# The Rurality of Movie-Making

I possess a picture of me sitting on Alan Ladd's lap, both of us on a Warner Brothers camera truck. I was eight or nine years old, and Ladd was at the height of his career. That day he was in Sedona, Arizona, filming the movie "Drum Beat."

I spent most of my youthful summers with my grandparents in Sedona. I watched many films being made. I met Joan Crawford and Mercedes McCambridge, and watched Tommie Rettig (of "Lassie" fame) flailing helplessly as he floated down Oak Creek in the movie "The Last Wagon" with Richard Widmark. College students flocked to Sedona to serve as extras, especially in the mass

cavalry scenes. My grandmother worked the lunch line for all the actors and even took in washing (Joan Crawford again).

Arizona plays a large part in film history, both in the past and also today. After a lapse of several years, two years ago the Arizona Office of Film and Digital Media was reorganized and is beginning to get its feet on the ground. This past week, in Superior, the Rural by Choice group, in cooperation with Arizona Public Service, the Copper Corridor Economic Coalition, the Gila County Economic Development Corporation and the Town of Superior offered the opportunity to meet with Matthew Earl Jones, the Director of

Arizona's film commission.

It was a very good opportunity for those of us who live in rural areas. Films are increasingly being made by independents rather than by big film studios, and they favor the flavor of Arizona's rural areas. Recent films have been made in Prescott, Holbrook, and Bisbee, as well as Tucson and Phoenix. The film commission is developing a photo catalogue of suitable locations and identifying Film Resource Coordinators (FRCs) who will help studios explore our area for potential use.

# ALONG THE GILA

Continued from page 2

Gerry Kaufhold of Kearny and myself at the meeting. The Copper Basin is filled with desert scenery, desert animals, and picturesque towns. It also boasts the resources to support short- or long-term stays by movie personnel.

When movies are filmed locally, money comes into the area. But more than that, the release of the film brings interest in the area, often encouraging economic development. I hope that all of us will work together to take good advantage of this opportunity.

Speaking of opportunity, last month it was announced by the Arizona Commerce Authority that much of the Copper Basin and Eastern Pinal County has been designated as an Economic Opportunity Zone by the federal government. This involves tax rebates for new business development. This year, most of the opportunity zones are rural, which is a good thing for Arizona. New businesses who qualify for these rebates are also likely to qualify for other forms of assistance over a ten-year startup period. I will try to report more on this in a future column.

# Join the July 4th Bike Parade in Oracle

Oracle, AZ - When Americans think of summer, as is provable by the movies made about it, their thoughts often turn to the freedom of youth, out of school, riding their bikes to a game or pool, or simply for the joy of riding. Bikes go together with kids, like summer goes together with bikes. The Great American Kids Bike Parade takes advantage of that by putting all three together in celebration of the 4th of July.

At 8 a.m. of that auspicious date, you are invited to gather with like-minded citizens at the Oracle Post Office to ornament your bikes with decorations that will be provided, and, get ready to ride in a parade led

by the Oracle Fire Department. There will be prizes for the best decorated bikes. At the end of the parade, the July 4th celebration begins at the Oracle Community Center where will be fun, games and a free lunch.

For more information on joining the parade, contact Elvira Acuna-Schwenke at acuna\_elvia@yahoo.com.

## Rural by Choice hosts Arizona Film Commission

By John Hernandez  
Copper Area News

The Superior Town Hall was the site of an informational presentation and meeting with Studio 48 – Arizona Film Commission. The presentation was hosted by Rural by Choice and Copper Corridor Economic Development Committee. Sponsors and supporters were Arizona Public Service (APS), Gila County Economic Development Corporation and the Town of Superior. Mayor of Superior, Mila Besich-Lira handled the welcome and introductions.

Director of Studio 48 – Arizona Film Commission, Matthew Earl Jones was the key speaker. He is a former line producer from Los Angeles and familiar with Hollywood and the film industry. Director Jones gave an overview of the benefits of filming in Arizona. Some of these

included: over 300 days of sunshine, lower production costs, variety of outdoor scenic vistas, free use of state roads and state parks, streamlined permitting processes, experienced crews and talent, pre-negotiated discounts for hotels, rental vehicles, restaurants, and more.

He talked about Arizona trying to position itself as the Home of Independent Production which is the fastest growing segment of the industry. One of the goals is to get rural communities involved in selling their areas as possible film sites. They have a Film Resource Coordinator Program and are recruiting coordinators. The Film Resource Coordinator is a volunteer position. Their job is to work with local businesses in the community to offer discounts to film production companies and identify potential film locations

## Tri-Community Film History

The Arizona Film Commission will be promoting rural areas for film making opportunities. This could be a chance for our small communities to attract film makers and their economic benefits. Hollywood and film makers are not new to the area. The Tri-Community (Mammoth, San Manuel & Oracle) area has hosted film production companies going back to the silent movie era. Some of these films had major Hollywood stars in them. A partial list of some of the movies, commercials,

television programs and music videos for each town follows:

# Vandals damage walls, roof at shooting range

Members of the San Pedro Valley Lions Club were stunned to find that vandals had shot holes in a newly extended covered area at the Ralph C. Herrera Shooting Range.

This vandalism occurred in the late hours of Sunday, June 3, or early hours of Monday, June 4.

“The SPV Lions Club tries to provide our surrounding communities with resources that they can enjoy. As a result, we recently extended the covered area of the shooting area only to have someone come and shoot it up,” a representative of the Lions Club told the San Manuel Miner in an email. “We would appreciate any information that the public may have regarding this incident. For those that want to make a difference and have information leading to an arrest of that party or parties responsible for this terrible act, please contact Lion Emilio (Juni) Soto at 520-729-0188 or Lion Ralph Herrera at 520-307-1588.”

You can also contact the Pinal County Sheriff's Office.

“Any information that can be provided will be greatly appreciated. Helps us keep our area nice for our citizens,” the Lions Club representative added.

# Solar power farm proposed for BHP Tailings near

By John Hernandez  
San Manuel Miner

Plans are in the works for the construction of a photovoltaic solar power facility with battery storage and an associated generation line. The facility will be built on BHP's reclaimed mine site (tailings) east of San Manuel. The reclaimed tailing storage is owned by BHP and will be leased long term to Pattern Development. A generation interconnecting line from the proposed solar and battery facility to the adjacent San Manuel Substation is planned.

Pattern Development is the privately held affiliate of Pattern Energy Group, Inc. They are North America's largest independent U.S. based renewable energy generator. Using both wind and solar energy, they own and operate renewable energy facilities in Canada, Japan and the United States.

At an open house meeting held on June 19 at the San Manuel Community Center, representatives of Pattern Development answered questions from the public.

Currently BHP and Pattern Development are in the process of applying to Pinal County for a zoning change from General Rural to Industrial (I-3) zoning. Pattern Development will have to deal with the Arizona Corporation Com-

mission for a Certificate of Environmental Compatibility and the Arizona Corporation Commission's Transmission Line and Power Plant Siting Committee for permits.

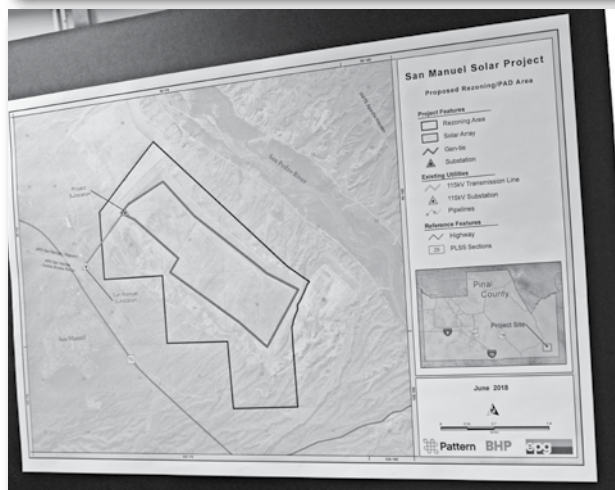

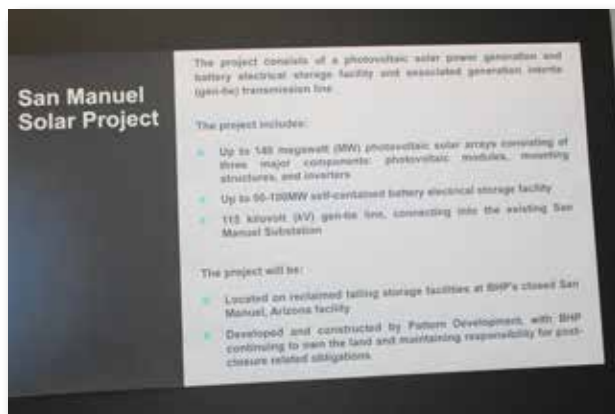

If plans go well, construction of the solar energy facility will begin in late 2019 or early 2020. It will initially create approximately 250 construction jobs. It is estimated that the project will be completed by the end of 2020 and operational by 2021. Only a handful of permanent jobs (less than 10) will be needed following the construction. The facility will be capable of generating enough electricity to provide power for 38,000 homes.

The positive news for San Manuel is that it will benefit the economy in the short run and will bring attention to the Tri-Community area.

The meeting last week for the proposed solar farm allowed San Manuel residents to check out the plans for the area and talk to officials.

# Sea Lions win swim meet in Florence

The Sea Lions Swim Team traveled to Florence to compete against the Florence Sharks at the Florence Aquatic Center. The Sea Lions won the meet with 1073 points while Florence finished with 59 points. Due to the size difference in the teams, the outcome of the meet was never in doubt.

The Sea Lions won 65 out of 68 events.

The meet was a good opportunity for the Sea Lions to swim in the competition Pool at the Florence Aquatic Center.

That is the same pool that will host the Central Arizona League Championship Meet in July. The deep water and wave reducing gutter system keeps the water smooth, while the high starting blocks maximize the effect of the start (which is the fastest part of the race). Sea Lion Swimmers clocked over 100 personal best times at the meet and the relay times were spectacular.

Coach Alex was especially pleased with

the relays "The times we were able to achieve in the relays were by the far the best all season," he said.

The 13-14 Boys Medley Relay Team of AJ Lopez, Evan Apuron, Riley Stewart and Hunter Hill broke the team record with a time of 1:58.65, eclipsing the old record of 1:59.07 set in 2017 by team of Lopez, Apuron, Stewart and (Nate) Fister.

Evan Apuron broke two team records that he previously held. His time of 23.49 in the 50 Free and 51.63 in the 100 Free are the fastest times by any Sea Lion ever in Summer League competition (previous fastest 24.20 and 53.24). Teammate Riley Stewart pushed him every stroke of both races and was also under the both previous records with times of 23.66 and 52.19.

Darien Apuron broke her own record in the 100 Butterfly with a time of 1:05.03 (previous record was 1:05.77).

# Paranormal groups visit Oracle's Acadia Ranch Museum

By John Hernandez  
San Manuel Miner

So enquiring minds want to know ... Are there ghosties and ghoulies in Oracle?

Two paranormal research groups visited the Acadia Ranch Museum this weekend in search of an answer to that question.

On Friday June 22, the Four Peaks Paranormal group from Tempe, Arizona visited. The Haunted Scottsdale Ghost Tours came to the Acadia on Saturday June 23.

The Scottsdale group led a tour of the museum and also conducted some paranormal research. They reported that they "had an incredible night." They said that they saw a shadow figure walk through the house and one of their group saw a man with white hair, khaki pants and glasses in the kitchen. All of their equipment was very active.

Both groups said they enjoyed Oracle.

The Acadia Ranch Museum building was originally built in the early 1880s although it has changed over the years. The Oracle Historical Society would like to thank both paranormal groups for visiting the museum and for their generous donations.

and resources. These coordinators should be someone with an outstanding knowledge of their area and community. Upon gathering photos/videos of location sites, local talent, businesses willing to give discounts, the information will be entered into a national and global data base on the Arizona Film Commission website which will connect with film production companies around the world.

The Tri-Community and Copper Corridor area have a history of working with the film industry. If local communities work together with the Studio – 48 Arizona Film Commission they may be able to attract the growing film, new media, advanced technology industry to the area, which can add to the economy. Film production companies tend to spend money locally in restaurants, hotels, hardware stores, gas stations, etc.
