OBITUARIES

Luis Lopez Lagunas

Luis Lopez Lagunas, age 71, passed away on Monday, June 15, 2015, surrounded by his family, at the caring and loving community of Maravilla Care Center in Phoenix, Arizona.

He was born on Sept. 12, 1943 in Hayden, AZ to the late Luis and Louisa Lagunas. Luis spent his childhood and early adulthood in Hayden, excelling in academics and sports. Luis was an extraordinary athlete. He competed in football, basketball, track and most importantly baseball, his true love. After graduating from Hayden High School in 1961, he was offered a scholarship to attend Arizona State University to play basketball and baseball. In 1965, he went on to help his ASU baseball team win their first NCAA championship. Luis' contribution to ASU's baseball tradition was recognized with his induction into the Arizona State University Sports Hall of Fame in 1985. After ASU, he was part of the first baseball draft and was selected by the Minnesota Twins in the summer of 1965.

In September of 1965, Luis married Josie Lopez of Hayden, AZ and they had three children - Luis Matthew, Sonia Denise and Anita Louise - often referred to by him as "his homerun and two singles". He went on to play minor league baseball with the Twins, California Angels, Kansas City A's and finally in the Mexican League until 1972.

After his baseball playing years, Luis turned his focus to his family, coaching his son in baseball throughout his Little League years. In 1981, he was hired to lead the first South Mountain Community College baseball team, where he had winning seasons. He left South Mountain

to pursue a coaching opportunity with the Chicago White Sox organization, under the direction of Bobby Winkles, his former ASU baseball coach. Luis' love for baseball continued throughout his life and he died a SUNDEVIL at heart. GO DEVILS!!

Preceding him in death are his parents, Luis and Louisa Lagunas, and older brother, Federico. Left to celebrate his life and treasure his memory are son, Luis Matthew (Kellie); daughters, Sonia and Anita (Frederick) Gammage; six grandchildren, Bryana and Luis Octavio Lagunas, Shaun Richards, and Frederick III, Alijah, and Adarius Gammage; his sister, Jovita Guzman; brother, David (MaryDee) Lagunas; former wife, Josie Lagunas; his uncle, Inez "Nechi" (Gloria) Lope;, and a host of other cousins, nieces, nephews and other extended family members and friends.

The family is grateful for the staff of Maravilla Care Center and Optum Hospice in Phoenix for their attentiveness and loving care of our father in his last months of life.

Funeral services will be held Thursday, June 25, 2015 at 10 a.m. at St. Joseph's Catholic Church in Hayden, Arizona with a viewing being held prior at 9 a.m.

Melba Jo McCutcheon

Melba Jo McCutcheon, 83, entered Heaven's Gates on June 11, 2015, surrounded by her loving family in Tucson, Arizona.

Melba was born on Feb. 26, 1932 in her parent's home outside the town of Perryville, Texas. Melba was the fourth child and beloved daughter of Clarence and Vonnice Comer.

She is preceded in death by both of her parents; her brothers, Clifford and Royce Comer; her husband of 34 years, Luther "Wayne" McCutcheon; and her daughter, Patricia Bartels.

Melba is survived by her sisters, Glenna Rowe and Mary Gilbreath; the children of Patricia Bartels, Bryan, Courtney, and Stephanie; her son and daughter-in-law, Jerry and Debbie McCutcheon and their children, Dionne, Kristin, and Meagan; her son and daughter-in-law, David and Dawn McCutcheon and their children Christopher, James, Pamalla, Amanda, Alisha; and 11 great-grandchildren.

Wayne and Melba ministered for 32 years, and for 7 years Wayne was pastor of the First Baptist Church of San Manuel. Melba loved music, singing for the Lord, planting flowers and working in her garden.

A Memorial Service was held Saturday, June 13, at the First Baptist Church of San Manuel, AZ. Interment followed at West Haven, Phoenix, AZ.

LETTER TO THE EDITOR

Friends, neighbors establish account to assist wildfire victim

Please note that an account is now open to assist our good friend, Charles W. Stephens.

Charlie had some tragedy strike on June 17, 2015, when the recent fire storm took his shop, storage building, tools and equipment, leaving him empty handed to fix things, help folks and assist residence of his mobile home park south of Kearny. The Stephens family has lived there for 60 years.

Many will remember Charlie from school days up

country in Ray-Sonora, his military service as an Army MP just prior to Vietnam, his many years as the Standard Oil Man serving the Mine, Smelter, Rail Road and many ranches and business in the Copper Basin. Also his dirt work building the sewer and water lines when Kearny as under construction. For many years the thought of "backhoe and digging" brought forward the wide smile and ready hand of Charles Stephens.

Always helpful and friendly and never turning away a

person in need. Charles was my shelter 23 months ago when the Shipman Fire took my place and I was homeless for 8 months.

Please do what you can and don't hesitate to let me know if I may be of assistance.

Thank you.

Pinal County Sheriff's Report

The Pinal County Sheriff's Report is taken from the daily logs, based on the information provided by deputies. All persons arrested are presumed innocent until proven guilty in a court of law.

June 15

Kristy Nicole Sims, 33, Dudleyville, was arrested in the area of Cholla St., Dudleyville, and was charged with threatening/intimidation, assault and disorderly conduct. She was transported and booked into the Pinal County Jail in Florence.

Fire was reported in the 9800 block of N. Camino Rio, Dudleyville.

Theft was reported in the 1800 block of W. Harold Dr., Oracle.

Theft was reported in the 1400 block of N. Justice Dr., Oracle.

Criminal damage was reported in the 900 block of W. Webb Dr., San Manuel.

Theft was reported in the area of E. Main St., San Manuel.

June 16

An accident without injuries was reported in the area of N. Rockliffe Blvd. and W. Hwy. 77, Oracle.

Criminal damage was

reported in the 1800 block of W. Harold Dr., Oracle.

Criminal damage was reported in the 60000 block of E. Eagle Ridge Dr., SaddleBrooke.

June 17

Fire was reported in the area of N. Camino Rio, Dudleyville.

Fire was reported in the 22000 block of N. Hwy. 177, Kearny.

An accident without injuries was reported in the area of N. Hwy. 177, Kearny.

Theft was reported in the 2000 block of W. American Ave., Oracle.

Vehicle theft was reported in the area of S. COD Ranch Rd., Oracle.

Theft was reported in the area of E. Main St., San Manuel.

An accident without injuries was reported in the area of S. Veterans Memorial Blvd. and S. Republic Rd., San Manuel.

June 18

Mariano Naves, 49, Oracle, was arrested in the 1400 block of N. Calle Futura, Oracle, and was charged with assault and disorderly conduct. He was transported and booked into the Pinal County Jail.

Burglary was reported in the 800 block of W. American

Kearny River Fire rages past Kearny; area receives national attention

By Mila Besich-Lira
Copper Area News

Last Wednesday, phones started ringing and the town fire emergency alarm sounded. A fire was reported near the corrals in Kearny. What responders and residents didn't know was that this fire would grow quickly to be the first major fire of the 2015 fire season.

The Kearny River Fire at press time has burned 1,428 acres and is 80% contained. The fire damaged five structures and one vehicle; of the five structures, two were primary residences, one was an abandoned home and two were out buildings used for storage.

The fire skirted town along the Gila River and forced evacuations throughout the community. A Red Cross shelter was originally opened in Superior due to the proximity of the fire to the Ray School District where the shelter was originally going to be housed. The cause of the fire is still under investigation. There is expected to be an announcement later this week providing more information about the cause and ongoing investigation. The fire is believed to have started near the corrals and on the other side of the Gila River.

Residents came to the aid of the neighbors and helped to free animals at the corrals and surrounding areas. Thankfully there was a minimal loss in livestock and domestic animals; animals roamed free until their owners could gather them. Many neighbors tied goats to their trees to keep them safe from the fire.

The fire received statewide and national media coverage for the quick spread of the fire but also for the unique resources used to control the blaze such as the all women's hot shot crew from the Perryville Prison and the Copper Basin Railway who watered down the tracks and desert surrounding the tracks to help stop the fire.

Other agencies that assisted the Kearny Fire Department included: Bureau of Land Management, USDA Forest Service, Apache Junction Fire Department, Arizona Public Service, Arizona Department of Agriculture, Avra Valley Fire District, Canyon Fire District, Caminos Fire and Rescue, Eloy Fire District, Globe Fire Department, Golder Ranch Fire District, Hayden Fire Department, Jerome Fire Department, Oracle Fire Department, Picture Rocks Fire Department, Pinal County Sheriff's Office, Queen Valley Fire District, Regional Fire and Rescue, Smithco, Superior Fire Department, Tri City Fire District and Winkelman Fire Department. The Arizona Department of Corrections also sent crews from Globe, Florence, Flagstaff and Winslow. The Arizona Rangers with Bill Lohr also assisted in traffic control and evacuation in the community.

David Ozell, who serves as the town's Public Information Officer, explained to the Copper Basin News that after an all agency briefing one of the primary comments was the improvement of communications and response time in this incident compared to the Shipman fire two years ago. "We have made many improvements," he said.

Residents are being advised to remain vigilant with the fire and also keep an eye out for wild life coming into town from the burned areas. Many animals including rattlesnakes have been seen in yards.

Any new developments from the fire will be reported on our Facebook page: www.facebook.com/copperarea.

Resolution Copper makes donation to Town of Mammoth

By **John Hernandez**
San Manuel Miner

Resolution may be located in Superior, but the company continues to show that it is a good neighbor to all the communities

in the Copper Corridor.

At the Mammoth Town Council meeting held on Thursday, June 18, Resolution Copper donated \$9,226.50 to the Town of Mammoth. Dave Richins, Government and Community Affairs Advisor for

Resolution Copper, presented the check to Vice-Mayor Frances Wickham. The money is to be used for the swimming pool's summer swim program and waste filtration system.

In other discussions and actions the Town Council passed an ordinance concerning recall from office and the ineligibility of a recalled official to run for office again for a set period of time. An ordinance regulating use of ATV and off road vehicles within town limits was approved. The Council voted to approve a request from local Veterans of Foreign Wars to maintain and clean up the Old

Mammoth Cemetery. In return, Veterans of the Tri-Community will be allowed a burial plot at no cost. Details will be worked out concerning this.

The Council voted to authorize staff and Council members to explore costs and regulations to expand the cemetery and create an interment area for non-residents and to create a policy on fees for non-residents to be buried in the proposed section of the expanded cemetery area. Permission was also granted to research a grant for a mini-water park at the swimming pool and renovation of the pool.

Dave Richins of Resolution Copper (right) presents a donation to Mammoth Vice-Mayor Frances Wickham.

CAC facing cuts following vote to reduce tax levy

Pinal County, AZ – During a special meeting on June 9, 2015, the Pinal County Community College Governing Board listened to community concerns during a call to the public and discussed the tax increase passed in May.

The Board voted to reduce the tax levy from \$2.76 to \$2.30. This amount reflects a decrease of 46 cents to the CAC portion of the total county tax bill.

Since 2006, CAC has seen a reduction of 80% in state funding and has received

no capital funding since 2008. Capital funds are used for new construction and renovation of facilities. CAC already faces at least \$43 million in deferred maintenance for its aging facilities. The College faces increased operating expenses each year.

With this vote to reduce the tax levy and budget, the College is forced to make difficult decisions on its priorities. The College is evaluating its most critical needs regarding facilities, technology and staffing.

Superior Little League to host District 4 All-Star Tournament

By Andrew Luberd
Copper Area News

Superior Little League will serve as host of the Arizona Little League District 4 2015 – 11-12 All-Star Baseball Tournament, which will take place June 29 – July 7 at the league field located at Sunset and Belmont.

Florence Little League is the top-seed in the seven-team tournament and will have a first-round bye as a

result.

The three first round games are as follows: Game 1, June 29 – Maricopa vs. San Manuel/Mammoth/Oracle at 6 p.m., Game 2, June 29 – Casa Grande vs. Santa Cruz at 7:30 p.m., and Game 3, June 30 – Superior vs. Coolidge at 6 p.m.

Florence will face the Game 1 winner on June 30 at 7:30 p.m.

The tournament hosts are in need of volunteers for

umpiring, game day field preparation, scorekeeping, pitch counting, game announcing, concessions, and clean-up. Anyone interested in volunteering should contact Superior Little League President Arlene Diaz-Gonzalez at 480-309-4049 or Vice President Martine Navarrette at 928-701-7451.

The complete tournament bracket, which includes schedule dates, times, and results can be found on the Superior Little League Facebook page.

Public Notice

Arizona Water Company has released its 2014 Water Quality Report (Consumer Confidence Report) for its San Manuel water system, PWSID 11-020. Arizona Water Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the San Manuel office located at 460 Avenue A; via mail by sending a request to Arizona Water Company, P. O. Box 120, San Manuel, AZ 85631-0120; via our website at www.azwater.com; or by calling the San Manuel office at 520-365-2226. The entire report is also printed in the newspaper today. Arizona Water Company recommends that customers serving more than one housing unit post a copy of the 2014 Water Quality Report in a conspicuous place.

ARIZONA WATER COMPANY

– 2014 ANNUAL WATER QUALITY REPORT FOR SAN MANUEL, ARIZONA, PWSID NO. 11-020 –

This report contains important information about your drinking water.
Este informe contiene información importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.

Arizona Water Company provides groundwater to its San Manuel customers from water supplied by BHP Billiton.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality ("ADEQ"). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

DETECTED WATER QUALITY CONSTITUENTS - GROUNDWATER

Primary Standards

Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
---------------------------	-------	------	-----	--------------------------	-------------	--

Microbiological						
Total Coliform Bacteria	**	0	1*	ND - 1	2014	Naturally present in the environment

Inorganics						
Arsenic	ppb	0	10	6 - 9 Highest Running Annual Average - 8	2014	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes
Barium	ppm	2	2	0.007	2013	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
Chromium, Total	ppb	100	100	7	2013	Discharge from steel and pulp mills; erosion of natural deposits
Fluoride	ppm	4	4	1	2013	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories
Nitrate (as Nitrogen)	ppm	10	10	0.4	2014	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits
Selenium	ppb	50	50	8	2013	Discharge from petroleum and metal refineries; erosion of natural deposits; discharge from mines

Radiological						
Alpha Emitters	pCi/L	0	15	7	2013	Erosion of natural deposits
Combined Radium	pCi/L	0	5	1	2013	Erosion of natural deposits

Disinfectant / Disinfection Byproducts							
Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine Residual	ppm	(4)	(4)	1	0.6 - 2	2014	Drinking water disinfection
Total Trihalomethanes	ppb	NA	80	4.5	4 - 5	2014	Byproduct of drinking water disinfection

Additional Constituents (Unregulated)							
Sodium	ppm	NS	NS	94	94	2013	Unknown

Lead and Copper Monitoring							
Water Quality Constituent	Units	MCLG	AL	90 th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.1	0	2013	Internal corrosion of household water plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	ND	0	2013	Internal corrosion of household water plumbing systems; erosion of natural deposits

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of

Public Notice

arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: In addition to the constituents listed in this report, Arizona Water Company and ADEQ conducted monitoring for over 90 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report, please contact Regina Lynde, Environmental Compliance Supervisor, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or email mail@azwater.com.

In 2004, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's San Manuel water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

Residents can help protect water sources by practicing good septic system maintenance, taking hazardous household chemicals to hazardous material collection sites, and limiting pesticide and fertilizer use. The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dml@azdeq.gov. For more information, visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/environ/water/dw/swap.html.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production. They can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

AL	=	Action Level, the concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
MCL	=	Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
MCLG	=	Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MRDL	=	Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant that is allowed in drinking water
MRDLG	=	Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of using disinfectants to control microbial constituents.
CDC	=	United States Centers for Disease Control and Prevention
FDA	=	United States Food and Drug Administration
NA	=	None adopted
ND	=	None detected
NS	=	No standard
pCi/L	=	Picocuries per liter
ppb	=	Parts per billion, or micrograms per liter (µg/l)
ppm	=	Parts per million, or milligrams per liter (mg/l)
PWSID	=	Public Water System Identification
*	=	No more than one sample may be total coliform positive
**	=	Number of positive samples

'Bat Night' at Oracle State Park to feature research ecologist

Research ecologist and wildlife manager for Arizona Game and Fish, Joel Diamond, Ph.D., will catch local bats and share facts and lore about the flying mammals in an early evening program at Oracle State Park Center for Environmental Education on Saturday, July 25.

The popular "Bat Night" program includes identifying the "net-detained" bats before they are let go, and plenty of opportunity for questions. It's scheduled to start at 7:30 p.m., just as it's getting dark, and is free with park admission at the main entrance on Mt. Lemmon Rd., Oracle.

Additional details and registration information is at www.azStateParks.com/Parks/ORAC.

The park, open Saturdays and Sundays 8 a.m.-5 p.m., is home to the historic Kannally ranch house, a Mediterranean-Revival style house built in 1929. Visitors may tour at their leisure anytime during park hours or visit the website for summertime docent-led house tour dates and times. Thirty paintings by rancher and self-taught cowboy artist Lee Kannally are on exhibit, along with a wildlife slide show of animals visiting the waterhole.

At 4,500 feet elevation, the park's 15 miles of scenic nature trails welcome summertime hikers, bikers, and equestrians, while the cool ranch house patios offer exceptional views for those bringing their picnic lunch and beverages.

Designated an International Dark Sky Park last year, the OSP American Avenue entrance is open seven days a week for anyone with a telescope who wishes to view the night skies.

Information about upcoming programs and volunteer opportunities such as trail clearing, is available at the park office 520-896-2425.

Public Notice

Arizona Water Company has released its 2014 Water Quality Report (Consumer Confidence Report) for its Oracle water system, PWSID 11-019. Arizona Water Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. - 2014 ANNUAL WATER QUALITY REPORT FOR ORACLE, ARIZONA, PWSID NO. 11-019 -

This report contains important information about your drinking water.
Este informe contiene información importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.

Arizona Water Company provides groundwater to its Oracle and SaddleBrooke Ranch customers from wells located near Oracle Junction and in SaddleBrooke Ranch.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality ("ADEQ"). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

DETECTED WATER QUALITY CONSTITUENTS - GROUNDWATER

Primary Standards							
Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent	
Microbiological							
Total Coliform Bacteria	**	0	1*	ND - 1	2014	Naturally present in the environment	
Inorganics							
Arsenic	ppb	0	10	2 - 8	2012 - 2014	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes	
Barium	ppm	2	2	0.01 - 0.02	2012	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits	
Chromium, Total	ppb	100	100	ND - 3	2012	Discharge from steel and pulp mills; erosion of natural deposits	
Fluoride	ppm	4	4	0.2 - 1.6	2012 - 2014	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories	
Nitrate (as Nitrogen)	ppm	10	10	1 - 3	2014	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits	
Radiological							
Alpha Emitters	pCi/L	0	15	2 - 7	2009 - 2012	Erosion of natural deposits	
Uranium	pCi/L	0	30	2 - 4	2010	Erosion of natural deposits	
Disinfectant / Disinfection Byproducts							
Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine Residual	ppm	(4)	(4)	1	0.7 - 1.8	2014	Drinking water disinfection
Haloacetic Acids (five)	ppb	NA	60	2.3	2 - 3	2014	Byproduct of drinking water disinfection
Total Trihalomethanes	ppb	NA	80	12	7 - 17	2014	Byproduct of drinking water disinfection
Additional Constituents (Unregulated)							
Sodium	ppm	NS	NS	43	30 - 72	2012	Unknown
Lead and Copper Monitoring							
Water Quality Constituent	Units	MCLG	AL	90 th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.1	0	2013	Internal corrosion of household water plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	2	0	2013	Internal corrosion of household water plumbing systems; erosion of natural deposits

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health

Public Notice

effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: In addition to the constituents listed in this report, Arizona Water Company and ADEQ conducted monitoring for over 90 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report, please contact Regina Lynde, Environmental Compliance Supervisor, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or email mail@azwater.com.

In 2003, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's Oracle water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

Residents can help protect water sources by practicing good septic system maintenance, taking hazardous household chemicals to hazardous material collection sites, and limiting pesticide and fertilizer use. The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dml@adeq.gov. For more information, visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/environ/water/dw/swap.html.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production. They can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

AL	=	Action Level, the concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
MCL	=	Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
MCLG	=	Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MRDL	=	Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant that is allowed in drinking water
MRDLG	=	Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of using disinfectants to control microbial constituents.
CDC	=	United States Centers for Disease Control and Prevention
FDA	=	United States Food and Drug Administration
NA	=	None adopted
ND	=	None detected
NS	=	No standard
pCi/L	=	Picocuries per liter
ppb	=	Parts per billion, or micrograms per liter (µg/l)
ppm	=	Parts per million, or milligrams per liter (mg/l)
PWSID	=	Public Water System Identification
*	=	No more than one sample may be total coliform positive
**	=	Number of positive samples

Lions induct new members, swear in officers

By John Hernandez
San Manuel Miner

The San Pedro Valley Lions are adding to their pride.

On Thursday, June 18, the San Pedro Valley Lions inducted three new members, Denise Long, Susan Sanchez and Emilio Soto. They were sworn in by Past District Governor Gerson Gonzalez.

Mary Juvera was named an Honorary Member in memory of her daughter Monica Juvera who had passed

away. Monica was an active member and loved by all the San Pedro Valley Lions.

Zone Chair, Mark Rabinowitz, Zone Chair was also present at the meeting.

The new officers for the Lions are President – Rudy Romo; Vice-President and Treasurer – Guillermo “Billy” Romero; Secretary – Bonnie Romo; Tail Twister – Linda Vargas; Lion Tamer – Linda Guzowski; Board Members – Al Anaya and Walter Henderson; and Past President – Ralph Herrera.

Mary Juvera with Mark Rabinowitz and Rudy Romo

New Officers with Past District Governor and Zone Chair. L to R: Gerso Gonzalez, Guillermo Romero, Bonnie Romo, Rudy Romo, Al Anaya and Mark Rabinowitz. John Hernandez | Miner

Buckle up.
We'd hate to meet you by accident.

What's the rush? We'll be there when you really need us.

COMMUNITY CALENDAR

Time Changes for Oracle Farmers Market

Because of the Arizona heat, the time for the Oracle Farmers Market has changed to 6-9 p.m. This will continue throughout the summer and fall. Vendors at the Farmers Market bring fresh bakery items, fresh honey, homemade breads, sauces, jellies and jams. There are lots of fruits and veggies and there are booths with jewelry and arts and crafts. There is live music and lots of good times to be had. The Farmers Market is located at Sue and Jerry's Trading Post, 1015 W. American Ave., Oracle.

Pool Hours and Fees for Mammoth Pool

Summer is for swimming and Mammoth's Pool is the best spot in town for that. Prices for season passes are: \$45 per individual or \$85 for immediate family season passes. Or if you just want to go for a day, cost is \$2 for the daily entry fee. Adult Swim will be held on Tuesday - Friday from 8-10 a.m. Day Swim will be on Tuesday- Saturday from 1-5 p.m. Night Swim will take place on Wednesday from 6-9 p.m. Family Swim will be held on Friday from 6-9 p.m. The pool is available to be rented to parties of 50 people or less, for a minimum of three hours at the rate of \$200 and \$50 for each additional hour.

Need a Place for a Summer Party? How About the Mammoth Pool?

The Town of Mammoth is taking reservations for pool parties this summer. Make your reservations early to get the best times. Get on the list by calling 520-487-2331.

Weight Room Open at SMHS

The weight room at San Manuel High School is now open on Mondays, Tuesdays and Thursdays from 10 a.m. -11:15 a.m. through the end of July. It will be closed June 29 -July 11 because coaches will be gone. It will reopen July 13.

JUNE

26 Spaghetti Dinner at the Elks

The San Manuel Elks will host an all-you-can-eat spaghetti dinner on Friday, June 26, from 5-7 p.m. Cost is \$7.50 and the event is open to the public.

JULY

01 Triad to Meet at Oracle Fire Department

The Oracle Fire Department hosts TRIAD and AMBASSADOR program meetings the first Wednesday of each month at 3 p.m. The July meeting is set for July 1.

Submit information to miner@minersunbasin.com or call 520-385-2266. Listings are free. The Miner reserves the right to edit or refuse submissions. Submissions are due the Friday before Wednesday publication.

07 Farm Boxes at Sue & Jerry's Trading Post

Looking for ways to eat healthier and save money? Check out the Veganic Farm Box! Fresh, high quality organic produce boxes, are offered every other Tuesday, at Sue & Jerry's Trading Post in Oracle. There are different size boxes to choose from and custom boxes are available. The next distribution is July 7. For more information, or to participate, go to: www.sunizonafamilyfarms.com. Boxes start at \$22.

27 Vacation Bible School in Dudleyville

Kindergartners - 6th graders, join us for a great adventure "To The Edge" and encounter the God of the Universe at San Pedro Valley Baptist Church, 4670 N. Dudleyville Rd. on Monday - Friday, July 27- 31. There will be Bible stories, music, games, crafts, and snacks. Children under 5 are welcome with adult supervision. If you have any questions, please call: 520-357-7353.

SEPTEMBER

25,26 ATTENTION HAYDEN HIGH SCHOOL, CLASSES OF 1970-1979

A class reunion is planned for Sept. 25 and 26, 2015, for the Hayden High School classes of 1970-1979. For information, you may contact Vivian Quesada Baltierra at vbaltierra@hotmail.com or Odilia Pacheco Aguirre at odie-2@myway.com. There is also a Facebook page, Hayden High School Class Reunion of the 70s, if you wish to follow it for updates.

OCTOBER

10-11 Hayden High Class of 1965 Plans 50th Reunion

The Hayden High School Class of 1965 is planning its 50th Class Reunion, Oct. 10 and 11, together with the Classes of the 1960s. The reunion committee is seeking volunteers from the classes of '60, '61, '67, '68 and '69 to help find their classmates' addresses. Contact Gloria Beltran at 480-271-9783 or email gbeltran46@live.com; Margaret Gaston at 520-400-2138; Susan Hillman at 520-356-7551; Anna Quesada at 520-356-7611; James Mank at 520-357-6020; or Robert Goodridge at 520-363-7476 for more information.

ANNOUNCEMENTS

HAYDEN SENIOR CENTER: The Hayden Senior Center, located at 520 Velasco Ave., is open every weekday, from 8 a.m. - 4 p.m., to serve the needs of Senior Citizens and low-income families. A warm, nutritious lunch is served every day. Call 520-356-7035 for information or to check on the daily meal.

ON THE AGENDA

MAMMOTH SENIOR CITIZENS: Mammoth Senior Citizens meet on Tuesdays and Thursdays at noon for lunch. These meetings are open to the public. To make an order for lunch, please call Mercy Telles at 520-561-5050 or Maria Juarez at 520-265-2385. Also, you can call the Community Center at 487-9348. All we ask is for a donation for your lunch.

HOME ALONE: The Home Alone Pendant offers peace of mind by being able to call for emergency assistance by simply pressing a button. Units are available in San Manuel. Call Jerry at 385-2835 for details. Also available in the San Pedro Valley by calling 520-465-5300 or 480-313-2928.

SAN MANUEL SENIOR CENTER: Come to the San Manuel Senior Center for fun times. San Manuel Senior Center Board meeting on the first Thursday of the month 6 p.m. at the Senior Center. A theme based Pot Luck second Thursday of the month at 5 p.m. at the Senior Center. Exercise with Enriqueta on Monday, Wednesday and Friday 8 a.m. at the Elks Club. Canasta is played on Wednesdays at 12:30 p.m. at the Senior Center. Red Hats Meeting is on the second Friday of the month 1 p.m. at the Senior Center. Widow's luncheon is held on the first Tuesday of the month; restaurants vary, Oracle, Mammoth and San Manuel.

MAMMOTH SENIOR ASSOCIATION: The Mammoth Senior Association meets for a potluck lunch at noon at the Community Center on the second Wednesday of the month. The organization is for those 50 and older. Bring a yummy dish. Call Beverly at 520-487-0250 for more information.

ORACLE FARMERS MARKET: The Oracle Farmers Market can be found every Wednesday from 6-9 p.m. at Sue and Jerry's Trading Post, 1015 W. American Ave., Oracle. For more information, please call 896-9200.

COMMUNITY CENTER LUNCHESES: Lunches at the Oracle Community Center are Mondays at noon. Each Monday a volunteer brings the main dish and others bring side dishes. Fee is \$4 for members and \$5 for guests. Membership cards are available during this time.

BRIDGE: Bridge is played at the Oracle Community Center Tuesdays from 12:30-4 p.m. Call Ethel Amator at 896-2197 or Mary McClure at 896-2604 for more information.

SAN MANUEL ROTARY: The San Manuel Rotary meets on Wednesday mornings from 7-8 a.m. at Sun Life Family Health Center, 23 S. McNab Pkwy., San Manuel. The first Wednesday of every month, the Rotary meets from 7-8 a.m. for breakfast at Romo's.

The Family of Gerald F. Haenel thanks our friends and neighbors: For their prayers and condolences. For braving the heat to attend his service. For the Knights of Columbus who so staunchly stood at his casket. For his pastor, Fr. Joseph. Thank you one and all.

Catalina church collects books for Kids' Closet

Mountain Shadows Presbyterian Church, located at 14240 N. Oracle Road in Catalina, hosts a monthly food collection to support area food banks, including the Tri Community Food Bank in Mammoth. Church Elder Elizabeth Houle recently had the opportunity to visit the food bank as well as a stop at Kids' Closet also in Mammoth.

She was very impressed with the book selection for the children who visit the Closet. Each child is invited to select two books with each visit to the Closet. Elizabeth decided to turn the June food collection into something a bit larger. Called "Feed the Mind and Body" program, she requested food and books suitable for

the youngsters in age groups up to 8th grade.

Not only did the congregation bring in food, but they also donated 265 books, both new and modestly used.

Cornerstone Christian Academy, with the assistance of MSPC member Julie Wiens, provided a large portion of the books that went to Kids' Closet. During the last fiscal period, 5,464 books went home with 1,823 kids. Children are selected by school administrators, based on need, and visit the closet for a seasonal wardrobe that includes pants, shirts, underwear, shoes, hygiene items and, of course, the books. Winter wardrobes include a windbreaker, knitted hat and warmer clothing.

A portion of the books donated by Cornerstone Christian Academy.

Position Announcement
Case Manager I**Location: Casa Grande, Arizona**

The Central Arizona Governments (CAG) is seeking a Case Manager I for its Workforce Development programs. With our central office located in the City of Apache Junction, CAG is a regional governmental planning agency serving 11 communities, two Native American tribes, and a total population of 402,000 throughout Pinal County. Workforce Development programs serve an important role for the region and provide over one-half million dollars in Workforce Innovation and Opportunity Act funds annually.

The successful candidate will provide support to WIOA eligible program participants to ensure their successful completion of training and/or employment objectives by performing the following duties:

Determines eligibility and in conjunction with the client, formulates an Individual Employment Plan (IEP) which identifies vocational goals, barriers to employment and supportive service needs. Also determines the appropriate course of action to overcome identified barriers and records information on training and/or supportive service needs, and reviews IEP on a regular basis to ensure continued progress in training or job search programs. Maintains accurate and complete case notes to outline client progress and to provide reference for all staff involved with the client. Provide counseling to clients to furnish information, resolve problems, motivate and encourage the client. Coordinate with various public service agencies throughout the satellite office's area, to establish effective networking linkages and to gather referral information necessary for clients. Prepare supportive service forms for approval by WIOA Program Manager. Collect information necessary in the preparation of case files. Contact clients to provide information regarding possible employment opportunities. Conduct workshops, orientations and job clubs, and provide ongoing data entry into state's data collection program.

The position requires a minimum of 3 years of experience in client case management, an associate's degree in public administration, social work or an appropriate related degree. Any equivalent combination of experience and training which provides the required knowledge, analytical and communication skills will be considered. Travel throughout the CAG Region is required. Occasional travel in state and out of state may also be required.

CAG provides a small office working environment and conducts business on a four day (10 hours per day) work week, Monday through Thursday.

Salary range is \$28,000 to \$35,000 DOQ with a competitive benefit package provided.

Send detailed resume and three work related references to: Andrea Robles, Central Arizona Governments (CAG), 1075 S. Idaho Road, Suite 300, Apache Junction, AZ 85119 or e-mail arobles@cagaz.org.

First review of applications will occur on June 29, 2015. Recruitment will remain open until position is filled. CAG is an EOE-male/female, handicapped affirmative action employer.

Position Announcement
Program Coordinator**Location: Casa Grande, Arizona**

The Central Arizona Governments (CAG) is seeking a Program Coordinator for its Workforce Development programs. With our central office located in the City of Apache Junction, CAG is a regional governmental planning agency serving 11 communities, two Native American tribes, and a total population of 402,000 throughout Pinal County. Workforce Development programs serve an important role for the region and provide over one-half million dollars in Workforce Innovation and Opportunity Act funds annually.

The successful candidate will provide training and oversight support to WIOA staff and eligible program participants to ensure successful completion of training and/or employment objectives by performing the following duties:

Ensures compliance to federal/state program regulations at provider and administrative entity level. Responsible for preparation and presentation of numerous reports. Attends meetings of the Workforce Investment Board and its sub-committees and disseminates information to CAG staff and committees. Coordinates local job training activities with other related programs (i.e. social services, economic development). Acts as liaison between staff and educational institutions, related state agencies, federal agencies, CAG's elected officials, municipal staff, and citizen advisory groups. Other duties to include special projects, grant writing, and designing of training programs related to WIOA program needs. This position is responsible for setting an example for other CAG staff regarding CAG procedures as described in the Employee Manual. Manages 3 Case managers and 1 Community Outreach Specialist. Is responsible for overall direction, coordination, and evaluation of these units. Carries out supervisory responsibilities in accordance with the organization's policies and applicable laws. Responsibilities include assisting the Program Manager in interviewing and hiring employees in the Social Services Department. Recommends hiring and disciplinary action of staff to the Program Manager. This position is responsible for planning, assigning, and directing work; meeting performance standards, and appraising performance; addressing complaints and resolving personnel and operational problems with the department. Responsible for file monitoring and oversees Rapid Response under the Dislocated Worker program.

This position requires a Bachelor's degree (B.A./B.S.) within a related field or equivalent from a four year accredited college or university; or four years related experience and/or training; or equivalent combination of education and experience. Any equivalent combination of experience and training which provides the required knowledge, analytical and communication skills will be considered. Travel throughout the CAG region is required. Occasional travel in state and out of state may also be required.

CAG provides a small office working environment and conducts business on a four day (10 hours per day) work week, Monday through Thursday.

Salary range is \$40,000 to \$57,000 DOQ with a competitive benefit package provided.

Send detailed resume and three work related references to: Andrea Robles, Central Arizona Governments (CAG), 1075 S. Idaho Road, Suite 300, Apache Junction, AZ 85119 or e-mail arobles@cagaz.org.

First review of applications will occur on June 29, 2015. Recruitment will remain open until position is filled. CAG is an EOE-male/female, handicapped affirmative action employer.

- **3 bedroom, 2 bath on corner** lot, fenced \$16,900.
- **1 acre parcel** with single wide mobile in Catalina. \$65,000.

Sea Lions crush at Coolidge meet

The San Manuel Sea Lions traveled to Coolidge to compete against the Coolidge Dolphins on Saturday. It was a clash between the last two undefeated teams in the Central Arizona Swimming League. The Sea Lions won the meet with 1142 points while the Dolphins finished with 727 points.

The meet start time was moved an hour earlier due to the forecast of extreme heat. Clearly the Sea Lions were ready when the meet began. Some key early relay wins set the tone for the meet. The 7-8 Boys Medley Relay team of Cooper Dale (7), Israel Gonzalez (8), and Johnny Smallhouse came from behind on the final leg to win. In the very next race, the 9-10 Girls Medley Relay team of Gabby Arnett (10), Mia Dale (10), and Desiree Galarza (10) won in commanding fashion. Head Coach Alex Gort knew that winning those 2 relays meant that the Sea Lions had what it takes to win the meet. Gort explained "We knew Coolidge would win some relays and the Sea Lions would win some relays, and it would be the team that could win the 7-8 Boys and 9-10 Girls Relays that would have the edge." For the Sea Lions to win both relays left little doubt that the Sea Lions would extend their 8 year Central Arizona Swim League winning streak.

Many personal bests that included 9 team

records were achieved during the meet. Swimmers breaking team records included: Riley Stewart (11), Evan Apuron (12), Darien Apuron (14), Gianna Sweeney (14), Will Newman (15), Colbey Stratton (16), Jacob Christian (16), and Taylor Woods (17).

Four swimmers entered the maximum number of events and won them all. Johnny Smallhouse (8), Tabitha Kellam (11), Evan Apuron, and Will Newman each won all 8 events they swam. Additionally, Kayla Lambiotte won all four of the 6 and under events.

The following swimmers had first place finishes on Saturday:

Kayla Lambiotte, 6, (Fly, Back, Breast, Free);
Cooper Dale, 7, (Medley Relay, Free Relay);
Israel Gonzalez, 8, (Medley Relay, Free Relay);
Johnny Smallhouse, 8, (IM, Fly, Back, 50 Free, Breast, 25 Free, Medley Relay, Free Relay);
Rocky Andrade, 9, (Fly, Medley Relay, Free Relay);
Joey Castellanos, 9, (Back, Medley Relay);
Mason Stewart, 9, (IM, Breast, 50 Free, Medley Relay, Free Relay);
Ethan Kellam, 9, (100 Free, Medley Relay, Free Relay);
Emerik Zovko, 10, (Free Relay);
Mia Dale, 10, (IM, Back, Medley Relay, Free

Relay);
Desiree Galarza, 10, (Medley Relay, Free Relay);
Gabby Arnett, 10, (Medley Relay, Free Relay);
Riley Stewart, 11, (Medley Relay, Free Relay);
Hunter Hill, 11, (Free Relay);
Rianna Estrada, 11, (Medley Relay, Free Relay);
Hannah Smallhouse, 11, (Medley Relay, Free Relay);
Star Chavez, 12, (Medley Relay, Free Relay);
Tabitha Kellam, 11, (IM, Fly, Back, 100 Free, Breast, 50 Free, Medley Relay, Free Relay);
Evan Apuron, 12, (IM, Fly, Back, 100 Free, Breast, 50 Free, Medley Relay, Free Relay);
Jayden Smith, 13, (Free Relay);
Andres Valenzuela, 13, (Free Relay);
Darien Apuron, 14, (Back, Medley Relay, Free Relay);
Jasmine Smith, 14, (Medley Relay, Free Relay);
Gianna Sweeney, 14, (IM, Fly, 100 Free, Breast, 50 Free, Medley Relay, Free Relay);
Raya Woods, 15, (Fly);

Will Newman, 15, (IM, Fly, Back, 100 Free, Breast, 50 Free, Medley Relay, Free Relay);
Colbey Stratton, 16, (Medley Relay, Free Relay);
Jacob Christian, 16, (Medley Relay, Free Relay);
Taylor Woods, 17, (Medley Relay, Free Relay);
Mia Dale was named Sea Lions Beast of the Week. Mia had a great week of practice and had a beastly performance at the meet. She swam and achieved personal best times in every event. With a win in the 100 Individual Medley, she proved she was the best all-around swimmer in her age group. Mia has quickly shown that she is one of the fastest 9-10 Girls in the League.

The Sea Lions will host a swim meet against Florence and Coolidge in San Manuel on Saturday, June 27.

There is still time to join the team - contact Alex or Wendy Gort @ 896-2190, stop by the San Manuel Pool between 4:30 and 6:30 p.m. (Monday-Friday) or check sealionssswimteam.com for more information.
