OBITUARY

Luis Lopez Lagunas

Luis Lopez Lagunas, age 71, passed away on Monday, June 15, 2015, surrounded by his family, at the caring and loving community of Maravilla Care Center in Phoenix, Arizona.

He was born on Sept. 12, 1943 in Hayden, AZ to the late Luis and Louisa Lagunas. Luis spent his childhood and early adulthood in Hayden, excelling in academics and sports. Luis was an extraordinary athlete. He competed in football, basketball, track and most importantly

baseball, his true love. After graduating from Hayden High School in 1961, he was offered a scholarship to attend Arizona State University to play basketball and baseball. In 1965, he went on to help his ASU baseball team win their first NCAA championship. Luis' contribution to ASU's baseball tradition was recognized with his induction into the Arizona State University Sports Hall of Fame in 1985. After ASU, he was part of the first baseball draft and was selected by the Minnesota Twins in the summer of 1965.

In September of 1965, Luis married Josie Lopez of Hayden, AZ and they had three children - Luis Matthew, Sonia Denise and Anita Louise - often referred to by him as "his homerun and two singles". He went on to play minor league baseball with the Twins, California Angels,

Kansas City A's and finally in the Mexican League until 1972.

After his baseball playing years, Luis turned his focus to his family, coaching his son in baseball throughout his Little League years. In 1981, he was hired to lead the first South Mountain Community College baseball team, where he had winning seasons. He left South Mountain to pursue a coaching opportunity with the Chicago White Sox organization, under the direction of Bobby Winkles, his former ASU baseball coach. Luis' love for baseball continued throughout his life and he died a SUNDEVIL at heart. GO DEVILS!!

Preceding him in death are his parents, Luis and Louisa Lagunas, and older brother, Federico. Left to celebrate his life and treasure his memory are son, Luis Matthew (Kellie); daughters, Sonia and Anita (Frederick) Gammage; six grandchildren, Bryana and Luis Octavio Lagunas, Shaun Richards, and Frederick III, Alijah, and Adarius Gammage; his sister, Jovita Guzman; brother, David (MaryDee) Lagunas; former wife, Josie Lagunas; his uncle, Inez "Nechi" (Gloria) Lope; and a host of other cousins, nieces, nephews and other extended family members and friends.

The family is grateful for the staff of Maravilla Care Center and Optum Hospice in Phoenix for their attentiveness and loving care of our father in his last months of life.

Funeral services will be held Thursday, June 25, 2015 at 10 a.m. at St. Joseph's Catholic Church in Hayden, Arizona with a viewing being held prior at 9 a.m.

Superior Police Report

According to state law, police may arrest suspected offenders by two methods. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damage amounts are estimates.

Items are given to *The Superior Sun* by the Superior Police Department and reflect information available at the time the report is compiled.

June 12

Amy M. Borg, 45, Superior, was arrested on a failure to appear warrant issued out of the Pinal County Sheriff's Office. She was transported and booked into the Pinal County Jail in Florence.

Fire was reported at milepost 224 on Hwy. 60, Superior. Ignacio R. Montano, 30, Superior, was arrested and charged with possession of drug paraphernalia, driving on a suspended

LETTER TO THE EDITOR

Friends, neighbors establish account to assist wildfire victim

Please note that an account is now open to assist our good friend, Charles W. Stephens.

Charlie had some tragedy strike on June 17, 2015, when the recent fire storm took his shop, storage building, tools and equipment, leaving him empty handed to fix things, help folks and assist residence of his mobile home park south of Kearny. The Stephens family has lived there for 60 years.

Many will remember Charlie from school days up country in Ray-Sonora, his military service as an Army MP just

prior to Vietnam, his many years as the Standard Oil Man serving the Mine, Smelter, Rail Road and many ranches and business in the Copper Basin. Also his dirt work building the sewer and water lines when Kearny was under construction. For many years the thought of "backhoe and digging" brought forward the wide smile and ready hand of Charles Stephens.

Always helpful and friendly and never turning away a person in need. Charles was my shelter 23 months ago when the Shipman Fire took my place and I was homeless

for 8 months.

Please do what you can and don't hesitate to let me know if I may be of assistance.

Thank you.

CAC facing cuts following vote to reduce tax levy

Pinal County, AZ – During a special meeting on June 9, 2015, the Pinal County Community College Governing Board listened to community concerns during a call to the public and discussed the tax increase passed in May.

The Board voted to reduce the tax levy from \$2.76 to \$2.30. This amount reflects a decrease of 46 cents to the CAC portion of the total county tax bill.

Since 2006, CAC has seen a reduction of 80% in state

funding and has received no capital funding since 2008. Capital funds are used for new construction and renovation of facilities. CAC already faces at least \$43 million in deferred maintenance for its aging facilities. The College faces increased operating expenses each year.

With this vote to reduce the tax levy and budget, the College is forced to make difficult decisions on its priorities. The College is evaluating its most critical needs regarding facilities, technology and staffing.

OBITUARY

Carmen Ruiz Martinez

On June 16, 2015, Carmen Ruiz Martinez, our beloved mother, grandmother, mother-in-law, aunt, sister, and godmother became an angel. She graciously earned her wings while surrounded by her family, her books on saints, rosaries, and all the religious things she loved.

Carmen graced us in her own way; we all feel blessed for that. Now she is in God's hands. Her gain is our greatest heartfelt loss. Our hearts are forever broken. Carmen was the "Best". She lived her life worshipping the Lord. She loved her family, nieces, nephews, siblings, and grandson so much that she prayed a rosary every night for each family.

Carmen always took time to cook and bake for family and friends. She thrived on sharing meals while listening to all the latest news and activities. Her parting has left a huge void. We're filled with remembered joys, family gatherings, her gifts and all that she shared in this life with us. She was always there when needed the most. Carmen followed the path our heavenly father chose for her. She entered eternal rest after lengthy cardiovascular and renal illness.

We love and miss you so very much – until we meet again in joyous reunion.

Carmen was preceded in death by her husband, Mike C. Martinez; her parents, Bartola J. Mares and Jose Maria Ruiz; her brothers, Jacinto Ruiz, Isaias Ruiz, Federico J. Ruiz, and Arnold J. Mares; her sister, Celia R. Acton; grandson, Pius M. Olmos; and her niece, Frances S. Ruiz.

Carmen is survived by her only daughter, Teresita R. Martinez-Olmos (Gilbert Michael) of Hayden; her brother, Oscar J. Ruiz of Winkelman; sisters-in-law, Rosie A. Mares of Tempe, Christina M. Armenta (George) of Kearny, Dolores M. Martinez of Sierra Vista, Susie M. Aguirre (Alfredo) of Dudleyville, and Alice M. Navarro of Tucson; one grandchild, Judas M. Olmos of Hayden; and her beloved pets, Otis, Rufus, Rusty and Jade.

Services for Mrs. Martinez were held Tuesday, June 23, at St. Joseph's Catholic Church in Hayden. Visitation was at 9 a.m. and the Rosary was at 10. The Funeral Mass was celebrated at 10:30 a.m. Interment followed at Mountain View Cemetery in Hayden.

Assisting the family: Lamont Mortuary of Globe.

Resolution Copper hires residents and equips them with technical skills and MSHA certification

This week, Resolution Copper welcomed three local residents from the region as technical trainees to work in various areas of the project to provide an opportunity to learn new skills and knowledge that are of interest to the trainees and significant to the project. The program runs for six months and all participants will become Mine Safety and Health Administration (MSHA) certified.

Michael Arriola will work as a core handler at Resolution Copper's Core Processing Facility. He is a resident of Superior and has an interest in the field of Geology. As a core handler, Michael will become forklift certified, receive task based training and warehouse experience.

Nicholas Garcia will work with our Environmental Department as an

environmental technician. He will be doing the majority of their work in the field sampling wells, performing environmental compliance inspections and data collection. Nicholas was raised in Globe.

Brandon Talgo will work in the Water Treatment Plant. He will learn the full cycle of a water treatment facility and the associated data analysis skills. The water that Brandon will be monitoring comes from the dewatering process of the old Magma Mine workings. Brandon lives in San Carlos.

The technical trainee program is part of our commitment to develop local employment opportunities and to help local people gain the skill sets needed to work in a world-class mining operation.

Copper Area players, coach take part in All-Star Game

By Andrew Luberda
Copper Area News

Five recent graduates from area high schools and Ray football head coach Willie Jordan were participants in the Division VI All-Star Football game, which took place at Duncan High School on June 13.

Ray's Destry Yocum, Superior's Richard Ochoa and Matthew Zavala, and Hayden's Jacob Manriquez and Gabe Mariscal were invited to the annual All-Star game.

Yocum, Zavala, Manriquez, and Mariscal were AIA All-Division VI selections as seniors. Ochoa was named All-Section IV.

"It was great and I loved it," Yocum said about playing in the final game of his high school career. "I played with a lot of the guys that I played against while I was playing for Ray and I was able to meet all of them, talk to them, and now I'm friends with a lot of them. It was stiffer

competition, so I liked it. I had a blast."

Players selected for the game were split into teams on the day of the game – Red Team and Blue Team. Yocum, a member of the Blue Team, started at quarterback and middle linebacker in what turned out to be a close game as the Red Team squeaked out a two-point victory, 36 – 34.

Most players who participated in the All-Star game were multi-sport athletes at their respective schools and received postseason recognition for their efforts in each sport. Zavala, for example, was even named the Male Athlete of the Year at Superior.

Yocum, who will attend Central Arizona College in the fall to study Engineering, was named All-Division IV First Team and the Section VI Player of the Year as a member of the Bearcats' state runner up baseball team.

"I couldn't have asked for anything different," Yocum said about his entire athletic experience as a Bearcat. "It

Division IV All-Star Football game.

Lana Hatfield | Submitted

all played out the way I would've asked for and nothing would have been better than it was."

Superior Little League to host District 4 All-Star Tournament

By Andrew Luberda
Copper Area News

Superior Little League will serve as host of the Arizona Little League District 4 2015 – 11-12 All-Star Baseball

Superior softball All-Stars will play in Coolidge

By Andrew Luberda
Superior Sun

The Superior Softball All-Star will play for the District 4 Senior Softball Championship in Coolidge beginning with a first round game versus Coolidge on June 29. The championship game is scheduled for July 3 at 7 p.m.

Maricopa and Casa Grande, in addition to Superior and Coolidge, make up the four-team tournament.

The complete tournament bracket, which includes schedule dates, times, and results can be found on the Superior Little League Facebook page.

Tournament, which will take place June 29 – July 7 at the league field located at Sunset and Belmont.

Florence Little League is the top-seed in the seven-team tournament and will have a first-round bye as a result.

The three first round games are as follows: Game 1, June 29 – Maricopa vs. San Manuel/Mammoth/Oracle at 6 p.m., Game 2, June 29 – Casa Grande vs. Santa Cruz at 7:30 p.m., and Game 3, June 30 – Superior vs. Coolidge at 6 p.m.

Florence will face the Game 1 winner on June 30 at

7:30 p.m.

The tournament hosts are in need of volunteers for umpiring, game day field preparation, scorekeeping, pitch counting, game announcing, concessions, and clean-up. Anyone interested in volunteering should contact Superior Little League President Arlene Diaz-Gonzalez at 480-309-4049 or Vice President Martine Navarrete at 928-701-7451.

The complete tournament bracket, which includes schedule dates, times, and results can be found on the Superior Little League Facebook page.

Kearny River Fire rages past Kearny; area receives national attention

By Mila Besich-Lira
Copper Area News

Last Wednesday, phones started ringing and the town fire emergency alarm sounded. A fire was reported near the corrals in Kearny. What responders and residents didn't know was that this fire would grow quickly to be the first major fire of the 2015 fire season.

The Kearny River Fire at press time has burned 1,428 acres and is 80% contained. The fire damaged five structures and one vehicle; of the five structures, two were primary residences, one was an abandoned home and two were out buildings used for storage.

The fire skirted town along the Gila River and forced evacuations throughout the community. A Red Cross shelter was originally opened in Superior due to the proximity of the fire to the Ray School District where the shelter was originally going to be housed. The cause of the fire is still under investigation. There is expected to be an announcement later this week providing more information about the cause and ongoing investigation. The fire is believed to have started near the corrals and on the other side of the Gila River.

Residents came to the aid of the neighbors and helped to free animals at the corrals and surrounding areas. Thankfully there was a minimal loss in livestock and domestic animals; animals roamed free until their owners could gather them. Many neighbors tied goats to their trees to keep them safe from the fire.

The fire received statewide and national media coverage for the quick spread of the fire but also for the unique resources used to control the blaze such as the all women's hot shot crew from the Perryville Prison and the Copper Basin Railway who watered down the tracks and desert surrounding the tracks to help stop the fire.

Other agencies that assisted the Kearny Fire Department included: Bureau of Land Management, USDA Forest Service, Apache Junction Fire Department, Arizona Public Service, Arizona Department of Agriculture, Avra Valley Fire District, Canyon Fire District, Caminos Fire and Rescue, Eloy Fire District, Globe Fire Department, Golder Ranch Fire District, Hayden Fire Department, Jerome Fire Department, Oracle Fire Department, Picture Rocks Fire Department, Pinal County Sheriff's Office, Queen Valley Fire District, Regional Fire and Rescue, Smithco, Superior Fire Department, Tri City Fire District and Winkelman Fire Department. The Arizona Department of Corrections also sent crews from Globe, Florence, Flagstaff and Winslow. The Arizona Rangers with Bill Lohr also assisted in traffic control and evacuation in the community.

David Ozell, who serves as the town's Public Information Officer, explained to the *Copper Basin News* that after an all agency briefing one of the primary comments was the improvement of communications and response time in this incident compared to the Shipman fire two years ago. "We have made many improvements," he said.

Residents are being advised to remain vigilant with the fire and also keep an eye out for wild life coming into town from the burned areas. Many animals including

rattlesnakes have been seen in yards.

Any new developments from the fire will be reported on our Facebook page: www.facebook.com/copperarea.

See more photos online at <http://bit.ly/1fkaczv>

THIS 'N THAT

COMMUNITY CALENDAR

JUNE

29-07 All-Star Tournament to be Held in Superior

Superior Little League has been selected to host the District 4, 11-12 Year Old Baseball All-Star Tournament. Tournament dates are June 29 to July 7. Volunteers are needed for Umpiring, Game Day Field Preparation, Scorekeeping, Pitch Counting, Game Announcers, Concession and Clean-up. Many activities planned for both days, from happy hour, free appetizers, and a commemorative ceremony on Friday. On Saturday, cocktail hour, buffet dinner and music by former members of the Del Reys.

AUGUST

08-09 Free Blood Lead and Urine Arsenic Testing Offered

Cobre Valley Superior Clinic (CVSC) and the Arizona Department of Health Services (ADHS), is offering free confidential blood lead and urine arsenic testing to those eligible. Statistics will be shared with the ADHS and the Center for Disease control. Children up to 6 years and pregnant women living in high risk zip codes should receive a blood test. Urine arsenic testing will also be available for children 6 years of age or older who drink from a private well. Ask for a risk assessment questionnaire if living just outside of high risk areas. Lead poisoning can cause learning disabilities, behavioral issues and interfere with growth in children. Arsenic can cause gastrointestinal upset, skin changes, and kidney malfunction. Please call 602-364-3847 or email kaleb.tsang@azdhs.gov for testing which will be available at the CVSC on Aug. 7 and 8 from 9 a.m. - 4 p.m. Call the same number for more information.

OCTOBER

10-11 Hayden High Class of 1965 Plans 50th Reunion

The Hayden High School Class of 1965 is planning its 50th Class Reunion, Oct. 10 and 11, together with the Classes of the 1960s. The reunion committee is seeking volunteers from the classes of '60, '61, '67, '68 and '69 to help find their classmates' addresses. Contact Gloria Beltran at 480-271-9783 or email gbeltran46@live.com; Margaret Gaston at 520-400-2138; Susan Hillman at 520-356-7551; Anna Quesada at 520-356-7611; James Mank at 520-357-6020; or Robert Goodridge at 520-363-7476 for more information.

Continued from page 2

license and reckless driving. He was transported and booked into the Pinal County Jail.

June 13

Assault was reported in the area of Sunset Dr. and Belmont Ave.

June 14

John W. Salas, 42, Superior, was arrested and charged with disorderly conduct-domestic violence (DV) and threatening/intimidation-DV. He was transported and booked into the Pinal County Jail.

Burglary was reported in the 100 block of

Arnett Dr.

June 15

A hit and run accident was reported in the 800 block of Western Ave.

Criminal damage was reported in the 400 block of Highlands Dr.

June 16

Stephanie A. Armenta, 29, Superior, was arrested on six failure to appear warrants issued out of the Pinal County Sheriff's Office. She was transported and booked into the Pinal County Jail.

June 17

An accident without injuries was reported in the area of Hwy. 60 and the Queen Creek Tunnel.

Robert A. Howell, 60, Superior, was arrested on a failure to appear warrant issued out of the Pinal County Sheriff's Office. He was transported and booked into the Pinal County Jail.

June 18

Christopher J. Escovedo, 35, Superior, was arrested and charged with driving on a suspended license and resisting arrest. He was cited and released.

Fire was reported in the 400 block of Picket Post Dr.

Fire was reported in the 100 block of Lobb Ave.

Robert L. Cox, 35, Superior, was arrested and charged with possession of drug paraphernalia. He was cited and released.

Calls not listed include traffic stop (17), information (3), suspicious activity (2), animal complaint (2), alarm drop (2), agency assist (1), citizen assist (1), civil matter (2), welfare check (5), traffic hazard (1), 911 hang-up (3), disturbance (2) and attempt to locate (1).

Public Notice

Arizona Water Company has released its 2014 Water Quality Report (Consumer Confidence Report) for its Superior water system, PWSID 11-021. Arizona Water Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the Superior office located at 165 N. Magma Avenue; via mail by sending a request to Arizona Water Company, P. O. Box R, Superior, AZ 85273-1917; via our website at www.azwater.com; or by calling the Superior office at 520-689-2312. The entire report is also printed in the newspaper today. Arizona Water Company recommends that customers serving more than one housing unit post a copy of the 2014 Water Quality Report in a conspicuous place.

ARIZONA WATER COMPANY

– 2014 ANNUAL WATER QUALITY REPORT FOR SUPERIOR, ARIZONA, PWSID NO. 11-021 –

This report contains important information about your drinking water. Este informe contiene información importante sobre su agua potable. Tradúzcalo o hable con alguien que lo entienda bien.

Arizona Water Company provides groundwater to its Superior customers from wells located near Florence Junction.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality ("ADEQ"). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

DETECTED WATER QUALITY CONSTITUENTS - GROUNDWATER

Primary Standards

Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Inorganics						
Arsenic	ppb	0	10	6 - 8 Highest Running Annual Average - 7	2014	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes
Barium	ppm	2	2	0.01	2011	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
Chromium, Total	ppb	100	100	4	2011	Discharge from steel and pulp mills; erosion of natural deposits
Fluoride	ppm	4	4	0.4	2011	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories
Nitrate (as Nitrogen)	ppm	10	10	1	2014	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits

Disinfectant / Disinfection Byproducts

Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine Residual	ppm	(4)	(4)	1.2	0.8 - 1.4	2014	Drinking water disinfection
Haloacetic Acids (five)	ppb	NA	60	10.5	10 - 11	2014	Byproduct of drinking water disinfection
Total Trihalomethanes	ppb	NA	80	48	30 - 65	2014	Byproduct of drinking water disinfection

Additional Constituents (Unregulated)

Sodium	ppm	NS	NS	74	74	2011	Unknown
--------	-----	----	----	----	----	------	---------

Lead and Copper Monitoring

Water Quality Constituent	Units	MCLG	AL	90 th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.1	0	2013	Internal corrosion of household water plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	3	0	2013	Internal corrosion of household water plumbing systems; erosion of natural deposits

Your drinking water complies with the United States Environmental Protection Agency's ("USEPA") safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: In addition to the constituents listed in this report, Arizona Water Company and ADEQ conducted monitoring for over 90 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report, please contact Regina Lynde, Environmental Compliance Supervisor, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or email mail@azwater.com.

In 2003, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company's Superior water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

Residents can help protect water sources by practicing good septic system maintenance, taking hazardous household chemicals to hazardous material collection sites, and limiting pesticide and fertilizer use. The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dmi@azdeq.gov. For more information, visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/viron/water/dw/swap.html.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production. They can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

- AL = Action Level, the concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
- MCL = Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
- MCLG = Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- MRDL = Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant that is allowed in drinking water.
- MRDLG = Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of using disinfectants to control microbial constituents.
- CDC = United States Centers for Disease Control and Prevention
- FDA = United States Food and Drug Administration
- NA = None adopted
- ND = None detected
- NS = No standard
- pCi/L = Picocuries per liter
- ppb = Parts per billion, or micrograms per liter (ug/l)
- ppm = Parts per million, or milligrams per liter (mg/l)
- PWSID = Public Water System Identification

20. Help Wanted**Position Announcement
Program Coordinator****Location: Casa Grande, Arizona**

The Central Arizona Governments (CAG) is seeking a Program Coordinator for its Workforce Development programs. With our central office located in the City of Apache Junction, CAG is a regional governmental planning agency serving 11 communities, two Native American tribes, and a total population of 402,000 throughout Pinal County. Workforce Development programs serve an important role for the region and provide over one-half million dollars in Workforce Innovation and Opportunity Act funds annually.

The successful candidate will provide training and oversight support to WIOA staff and eligible program participants to ensure successful completion of training and/or employment objectives by performing the following duties:

Ensures compliance to federal/state program regulations at provider and administrative entity level. Responsible for preparation and presentation of numerous reports. Attends meetings of the Workforce Investment Board and its sub-committees and disseminates information to CAG staff and committees. Coordinates local job training activities with other related programs (i.e. social services, economic development). Acts as liaison between staff and educational institutions, related state agencies, federal agencies, CAG's elected officials, municipal staff, and citizen advisory groups. Other duties to include special projects, grant writing, and designing of training programs related to WIOA program needs. This position is responsible for setting an example for other CAG staff regarding CAG procedures as described in the Employee Manual. Manages 3 Case managers and 1 Community Outreach Specialist. Is responsible for overall direction, coordination, and evaluation of these units. Carries out supervisory responsibilities in accordance with the organization's policies and applicable laws. Responsibilities include assisting the Program Manager in interviewing and hiring employees in the Social Services Department. Recommends hiring and disciplinary action of staff to the Program Manager. This position is responsible for planning, assigning, and directing work; meeting performance standards, and appraising performance; addressing complaints and resolving personnel and operational problems with the department. Responsible for file monitoring and oversees Rapid Response under the Dislocated Worker program.

This position requires a Bachelor's degree (B.A./B.S.) within a related field or equivalent from a four year accredited college or university; or four years related experience and/or training; or equivalent combination of education and experience. Any equivalent combination of experience and training which provides the required knowledge, analytical and communication skills will be considered. Travel throughout the CAG region is required. Occasional travel in state and out of state may also be required.

CAG provides a small office working environment and conducts business on a four day (10 hours per day) work week, Monday through Thursday.

Salary range is \$40,000 to \$57,000 DOQ with a competitive benefit package provided.

Send detailed resume and three work related references to: Andrea Robles, Central Arizona Governments (CAG), 1075 S. Idaho Road, Suite 300, Apache Junction, AZ 85119 or e-mail arobles@cagaz.org.

First review of applications will occur on June 29, 2015. Recruitment will remain open until position is filled. CAG is an EOE-male/female, handicapped affirmative action employer.

**Position Announcement
Case Manager I****Location: Casa Grande, Arizona**

The Central Arizona Governments (CAG) is seeking a Case Manager I for its Workforce Development programs. With our central office located in the City of Apache Junction, CAG is a regional governmental planning agency serving 11 communities, two Native American tribes, and a total population of 402,000 throughout Pinal County. Workforce Development programs serve an important role for the region and provide over one-half million dollars in Workforce Innovation and Opportunity Act funds annually.

The successful candidate will provide support to WIOA eligible program participants to ensure their successful completion of training and/or employment objectives by performing the following duties:

Determines eligibility and in conjunction with the client, formulates an Individual Employment Plan (IEP) which identifies vocational goals, barriers to employment and supportive service needs. Also determines the appropriate course of action to overcome identified barriers and records information on training and/or supportive service needs, and reviews IEP on a regular basis to ensure continued progress in training or job search programs. Maintains accurate and complete case notes to outline client progress and to provide reference for all staff involved with the client. Provide counseling to clients to furnish information, resolve problems, motivate and encourage the client. Coordinate with various public service agencies throughout the satellite office's area, to establish effective networking linkages and to gather referral information necessary for clients. Prepare supportive service forms for approval by WIOA Program Manager. Collect information necessary in the preparation of case files. Contact clients to provide information regarding possible employment opportunities. Conduct workshops, orientations and job clubs, and provide ongoing data entry into state's data collection program.

The position requires a minimum of 3 years of experience in client case management, an associate's degree in public administration, social work or an appropriate related degree. Any equivalent combination of experience and training which provides the required knowledge, analytical and communication skills will be considered. Travel throughout the CAG Region is required. Occasional travel in state and out of state may also be required.

CAG provides a small office working environment and conducts business on a four day (10 hours per day) work week, Monday through Thursday.

Salary range is \$28,000 to \$35,000 DOQ with a competitive benefit package provided.

Send detailed resume and three work related references to: Andrea Robles, Central Arizona Governments (CAG), 1075 S. Idaho Road, Suite 300, Apache Junction, AZ 85119 or e-mail arobles@cagaz.org.

First review of applications will occur on June 29, 2015. Recruitment will remain open until position is filled. CAG is an EOE-male/female, handicapped affirmative action employer.

Summer reading a success in Superior

By Mila Besich-Lira
Superior Sun

When I was a young child in Superior, one of my favorite places was the Superior Public Library. It was in that two-story building that my friends and I watched film strips, played the hokey pokey, and yup - we turned ourselves around to check out books that took our minds on other adventures. Hours were spent there visiting with Mrs. Campos, who today is still the main Librarian at Superior Public Library, and just like all the summers before this she and her volunteers are busy bringing a love of reading to Superior's youth.

This year the theme for summer reading is "Every Hero has a Story".

Mrs. Campos is definitely a hero this summer, as she came to the rescue and helped to save the Summer School program for JFK students. When JFK Principal Manny Ramirez was unable to

find a teacher for summer school he called on Mrs. Campos to see if she would be willing to collaborate her summer reading program with summer school. She agreed to help and the summer school program was saved.

The students attending summer school were able to get the extra help they needed and attend summer reading which was an added benefit. The collaboration met grant guidelines that funded summer school as well.

All of the students attending the Summer Reading program and Summer School will be given a pass for free swimming at the pool and will also be treated to a special party at the school.

The library has many free activities and services including movie rentals, computer usage and, of course, there are thousands of books to choose from. For more information on the programs and activities at the Superior Public Library you can call the staff directly at 520-689-2327.

FREE
