On behalf of the Gomez Family,

The gratitude in our hearts is strong, these last few weeks and we want to take a moment to thank everyone who has had our family in their thoughts and prayers. Although we are in a time of mourning for our beloved Dad & Tata Guillermo Gomez, we feel the love and support from our families and friends. We can't thank you enough for all that you have done for us, from the meals to my parents' house, to the monetary donations. We had so much food, so many people came to the Church service, it was a true testament of how many lives our Dad touched.

As we talk to different people, it warms our hearts when we hear stories about Dad. He truly was a one of a kind Man. He will live in our hearts forever.

May God continue to bless you and your families.

Love always,

The Gomez Family

Drivers experienced regularly scheduled weekday closures and lane restrictions to allow for this work, which ended Friday, June 2.

Keeping the Copper Corridor Beautiful

But you noticed the bright colors in Superior, not on the front of the downtown buildings, but on the back. The purpose of the paint job is simple: to make people aware that there is downtown district, despite having to get off the main road to see it.

And it worked! Superior's Chamber of Commerce figured that tourism was up at least twenty percent with a corresponding increase in income. Now, the paint job along didn't do it all. Once people turned off the road to see the downtown, they saw well-cared for buildings and interesting shops. But if people hadn't gotten off the highway, they would have missed it all.

In the Copper Basin, three of our towns have worked to get people to stop – Mammoth, Winkelman, and Kearny. What was done and how has it worked?

Mammoth has its roadside park with its Ore Cart as well as a display of other sculptures and narrow gauge ore cars. Winkelman has its Ore Cart (a fine piece of art) and a pleasant corner with trees and flowers. Kearny has its Rail and Copper Park. There are some similarities (mining and

trains) but there are dissimilarities too.

Mammoth's park is readily accessible from the highway. It is not as well marked as it could be, but many people do stop to visit the exhibit and enjoy the shade of the trees. Winkelman's park is smaller, but is designed very well. It, too, has shade for visitors. But it is very poorly marked and

parking is difficult to find.

The Rail and Copper Park in Kearny is very visible from the road (like Mammoth) but it is not nearly as accessible. The red caboose is particularly noticeable, but the

plantings have suffered over the years from lack of water. As a result, there is no shade. There's plenty of parking, but "newbies" have to figure out that the entrance is off

Links of Superior is the latest business to take up shop in Smokey’s Mercantile. The Copying and Printing shop, which opened on March 3, has already found its niche and has been busy taking on jobs from the Towns of Winkelman and Kearny, as well as doing work for the Superior Chamber of Commerce.

Run by Dave Lopez and his wife Diana Acuna Lopez, the idea for the shop came around because of Dave’s transplant surgery. When Dave was in the hospital for his transplant, Diana found herself dealing with a lot of paperwork. Paperwork that often needed to be copied and faxed. When Diana found that there was no place she could get copies or fax in town, she decided this would be the perfect venture for her husband when he got out of the hospital. And so started the couples copying, printing and faxing business. As the business grows the couple has plans to add retail stock; school supplies the local teachers and students may need. Besides copying and printing the shop also offers photo digital printing.

Dave and Diana have a keen interest in helping the community. They recently did a fundraiser to raise money so they could buy backpacks that they are filling with school supplies and are going to donate to the local schools.

shop open in Superior

The store at the moment is open on Mondays at 1:30-7 p.m. and Tuesday through Friday 9:30 a.m. to 7 p.m. But as they add personnel they hope to expand their hours. The business has a very small town feel. For instance, if the shop is closed and you need something printed or

faxed, Dave says you can always call and he will come in and open the shop, and take care of your business. Links of Superior is located in Smokey’s Mercantile, 161 W Main St., Superior, AZ 85173 /Tel: 520-333-9050 or 520-465-0717 / Email: linksofsuperior@gmail.com

ADOT crews now can clear travel lanes of minor wrecks

With a goal of keeping drivers and first responders safe and traffic flowing, Arizona Department of Transportation personnel are now authorized to clear or order removal of vehicles that are involved in minor crashes. When incidents occur, ADOT coordinates with Arizona State Troopers to set up traffic control, close highways and, when necessary, arrange hazardous materials cleanup. When ADOT personnel arrive before State Troopers at the scene of a minor crash or when State Troopers ask them to do so, a new agency policy empowers them to take action to clear travel lanes. “Quickly clearing hazards is a proven way to make everyone safer, including State Troopers, ADOT personnel and others responding,” said Brent Cain, ADOT’s director of Transportation Systems Management & Operations. “Having

ADOT’s highly trained crews take action when appropriate to keep traffic moving promotes safety and reduces congestion.” The change stems from best practices in Traffic Incident Management (TIM) strategies, including the principle of Quick Clearance. Getting vehicles that are involved in minor crashes out of travel lanes quickly makes the roadway safer for other vehicles and emergency responders, reduces the chance of secondary crashes when traffic approaches the incident and minimizes overall traffic congestion. State law requires drivers involved in minor crashes that don’t involve injuries to get their vehicles out of travel lanes as soon as it’s safe to do so. State Troopers must authorize removal of vehicles involved in crashes that result in serious injuries or deaths.

Alden Road in the uptown area. Not only that, but there is no signage letting people know about the park (or where to park, for that matter). I state all this not to complain, but to state a need. I have long operated on the mantra of “Find a need and fill it.” But we can’t fill the need unless we know what it is. By the way, Bill Dunn (of ranching and the GKI) has been helpful cleaning Kearny’s park and watering the plants,

and people from ASARCO have been helping with the electrical needs for the fountain and park lights.

They have found a need and they are helping to fill it. What other needs are there in the towns of the Copper Corridor? I hope you will let me know by calling me at 480-220-9349 or by e-mail at sam_hosler@msn.com.
