Summer school for Head Start preschoolers

Thanks to a federally funded grant, students at the Superior Head Start have been getting some extra schooling this summer.

The students have been busy using sand and water play outdoor activities, weather permitting, of course. The children created salt dough handprints, celebrated Flag

Day with a presentation giving by the Superior VFW and, most recently, participated in a Summer Fun Day.

On Monday, the students participated in a walking field trip to the Superior Public Library to see Arizona Rick the Balloon Cowboy at the library's summer reading program.

The final day for the students will be Wednesday, July 12. The children will receive a certificate during a celebration ceremony at 10:30 a.m.

The Superior Head Start encourages the community and parents to volunteer. They can always use volunteers to read to the children.

Arizona Rick the Balloon

As a wrap-up to the summer reading program, the Superior Library played host to a master balloon twister, Arizona Rick the Balloon Cowboy on Monday. He didn't disappoint as he made exotic hats, light sabers and so much more all out of the humble balloon.

Arizona Rick has been making the fantastical balloon creations in Arizona for over 20 years. As an award-winning balloon twister and artist, he has enthralled audiences of all ages at many venues such as Resorts, Elementary Schools,

Grand Openings, countless private and corporate parties.

Arizona Rick, the Balloon Cowboy, has been presenting the Great Grand Canyon Balloon Show at the Library Summer Reading Programs in Maricopa County and cities of Phoenix, Scottsdale, Glendale, Mesa, Yuma and others since 2009. The Balloon Cowboy also makes appearances at family friendly restaurants across the Valley.

If the smiles on the children's faces were any indication, a good time was definitely had by all.

Arboretum Summer Hours

Happy days are near for early birders, dog-walkers, and for all those chipper "I'm-a-morning-person!" types with the return of summer hours at Boyce Thompson Arboretum. Starting May 1, BTA is open daily from 6 a.m. to 3 p.m. through the end of September. Admission is taken until 2 p.m. during these hotter months; and be aware that the entry gate is closed at 2. Final visitors have one full hour to walk the gardens and trails – no entry after 2 from May through September. Planning to attend a guided nature walk or other special event? Verify details and confirm event times at: ag.arizona.edu/bta

Reminder for Home Owners

We would like to remind residents that fire season is here. If you have any weeds, shrubs, dry grass, or shrubs surrounding your yard, please remove the debris. Please create a three-foot, fire free area on all sides of your home. Clear gutters of leaves and debris. Trim any limbs on trees hanging over the house.

Tips to protect health in extreme heat

The U.S. Department of Health and Human Services (HHS) reminds local residents about steps they should take to protect their health from the extreme heat.

People suffering from heat stress may experience heavy sweating; weakness; cold, pale, and clammy skin; fast, weak pulse; and nausea or vomiting. Early signs include muscle cramps, heat rash, fainting or near-fainting spells, and a pulse or heart rate greater than 100.

People suffering from heat stress should be moved to a cooler location to lie down. Apply cool, wet cloths to the body especially to head, neck, arm pits and upper legs near the groin area where combined 70 percent of body heat can be lost; and have the person sip water. They should remain in the cool location until recovered with a pulse heart rate is well under 100 beats per minute.

Signs of the most severe heat-related illness, heat stroke, include a body temperature above 103 degrees Fahrenheit; hot, red, dry or moist skin; rapid and strong pulse; and altered mental status which can range from confusion and agitation to unconsciousness. Call 911 immediately and take steps to cool the person.

While children are especially vulnerable to heat illnesses, they may be unable to explain what is wrong but may act differently than usual. In extreme heat, consider changes in a child's behavior to be heat stress.

Similarly, people with communication-related disabilities may have difficulty expressing a heat-related problem. In extreme heat, look for a change in behavior as a sign of heat stress.

Older adults face additional risk of heat stress and heat stroke, for a variety of reasons. The National Institute on Aging's fact sheet explains more about how extreme heat can affect seniors.

To help prevent heat-related illness:

- Spend time in locations with air-conditioning when possible.
- Drink plenty of fluids. Good choices are water and diluted sport electrolyte drinks (1 part sport drink to 2 parts water) unless told otherwise by a doctor.
- Choose lightweight, light-colored, loose-fitting clothing
- Limit outdoor activity to morning and evening hours

As air conditioning use increases, electrical grids can become overwhelmed causing power outages. In power outages, people who rely on electricity-dependent medical devices, like oxygen concentrators, may need assistance so check on

family members, friends and neighbors who use this type of equipment.

Community organizations and businesses can help local emergency managers and health departments plan for the community's health needs amid the summer heat – and other emergency situations that cause power outages – using the HHS emPOWER Map. The HHS emPOWER Map provides the monthly total number of Medicare beneficiaries' claims for electricity-dependent equipment at the national, state, territory, county, and zip code levels.

For more information about how to prevent heat-related illnesses visit the HHS public health emergency preparedness website at <http://bit.ly/2rj7KDD>. For information about how to better prepare for disasters and other emergencies, visit www.ready.gov.

HHS' mission is to enhance and protect the health and

well-being of all Americans and fulfills its mission by providing for effective health and human services and fostering advances in medicine, public health, and social services. ASPR leads HHS in preparing the nation to respond to and recover from adverse health effects of emergencies, supporting communities' ability to withstand adversity, strengthening health and response systems, and enhancing national health security.

Public Notice

RESOLUTION NO: 17-580

A RESOLUTION ESTABLISHING AND IMPLEMENTING A PROGRAM TO CHARGE MITIGATION RATES FOR THE DEPLOYMENT OF EMERGENCY AND NON-EMERGENCY SERVICES BY THE FIRE DEPARTMENT FOR THE TOWN OF SUPERIOR FIRE DEPARTMENT. WHEREAS, the emergency services response activity to incidents continues to increase each year: Environmental Protection requirements involving equipment and training, and Homeland Security regulations involving equipment and training, creating additional demands on all operational aspects of the fire department services; and WHEREAS, the fire department has investigated different methods to maintain a high level of quality of emergency and non-emergency service capability throughout times of constantly increasing service demands, where maintaining an effective response by the fire department decreases the costs of incidents to insurance carriers, businesses, and individuals through timely and effective management of emergency situations, saving lives and reducing property and environmental damages; and WHEREAS, raising real property tax to meet the increase in service demands would not be fair when the responsible party(s) should be held accountable for their actions; and WHEREAS, the Superior Town Council desires to implement a fair and equitable procedure by which to collect said mitigation rates and shall establish a billing system in accordance with applicable laws, regulations and guidelines: Now, Therefore BE IT ORDAINED BY THE SUPERIOR TOWN COUNCIL SECTION 1: The Town of Superior Fire Department shall initiate mitigation rates for the delivery of emergency and non-emergency services by the fire department for personnel, supplies and equipment to the scene of emergency and non-emergency incidents as listed in "EXHIBIT A". The mitigation rates shall be based on actual costs of the services and that which is usual, customary and reasonable (UCR as shown in "EXHIBIT A", which may include any services, personnel, supplies, and equipment and with baselines established by addendum to this document. SECTION 2: A claim shall be filed to the responsible party(s) through their insurance carrier. In some circumstances, the responsible party(s) will be billed directly. SECTION 3: The Town Council may make rules or regulations and from time to time may amend, revoke, or add rules and regulations, not inconsistent with this Section, as they may deem necessary or expedient in respect to billing for these mitigation rates or the collection thereof. SECTION 4: It is found and determined that all formal actions of the Council concerning and relating to the adoption of this Resolution were adopted in open meetings of this Council and that all deliberations of this Council and any of its committees that resulted in such formal actions were in accordance with all legal requirements, and the Codified Resolutions of the Council. SECTION 5: This resolution shall take effect at the date of adoption. APPROVED /s/ Mila Besch-Lira, Mayor ATTEST: /s/ Todd Pryor, Town Clerk APPROVED AS TO FORM: /s/ Stephen R. Cooper, Town Attorney

Firefighter tryouts for the SFD

Superior Fire Department administered testing for “Reserve Firefighter” and “Firefighter Connector” positions Saturday morning. It was a good turn out with many doing well and outstanding effort from everyone. The testing included the application, background check, physical agility test, oral board interview, and written exam. Those who will be offered positions will be notified within the next couple weeks. SFD is still accepting applications for Reserve Firefighter and Firefighter Connector and plan on having another testing sometime in the fall, stay posted for the date. Anybody wishing to learn more about SFD or the positions, feel free to contact the station during business hours for additional information.
