LETTER TO THE EDITOR

Supervisor says no attempt was made to direct RICO funds

There have been some letters to the editor regarding the Board of Supervisors wanting to tell our Sheriff and County Attorney how to spend RICO funds.

In short – there was no attempt at directing the Sheriff or County Attorney in regards on how to spend RICO funds. By state law, the Board of Supervisors has no voice in the matter whatsoever. We cannot tell the Sheriff or County Attorney where to disburse any funding from RICO. The ultimate decision comes down to the County Attorney who receives a request from the Sheriff's Office and will either decide whether or not to give the funding.

For some unknown reason, many people were given the mistaken impression that the Board was trying to tell the Sheriff where to spend the money. The ultimate truth comes in the form of a question that Chairman Anthony Smith asked the Sheriff – if his department could direct RICO money to help fund some of their operational needs. That's all it was – a question, not a directive. Let me emphasize again, the Board of Supervisors has no say where the Sheriff or County Attorney spend their RICO funds.

When I was in the Arizona Legislature, the question was brought up whether or not elected governmental bodies like a Board of Supervisors or City Councils could have any say where RICO funds were spent. That effort was struck down immediately after pressure from law enforcement lobbyists.

I see the benefits of RICO funding across the district, from after-graduation programs to sponsoring little league teams. Yes, RICO funds do help, you will get no argument from me. My passion is for a strong community, where children are given opportunities to grow, learn and play. My Master's Degree from Arizona State University is in Social Service Administration. As a counselor I have worked closely with children from all walks of life. If there is any question about my desire for a good future of our children in Pinal County, let that be answered from my past work and efforts in the legislature.

What was meant as a simple question on using RICO funds for operational expenditures, has turned into a false impression by some that the Board was trying to tell the Sheriff and County Attorney where to spend that money. Whoever helped to propagate that idea should apologize to all the groups that receive RICO funds.

Sincerely,

/s/ **Pete Rios**

Cobre Valley Regional Medical Center honored by Department of Defense for extraordinary support

Tucson, Ariz. – Arizona Employer Support of the Guard and Reserve (ESGR), a Department of Defense office, honored Cobre Valley Regional Medical Center with an Above and Beyond Award in recognition of extraordinary support of its employees who serve in the Arizona Guard and Reserve. Jim Childers, Chief Financial Officer and Peggy Foerster accepted the award on behalf of Cobre Valley Regional

Medical Center at the ESGR annual Awards Banquet in Tucson April 25.

“The ESGR Above and Beyond Award was created by ESGR to publicly recognize American employers like Cobre Valley Regional Medical Center for providing extraordinary patriotic support and cooperation to their employees, who like the citizen warriors before them, have answered their nation’s call to serve,” said

Tim Williamson Arizona ESGR state chair.

“Supportive employers like Cobre Valley Regional Medical Center are critical to maintaining the strength and readiness of the nation’s Guard and Reserve units,” said Williamson.

Cobre Valley Regional Medical Center joins with thousands of American employers who have reviewed and amended their current human resources

policies to ensure compliance with the Uniformed Services Employment and Reemployment Rights Act (USERRA). Many employers provide support far above and beyond that which is expected or required under USERRA with pay differential to offset the loss of wages, and extension of health care benefits which complement coverage provided by the

LETTERS TO THE EDITOR

Proud of improvements at Superior Schools

Two weeks ago we read a very negative letter regarding our Superior School District. We wanted to share publicly the improvements we have seen at the school in the past year. It is important that we include in this letter that we had taken our grandson out of SUSD when he was in 8th grade because we were not happy with the disciplinary actions or educational opportunities in Superior. After two full years

at Ray Unified School district, I am glad we brought our Grandson back to SUSD.

Upon returning to the district for the 2013-14 school year, we were met with a caring staff that worked to help us with credit recovery programs to get my grandson on track to graduate. His teachers, counselor and principals have been professional, helpful and caring, this was not the case when we

pulled him out in 8th grade. I fully believe that these improvements have been made because the school board has asked for more professionalism at the school and the new superintendent has set the bar higher for our teachers, staff and students.

The changes made over the past two years are comforting as a grandparent, we are not worried about our child's safety at school

and we are pleased with how the teachers are helping him to learn in a positive environment.

Superior as a community has always put our kids first, not personal agendas. These kids are our future, we need to support our staff, teachers and students.

Respectfully Submitted,
/s/ Albo & Della Guzman

RICO funds important for youth activities

The Pinal County Juvenile Court Community Advisory Board (CAB) represent a group of volunteers who work with the courts to help evaluate and enhance services to young people.

The common interest is to ensure that Juvenile Court practices continue to reflect the best interests of youth, families, victims and the community. The group does this through a variety of volunteer based programming and special events.

The work of the CAB advocates for the best interests of youth, families, victims and our

community. CAB builds character in our youth, holds them accountable, provides mentoring to make positive and healthy life choices.

We help youth in Pinal County understand restorative approach through positive consequences, promote important social skills, build their self-confidence and self-image, all of which is needed to take on the many challenges that life promises.

As a volunteer group, we rely on community donations. RICO funds from the Pinal County Sheriff's Office, County Attorney's Office and

Casa Grande Police Department has helped with our many activities. There is NO better use of seized criminal money than for this purpose.

In fact, over the past several years, our group has received statewide recognition from the Arizona Chief Justice of Supreme Court and the Governor's Office of Volunteerism. It is without a doubt that we received such high honors because we had community support and financial funding from RICO grants.

We sincerely appreciate and support the use of RICO funds for youth activities in Pinal County

because we see the good things it allows volunteers like us accomplish.

LETTER TO THE EDITOR

Looking for changes in the school district

I found it very interesting reading the letters to the Editor from one of our School Board's mothers, re: all the School Board and school's issues, when I have never seen Mrs. Besich at a School Board meeting.

I've attended a few School Board meetings, but, sadly I haven't attended as I should. I went through the School Board system and Superior Schools when I was young. I'm thankful I don't have to attend Superior Schools now. I remember all the Superior pride, all the Panthers and, most, that the families were active. There's not a lot to be proud of, now. We wonder why so many of our Superior students attend schools in other towns. Really? Isn't it clear why the parents and people

encourage each other to move their kids to other school systems? Even the kids want to go elsewhere. Obviously, there are many reasons why, and it leaves a big black eye on the Superior school system.

Mrs. Besich states, "The Board has worked countless hours trying to bring our school system up to State and Federal mandates. "The key words in that statement are "trying to bring our school system up to State and Federal mandates."

When did our school's drop so far down and why? Ask yourselves. Superior citizens, who is in charge to make sure our schools stay up to par? Yes, it's the school's leadership and administrators they hire that cause these deficits!

When the School Board is questioned by the parents and residents about all the problems the school is facing, they pass the buck ban or to ... well ... they don't say who the buck goes to. They deny, give excuses, put the blame elsewhere, or explain they are working to correct the issues, but, if nothing changes, nothing changes. That's our current administrators and school board.

I want to see a safe place for kids to go to school. The schools need to ensure this at all times. There was a time when getting our education was the number one priority. Now, going to school and hoping something bad doesn't happen to you is the number one priority. Our

Junior High is the lowest list of grades per state statistics. On whose watch did this happen? Don't ask you'll get more excuses, denials, stories, but, no one will take the responsibility because they know the people will demand they be removed, whether its teachers, administrators, and/or school board members. Is that a bad thing? No.

Mrs. Besich, attend meetings, take your friends and find out for yourself.

I am promoting big, major changes in our schools and we need them now! People, get on my bandwagon, get off the broken wagon system we're on now.

Sincerely,

/s/ Lloyd L. Andrews Jr.

Snap up some photography fun at the Boyce Thompson Arboretum

On Sunday, June 8, a free, informal 90 minute photography class, titled, "Its OK to shoot on Auto," will be held at the Boyce Thompson Arboretum for 20 lucky enrollees. The exact start time of the class will be emailed to the enrollees, in order to restrain the class size to its maximum of 20 pre-registered enrollees.

The class will take a different tack for casual photographers who want to improve the quality of their shots, but who aren't yet interested in learning the complexities of

manual settings like exposure, aperture, white balance, depth of field, and more.

"My goal is to introduce casual photographers to the joy of photography via a few tips, tricks, and techniques that are easily applied and can dramatically improve the quality

of their images while never moving the camera off of its auto settings. This class will offer a fun, interactive way to learn those skills!" says the class instructor, and well-known photographer Lisa Langell.

Artist Lisa Langell easily fills classes at \$50 a pop, for basic photography and even more for specific topics. So, why would she offer her services for free?

"BTA is one of my favorite places in Arizona - I love the gardens, and I love photography. Here's a chance for me to meet new beginner photographers who want to improve how they use their cameras...and to see that "Ah-HA!" moment light up their eyes when they master a new setting or technique," said the Scottsdale pro photographer.

She continued, "I'm hoping the room will be filled with new faces - people who've never attended one of my classes before, and also haven't visited the Arboretum. I'm volunteering my time that day - and keeping the cost negligible. This workshop's included with \$10 daily admission to BTA, but you do have to pre-register as we can only accommodate the first 20 attendees. I'll keep a wait list and if this proves popular enough, we'll repeat the same class in

July for those on the wait list."

To see Lisa's work, connect with her on Facebook or visit langellphotography.com.

"I offer a variety of webinars, too; this class will have an optional online evening follow-up supportive critique and discussion June 25.

Specific details will be shared during class; these webinars give participant a chance to upload two images, then log-on and join us for a live discussion/critique, I keep these positively-oriented, a chance to hear some praise, and constructive advice of your wildlife/nature images." says Langell.

Enroll in Langell's June 8 Arboretum workshop at <https://www.surveymonkey.com/s/9CJ96R9>. Since spaces are limited, please let Lisa know if your plans change and you won't be attending.

Superior High School students complete Cobre Valley Institute of Technology Programs

By **Nina Crowder**
Superior Sun

It is a pleasure to hear of the Superior High School students who recently completed programs with Cobre Valley Institute of Technology (CVIT). The CVIT ceremony was held at the Grand Canyon College. It was well attended with enthusiasm and excitement for the futures of the students. Superior is one of several schools that participate in the CVIT program which

allows high school students the opportunity while in high school to take college courses. CVIT will help prepare students for a productive life in a competitive workforce.

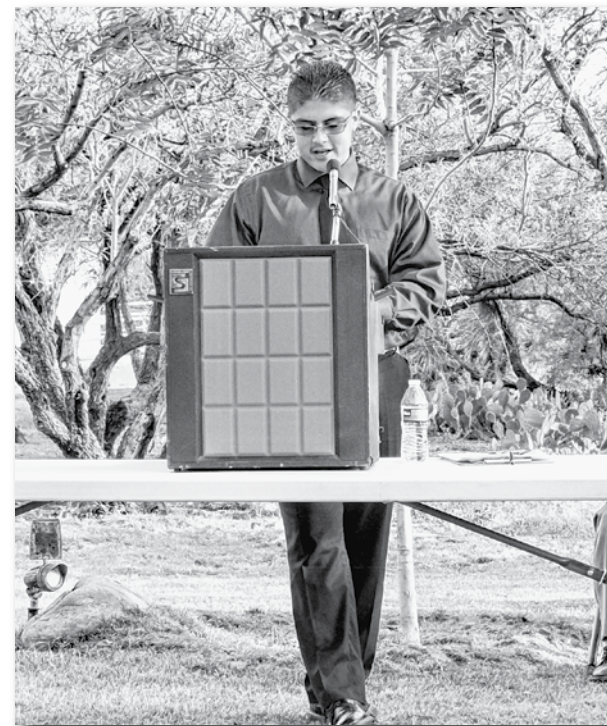

The CVIT classes are offered as school credit so the students will not only be able to walk out of high school with their diploma but also a certificate in the field they have chosen. This opportunity can help students obtain a job out of high school that will enable them to help pay for college.

Congratulations to the following Superior High School students who took advantage of the CVIT program: Michael Nunez (senior), Certified Nursing

Four players named to AzBCA All-State Teams

By Andrew Luberda
Copper Basin News

Baseball players from San Manuel and Ray were selected to the Arizona Baseball Coaches All-State Teams. Three of the four

players competed in last weekend's AzBCA All-Star Game.

AIA Division IV, Section VI Player of the Year Shane Kelly was named to the AzBCA All-State first team. Kelly, a junior from San Manuel, was joined on the first team by Ray

Bearcats' senior shortstop Dominic Bravo. The Miners' Anthony Garcia and Richard Romo were named to the AzBCA All-State second team. Garcia and Romo, both seniors, were the top pitchers on the San Manuel staff.

The Miners and the Bearcats both reached the state championship playoffs this past season. The Miners defeated the Bearcats in a quarterfinals matchup, 4 - 3. The Miners lost in the semi-finals to state runner-up Pusch Ridge Christian Academy, 3 - 0.

South beats North in Division IV AzBCA All-Star Game

By Andrew Luberda
Copper Basin News

The Arizona Baseball Coaches Association Division IV All-Star game was played last Saturday night at Surprise Stadium. The South team, with four players from copper corridor schools, defeated the North team, 14 - 6.

Anthony Garcia and Richard Romo from San Manuel, Dominic Bravo from Ray, and Cesar

Villalobos from Superior were all selected to the South All-Star roster.

The Miners' Anthony Garcia pitched three scoreless

innings, allowing only one hit.

The AzBCA All-Star game is played each year. Players selected to play in the game are all seniors.

military when their employees are mobilized.

U.S. Navy Reserve Lt. Cmdr. Michael Jerrigan nominated Cobre Valley Regional Medical Center for the award.

“My employer is a small community hospital, said Jerrigan. “Out of the six years employed with the hospital I have been deployed three times for over 24 months, and they have always shown full support throughout. I am currently deployed in Djibouti, Africa for 9 months as an Emergency/trauma nurse. This is a hardship for any hospital as they have to hire others to cover my absence.”

Assistant; Cody Schcolnick (junior) Certified Nursing Assistant ; Matthew Zavala (junior), Welding Technology; Christopher Villaverde (senior), Electrical and Instrumentation Technology; and Jennifer Ybarra (senior) received a Certificate of Participation in the Certified Nursing Program. Parent and JFK Elementary School teacher, Kathy Zavala attended the ceremony and said, “It was a really nice ceremony held outside at Grand Canyon College. I’m so excited for these kids and am so grateful to CVIT for what they have done for them.”

CVIT offers classes in the health care fields, agriculture, welding technology, business education, early childhood education, engineering, industrial trades, marketing, media, performing arts, family and consumer sciences education and education professions. These general areas do contain specific career related programs. Today’s students will spend their lives in a multi-tasking, technology driven, diverse world and having the knowledge and desire to be equipped with the skills to do so will be beneficial to them.

If you are interested in more information about the CVIT programs feel free to contact a guidance counselor at the high school or visit their website at: www.cvit81.org.

SOUTHWEST GAS

**CALL
811
Before
You Dig!**

One simple call to 811 gets underground utility-owned lines marked for FREE.

Whether you're a homeowner or professional excavator, every digging job requires a call -- even small projects -- so be sure to:

- Call 811 at least two days before starting any digging project
- Wait for the site to be marked
- Respect the marks
- Dig with care

Not calling can be life threatening and costly. You can harm yourself or others, disrupt natural gas service to an entire neighborhood, and potentially be responsible for injuries, repair costs, and criminal penalties.

If you ever suspect a natural gas leak, call **911** and Southwest Gas at **1-877-860-6020** immediately, whether you're our customer or not.

For more information about natural gas pipeline safety, visit swgas.com/safety or call **1-877-860-6020**.
