OBITUARY

Norma Mae (Brown) Martin

Norma Mae (Brown) Martin, 71, of Oracle, AZ, passed away on Monday, June 16, 2014 at Hospice Family Care Center in Tucson, AZ. She was born June 23, 1942 in Miami, AZ, the daughter of Travis and Helen Brown. Norma resided many of her early married years in Hayden, AZ.

Norma is survived by her daughter, Judy (Gilbert); son, David (Melinda); brother, Walter (Glenda); grandchildren, Danny Hernandez, JR Hernandez and

Crystal Martin; great-grandchildren, Ramon Anaya, Gabriel Anaya, Maya Hernandez, Mariah Hernandez, Alonzo Hernandez and Blazin Rose Lyons; and many nieces and nephews. She was preceded in death by her husband, David "Lefty" Martin; and two sisters, Barbara Childers and Charlene Cross.

Between the years of 1951 to 1956 Norma lived in Winslow, AZ, Anchorage, AK, Artisa, CA, Bellgarden, CA, Gardena, CA and then back to Arizona. In 1958

Norma married David "Lefty" Martin and moved to Claypool, AZ. When her children, Judy and David were born, they moved to San Pedro, AZ then Winkelman, AZ. They purchased their first house in Hayden, AZ and resided there for many years. From 1970 - 1981 Norma was on the Hayden Public Library Board of Trustees. She served on the Finance Committee and served five terms as President. Norma was also an Adult Bible teacher, Assistant Treasurer, Member of the Constitution Revision Committee for San Pedro Valley Baptist Church in Dudleyville, AZ. From 1974 - 1977 Norma was the Deputy Assessor, Motor Vehicle Division, Gila County Assessor's Office, Hayden Branch, Hayden, AZ. In 1975 Norma was a Special Temporary Clerk at the Hayden Federal Credit Union. In 1978 - 1979 Norma was a Cafeteria Worker for the Hayden-Winkelman School District. In 1984 - early 1990's Norma worked with the Town of Hayden. She began as a General Office Clerk was promoted to Deputy Town Clerk/Election Officer in 1985. Norma medically retired from the Town of Hayden in the early 1990s.

Norma and David "Lefty" purchased property in Oracle, AZ in the early 1990s to which they moved. They remained there until David "Lefty" passed away in 1998. Norma remained in Oracle until April 2014 at which time she fell ill and succumbed to her debilitating medical condition on June 16, 2014.

Her hobbies were volunteer work, reading, camping and oil painting.

She will be greatly missed. Her spirit will live in each one of us for eternity. Mom, thank you for all that you have taught us.

Services for Mrs. Martin will be held Friday, June 27, 2014, at 10 a.m. at Griffith Mortuary, Kearny, AZ. Luncheon to follow at Hayden Golf Course Club House.

Arrangements by Griffith Mortuary, Kearny, AZ. Online Guestbook at: www.griffithmortuary.com.

IRA AND ROLLOVER
HEADQUARTERS

The SIMPLE IRA plan –

If you're self-employed or own a small business, you may be able to establish a savings incentive match plan for employees (SIMPLE) IRA plan. A SIMPLE IRA plan is a salary reduction retirement plan for certain small business that is established in the form of employee-owned traditional individual retirement accounts (but with a higher contribution level). Establishing such a retirement plan can provide you with a tax-advantaged way to save funds for your retirement; it may also help you attract and retain qualified employees. Call for an appointment.

New annual contribution limits for SIMPLE IRAs let you invest more.

OBITUARY

Betty Allen

Longtime San Manuel resident, Betty Allen, 69, went to be with the Lord on June 2, 2014.

Betty fought bravely, over the past several months, recovering from numerous ailments and surgeries. She conquered and won those battles with her tough exterior of a personality and strong will that was known to all who knew and loved her. Sadly, repeated episodes with pneumonia had weakened her lungs and she lost her battle on June 2, surrounded by her family as she passed peacefully, while she slept.

Betty was born on January 28, 1945, in Scottsville, Kentucky. She was the youngest of four children born to Ray and Lorene Hooten, along with her sister, Beatrice, and her brothers, Paul and Bobbie.

She moved to San Manuel over twenty years ago to enjoy the peace of small town life, most of her family was soon to follow. It was only recently, this past February, that her family had to move her into the city of Tucson to be closer to medical facilities and her longtime friend and physician, Dr. Judith Brown.

Betty and her siblings endured many hardships associated with "farm life", but, they also experienced many great adventures in the woods behind their farmhouse, which acted as their playground during their childhood. These years of creating memories and mischief also created an unbreakable bond amongst them that would follow them throughout their lives.

Her passion in life was gardening. In every home she had ever lived in, her first priority was always "Fixing up the yard.", by planting flowers and shrubbery. She also read many novels and loved to sew, but, her true enjoyment in life was the time she spent with her grandchildren, Rick, Killian, Shoshone, and Paul. All of whom she adored.

She cherished all the wonderful years she was able to be in their lives, experiencing their events as they all grew into adulthood. She also has a fifth grandson, Jeff ("Alaric"), who lives in Louisville, Kentucky, and had spent many years as a young boy in his grandmother's care.

Betty is survived by her three children: sons, Jeff (Donna)

Bessinger, Gene (Dorinda) Bessinger; and, daughter, Holly Davis; brothers, Bobbie (Karen) Hooten and Paul (Laverne) Hooten; five grandchildren, Jeff "Alaric" Bessinger, Rick Davis, Killian Bessinger, Paul Nunes; granddaughter, Shoshone Bessinger; and many nieces and nephews.

She is preceded in death by her beloved mother, Lorene Thompson of San Manuel; father, Ray Hooten of Scottsville, KY; sister, Beatrice Bibby of San Manuel; and, nephew, William Hogue of Wasilla, Alaska.

The family would like to express deep felt appreciation to all of our friends and family for their support and comfort during this difficult time, and to the staff of Casa de la Luz Hospice in Tucson, for the wonderful care they provided.

"Life isn't about waiting for the storm to pass. It's about learning to dance in the rain."

OBITUARY

May 'LaVonne' Brunson

May "LaVonne" Brunson passed away June 11, 2014 at the age of 67.

Our beloved "LaVonne" Brunson was born May LaVonne Guttry on March 2, 1947 to Nathan Porter and Isabel LaVerne Guttry. She was the oldest of four siblings, a sister Frankie (John Butler), brother Bob (Melanie), sister Claudia (Bill Keith) and brother Butch (Becky).

LaVonne married Wilbur Brunson in 1972 and together they raised three children, Allen (Tammy), Stacie (John Sharp) and Tom (Layel). They loved and enjoyed four grandsons, Kyle (Deanna), Tyrel, Dusty and Coby, two granddaughters, Amber (Bob Cruca) and

Deni, and three great-granddaughters, Morgan, Reese, and Emmy.

LaVonne enjoyed time with family above anything else and loved nothing better than having all of the Brunson and Guttry families under one roof for her annual Christmas gathering. LaVonne was a voracious reader, and before a car accident rendered her left arm disabled, liked to crochet and do ceramics. She and Wilbur loved attending sporting events for the grandkids, having cook-outs or camping trips with the family and gathering with friends at the VFW in Globe. She was not afraid of technology, and loved playing computer games and

enjoying Face Book on her iPad, iPhone and Kindle. But second only to family, LaVonne loved going to the casinos!

LaVonne was diagnosed with cancer at the age of 23 and battled valiantly against the ramifications of that for the next 44 years, always with dignity and acceptance. She was an exceptionally strong woman and remained nothing but kind, generous, loving and patient through adversities which could have just as easily made her bitter, angry and resentful.

LaVonne was preceded in death by her

husband Wilbur just 20 months prior to her own passing ... they are now together again.

Services for LaVonne will be held Friday, June 27, at Maranatha Baptist Church, Saguario Dr., Globe, at 10 a.m. Interment will be Monday, June 30, at 11 a.m. at Veteran's Memorial Cemetery, Cave Creek, AZ.

Pinal County Sheriff's Report

The Pinal County Sheriff's Report is taken from the daily logs, based on the information provided by deputies. All persons arrested are presumed innocent until proven guilty in a court of law.

June 16

Gabriel Nathan Valdez, 31, San Manuel, was arrested in the 600 block of Fifth Ave., San Manuel, and was charged with assault. He was transported and booked into the Pinal County Jail in Florence.

Criminal damage was reported in the 37000 block of S. Golf Course Dr., SaddleBrooke. A sprinkler system was turned off and plants were destroyed.

A natural gas leak was reported in the 200 block of E. Fifth Pl., San Manuel. The call was turned over to Southwest Gas.

June 17

Adrian Joseph Marquez, 25, San Manuel, was arrested in the 400 block of S. Ladera Pl., San Manuel, on a warrant for failure to appear. He was transported and booked into the Pinal County Jail.

Engendaran Nln, 51, Oracle, was arrested in the 2300 block of W. Paseo Redondo, Oracle, and was charged with assault and fighting/disruptive behavior. He was transported and booked into the Pinal County Jail.

Lost explosives were reported in the 27000 block of N. Mineral Creek Rd., Kearny. An Asarco employee reported that there was a missing booster charge after a blast at Ray Mine. He explained that boosters come in a case of 36 but are sometimes short one. The booster was either never shipped or was placed in the blasting area and destroyed. A police report was needed so the proper

paperwork could be filed with ATF (United States Alcohol, Tobacco and Firearms Bureau).

An accident without injuries was reported in the 28000 block of S. Veterans Memorial Blvd., San Manuel. A vehicle struck and killed a deer. The driver of the vehicle was uninjured.

June 18

An accident without injuries was reported in the area of E. Webb Rd. and S. Mt. Lemmon Rd., Oracle. A vehicle swerved to miss a deer and veered off the road.

Criminal damage was reported in the 900 block of W. First Ave., San Manuel. A window was broken.

Theft of rims and tires was reported in the 600 block of W. Fifth Ave., San Manuel. The reporting party located another individual installing the rims and tires on his vehicle. The property was returned and no charges were filed.

June 19

PCSO investigated a 911 hang up call that originated in the 200 block of W. Grant St., Oracle. A baby had been stung by a scorpion. The call was turned over to Oracle Fire Department.

June 20

Criminal damage was reported in the 76000 block of E. Indian Hills Dr., Dudleyville. Graffiti was painted on a water tank.

PCSO assisted Mammoth Police Department with a possible burglary in progress in the 100 block of N. Verdugo Pl., Mammoth.

Criminal damage was reported in the 60000 block of E. Eagle Ridge Dr.,

Supervisor voted against dispensary, opposed to location

Many of you already know the Board of Supervisors approved by a vote of 3 to 2 a Special Use Permit for Medical Marijuana Dispensary in Oracle. I, along with Supervisor Cheryl Chase, voted no on this proposal.

Even though I did support Proposition 203 in 2010 when it was brought to the voters of Arizona, I do not support the location that was selected for this dispensary in Oracle. I do agree that medical marijuana should be allowed for patients who sincerely need it to help with severe physical and psychological problems.

When you look over a map of the area, this dispensary is across from DeMarco's Pizza where students gather and a school bus stops to pick up and drop off children. It's next

door to our Pinal County Public Health Services Clinic and on the main road leading into and out of Oracle. Everything is wrong with this particular location.

In fact, the Pinal County Planning and Zoning Commission agreed, they gave it a unanimous recommendation of denial.

But this applicant for the Special Use Permit, Glenn Wilt Jr., pulled out all the stops when it came to trying to get this approved. He employed a big-time "hired gun" from Scottsdale, lobbyist Jason Rose, to develop a plan to make sure this dispensary would become a reality.

Mr. Wilt Jr. also hired a third party, Bloom Dispensaries, which has other dispensary locations across the state, to operate the facility in Oracle. Their representative

addressed the board and basically gave a sales pitch for Bloom Dispensaries.

Mr. Wilt Jr. and Jason Rose made sure that they got the point across that they wanted this dispensary in Oracle and at that specific location.

There was no attempt to address the concerns of the residents who had a problem with this dispensary.

What really disturbed me was a mention that the amount of people who showed up to testify on this issue before the Planning and Zoning Commission intimidated a member of that commission (who also voted for denial). How can you be intimidated by a group of people who simply disagree on this proposal? This is a democracy. People are allowed to speak their mind, the Oracle residents were simply participants in the process.

In closing, my hope was that my fellow supervisors would listen to the people of Oracle and agree that this was not a good location for a Marijuana dispensary. I do thank Supervisor Chase for joining me in supporting the wishes of the majority of Oracle's residents on this 3-2 split vote.

FROM THE SUPERVISOR

By Pete Rios
Special to the Miner

LETTER TO THE EDITOR

Mammoth Council strive to keep information from public

Consider the situation. Never has there been an city council like Mammoth so disciplined in secrecy, so precisely in lockstep in keeping information from the people at large and from their representatives in the city. Never has a city council been so unabashed in reaching like Caesar for still more wealth and power. Never has a hand and glove fitted together so comfortably to manipulate free political debate, sow contempt for the idea of the city government itself, and trivialize the peoples' need to know."

ONE OF MANY EXAMPLES:

"Other factors could include the HURF funds which were inappropriately borrowed and according to Mammoth's

County's tentative budget: balanced and addresses priorities

FLORENCE - The Pinal County Board of Supervisors adopted the 2014/2015 fiscal year tentative budget in the amount of \$378,079,096.

The tentative budget, presented by County Manager Greg Stanley, does not raise taxes for the upcoming year. Stanley explained that the general fund was decreased by \$9.6 million, while the overall budget increased by just over \$4 million due to monies set aside in the case any debt is issued for capital infrastructure.

Pinal County keeps on lowering its overall portion

Continued on page 15

June 30, 2011 financial statement audit the balance of those funds had grown to \$646,795. It could be more but no financial statement audit has been completed since then. On June 30, 2014, the town will be three years without a financial statement audit. Per Arizona Revised Statute 9-481: Audits shall be made at least once for every two fiscal years for all incorporated towns."

County approves medical marijuana dispensary

By John Hernandez
San Manuel Miner

At the regular session meeting of the Pinal County Board of Supervisors held on June 18, a decision was made on the application for a special use permit that would be used for a medical marijuana dispensary in Oracle. After listening for over an hour to a number of speakers from the public both for and against the dispensary, the supervisors voted 3 to 2 in favor of approving the dispensary location in the building located at 1880 W. American Ave. Voting against the measure were Supervisors Pete Rios and Cheryl Chase. The

supervisors in favor of the measure were Steve Miller, Anthony Smith, and Todd House.

Around 20 residents of Oracle attended the meeting with some of them speaking out against the approval of the special permit. Pinal County Sheriff's Department Chief Deputy Steve Henry spoke about the concerns of the sheriff's department which included that it is still a violation of federal law, impaired driving while under the influence of medical marijuana, and the possibility that it will open the door to other crimes. Jim Knupp, public information officer for the Pinal County Attorney's Office also spoke out

against the dispensary.

The Executive Director of Bloom Dispensaries, Lezli Engelking gave a power point presentation explaining her company's management policies in exceeding all regulatory standards mandated by the medical marijuana law and how Bloom believes in giving back to the community. She said that there have not been any problems in any of the state dispensaries. The dispensary in Oracle will be called Bloom Oracle. Others that spoke in support of the dispensary were Jesse Lopez, vice-president of AZ4NORML who answered questions pertaining to medical marijuana laws.

NORML is the National Organization for the Reform of Marijuana Laws. A professional lobbyist also spoke in favor of medical marijuana and the dispensary. Someone pointed out that the medical marijuana law is a voter approved law and that the residents of Oracle voted 55 percent to 45 percent in favor of medical marijuana. To view a video of the hearing go to the Pinal County Government site pinalcountyaz.gov.

Rita Pena, owner of the building where Bloom Oracle will be housed was contacted a few days after the hearing. She said that she is glad that the building is now rented and that it was difficult for her to attend the meetings because she felt people looked at her in a negative

way. "I am more for having our community grow in a healthy way," she said. "I hope that true patients will

have medical marijuana more accessible to them and that the revenue will help the community."

HWUSD consolidates schools to save money, improve instruction; no combination classes this year

The former Winkelman Elementary School and Leonor Hambly Middle School have been consolidated. The new school name is Leonor Hambly K-8 School.

"Leonor Hamby was the first female administrator in the school district and was a Hispanic role model for many female students pursuing a career in education. It is only fitting that the second female administrator in the district is the new principal of the new Leonor Hambly K-8 School," said Jeff Gregorich, HWUSD superintendent.

"I am very excited to be the first principal of the new Leonor Hambly K-8 School. I look forward to making it place where all students can learn and reach their dreams. Having graduated from the Hayden-Winkelman School District makes me even more committed to ensure every

student the best education possible," stated Pam Gonzalez.

The K-8 alignment is not a new concept, in fact, many bigger school districts have chosen the K-8 school alignment to improve classroom instruction and streamline curriculum and instructional practices. Perhaps one of the most positive elements of K-8 alignment is student discipline. Keeping the middle school students in a traditional elementary classroom setting limits potential negative exposure to social issues facing high school students today throughout America.

Gregorich also said: "There will be no combination elementary school classrooms this school year. Combination classes are when multi-grade level students

Sea Lions remain undefeated

The San Manuel Sea Lions hosted the Florence Sharks and the Eloy Otters on Saturday. The Sea Lions won the meet with 1,253 points. The Sharks finished second with 182 points and the Otters finished third with 142 points. This was the most points the Sea Lions have scored all year and the team remains undefeated with only one dual meet left before the League Championship Meet.

There were many outstanding swims by numerous swimmers at the meet. The team had more personal best times in this meet than in any other meet this season. The coaches expressed pride in the way the swimmers keep working hard to improve their times each week.

The following swimmers swam the maximum number of events and achieved best times in all of them: Emerik Zovko, Hannah Smallhouse, Genevieve Estrada, Ben Fister, AJ Lopez, Aubrey Bridges, Angelina Tilley, Jayden Smith, and Jessi Rice.

Three team records were broken at the meet. Darien Apuron bettered the 11-12 Girls 50 Butterfly record by 0.24 seconds with a time of 31.55. That record was previously held by Arielle Gray and set in 2011. Darien also shaved a tenth of a second off her own 50 Backstroke record (33.42). Will Newman improved his team record in the 100-yard Butterfly to a time of 1:02.03 by over 4 seconds.

Evan Apuron swam the maximum number of events and won all of them.

The following swimmers had first place finishes on Saturday:

Anya Zovko, 6, (Fly, Back, Free, Free Relay);

Cooper Dale, 6, (Back);

Ebony Galarza, 7, (Medley Relay);

 Colbey Stratton, 15, (IM, Fly, 100 Free, Free, Medley Relay);

Taylor Woods, 16, (Back, 100 Free, Free Relay);
 Michael Sanchez, 16, (Free Relay);
 Timothy Mulholland, 17, (Breast, Medley Relay).

This was the first swim meet for several new swimmers on the team. Cooper Dale (6), Mia Dale (9), Andy Rodriguez (9), Maricella Guisa (6), Tony Guisa (9), Jonathon Guisa (10), and Desirae Guisa (12) all competed for the first time. Everyone worked hard and swam their best.

This week Emerik Zovko was named Sea Lions Beast of the Week. Emerik swam all the events, had all the best times, and dropped huge amounts of time in every race. Emerik recently moved to a more advanced practice group and has been

swimming significantly more yards every day. As an 8-year-old swimmer on a team full of great 8-year-old swimmers, Emerik finished a very close second in the Breaststroke and was part of the winning Medley Relay and Freestyle Relay teams.

The Sea Lions next meet will be against Coolidge on Saturday, June 28 at the San Manuel Pool beginning at 9 a.m. This should be an exciting meet, as the Dolphins have an excellent swim team and will also be swimming to remain undefeated this season.

There is still time to join the team - contact Alex or Wendy Gort at 896-2190 or stop by the San Manuel Pool between 4 and 6 p.m. (Mon-Fri) for more information.

AJ Lopez (10) Achieved best times in all his events.

Desirae Guisa (12) Competes in her first swim meet.

Oracle Fire Department holds special meeting

By John Hernandez
San Manuel Miner

A special informal meeting was held at the Oracle Fire station on Thursday, June 19. The meeting was held to inform the public about the fire dangers that exist in the Oracle area and the importance of becoming Firewise. Over 60 people attended the meeting. Fire Chief Larry Southard said he has not seen the extreme fire level arrive so early as this year. Usually extreme conditions arrive around 10 days before July 4.

Chief Southard and Assistant Chief Robert Jennings gave a brief overview on the John Adams fire including a question and answer session. Rachel Opinsky, co-chairperson of the Firewise board spoke about the Firewise program and the Emergency Notification System. Other issues discussed at the meeting included evacuation planning, the One Call Now auto dialer system (reverse 911), the upcoming brush burning at the brush disposal site and Firewise property evaluations.

Oracle Fire Chief Larry Southard describes the recent fire and answers questions. John Hernandez | Miner

Mammoth seniors meet at youth center

Senator Barbara McGuire answers questions from the Mammoth senior group that meets at the Mammoth Youth Center.
John Hernandez | Miner

By John Hernandez
San Manuel Miner

A Mammoth senior citizens group met at the Mammoth Christian Youth Center on Wednesday, June 11. Guest speakers for the luncheon were Senator Barbara McGuire and candidate for Representative in Legislative District 8, Carmen Casillas. Casillas, a Democrat, will be running against T.J. Shope. Following lunch, Frances Wickham introduced LD 8 Senator McGuire. The senator spoke about the changes in DES and the new agency replacing CPS. She said it will improve the safety of our children.

Senator McGuire was one of the first legislators to call for the resignation of the V.A. director after the recent scandal at the Phoenix V.A. Hospital. "We need to take care of our veterans," McGuire said,

which received applause from the seniors in attendance. McGuire said that there is talk in the legislature about doing away with the state income tax and raising the sales tax. The senator said she believes in securing our borders but it needs to be handled with dignity. "They are human beings and we need to respect that," she said.

Carmen Casillas then spoke. She said that public education and immigration reform are important issues to her. Carmen is a former vice-mayor and council member for the City of Globe. She was co-founder of the Boys and Girls Club and a victim advocate.

Both Senator McGuire and Casillas answered questions from the audience.

The Mammoth senior group will begin meeting regularly at the Mammoth Christian Youth Center.

ANNOUNCEMENTS

TRI-COMMUNITY FOOD BANK: The Tri-Community Food Bank offers monthly food boxes to households in or near Mammoth, San Manuel and Oracle. Applicant must provide proof of address and have an income that falls within guidelines. Additionally the food bank offers limited utility/rent assistance through SHARE, EFSP and donated funds. The food bank is located at 108 Redwood Drive in Mammoth-487-2010. Hours are Monday thru Thursday and Saturday from 9 a.m. to noon.

BINGO NIGHT SCHEDULE CHANGE: The San Pedro Valley Lions Club in Mammoth has changed Bingo nights to once a week on Wednesdays, starting at 7 p.m. This Wednesday the progressive coverall will be \$525 if you bingo in 61 numbers or less. The main jackpot is \$1,000 if you bingo in 52 numbers or less. The consolation for both is \$75. Fifteen games are played, with a short intermission.

ELKS EVENT CANCELLATIONS: Due to a miscommunication, the San Manuel Elks Solstice Celebration and the July 4th Celebration which were announced in the June 18 Miner have unfortunately been cancelled. Many apologies to those who wished to attend. However, there are other events being planned. Please keep your eyes open for those announcements in the near future.

SAN MANUEL SENIOR CENTER: Come to the San Manuel Senior Center for fun times. At 8 am on Mondays, Wednesdays and Fridays, there is an exercise program at the San Manuel Elks. Canasta is held every Wednesday at noon; we will teach you if you don't know how to play. The Red Hat meetings are held at 1 pm every second Friday of the month, for those 50 years of age or up. A potluck luncheon will take place on the second Thursday of each month, at noon. Bring a dish to share. There is a \$1 fee for utilities. Board meetings are held the first Thursday of each month at 6 pm.

ON THE AGENDA

BRIDGE: Bridge is played at the Oracle Community Center Tuesdays from 12:30-4 p.m. Call Ethel Amator at 896-2197 or Mary McClure at 896-2604 for more information.

COPPER TOWN ASSOCIATION: The Copper Town Association meets the first Tuesday of every month at 10 a.m. at the Sun Life Family Health Center Conference Room, San Manuel.

NARCOTICS ANONYMOUS 12-STEP: NA meetings are held Wednesdays at 6 p.m. at Sun Life in San Manuel. Rear entrance, south facing door. Open meeting. For more information, call San Pedro Valley BH at 520-896-9240.

TRIAD & AMBASSADOR PROGRAM: The Oracle Fire Department hosts TRIAD and AMBASSADOR program meetings the first Wednesday of each month at 3 p.m. For more information call Karen Lombardi at 896-9470.

STORY TIME AT FAMILY FIRST: The Family First Pregnancy Care Center in Oracle has StoryTime at 10 a.m. on Wednesdays for mothers, fathers and infants-toddlers. For more information call 896-9545.

Submit information to miner@minersunbasin.com or call 520-385-2266. Listings are free. The Miner reserves the right to edit or refuse submissions. Submissions are due the Friday before Wednesday publication.

Big crowd, stars, music at Oracle State Park

By John Hernandez
San Manuel Miner

Over 300 people showed up Saturday, June 21, 2014 at Oracle State Park for an evening of music, dancing and stargazing. The event marking the Summer Solstice was a collaboration between the Friends of Oracle State Park and the Oracle Dark Skies Committee. People danced to the music of "Undercover" out of Tucson.

Oracle Dark Skies Committee members were available to discuss the work they are doing to have the Oracle State Park designated as a Dark Sky Park. Amateur astronomers had their telescopes set up, pointing up at the Oracle sky to view Mars and Saturn and the Milky Way. Arizona State Parks Director Bryan Martyn was in attendance thanking patrons and noting the great turnout for the event.

Susan Martyn, Arizona State Parks Executive Director Bryan Martyn and Chip Parfet (Oracle Dark Skies Committee) enjoy the Saturday night event at the Oracle State Park.

HAYDEN SCHOOL

Continued from page 7

share the same teacher and the same classroom. This is sometimes done to improve instruction as well as save dwindling school funding dollars. Fortunately this year, the district enrollment remained steady, which allows the district to avoid the need for combination grade level classrooms."

"The moving of the middle school students will save enough money to make needed improvements throughout the district. Our district is fortunate to have a staff and community that values education and wants our school district to continue to provide a quality education for all of our students, as it has for the past 78 years," stated Gregorich.

Public Notice

A proposal to adopt local alternative expenditure limitation - home rule option will be considered at the Town of Mammoth General Election on Tuesday, November 4, 2014. Two Public Hearings will be held to discuss the limitations. First meeting will be held at 6:30 p.m. on June 19, 2014, a second will be held at 6:30 p.m. on Thursday June 26, 2014. Both will be held at the Mammoth Town Hall located at 125 N. Clark St. Mammoth, Az.

Public Notice

"Arizona Water Company (the "Company") has released its 2013 Water Quality Report (Consumer Confidence Report) for its Oracle water system, PWSID 11-019. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the San Manuel office located at 460 Avenue A; via mail by sending a request to Arizona Water Company, P. O. Box 120, San Manuel, AZ 85631-0120; via our website at www.azwater.com; or by calling the San Manuel office. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2013 Water Quality Report in a conspicuous place."

ARIZONA WATER COMPANY

– 2013 ANNUAL WATER QUALITY REPORT FOR ORACLE, ARIZONA, PWSID #11-019 –

This report contains important information about your drinking water.
*Este informe contiene información importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.*

Arizona Water Company provides groundwater to its Oracle and SaddleBrooke Ranch customers from wells located near Oracle Junction and in SaddleBrooke Ranch. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards.

The data in the accompanying tables are from water samples that have been analyzed by independent laboratories which are certified by the Arizona Department of Health Services.

DETECTED WATER QUALITY CONSTITUENTS

Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Inorganics						
Arsenic	ppb	0	10	2 - 7	2012 - 2013	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production waste
Barium	ppm	2	2	0.01 - 0.02	2012	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
Chromium, Total	ppb	100	100	ND - 3	2012	Discharge from steel and pulp mills; erosion of natural deposits
Fluoride	ppm	4	4	0.2 - 1	2012 - 2013	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories
Nitrate (as Nitrogen)	ppm	10	10	2 - 3	2013	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits

Radionuclides

Alpha Emitters	pCi/L	0	15	2 - 7	2009 - 2012	Erosion of natural deposits
Uranium	ppb	0	30	2 - 4	2010	Erosion of natural deposits

Disinfectants and Disinfection Byproducts

Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine	ppm	(4)	(4)	0.1	0.4 - 1.7	2013	Drinking water disinfection
Haloacetic Acids (five)	ppb	NA	60	0.3	ND - 1	2012	By-product of drinking water disinfection
Total Trihalomethanes	ppb	NA	80	10	6 - 18	2012	By-product of drinking water disinfection

Unregulated Synthetic Organics, Unregulated Volatile Organic, and Other Unregulated Constituents

Sodium	ppm	NS	NS	43	30 - 72	2012	Unknown
--------	-----	----	----	----	---------	------	---------

Constituents Subject to an Action Level

Water Quality Constituent	Units	MCLG	Action Level	90 th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.1	0	2013	Corrosion of household plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	2	0	2013	Corrosion of household plumbing systems; erosion of natural deposits

In addition to the water quality constituents listed in the above table, Arizona Water Company's water supplies were tested for the following constituents and such constituents were **not detected**: Total Coliform Bacteria, Antimony, Asbestos, Beryllium, Cadmium, Cyanide, Mercury (Inorganic), Nitrite (as Nitrogen), Selenium, Thallium, 2,4-D, 2,4,5-TP (Silvex), Alachlor, Atrazine, Benzo(a)pyrene (PAH), Carbofuran, Chlordane, Dalapon, Di(2-ethylhexyl)adipate, Di(2-ethylhexyl)phthalate, Dibromochloropropane, Dichloromethane, Dinoseb, Diquat, Endothal, Endrin, Ethylene Dibromide, Glyphosate, Heptachlor, Heptachlor Epoxide, Hexachlorobenzene, Hexachlorocyclopentadiene, Lindane, Methoxychlor, Oxamyl (Vydate), PCBs (Polychlorinated Biphenyls), Pentachlorophenol, Picloram,

Public Notice

Simazine, Toxaphene, Benzene, Carbon Tetrachloride, (Mono)Chlorobenzene, o-Dichlorobenzene, p-Dichlorobenzene, 1,2-Dichloroethane, 1,1-Dichloroethylene, cis-1,2-Dichloroethylene, trans-1,2-Dichloroethylene, 1,2-Dichloropropane, Ethylbenzene, Styrene, Tetrachloroethylene, Toluene, 1,2,4-Trichlorobenzene, 1,1,1-Trichloroethane, 1,1,2-Trichloroethane, Trichloroethylene, Vinyl Chloride, Xylenes, Aldicarb, Aldicarb Sulfone, Aldicarb Sulfoxide, Aldrin, Bromobenzene, Bromodichloromethane, Bromoform, Bromomethane (Methyl Bromide), Butachlor, Carbaryl, Chlorodibromomethane, Chloroethane, Chloroform, Chloromethane, o-Chlorotoluene, p-Chlorotoluene, Dibromomethane, Dicamba, m-Dichlorobenzene, 1,1-Dichloroethane, 2,2-Dichloropropane, 1,3-Dichloropropane, 1,1-Dichloropropene, 1,3-Dichloropropene, Dieldrin, 3-Hydroxycarbofuran, Methomyl, Metholachlor, Metribuzin, Propachlor, 1,1,1,2-Tetrachloroethane, 1,1,2,2-Tetrachloroethane, 1,2,3-Trichloropropane, Nickel and Combined Radium.

Your drinking water complies with EPA's safe drinking water standard for arsenic, though it contains low levels of arsenic. EPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. EPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report please contact Regina Lynde, Environmental Compliance Supervisor, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006. Telephone (602) 240-6860 or e-mail mail@azwater.com.

In 2003, the Arizona Department of Environmental Quality (ADEQ) completed a Source Water Assessment of the water sources used by Arizona Water Company's Oracle water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

Residents can help protect water sources by practicing good septic system maintenance, taking hazardous household chemicals to hazardous material collection sites, and limiting pesticide and fertilizer use. The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at dmi@azdeq.gov. For more information visit ADEQ's Source Water Assessment and Protection Unit website at: www.azdeq.gov/environ/water/dw/swap.html.

The EPA requires Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of various constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include: (A) Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife. (B) Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming. (C) Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses. (D) Organics, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems. (E) Radionuclides, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

AL	=	Action Level, the concentration of a constituent, which, if exceeded, triggers treatment, or other requirements, which a water system must follow
CDC	=	The United States Centers For Disease Control
EPA	=	The United States Environmental Protection Agency
FDA	=	The United States Food and Drug Administration
MCL	=	Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
MCLG	=	Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MRDL	=	Maximum Residual Disinfection Level, the highest level of a constituent that is allowed in drinking water
MRDLG	=	Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of the disinfectants to control microbial constituents.
NA	=	None adopted
ND	=	None detected
NS	=	No standard
pCi/L	=	Picocuries per liter
ppb	=	Parts per billion, or micrograms per liter (µg/l)
ppm	=	Parts per million, or milligrams per liter (mg/l)

MINER Legal 6/25/14

BUDGET

Continued from page 5

of each tax dollar it takes in. Based on the 2013/2014 fiscal year for each dollar of property tax paid, the county receives only 24 cents. This is quite a change since 2010/2011 where 31 cents was received into county coffers. The rest of the tax dollar portion goes to school districts, Central Arizona College, cities and towns along with other entities.

Some of the challenges faced by the Supervisors in developing a balanced budget is that new construction added to the assessed valuation is still slowly bouncing back. General Fund non-property tax revenues are

growing modestly and issues with Immigration and Customs Enforcement along with potential fund sweeps are still undecided at this time.

Despite the challenges, the Supervisors have kept county priorities funded. Improvements to Hunt Highway are continuing with Phase I nearing completion in August. Phase II will begin at the end of the year. Pinal Airpark and San Manuel Airport are also continuing to grow as economic development assets of the county. Projects at both airports are included in this budget. Road safety and dust control

projects are also figured into the tentative budget.

Looking at the general fund, 64 percent of it goes to Public Safety (Sheriff, County Attorney, Superior Court, Probation and Justice Courts). General Government operations takes up 23 percent, while Health Care and other expenses takes up the rest.

Once the Tentative Budget is adopted, it can be decreased or parts of the budget can be reallocated. However, the total budget cannot be increased. The Final Budget is to be heard and adopted on July 2, 2014.

Public Notice

"Arizona Water Company (the "Company") has released its 2013 Water Quality Report (Consumer Confidence Report) for its San Manuel water system, PWSID 11-020. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the San Manuel office located at 460 Avenue A; via mail by sending a request to Arizona Water Company, P. O. Box 120, San Manuel, AZ 85631-0120; via our website at www.azwater.com; or by calling the local office. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2013 Water Quality Report in a conspicuous place."

ARIZONA WATER COMPANY

– 2013 ANNUAL WATER QUALITY REPORT FOR SAN MANUEL, ARIZONA, PWSID #11-020 –

This report contains important information about your drinking water.
Este informe contiene información importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.

Arizona Water Company provides groundwater to its San Manuel customers from water supplied by an adjacent water provider. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards.

The data in the accompanying tables are from water samples that have been analyzed by independent laboratories which are certified by the Arizona Department of Health Services.

DETECTED WATER QUALITY CONSTITUENTS

Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Inorganics						
Arsenic	ppb	0	10	4 - 9.5 Highest Running Annual Average - 7	2013	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes
Barium	ppm	2	2	0.007	2013	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
Chromium, Total	ppb	100	100	7	2013	Discharge from steel and pulp mills; erosion of natural deposits
Fluoride	ppm	4	4	1	2013	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories
Nitrate (as Nitrogen)	ppm	10	10	1	2013	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits
Selenium	ppb	50	50	8	2013	Discharge from petroleum and metal refineries; erosion of natural deposits; discharge from mines
Radionuclides						
Alpha Emitters	pCi/L	0	15	7	2013	Erosion of natural deposits
Combined Radium	pCi/L	0	5	1	2013	Erosion of natural deposits

Disinfectants and Disinfection Byproducts

Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine	ppm	(4)	(4)	0.8	0.3 - 1.7	2013	Drinking water disinfection
Haloacetic Acids (five)	ppb	NA	60	3	3	2013	By-product of drinking water disinfection
Total Trihalomethanes	ppb	NA	80	13	13	2013	By-product of drinking water disinfection

Unregulated Synthetic Organics, Unregulated Volatile Organics, and Other Unregulated Constituents

Sodium	ppm	NS	NS	94	94	2013	Unknown
--------	-----	----	----	----	----	------	---------

Constituents Subject to an Action Level

Water Quality Constituent	Units	MCLG	Action Level	90 th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.1	0	2013	Corrosion of household plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	ND	0	2013	Corrosion of household plumbing systems; erosion of natural deposits

Public Notice

In addition to the water quality constituents listed in the above table, Arizona Water Company's water supplies were tested for the following constituents and such constituents were **not detected**: Total Coliform Bacteria, Antimony, Asbestos, Beryllium, Cadmium, Cyanide, Mercury (inorganic), Nitrite, Thallium, 2,4-D, 2,4,5-TP (Silvex), Alachlor, Atrazine, Benzo(a)pyrene (PAH), Carbofuran, Chlordane, Dalapon, Di(2-ethylhexyl)adipate, Di(2-ethylhexyl)phthalate, Dibromochloropropane, Dinoseb, Diquat, Endothal, Endrin, Ethylene Dibromide, Glyphosate, Heptachlor, Heptachlor Epoxide, Hexachlorobenzene, Hexachlorocyclopentadiene, Lindane, Methoxychlor, Oxamyl(Vydate), PCBs (Polychlorinated Biphenyls), Pentachlorophenol, Picloram, Simazine, Toxaphene, Benzene, Carbon Tetrachloride, (Mono) Chlorobenzene, o-Dichlorobenzene, p-Dichlorobenzene, 1,2-Dichloroethane, 1,1-Dichloroethylene, cis-1,2-Dichloro-ethylene, trans-1,2-Dichloroethylene, Dichloromethane, 1,2-Dichloropropane, Ethylbenzene, Styrene, Tetrachloroethylene, 1,2,4-Trichlorobenzene, 1,1,1-Trichloroethane, 1,1,2-Trichloroethane, Trichloroethylene, Toluene, Vinyl Chloride, Xylenes, Aldicarb, Aldicarb Sulfone, Aldicarb Sulfoxide, Aldrin, Butachlor, Carbaryl, Dicamba, Dieldrin, 3-Hydroxycarbofuran, Methomyl, Metholachlor, Metribuzin, and Propachlor.

Your drinking water complies with EPA's safe drinking water standard for arsenic, though it contains low levels of arsenic. EPA's safe drinking water standard balances the current understanding of arsenic's possible health effects against the costs of removing

arsenic from drinking water. EPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.
