SFD responds to early morning structure fire

On Tuesday, July 3, at about 3:20 a.m., the Superior Fire Department responded to a house fire near Edna St. and Martin St. The department arrived to a fully engulfed structure fire. The flames could be seen across town. It was determined that the structure fire was an abandoned home.

The on duty crew immediately responded from the station as well as reserve firefighters responding from home. Firefighters arrived to find the abandoned house fully engulfed with roof collapse and large embers flying up into the air starting spot fires in the surrounding brush.

An aggressive fire attack was administered to contain the fire to the house which was effective and eventually put the flames out. Per mutual aid protocol, Queen Valley Fire and Superstition Fire each sent an engine with personnel to rotate with SFD during the firefighting efforts. AMR ambulance graciously provided EMS support. Superior PD helped with scene security and is assisting SFD in the investigation, deemed as suspicious.

Rebuild Superior hosts meeting to discuss ideas to memorialize mining heritage and smelter

Earlier this year, Resolution Copper announced that the company will need to tear down the smelter and smoke stack buildings in order to complete their environmental clean up which is required to be done by 2020, under orders from the Arizona Department of Environmental Quality. The announcement has brought upon discussions between the Town of Superior and Resolution Copper on how to best memorialize and honor these buildings along with the mining history of Superior.

Rebuild Superior Inc. and the

Community Working Group have been tasked by the Town and Resolution Copper to conduct outreach to gather ideas on what the community would like to see be done to honor the mining history while also preparing for the future.

Rebuild Superior hosted the first community meeting last week at the Superior Junior Senior High School. To kick off the presentation and discussion, local musician Steve Holmquist performed a song, he created to honor the smelter, Miners and their families. The song set the tone for a discussion on

ideas people shared.

Some of the ideas shared were:

- Reactivation of the Magma Arizona Rail Line with new train Depot that could be a welcoming center for tourists using the train. The rail line would accommodate both a tourist rail line and industry needs. It was also emphasized that the reactivation of the rail line could bring additional jobs to the area and be an added value for other local companies like Omya and Imerys Perlite.
- Ask Resolution Copper to donate the old Magma Hospital back to the community and put a museum in the old hospital which is now the offices for Resolution Copper (also referred to as the Verde Building).
- Develop a memorial to honor the miners who have lost their lives working in the mine.
- Commission art pieces and more songs that will help to honor the history of the Smelter, mining history and the community.
- Build a 300 foot cell phone tower which

would replicate the smoke

stack portion of the smelter. This could generate revenue for the mine as they would sell the cell tower space to the cell companies.

- Use hologram technologies to project the image of the smelter into the night sky.
- Re-construct the buildings being torn down in a smaller scale in an area people could access them. One idea that expanded on this idea was to either rebuild these to scale and develop a museum in them and or renovate the Harding School to become a mine and history museum. The Harding School would also have access to the US 60 Park where the history trail and caboose currently is set at.

The great competitions of the Prickly Pear Festival

This year's World's Best Prickly Pear Festival hosted by the Superior Chamber of Commerce is about to get even better as two competitions will be added to the event which is scheduled for Saturday, August 18th in Superior, Arizona at the Superior Town Hall.

Returning to the festival is the 2nd Copper Communities Food Hub Prickly Pear Cook-off. The cook-off features two categories, one for baked goods and desserts along with an appetizers and main dish category. Contestants must include prickly pear as an ingredient in the recipe. The contestants will be competing for cash prizes in both categories. The

event is hosted in conjunction with the Copper Corridor Economic Development Coalition and the Southern Gila County Economic Development Corporation. The competition will be held inside the Superior Senior Center from 10:30 a.m. to 1 p.m. You can sign up online and learn more about the requirements online: <http://bit.ly/PricklyPearCookoff>

The new addition to the Prickly Pear Festival is the Prickly Pear Drink Shake-off. Show off your bartending skills in the Cactus Lounge; the main rule of this competition is the drink must have Prickly Pear juice as an ingredient. Only nine competitors will be allowed to enter and

the final three will shake off in the final heat at 4 p.m. in the Cactus Lounge. You can learn more about the event and the rules online at: <http://bit.ly/PPShakeOff>

This entire event is dedicated to the bountiful wonders of the Sonoran Desert while celebrating the beloved Prickly Pear cactus. You can learn how to forage for the sweet fruit, enjoy a pancake breakfast, drop into an educational lecture, visit the art show, purchase unique food, gifts and crafts at the vendor showcase or enjoy lively entertainment from folkloric dancers, mariachis, local musicians and the Prickly Pear pageant.

To learn more about the event visit the

Superior Chamber of Commerce website at: <http://bit.ly/2018PricklyPearFest> or you may call the Chamber at 520-689-0200. There are still a few vendor spaces available.

REBUILD SUPERIOR

Continued from page 4

requested that any museum being built also include exhibits and spaces that showcase the mining innovations that will be used in the Resolution Copper project and also allow for higher education courses to be hosted at the facility along with spaces for larger lectures, music and theatre performances.

There was also a discussion about the locomotive that is still housed onsite. Everyone in the audience agreed that the locomotive should stay in Superior either

on Main Street near the entry to the mine/potential place for train station or put on display at the US 60 Park.

Mayor Mila Besich-Lira explained to the audience that the Town and Resolution are working on a few plans to complete some major renovations to the US 60 Park before the smokestack is torn down. Those plans include completion and interpretation of the History Trail and construction of a new mining themed play structure at the US 60 park. She also

shared that the Town has commissioned a Parks and Recreation Capital Improvements Plan, that will help the town to determine long term priorities for Town Parks and Recreation development.

Once community participation is completed, the Town and Resolution Copper will be determining at least three of the projects to conduct a feasibility study on. While the MOU (Memorandum of Understanding) outlines that the Town and Resolution Copper will discuss

the projects and develop feasibility and sustainability studies, the MOU does not indicate that Resolution Copper will pay to implement the ideas that are studied at this time.

The Town of Superior and Resolution Copper both welcome additional ideas on how best to honor and preserve the mining history. You can submit your ideas by contacting Jim Schenck at Rebuild Superior Inc. 520-689-0200 or rebuildsuperior@outlook.com.

Fantastic Fourth of July in Superior

The Superior Youth Council organized the annual Fourth of July Festivities in Superior. The day consisted of free swimming and lots of free goodies like hot dogs, snow cones, cotton candy, watermelon and jumping castles. The Superior High School Volleyball team hosted a corn hole and horseshoe tournament and Fiesta Queen Candidate Lauren Lopez hosted a hamburger fundraiser.

The Superior Optimist Club, Red Bear Outfitters and Veterans of Foreign Wars organizations also lent a hand to help host some of the events of the day along with many local businesses who contributed funds for the event.

The Superior Fire Department set the skies ablaze with the Town of Superior sponsored fireworks show. Many shows in the region had been cancelled due to the extreme fire danger. The Superior show, though, went on without a problem due to the ongoing support of Resolution Copper, who allowed the town to shoot the fireworks from the tailings site.

The Glory of God

Matthew 18:4 tells us, "Whoever humbles himself like this little child is greatest in the kingdom of heaven." Being humble is seen in many areas as a desired quality of life. It is the position of not thinking more highly of yourself than you should.

True humbleness considers others first and sees to their needs before your own. It

requires a gentle and sincere spirit.

Jesus always looked to the needs of others; He taught His disciples to be servants. That is why it feels so good when we are helping others who are less fortunate.

1 Corinthians 10:31, "whatever you do, do it all to the glory of God." When we reach out, we are truly a blessing, an example of God's love to mankind.
