OBITUARY

Laurell Elizabeth 'Liz' Tucker

Laurell Elizabeth "Liz" Tucker, age 84, passed away peacefully at home on June 1, 2021. She was a wonderful, devoted mother; loving companion; and very special person to her family and friends.

She was born March 5, 1937 to Everett E. Brown and Rosa Lee Lay Brown. She was the sixth of eight children. Liz is survived by Mark Johnson, Carrie Power (Ken), Carlene Denton-Roach, Katherine Willis (Roy), Nathan Cotts (Sherrie), sister Julann McPherson, 11 grandchildren and 14 great-grandchildren. She was preceded in death by her parents and siblings, Frances Bedlion, Everett L. Brown, Donald Brown, Novella Bedlion, Charlotte Pratt, Sandra Brown, and grandson, Blaine Sewell.

Liz was saved at an early age and always loved her

Lord and Savior Jesus Christ. She was a loving, kind, and strong woman who led an active and full life. A high priority in Liz's life was to please the Lord and share His good news with all she met.

After graduating from Ray High School in 1955 at Ray, Arizona, she married Grant E. Denton. They had three beautiful daughters: Carrie E. Denton Power, Carlene R. Denton-Roach, and Katherine I. Denton Willis. This chapter of her life was very busy raising three daughters and caring for her cowboy husband. She embraced the rodeo life with her family and even learned to barrel race.

In the next chapter of life Liz married Paul D. Cotts. They had Nathan Everett Cotts, and she was step-mother to Kenny, Brian, and Donnie Cotts. Life was busy with seven children at home.

Liz then lead quite an adventurous life as wife of George M. "Karo" Tucker. Karo's work took them to Paraguay where the couple explored Iguazu Falls. They also backpacked through the breath-taking Sierra Nevada's with young Nathan in tow. This was one of her favorite adventures.

Later Liz completed her Associates Degree at Central Arizona College Aravaipa taking construction classes from the late Glen Johnson. At this time, she met Mark L. Johnson and the two have been constant companions for the past 27 years, traveling through Europe and enjoying many other explorations. Together the two raised Placer C. Brady-Sewell, Paxton M. Brady-Sewell, Joshua Brady-Sewell. She called Mark her "Angel" and "True Love".

Liz worked hard and accomplished much in her life. At one point she even balanced three jobs: guard at the Arizona State Prison, cook at the General Kearny Inn, and operator of a vending machine route at the Ray Mine. Liz was an active business member in the Copper Basin Community operating a flower shop and an antique shop. She ultimately established herself as a Realtor, Broker, and owner of Dynasphere Realty.

Family, friends, and others whose lives Liz touched are invited to the Living Word Chapel, 402 Danbury Rd., Kearny, AZ 85137 on Tuesday, June 8, 2021 at 9:30 a.m. followed by a short graveside service. A luncheon will be provided for everyone at the Kearny Senior Center to reminisce, grieve, support each other and, of course, just chat.

Obituaries are published free of charge in the Copper Basin News. If you have an obituary you would like us to print, please submit it online at copperarea.com. Click on "Customer Service". You can also request our newspaper through the funeral home.

LETTERS TO THE EDITOR

Rep. Cook Protecting Local Budgets

In 1972, mayors from all over Arizona struck a deal with leaders at the State Capitol that helped our economy grow, kept taxes simple and helped create the strong cities and towns we have today. In that deal, approved by Arizona voters, cities agreed never to adopt a separate income, luxury or "sin" taxes and in exchange, the state would provide 15% of state income taxes with Arizona's cities and towns. Today those funds account for a majority of our local public safety budgets; it's a great deal for taxpayers and a great deal for public safety.

Unfortunately, the Governor and legislative leadership are now actively trying to break that deal with Arizona cities. Thankfully, we have State Representative David Cook representing us in the Arizona state legislature. He is one of a handful of brave legislators with enough courage to stand up to the power brokers at the State Capitol in Phoenix. Rep. Cook is forcefully speaking out about the destructive impact the proposed tax cut will have on our rural communities and he is fighting to protect us.

The tax cut proposal being advanced by the Governor and legislative leadership would reduce funding to local

governments by \$285 million annually, forever. Our respective municipalities' annual losses and the corresponding percentage budget cuts are as follows: Casa Grande is \$3 million (-6.57%); Coolidge is \$650,000 (-6.89%); Eloy is \$964,807 (-8.10%); Florence is \$1.3 million (-11.57%); Globe is \$361,000 (-3.84%); Hayden is \$73,743 (-2.9%); Kearny is \$106,584 (-7.72%); Miami is \$87,509 (-6.6%); Queen Creek is \$2,501,861 (-5.4%); and Superior is \$156,237 (-6.27%). Simply put, our rural communities cannot absorb annual revenue reductions of this magnitude without impacting the delivery of critical services to our residents.

This state shared revenue is the fundamental backbone of local government funding and is critical if we are to maintain our current level of public safety protection and municipal services. Equally important, Rep. Cook joins us in supporting policies which address our water challenges here in Pinal County. Securing long-term sustainable water solutions will ultimately cost the state billions of dollars and this proposed tax cut risks our ability to attain water security. Considering Arizona's water future and its pending costs, Rep. Cook is right to stand up and

fight a permanent tax cut valued at nearly \$20 billion over the next decade. Those are dollars the state will sorely need to fund future water solutions.

We wish to make it perfectly clear to all of our municipal residents: We stand with Rep. Cook in protecting our public safety budgets and bringing funding to Pinal County to help mitigate our state's long term water shortage.

Sincerely, Mayors of Legislative District 8
 /s/ Mayor Craig McFarland, City of Casa Grande
 /s/ Mayor Jon Thompson, City of Coolidge
 /s/ Mayor Micah Powell, City of Eloy
 /s/ Mayor Tara Walter, Town of Florence
 /s/ Mayor Al Gamos, City of Globe
 /s/ Mayor Dean Hetrick, Town of Hayden
 /s/ Mayor Jamie Ramsey, Town of Kearny
 /s/ Mayor Patsy Armenta, Town of Mammoth
 /s/ Mayor Sammy Gonzales, Town of Miami
 /s/ Mayor Gail Barney, Town of Queen Creek
 /s/ Mayor Mila Besich, Town of Superior
 /s/ Mayor Louis Bracamonte, Town of Winkelman

Cook Fighting for Pinal, Gila Counties

Representative David Cook has always fought to protect the interests of the residents of Pinal and Gila counties, whether by securing resources to build roads or to develop water supplies, and we are very grateful to see his hard work to ensure that any tax reduction package passed by the legislature is designed so that the state remains on solid financial footing going into the future.

We have been watching the negotiations over the tax package with great interest since we became aware of the proposed \$1.5 billion income tax reduction plan. Though counties do not share in the state's income tax revenues as cities do, we have a deep interest in the state's structural financial stability.

History has shown that when the state has financial shortfalls, the legislature will readily access county tax dollars to help balance its books. For example, since 2008, the legislature addressed revenue deficits by passing laws that billed Gila County \$5.8 million and Pinal County \$27.8 million to support state agencies, which are obligations of the state general fund.

These were local tax dollars that would have been used for direct support to local constituents, road maintenance, or for creating the ability to lower local property tax rates. If the state goes too far in reducing its capability to meet its obligations, we fear the state will again turn to using county resources to balance the state budget.

Financial instability in state government is not good for our constituents and, simply, not good government. To be sure, current state revenues are significant as we come out of the pandemic. However, economists have cautioned that some of these revenues are attributable to the massive infusion of federal money into our economy. And, as Representative Cook has pointed out, the state still has substantial debt from the last recession, along with unmet capital and water development needs that must be addressed.

We are very concerned that in the legislature's desire to do something "big and bold," what will get lost is doing things right. Therefore, we applaud Representative Cook's leadership to shape a tax package that strikes a wise balance--providing meaningful tax relief, reducing state debt, and ensuring the

state has the resources to meet its obligations to Arizonans into the future.

Sincerely,
 /s/ Supervisor Steve Miller, Pinal County
 /s/ Supervisor Tim Humphry, Gila County

Shop at Home: Superior Pet - Pet Grooming

In April 2020, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. Copper Area

News wanted to give something back to the local business community. Over the next several weeks, our newspapers (Copper Basin News, Superior Sun and San Manuel Miner) will be featuring local businesses and non-profits, encouraging our readers to Shop at Home, stay local and support our local businesses. To date, Copper Area News has featured 66 businesses in the Copper Corridor.

It is hard enough starting a business or expanding one during normal times. But to start one during a pandemic adds an entirely different twist to things.

Superior Pet began after Jessica

Gerola realized there was a need for pet grooming services in Superior. For many years, she has been the go-to resident for many families to help care for pets. She worked as a Vet Tech more several years and even worked as a Vet Tech part time while working for Resolution Copper. She has always had a love for animals and working as a vet tech helped to combine her love for animals and a career together. She is a single mom raising her three daughters, building a business and working at a fulfilling career.

While her career choices changed when she was offered a position with

Resolution Copper, she continued to help local residents with their pet care tasks such as nail clipping and occasionally home care when pets needed extra care at home. She is currently continuing her education to earn a certificate in Project Management from University of Phoenix. While she was taking her courses, she realized that she wanted to open a pet grooming business.

"The project management classes, helped me to develop a plan to open the business," she said.

Her existing customers and many in

COPPER CORRIDOR COMMUNITY CALENDAR

Please note: many events have been canceled or postponed due to the COVID-19 outbreak. Please check with organizations when planning to attend events listed.

Sea Lions Swim Team Practice

The Sea Lions Swim Team is now holding practices at the Mammoth Pool from 4 p.m. – 6 p.m. Monday through Friday. Stop by the pool any time during practice hours to join the Swim Team. We welcome kids of all ages and all swimming abilities. We will teach you how to swim. Swim Meets are held on Saturdays throughout the summer.

Superior Headstart Registration

Headstart is a free preschool program in your area located at 150N. Lobb Ave. Our program promotes school readiness and prepares your children for kindergarten. In our program your children will receive meals, learning experiences that promote growth in all areas of child development, and individualized services for all children. Headstart is currently accepting applications for the upcoming school year. If you're interested you can start the application process at www.pgccs.org or you can speak to one of the staff at the site. 520-689-2812 is the number to call for more information.

Superior Farmer's Market

Superior Farm to Fantastic Farmers Market is open every Saturday 9 a.m. to noon at the Food Court on Main Street. Fresh produce baked goods and much more. Follow us on Facebook.

Eagle One Veteran Outreach

Visit Eagle One Veteran Outreach Center online at hohp4heroes.org. Eagle One provides veterans a place to learn about and apply for all services available to them.

Wednesday Night BINGO

Doors open at 4:30 p.m. for Wednesday night bingo and play starts at 7 p.m., at San Pedro Valley Lions Club, 115 S. Main St. in Mammoth. Come down and enjoy! Remember to wear a face mask. For information call 520-487-2000.

JFK Kindergarten Registration

John F. Kennedy Elementary (Superior) is accepting Kindergarten Registrations for the 2021-2022 school year. Children must be 5 years of age by Sept. 1, 2021. Parents/Guardians will need to provide the child's original birth certificate, immunization record, and proof of residency. Applications are available at JFK Elementary School, 1500 Panther Drive, Superior. For more information, please call the Kennedy office at 520-689-3000 ext. 3049.

Support Offered for Copper Corridor Low Income Senior-Owned Homes

The Copper Corridor Economic Development Coalition (CCEDC) is supporting the USDA 504 and Habitat for Humanity's Aging in Place programs to help low-income seniors to make sure their homes are safe and healthy. For help in evaluating your eligibility and in applying contact via email at ccedc@magmadorada.com or by phone at 520-788-3672.

WIC Program

Have you been laid off or had your work hours cut back due to the pandemic? Pinal County Public Health's WIC program may be able to help! WIC serves pregnant, postpartum, and breastfeeding moms, as well as children under the age of 5. We provide nutrition and breastfeeding education, referrals to community programs, and healthy food for you and your family. Call 1-866-960-0633 today to find out more and to schedule your first appointment!

Free Paint For Superior Residents

Great news for Superior Homeowners! The Chamber of Commerce just received a large load of paint. We can supply you with paint for the inside and outside of your Superior home FREE. As always, exterior trim paint for doors and window trim is available too. Call Tiffany Rowell at 480-815-6955 or the Chamber at 520-689-0200. There's still time to paint outside before it gets too hot.

San Manuel Senior Center

Recycling Issues

Folks who are bringing the San Manuel Senior Center cans, please know that the Recyclers will not take the bags of cans if they have trash with them. San Manuel Seniors had 120 lbs of cans when they took them down recently that were not accepted and the recyclers sent back a note that said the group lost \$50 because of this. Please be careful when donating cans for recycling. Thank you and thank you for continuing to save cans and donate them.

Tri-Community Food Bank Open

The Tri-Community Food Bank located at 108 Redwood Drive in Mammoth continues to be in business. We are observing social distancing. Hours are 9 a.m. to noon Monday, Tuesday, Wednesday, Thursday and Saturday. To be eligible you must show proof of address that you live near or in Mammoth, San Manuel and Oracle and have an income within the federal poverty guidelines. The thrift shop is closed and is not accepting donations. Call 520-487-2010 for more information.

Dudleyville Burn Ban

Effective May 1 - Sept. 30 a BURN BAN is in effect for the Dudleyville Volunteer Fire District which includes the area of Dudleyville, Indian Hills and Aravaipa. Burn permits for both residential and agricultural purposes are not valid during this time.

New Superior Food Bank Hours

Clients can now receive food from 3 p.m. - 4 p.m. on the last Thursday and Friday of each month at 99 N. Lobb Ave. in Superior. Drive up or walk up with an adequate cart and receive food without human contact. Every means possible is used to make the experience safe. Volunteers have their temperature taken and sign a consent form stating they are free from fever. Volunteers are always needed. Even an hour will be appreciated! Please contact, Sandy Van Gorp, at superioraz.foodbank@gmail.com or 520-689-2202. if you have questions or want to sign up to be a volunteer.

JUNE

14 Mammoth Swimming Pool to Open

The Town of Mammoth Swimming Pool will open for the season starting on Monday, June 14, for Adult Lap Swim only (7 a.m. – 9:30 a.m., Monday - Friday) and will open with the full schedule starting on Sunday, June 19, from 4 p.m. – 7 p.m. The schedule is similar to last year, but we are adding a Friday Day Swim from noon – 3 p.m. Admission is \$3. Punch cards can be purchased for significant savings at Town Hall or at the Pool. The pool schedule is posted on the Town of Mammoth website (townofmammoth.us), the Mammoth Swimming Pool Facebook Page, at the Mammoth Pool, and locations throughout the Tri-Community. We look forward to seeing everyone at the pool!

AUGUST

18 GED Classes Taught at CAC

Central Arizona College will have GED classes beginning Aug. 18, 5:30 to 8:30 p.m., Mondays and Wednesdays at Aravaipa Campus. Call the campus at (520) 357-2800 to register.

OCTOBER

2 CV Foundation Annual Health Fair

"Get Out and Get Fit!" at the bi-annual health fair brought to you by the CV Foundation, which will be held on Saturday, Oct. 2, from 9 a.m. - 2 p.m. on the hospital campus, 5880 S. Hospital Drive, Globe, AZ 85501.

Submit information to CBNSUN@minersunbasin.com, online at copperarea.com/pages/forms or call 520-363-5554. Listings are free. Copper Area News reserves the right to edit or refuse submissions. Submissions are due the Friday before Wednesday publication.

Telegraph Fire rages – Superior on high alert

On Friday afternoon, huge billows of smoke could be seen south of Superior – a fire had started. Officials have indicated that the cause of the fire is human but the exact cause is unknown.

The fire raged north towards Superior and eventually crossed Highway 177, but still continued to get closer to Superior. On Saturday morning, Superior was put on a SET order to evacuate, crews worked tirelessly to keep fire lines to protect Superior. Residents living in the south side of Superior watched the fire race towards Forest Road 230.

Highway 177 was closed and just prior to that Highway 77 from Winkelman to Globe was closed due to the Mescal Fire. That fire was also a human-caused fire that has forced the evacuation of areas in San Carlos, El Capitan and Dripping Springs.

As the fire raged north, it eventually caused the evacuation of the Oak Flats Campground and the Top of the World. What no one could have predicted is that the fire would eventually reach the communities of Miami and Globe, causing some GO orders for the unincorporated

areas of those communities and into the canyons around the Pinal Mountains. Areas south of Superior such as Battle Axe were also put on SET mode and during parts of the firefight to allow crews to establish a southern boundary.

Monday morning when the fires raged east, fire breaks were lost to the west and the fire raced back towards to Superior and threatened the Boyce Thompson Arboretum as it traveled through Arnett Canyon and to the peaks of Picket Post the fire came within 100 feet of the beloved Boyce Thompson Arboretum. Thankfully additional crews and air support were ordered and the further advance on the Arboretum and Superior were stopped.

This beast of a fire has commanded a Type One response team to fight the fire. Type One teams are the best of the best of wild land fire teams. It is expected they will be fighting this fire for several weeks and crews will be in the area for the duration of the fire. US Highway 60 will remain closed for several days and there is still no estimated time to re-open highway 177. Highway 77 may re-open to limited

traffic soon.

At press time there have been zero structures lost, there have been no deaths or significant injuries. The fire remains at zero percent containment and 71,756 acres have burned in the Telegraph Fire. The Mescal Fire has burned 52,887 acres and has eight percent containment. US 60 is closed in both directions between Superior and Top-of-The-World, according to the Arizona Department of Transportation. Motorists should also be advised that

State Routes 77 and 177 remain closed. SR 77 is open for southbound traffic only from 8 a.m. to 8 p.m. between Globe and Winkelman. SR 177 is closed in both directions between the SR 77 junction in Winkelman and US 60 in Superior.

We advise our readers to please follow Pinal County Sheriff's Office for evacuation notices.

Keep up to date with road closures and fire news on our Facebook page: www.facebook.com/copperarea.

The Telegraph Fire burns near Superior. The fire at press time is zero percent contained with more than 70,000 acres burned. Laura Rivas | Submitted

Remember to include your pets in your evacuation plans

Because the Telegraph and Mescal fires continue to threaten areas near Pinal and Gila counties and evacuations have been ordered, PETA.org reminds residents that animals must be kept indoors and will die if abandoned.

Residents in areas affected by smoke and falling ash should keep animals indoors and avoid all outdoor activities, such as running with dogs. If visibility is less than 5 miles, smoke has compromised the air quality and reached unsafe

levels. Anyone who sees animals in distress and is unable to help should note their locations and alert authorities immediately.

Trapped horses and other animals can't outrun wildfires. They should never be locked in their stalls or confined in any way so that they're unable to flee.

For more information, visit PETA.org or follow the group on Twitter, Facebook, or Instagram.

Telegraph Fire, June 2021

Retardant is dropped on the Telegraph Fire by air support. The blaze nearly burned the Arboretum but additional support came in to save the park.

Superior Public Library's Grab 'N Go Summer Reading Program

This summer the Superior Public Library will have a GRAB 'N GO and Virtual Story Time Program. While they will not have any in person programming during the summer, they want your child to have great educational and entertaining activities to enjoy! Library officials will be putting together "Take and Make" kits each week that you can pick up outside of the library downstairs. You will have to use the outside stairwell on the north side of the building.

The program starts June 15, 2021 and will end on July 20, 2021.

HOW IT WILL WORK

Every Tuesday, beginning June 15 through July 20, from 11 a.m. to 1 p.m., parents, guardians or caregivers may come or bring their child to pick up his/her bag. Children preschool – sixth grade may participate in the

Grab 'n Go Program. Bags are packed with activity pages and crafts to take and make at home. At the end of the program the library will have a drawing for prizes for those who participate!

You must call the library and register your child this week to participate in the program. It is limited to 50 participants. You can call the library at 520-689-2327, Monday through Friday, 10 a.m. to 6 p.m.

The library will also have carts full of children's books that will be placed out on the patio downstairs for you to take for FREE and as many as you want. Adults and children are urged to wash their hands well after handling the books. Masks are recommended. The library downstairs will not be open from 11 a.m. to 1 p.m., Tuesdays, during the Grab 'n Go Program, but you can call and make an

appointment to bring your child/children in at any other time between noon – 5 p.m. Monday through Friday. Children 10 and under must be accompanied by an adult and there is a 30 minute time allowed in the library to browse and select books for check out. Adults and children 4 and older must wear a mask while in the library.

The Library is located at 99 Kellner Ave., Superior.

A MESSAGE FROM THE SUPERIOR PUBLIC LIBRARY:

Summer 2021 is almost here! Superior Public Library is teaming up with Pinal County Library District and Checkers TV to bring you "The Reading Road Trip" as part of our 2021 Summer Reading Program. Join us each week as Checkers and his vacuum robot

PET GROOMING

Continued from page 4

the community expressed their support and the need for advanced pet grooming services and soon enough she found a perfect building on Main Street that was available for rent and as the word spread about her business, the community rallied to support her. "People were coming in and offering their help to set up the

shop. The building owner worked with us to ensure we could open. It has been such a blessing," she said.

She and her team plan to offer self service options, in the future. This service will allow pet owners to come in and use the facility to care for their pets.

Superior Pet is located at 224 W.

Main Street. The hours for the shop are by appointment only. Jessica works during the week so most appointments are in the afternoons and weekends. She has support staff that help with clean up and shampooing. Prices and services vary based on the weight of the dog. Prices start at \$10 for a basic nail trim and range

upwards to \$75 for a full grooming for a large dog. Advance booking is required; you can book an appointment by visiting her website: www.superiorpet.square.site, via email at superiorpetaz@gmail.com or you can call her directly at 480-263-3983.

They are planning a grand opening in June.

LIBRARY

Continued from page 8

friend Snoozer take us on some thrilling adventures. They will be visiting animals from all over the world and sharing fun facts each week. Bursting with over 15-segments, each action-packed episode will leave children and families thrilled and thoroughly satisfied!

The series will feature many unique animal environments, interviews with animal experts, a new animal craft each

week and many more exciting features that will keep kids on the edge of their seats. Along the way, the episodes will feature summer health tips from Dr. Dan, crafts and activities with Mrs. Hamilton, book recommendations, science experiments, and much more. Episodes will be posted to the Pinal County Library District blog beginning in June: Pinalbookclub.wordpress.com/kids

Following is the episode schedule:

- June 14th – Desert – Camel
- June 21st – Pets – Dog
- June 28th – Forest – Owl
- July 5th – Farm – Cow
- July 12th – Arctic – Polar Bear
- July 19th – Tropics – Gorilla
- July 26th – Savanna – Giraffe
- August 2nd – Ocean – Octopus
- August 9th – Freshwater – Turtle

August 16th – Australia – Kangaroo
 August 23rd – Mythical Animals - Unicorn
 The programs will be on Mondays. On the Friday before each program you can pick up bags with activity pages and crafts, at the library, to do while watching “The Reading Road Trip” at home.
 For more information please call the library at 520-689-2327, Monday through Friday, noon to 6 p.m.

Public Notice

Arizona Water Company (the “Company”) has released its 2020 Water Quality Report (Consumer Confidence Report) for its Superior water system, PWSID 11-021. The Company will not be mailing a copy of the report to its customers, because Arizona Administrative Code R18-4-117, has granted a mailing waiver to small water systems with a population less than 10,000 people. Copies are now available: at the Superior office located at 165 N. Magma Avenue; via mail by sending a request to Arizona Water Company, P.O. Box R, Superior, AZ 85273-1917; via our website at www.azwater.com; or by calling the Superior office at 520-689-2312. The entire report is also printed in the newspaper today. The Company recommends that customers serving more than one housing unit post a copy of the 2020 Water Quality Report in a conspicuous place.

ARIZONA WATER COMPANY

– 2020 ANNUAL WATER QUALITY REPORT FOR SUPERIOR, ARIZONA, PWSID NO. 11-021 –

This report contains important information about your drinking water.
Este informe contiene información importante sobre su agua potable.
Tradúzcalo o hable con alguien que lo entienda bien.

Arizona Water Company provides groundwater to its Superior customers from wells located near Florence Junction.

All water samples are collected by state-certified employees of Arizona Water Company or by the Arizona Department of Environmental Quality (“ADEQ”). Samples are analyzed by state-certified independent laboratories and the results are forwarded to ADEQ. The following report provides detailed information about the quality of the water delivered to customers. The water supplied by Arizona Water Company complies with all state and federal safe drinking water standards and regulations.

DETECTED WATER QUALITY CONSTITUENTS - GROUNDWATER

Primary Standards							
Water Quality Constituent	Units	MCLG	MCL	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent	
Inorganics							
Arsenic	ppb	0	10	5.8 - 7.5	2020	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes	
				Highest Running Annual Average - 6.7			
Barium	ppm	2	2	0.01	2020	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits	
Fluoride	ppm	4	4	0.3	2020	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories	
Nitrate (as Nitrogen)	ppm	10	10	2	2020	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits	
Disinfectant / Disinfection Byproducts							
Water Quality Constituent	Units	MCLG (MRDLG)	MCL (MRDL)	Average Level Detected	Range of Levels Detected	Sample Year	Typical Source of Detected Constituent
Chlorine Residual	ppm	(4)	(4)	1.3	0.8 - 1.8	2020	Drinking water disinfection
Haloacetic Acids (five)	ppb	NA	60	5.5	5 - 6	2020	Byproduct of drinking water disinfection
Total Trihalomethanes	ppb	NA	80	39	33 - 45	2020	Byproduct of drinking water disinfection
Additional Constituents (Unregulated)							
Sodium	ppm	NS	NS	76	76	2018	Unknown
Lead and Copper Monitoring							
Water Quality Constituent	Units	MCLG	Action Level	90 th Percentile of Sample Results	Number of Samples That Exceeded the Action Level	Sample Year	Typical Source of Detected Constituent
Copper	ppm	1.3	1.3	0.1	0	2019	Internal corrosion of household water plumbing systems; erosion of natural deposits; leaching from wood preservatives
Lead	ppb	0	15	ND	0	2019	Internal corrosion of household water plumbing systems; erosion of natural deposits

Public Notice

Your drinking water complies with the United States Environmental Protection Agency’s (“USEPA”) safe drinking water standard for arsenic, though it contains low levels of arsenic. USEPA’s safe drinking water standard balances the current understanding of arsenic’s possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Note: In addition to the constituents listed in this report, Arizona Water Company and ADEQ conducted monitoring for over 80 additional constituents and the results show none of those constituents were detected in the water. Data presented are from the most recent testing done in accordance with applicable regulations. Some constituents are monitored less frequently than once a year because either their concentrations do not change frequently or they are not likely to be detected. Therefore, some of the water quality testing data contained herein, although representative, may be more than one year old. If you have questions about this water quality report, please contact Regina Lynde, Environmental Compliance Manager, Arizona Water Company, P. O. Box 29006, Phoenix, Arizona 85038-9006; telephone (602) 240-6860 or email mail@azwater.com.

In 2003, ADEQ completed a Source Water Assessment of the water sources used by Arizona Water Company’s Superior water system. ADEQ reviewed the adjacent land uses that may pose a potential risk to the water sources. The result of the Assessment was a low risk to the water sources.

The complete Assessment is available for inspection at ADEQ, 1110 West Washington Street, Phoenix, Arizona 85007, between the hours of 8:00 a.m. and 5:00 p.m. Electronic copies are available from ADEQ at recordscenter@azdeq.gov. For more information, visit ADEQ’s Source Water Assessment and Protection Unit website at: www.azdeq.gov/node/735.

The USEPA and ADEQ require Arizona Water Company to provide the following information:

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some constituents. The presence of constituents does not necessarily indicate that water poses a health risk. More information about constituents and potential health effects can be obtained by calling the USEPA’s Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to constituents in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. USEPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial constituents are available from the Safe Drinking Water Hotline (800-426-4791).

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radiological material, and can pick up substances resulting from the presence of animals or from human activity.

Constituents that may be present in source water include:

- Microbials, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife
- Inorganics, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses
- Organics, including synthetic and volatile organic chemicals, which are byproducts of industrial processes and petroleum production. They can also come from gas stations, urban stormwater runoff, and septic systems.
- Radiological material, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, USEPA prescribes regulations which limit the amount of certain constituents in water provided by public water systems. FDA regulations establish limits for constituents in bottled water which must provide the same protection for public health.

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Arizona Water Company is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the USEPA’s Safe Drinking Water Hotline or at <http://www.epa.gov/lead>.

DEFINITIONS, ABBREVIATIONS, AND UNIT DESCRIPTIONS:

- Action = The concentration of a constituent which, if exceeded, triggers treatment or other requirements which a water system must follow.
- Level = United States Centers for Disease Control and Prevention
- CDC = United States Food and Drug Administration
- FDA = Maximum Contaminant Level, the highest level of a constituent that is allowed in drinking water. MCLs are set as close to the MCLGs using the best available treatment technology as is economically and technologically feasible.
- MCL = Maximum Contaminant Level Goal, the level of a constituent in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- MCLG = Maximum Residual Disinfection Level, the highest level of a drinking water disinfectant that is allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
- MRDL = Maximum Residual Disinfection Level Goal, the level of a drinking water disinfectant in drinking water below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial constituents.
- MRDLG = None adopted
- NA = None detected
- ND = No standard
- NS = Picocuries per liter
- pCi/L = Parts per billion, or micrograms per liter (µg/L)
- ppb = Parts per million, or milligrams per liter (mg/L)
- ppm = Public Water Supply Identification
- PWSID =

U.S. EPA Offers Free Job Training to Residents

Would you like to earn certifications? Are you interested in environmental work?

The U.S. Environmental Protection Agency is offering a program to train local residents for environmental jobs in the area. This program will provide participants with multiple certifications and prepare them for careers in environmental cleanup work.

Participants will be trained in:

1. Hazardous Waste Operations and Emergency Response (40-hr HAZWOPER)
2. CPR/First Aid
3. OSHA 10-hr Construction Outreach
4. Fall Protection and Confined Space
5. Trench and Excavation Safety
6. Work Zone Flagging
7. Asbestos Worker Training
8. Lead Worker Training

To be considered for the program, you MUST attend ONE of the 90-min. information sessions held at:

Information Session Location	Dates	Times
824 Thorne Ave. Winkelman, AZ 85192	Tues, June 15 Wed., June 23	10 am, 1 pm or 5:30 pm 10 am, 1 pm or 3:30 pm
Town Hall Building 199 N. Lobb Ave. Superior, AZ 85173	Wed., June 16 Tues., June 22	10 am, 1 pm or 5:30 pm 10 am, 1 pm or 3:30 pm

Program Requirements

- 18 years or older.
- Unemployed or looking for work.
- Eligible for employment in the U.S.
- Willing to participate in a 3-week unpaid training program in July 2021.
- Physically able to lift up to 50 pounds.
- Willing to work outdoors in all weather conditions.
- Able to pass a drug test and background check.

Entry into SuperJTI is on a competitive basis. Job placement is not guaranteed after completion of the training program.

**TO REGISTER, CALL: (520) 222-7718
OR VISIT <https://superfund-job-training.eventbrite.com>**
