of all sizes for all different purposes, Western Reprographics can make what you need for both personal and business use.

Tanner Hunsaker began his career with an interest in graphic design when he was Senior at Globe High School. When he graduated from high school he was planning on going to college for an electrical engineering degree. He quickly realized that he enjoyed designing signs and saw a need for a sign and printing business.

"I found graphic design interesting and held my interest well enough to keep at it," he explained.

He has been in business for 20 years and recently moved to a new location on Broad St. in Globe where he can now install vinyl graphics on to vehicles and equipment.

Custom designs for signs and banners can take anywhere from 14-21 days depending on the type of design and the quantity needed by a customer. They can make signs from all materials from vinyl banners, corrugated plastics and other materials. They can also design t-shirts and other garments with direct to material printing, screen printing and embroidery.

Some of the unique products that they have designed and printed include: underground mine labeling and signs, and hot air balloon and helicopter graphics.

"We work to design products that meet the needs of our customers as quickly as possible," said Hunsaker

His advice on developing a business? "Be passionate about your field, confident in your skill and plan on dedicating more time than planned...and have FUN!"

Arizona Rick the Balloon Cowboy to visit Copper Corridor

A balloon with no air is just a piece of plastic. It just flops around and is really no fun.

But fill it with air and put it into the hands of master balloon twister Arizona Rick and suddenly it's a completely different bubble of fun.

Arizona Rick has been making the fantastical balloon creations in Arizona for over 20 years. As an award-winning balloon twister and artist, he has enthralled audiences of all ages at many venues such as Resorts, Elementary Schools, Grand Openings, countless private and corporate parties.

Arizona Rick, the Balloon Cowboy, has been presenting the Great Grand Canyon Balloon Show at the Library Summer Reading Programs in Maricopa County and cities

of Phoenix, Scottsdale, Glendale, Mesa, Yuma and others since 2009. The Balloon Cowboy also makes appearances at family friendly restaurants across the Valley.

Youngsters (and the young-at-heart-sters) will have three opportunities to see and be amazed by the Balloon Cowboy. Find out for yourself just how cool he is:

- Monday, June 26, 10-11 a.m., Superior Public Library, 99 Kellner Ave., Superior; 520-689-2327
- Monday, June 26, 12:30-1:30 p.m., Kearny Constitution Hall (as a guest of the Kearny Library); 520-363-5861
- Monday, June 26, 3-4 p.m., Mammoth Public Library, 125 N. Clark Rd., Mammoth; 520-487-2026.

"Always Fun.....Always Amazing.....Story-telling, Magic and Games.....all with Balloons!"

Arizona Rick the Balloon Cowboy is an artist with balloons. He's also quite a showman (judging from videos posted on Youtube). Get ready to be amazed by him as he visits the Superior Library next Monday.

Public Notice

Arizona Water Company (the "Company") has released its 2016 Water Quality Report (Consumer Confidence Report) for its Superior water system, PWSID 11-021. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, has granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the Superior office located at 165 N. Magma Avenue; via mail by sending a request to Arizona Water Company, P. O. Box R, Superior, AZ 85273-1917; via our website at www.azwater.com; or by calling the Superior office at 520-689-2312. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2016 Water Quality Report in a conspicuous place.

ARIZONA WATER COMPANY

– 2016 ANNUAL WATER QUALITY REPORT FOR SUPERIOR, ARIZONA, PWSID NO. 11-021 –

This report contains important information about your drinking water.
*Este informe contiene información importante sobre su agua potable.
 Tradúzcalo o hable con alguien que lo entienda bien.*

Arizona Water Company provides groundwater to its Superior customers from wells located near Florence Junction.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality ("ADEQ"). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: In addition to the constituents listed in this report, Arizona Water Company and ADEQ conducted monitoring for over 90

Public Notice

additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report, please contact Regina Lynde, Environmental Compliance Manager, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or email mail@azwater.com.

In 2003, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's Superior water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dml@azdeq.gov. For more information, visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/environ/water/dw/swap.html.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production. They can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Arizona Water Company is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the USEPA's Safe Drinking Water Hotline or at <http://www.epa.gov/lead>.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

- Action Level = The concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
- CDC = United States Centers for Disease Control and Prevention
- FDA = United States Food and Drug Administration
- MCL = Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs using the best available treatment technology as is economically and technologically feasible.
- MCLG = Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- MRDL = Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant that is allowed in drinking water.
- MRDLG = Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial constituents.
- NA = None adopted
- ND = None detected
- NS = No standard
- pCi/L = Picocuries per liter
- ppb = Parts per billion, or micrograms per liter (µg/l)
- ppm = Parts per million, or milligrams per liter (mg/l)
- PWSID = Public Water System Identification

Public Notice

RESOLUTION NO: 17-580
A RESOLUTION ESTABLISHING AND IMPLEMENTING A PROGRAM TO CHARGE MITIGATION RATES FOR THE DEPLOYMENT OF EMERGENCY AND NON-EMERGENCY SERVICES BY THE FIRE DEPARTMENT FOR SERVICES PROVIDED/RENDERED FOR THE TOWN OF SUPERIOR FIRE DEPARTMENT. WHEREAS, the emergency services response activity to incidents continues to increase each year: Environmental Protection requirements involving equipment and training, and Homeland Security regulations involving equipment and training, creating additional demands on all operational aspects of the fire department services; and WHEREAS, the fire department has investigated different methods to maintain a high level of quality of emergency and non-emergency service capability throughout times of constantly increasing service demands, where maintaining an effective response by the fire department decreases the costs of incidents to insurance carriers, businesses, and individuals through timely and effective management of emergency situations, saving lives and reducing property and environmental damages; and WHEREAS, raising real property tax to meet the increase in service demands would not be fair when the responsible party(s) should be held accountable for their actions; and WHEREAS, the Superior Town Council desires to implement a fair and equitable procedure by which to collect said mitigation rates and shall establish a billing system in accordance with applicable laws, regulations and guidelines: Now, Therefore BE IT ORDAINED BY THE SUPERIOR TOWN COUNCIL SECTION 1: The Town of Superior Fire Department shall initiate mitigation rates for the delivery of emergency and non-emergency services by the fire department for personnel, supplies and equipment to the scene of emergency and non-emergency incidents as listed in "EXHIBIT A". The mitigation rates shall be based on actual costs of the services and that which is usual, customary and reasonable (UCR as shown in "EXHIBIT A", which may include any services, personnel, supplies, and equipment and with baselines established by addendum to this document. SECTION 2: A claim shall be filed to the responsible party(s) through their insurance carrier. In some circumstances, the responsible party(s) will be billed directly. SECTION 3: The Town Council may make rules or regulations and from time to time may amend, revoke, or add rules and regulations, not inconsistent with this Section, as they may deem necessary or expedient in respect to billing for these mitigation rates or the collection thereof. SECTION 4: It is found and determined that all formal actions of the Council concerning and relating to the adoption of this Resolution were adopted in open meetings of this Council and that all deliberations of this Council and any of its committees that resulted in such formal actions were in accordance with all legal requirements, and the Codified Resolutions of the Council. SECTION 5: This resolution shall take effect at the date of adoption. APPROVED /s/ Mila Besich-Lira, Mayor ATTEST: /s/ Todd Pryor, Town Clerk APPROVED AS TO FORM: /s/ Stephen R. Cooper, Town Attorney

In Memoriam

*In loving memory of
Frances V. Zavala 1934-2008*

Everywhere we go, you are there
A rose, a butterfly or a cardinal
All the things you loved surround us.
Everything we do, you are there.
A gentle reminder whispering in
our ears "wash the dishes" "Ponte
una camisa" "peinate".
All the things we miss about you -
Your laugh, your singing, your
beans,
Your unconditional love for each of us.
Every time we open our eyes you
are there filling our hearts as you
always have.
Missing you dearly with all the love
our hearts can hold.

XOXO We love you
& miss you mucho

746 N. Tiger Dr., Mammoth MLS#: 21610446
Well kept home on 3 lots, New Roof 2015, nice mountain views. Wood kitchen cabinets. Large bedroom has its own exit door to the out side and a gas wall heater and its own evaporative cooler, would make a great guest or mother in law quarters. Workshop and a 2 car carport. This is a must see, so many possibilities with this home. Town of Mammoth is the provider for water, sewer and garbage service. **\$61,800**

718 N Owens St., Mammoth MLS#: 21618742
Great location, beautiful deck above the carport and back porch with mountain views, new shingled roof, remodeled home, new doors, security doors, flooring, kitchen and bathroom fixtures, painted interior and exterior. 4 skylights, double pane windows, oak kitchen cabinets, fans, front and back porches give this home country charm, nice sized yard with trees. Additional room off one bedroom great for office or craft room. Large remodeled room/office or guest room off of the carport with laundry area, it also has access door to the back porch. So many possibilities with this home - it is a must see. Very motivated owner, make offer. **\$79,000**
