ACADEMY

Continued from page 2

CASA volunteers provide support and advocacy for children who are either in licensed foster home, group homes, or in the care of relatives. Volunteers receive in-depth training and ongoing support from their local program as well as from the National CASA/GAL Association. Across the nation, CASA Pre-Service Volunteer Training serves as the foundation of which every volunteer learns the principles of best interest advocacy. The curriculum has just recently been revised to highlight the shared values and build the skills, self-awareness and points of view necessary for volunteers to be most effective.

“Throughout the entire county, we have over 100 children who could benefit from a CASA being appointed to their case.” Nader continued. “As a CASA volunteer, you help them find hope during a time that can be confusing and scary to a child. Every child deserves to have hope.”

No special background or education is required to become a CASA volunteer, a caring and generous group that represents a wide range of cultures and professions, educational and ethnic backgrounds. Once accepted into the program, CASA volunteers receive all necessary training. CASA volunteers must be at least 21 years old and willing to complete necessary background checks, provide references and participate in an interview. While serving as a child’s CASA volunteer, you will receive ongoing support and assistance from a local CASA Coordinator.

To learn more about how you can become a part of the CASA team and make a difference in the life of an abused or neglected child from your community, contact the CASA of Gila County Program staff by calling 928-402-4427 or visiting the website: www.casaofgilacounty.org

FIRE

Continued from page 4

for information on fire restrictions in those jurisdictions.

National Park Service and U.S. Fish and Wildlife Service units across Arizona maintain fire restrictions year-round. Variations are possible, so visitors should check with the appropriate unit's visitor center for area-specific restrictions and regulations.

Always be fire safe and take personal responsibility when recreating and before getting on the road. Make sure your vehicle is in good working order, check the tires, secure tow chains, and never pull the vehicle off into tall vegetation as the catalytic converter can ignite the fuel. Do not toss cigarettes out of the window; use an ashtray instead.

Fire conditions, restrictions, and localized closures are subject to change. Tribal, federal, state, and local mandates can vary from agency to agency. For a more detailed explanation in regard to agency restrictions, general fire information and prevention tips, contact the land management agency you plan to visit at: WildlandFire.az.gov.
