OBITUARIES

May 'LaVonne' Brunson

May "LaVonne" Brunson passed away June 11, 2014 at the age of 67.

Our beloved "LaVonne" Brunson was born May LaVonne Guttry on March 2, 1947 to Nathan Porter and Isabel LaVerne Guttry. She was the oldest of four siblings, a sister Frankie (John Butler), brother Bob (Melanie), sister Claudia (Bill Keith) and brother Butch (Becky).

LaVonne married Wilbur Brunson in 1972 and together they raised three children, Allen (Tammy), Stacie (John Sharp) and Tom (Layel). They loved and enjoyed four grandsons, Kyle (Deanna), Tyrel, Dusty and Coby, two granddaughters, Amber (Bob Cruera) and Deni, and three great-granddaughters, Morgan, Reese, and Emmy.

LaVonne enjoyed time with family above anything else and loved nothing better than having all of the Brunson and Guttry families under one roof for her annual Christmas gathering. LaVonne was a voracious reader, and before a

car accident rendered her left arm disabled, liked to crochet and do ceramics. She and Wilbur loved attending sporting events for the grandkids, having cook-outs or camping trips with the family and gathering with friends at the VFW in Globe. She was not afraid of technology, and loved playing computer games and enjoying Face Book on her iPad, iPhone and Kindle. But second only to family, LaVonne loved going to the casinos!

LaVonne was diagnosed with cancer at the age of 23 and battled valiantly against the ramifications of that for the next 44 years, always with dignity and acceptance. She was an exceptionally strong woman and remained nothing but kind, generous, loving and patient through adversities which could have just as easily made her bitter, angry and

resentful.

LaVonne was preceded in death by her husband Wilbur just 20 months prior to her own passing ... they are now together again. Services for LaVonne will be held

Friday, June 27, at Maranatha Baptist Church, Saguaro Dr., Globe, at 10 a.m. Interment will be Monday, June 30, at 11 a.m. at Veteran's Memorial Cemetery, Cave Creek, AZ.

Edwardo 'Eddie' Miranda Gonzales

Eduardo Miranda Gonzales (Eddie) born on May 7, 1943 passed away on Friday, June 20, 2014.

He was a patient, proud, strong, loving, hardworking man and was loved by all who had the pleasure of meeting him. He spent every moment with the love of his life and enjoyed playing his guitar, singing dancing and was a diehard Dallas Cowboys fan. He loved to be out in the hills whether he be hunting or just riding

around on his quad. He was a jack of all trades and taught his children and grandchildren everything from mechanics to household maintenance. He also made sure they knew how to hunt, fish and shoot a rifle. He made them all strong and independent.

Eddie worked most of his life at ASARCO as a Heavy Equipment Operator and was the best at his job for 35 years. He will be dearly missed.

He leaves behind his wife of 48 years, Josie; children, Eddie (Sandi),

Melissa (David), Vincent (Katy); grandchildren, Anthony, Czar, Jared, Vincent, Dominic, Sophia, Monique, Adrianna, Cassee, David, Brianna, Jack, Ada and Arlo; great-granddaughters, Bree Isabella, Charlie Rae, and Liliana; sisters, Rachael, Sylvia, Christy (Ramon); brother, Jerry (Patsy); countless nephews, nieces, extended family and friends. He was preceded in death by his parents, Pablo and Lucia; and siblings, Manuel, Rudy, David, Grace, Ruth, Sara and Esther.

Funeral services will be held on Saturday, June 28, 2014 at St. Joseph's Parish in Hayden, AZ. Viewing is from 8:30-9:30 a.m., Rosary at 9:30 a.m., Funeral Mass at 10 a.m. and Interment will be at the Mountain View Cemetery in Hayden.

The family was assisted by Griffith Mortuary.

Kearny adopts budget and appoints new positions

By Mila Besich-Lira
Copper Basin News

The Kearny Town Council approved a resolution to adopt the 2014-15 fiscal year budget. The budget is set for \$5,071,087. The budget has been printed and published in the June 4 and June 11 editions of the Copper Basin as per state law. The council will have their final approval of the budget in July.

During the council meeting the council appointed David Herrera to the council to fill the position of Brad Richards. They also approved the appointment of David Orzell as the town magistrate and appointed Bob Jordan as the voluntary code enforcer. Orzell has been the town magistrate since 2008. Dave Collier and Dave Alexander were also appointed as deputy magistrates.

Jordan will serve as a voluntary code enforcer with the town. His voluntary position will be covered under the town's insurance. Through this position he hopes to help others learn more about the codes and help people learn how to follow the codes. His goal is to help Kearny look its best.

The council also voted to approve a street light

services agreement with Arizona Public Service. APS is requiring all of their municipal customers to renew their agreements. These new agreements are now the

same across their coverage area and while the costs are slightly higher than previous agreements the costs are shared equally across the state.

County's tentative budget: balanced

FLORENCE - The Pinal County Board of Supervisors adopted the 2014/2015 fiscal year tentative budget in the amount of \$378,079,096.

The tentative budget, presented by County Manager Greg Stanley, does not raise taxes for the upcoming

year. Stanley explained that the general fund was decreased by \$9.6 million, while the overall budget increased by just over \$4 million due to monies set aside in the case any debt is issued for capital infrastructure.

Pinal County keeps on lowering its overall portion of each tax dollar it takes in. Based on the 2013/2014 fiscal year for each dollar of property tax paid, the county receives only 24 cents. This is quite a change since 2010/2011 where 31 cents was received into county coffers. The rest of the tax dollar portion goes to school districts, Central Arizona College, cities and towns along with other entities.

Hayden appoints new mayor

By **Mila Besich-Lira**
Copper Basin News

Last week during a special Hayden Town Council meeting, the council voted to appoint Councilmember Tommy Lagunas as the mayor of Hayden. Maria Munoz will remain

as vice mayor. Munoz declined the position of mayor and suggested another member be appointed. This vote came following the resignation by former Mayor Charles Vega. Vega had to resign after pleading guilty to a felony.

During the regular town council

meeting the council handled several housekeeping items including the transfer of unencumbered 2012-13 budget appropriations from the general contingency. The council approved the library agreement with Gila County, and approved the use of lights for a volleyball fundraiser. The council

also approved an intergovernmental agreement with the Town of Winkelman for police protection. The cost of services for the Town of Winkelman will be increased based on the actual cost to employ an officer.

The council also approved opening the swimming pool after the fireworks.

HWUSD consolidates schools to save money, improve instruction; no combination classes this year

The former Winkelman Elementary School and Leonor Hambly Middle School have been consolidated. The new school name is Leonor Hambly K-8 School.

“Leonor Hamby was the first female administrator in the school district and was a Hispanic role model for many female students pursuing a career in education. It is only fitting that the second female administrator in the district is the new principal of the new Leonor Hambly K-8 School,” said Jeff Gregorich, HWUSD superintendent.

“I am very excited to be the first principal

of the new Leonor Hambly K-8 School. I look forward to making it place where all students can learn and reach their dreams. Having graduated from the Hayden-Winkelman School District makes me even more committed to ensure every student the best education possible,” stated Pam Gonzalez.

The K-8 alignment is not a new concept, in fact, many bigger school districts have chosen the K-8 school alignment to improve classroom instruction and streamline curriculum and instructional practices. Perhaps one of the most positive

elements of K-8 alignment is student discipline. Keeping the middle school students in a traditional elementary classroom setting limits potential negative exposure to social issues facing high school students today throughout America.

Gregorich also said: “There will be no combination elementary school classrooms this school year. Combination classes are when multi-grade level students share the same teacher and the same classroom. This is sometimes done to improve instruction as well as

save dwindling school funding dollars. Fortunately this year, the district enrollment remained steady, which allows the district to avoid the need for combination grade level classrooms.”

“The moving of the middle school students will save enough money to make needed improvements throughout the district. Our district is fortunate to have a staff and community that values education and wants our school district to continue to provide a quality education for all of our students, as it has for the past 78 years,” stated Gregorich.

County approves medical marijuana dispensary

By **John Hernandez**
San Manuel Miner

At the regular session meeting of the Pinal County Board of Supervisors held on June 18, a decision was made on the application for a special use permit that would be used for a medical marijuana dispensary in Oracle. After listening for over an hour to a number of speakers from the public both for and against the dispensary, the supervisors voted 3 to 2 in favor of approving the dispensary location in the building located at 1880 W. American Ave. Voting against the measure were Supervisors Pete Rios and Cheryl Chase. The supervisors in favor of the measure were Steve Miller, Anthony Smith, and Todd House.

Around 20 residents of Oracle attended the meeting with some of them speaking out against the approval of the special permit. Pinal County Sheriff's Department Chief Deputy Steve Henry spoke about the concerns of the sheriff's department which included that it is still a violation of federal law, impaired driving while under the influence of medical marijuana, and the possibility that it will open the door to other crimes. Jim Knupp, public information officer for the Pinal County Attorney's Office also spoke out against the dispensary.

The Executive Director of Bloom Dispensaries, Lezli Engelking gave a power point presentation explaining her company's management policies in exceeding

all regulatory standards mandated by the medical marijuana law and how Bloom believes in giving back to the community. She said that there have not been any problems in any of the state dispensaries. The dispensary in Oracle will be called Bloom Oracle. Others that spoke in support of the dispensary were Jesse Lopez, vice-president of AZ4NORML who answered questions pertaining to medical marijuana laws. NORML is the National Organization for the Reform of Marijuana Laws. A professional lobbyist also spoke in favor of medical marijuana and the dispensary. Someone pointed out that the medical marijuana law is a voter approved law and that

the residents of Oracle voted 55 percent to 45 percent in favor of medical marijuana. To view a video of the hearing go to the Pinal County Government site pinalcountyaz.gov.

Rita Pena, owner of the building where Bloom Oracle will be housed was contacted a few days after the hearing. She said that she is glad that the building is now rented and that it was difficult for her to attend the meetings because she felt people looked at her in a negative way. “I am more for having our community grow in a healthy way,” she said. “I hope that true patients will have medical marijuana more accessible to them and that the revenue will help the community.”

Fizz, Boom, Read! Kids have fun at Kearny Library

On June 12, Jeb Earl the Magician and Scientist made a visit to the Kearny Public Library as part of the Summer Reading Program's Science and Technology Theme. Doing magic while incorporating science experiments kept the kids entertained while learning at the same time. This year's theme is Science and

Technology so everything is geared toward that goal. The program concludes June 26 for children. The library will have a special reading program for adults through Aug. 28 and a program for teens is offered every other Thursday evening at 5:30 p.m. For more information, please call the library at 363-5861.

Pertussis confirmed in Gila County

Gila County has reported a confirmed case of pertussis, also known as whooping cough, in the Payson area.

Pertussis is a contagious disease spread from person to person by coughing or sneezing while in close contact with others. It is most contagious during the cold-like stage to three weeks after it begins. Pertussis is treated with antibiotics and people may return to normal activities after five days of treatment and are fever-free.

Pertussis is called whooping cough, because, in older infants and preschool children, coughing is often followed by a whooping sound. Other symptoms to look for are mild cold-like signs and symptoms, accompanied by little

or no fever; coughing that worsens within one to two weeks and becomes intermittent, and may be followed by vomiting; and, increased production of mucus.

The Gila County Office of Health is advising its residents to stay vigilant. For maximum protection against pertussis, children need five Diphtheria Tetanus and acellular Pertussis or DTaP shots. The first three shots are given to infants at 2, 4 and 6 months of age, which protects most infants but the effects of which tend to fade as they become toddler. Preteens will also need a TDaP, which is a pertussis booster. It is also recommended that pregnant women should receive it

during the third trimester.

If a person has been exposed to pertussis by a household member, or other close contact, they may be given a preventative course of antibiotics to prevent them from getting sick.

If you suspect that you may have pertussis, have been exposed, or, have any questions, please contact your primary care physician. For more information, to set up an appointment for a vaccination or to hear walk-in hours, contact the Gila County Division of Health & Emergency Services at 800-304-4452, Ext. 8811.

Public Notice

"Arizona Water Company (the "Company") has released its 2013 Water Quality Report (Consumer Confidence Report) for its Winkelman water system, PWSID 04-003. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the San Manuel office located at 460 Avenue A; via mail by sending a request to Arizona Water Company, P. O. Box 120, San Manuel, AZ 85631-0120; via our website at www.azwater.com; or by calling the San Manuel office. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2013 Water Quality Report in a conspicuous place."

Note: Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report please contact Regina Lynde, Environmental Compliance Supervisor, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006, telephone (602) 240-6860 or e-mail mail@azwater.com.

In 2000, the Arizona Department of Environmental Quality (ADEQ) completed a Source Water Assessment of the water sources used by Arizona Water Company's Winkelman water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. Activity on an adjacent land use poses a high risk to two water sources. Arizona Water Company ensures the safety of your drinking water by regularly monitoring water sources in accordance with state and federal regulations.

Residents can help protect water sources by practicing good septic system maintenance, taking hazardous household chemicals to hazardous material collection sites, and limiting pesticide and fertilizer use. The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dml@azdeq.gov. For more information visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/environ/water/dw/swap.html.

The EPA requires Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of various constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include: (A) Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife. (B) Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming. (C) Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses. (D) Organics, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems. (E) Radionuclides, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

COUNTY BUDGET

Continued from Page 8

developing a balanced budget is that new construction added to the assessed valuation is still slowly bouncing back. General Fund non-property tax revenues are growing modestly and issues with Immigration and Customs Enforcement along with potential fund sweeps are still undecided at this time.

Despite the challenges, the Supervisors have kept county priorities funded. Improvements to Hunt Highway are continuing with Phase I nearing completion in August. Phase II will begin at the end of the year. Pinal Airpark and San Manuel Airport are also continuing to grow as economic development assets of the county. Projects at both airports are included in this budget. Road safety and dust control projects are also figured into the tentative budget.

Looking at the general fund, 64 percent of it goes to Public Safety (Sheriff, County Attorney, Superior Court, Probation and Justice Courts). General Government operations takes up 23 percent, while Health Care and other expenses takes up the rest.

Once the Tentative Budget is adopted, it can be decreased or parts of the budget can be reallocated. However, the total budget cannot be increased. The Final Budget is to be heard and adopted on July 2, 2014.

Participants at the Ray High School NFL Football Camp.

NFL comes to Ray High School

On Saturday, June 14, kids ranging in ages from six to 18 were treated to the first annual Reagan Maui'a football camp, hosted by Ray High School. Former Arizona Cardinal Maui'a, along with his team of coaches, put more than 70 campers from area schools through exercises, drills, and scrimmages.

Reagan Maui'a was born in American Samoa and moved to California when he was in junior high. He attended junior college before transferring to the University of Hawaii where he played football. He was drafted in 2007 by the Miami Dolphins. He went to play for the Cincinnati Bengals in 2008. He then moved to Arizona and played with the Cardinals from 2010-2012.

Camp started with a speech from the coaches and an opening prayer. Then the campers moved into warm ups. After the campers were stretched and ready to go they divided into groups where they were taught proper throwing and catching techniques. They were also taught blocking and footwork. The campers all participated in scrimmage games throughout the day. Scrimmages included a tough game in the 6-8 division between Team Mac 'N Cheese and Team Waffles. It also included a tough match between upcoming freshman

quarterback Cole Yocum and veteran senior quarterback Destry Yocum.

Closing remarks were a very inspirational talk from Reagan stressing the importance of prayer, belief in one's self, and the importance of obeying your parents. He also discussed how important school is with all of the football players. Camp concluded the same way that it opened, with a prayer.

Throughout the day there was nothing but smiling faces from the campers and coaches despite the 108 degree temperature. The kids were treated to a snack at break time that was provided by Copper Basin Railroad. Lunch was generously provided by Asarco Hayden Smelter Complex. Smithco provided the Gatorades for all of the campers. Copper Net Systems and Sparklettes donated water and Nics Pics and Ace Pipe Cleaning also helped sponsor the camp.

Thank you to the following coaches who donated their time to the camp: Reagan Maui'a, Billy Avelar, Brad Walker, Chuy Garcia, Willie Jordan, Jay Wernet, Fred Cruz, Michael Hing, Jimmy Fessenden, Jordan Cruz, and Dominic Bravo. Also, a big thank you to the Avelar Family, who were instrumental in bringing the camp to the Copper Basin.
