LETTER TO THE EDITOR

Jones responds after being removed from ballot

I tried to run for the position of Pinal County Supervisor. I turned in 71 signatures to the county elections department and asked the person that received these signatures if all forms were in compliance. The person at the election office stated to me and an associate that all forms were good to go and I would be placed on the 2016 ballot. This is why I am not on the ballot: A circulator for me put his box number instead of a physical address. All 18 signatures were rejected because of this. The only way these people will be able to vote for me is to write my name on the primary ballot. Three persons related to Rios filled out a form to have

their names taken off my signature list. It seems Nepotism is alive and well to his way of thinking.

Here are some of the reasons I wanted to be placed on the ballot. It was not because I needed another job. I have been Mayor in two different towns and States after my early retirement. I am now the Mayor, PWD, and town Manager for the Town of Mammoth. I have turned the town around with proper management, cutbacks, and with increased taxation and utility rates. The town now has \$225,000.00 in the general fund with a reserve of over \$25,000.00. All bills both current and past due are paid and a contract to repay

HURF funding that was misused by the past council persons is now in place. This was done in approximately 12 months by me with the help of trained professionals. I performed these positions voluntarily with no wages.

The town of Mammoth was two months away from going broke. I asked Rios for help with the police issues we were having at the time. All Rios did was fight against me for police services. I suppose ignorant to the fact that if the town went broke the county would have to pay for all services. Thanks to Sheriff Paul Babeu we were able to keep our police force intact with absolutely no help from Rios. Also, Sheriff Babeu has helped the four towns of Mammoth, Kearny, Hayden, and Winkleman with a police chief while a permanent replacement is found. Again, there was absolutely no help from Rios. I felt that his inability to help our town was my main reason to run for the supervisor seat. I knew I could do a better job. To my way of thinking anyone listing garbage

removal in his resume hasn't accomplished much.

Food safety during power outages

FLORENCE – Extreme weather conditions such as we have experienced recently with our summer monsoons can have unforeseen effects.

The Pinal County Public Health Services District, Environmental Health Services Division would like to help everyone to be aware of the proper food safety precautions to take to safely handle food in the event of a power outage.

If the power goes out, follow these basic tips to keep food safe:

1. Keep the refrigerator and freezer doors closed as much as possible to maintain the cold temperature.

• The refrigerator will keep food cold for about 4 hours if it is unopened.

• A full freezer will keep the temperature for approximately 48 hours (24 hours if it is half full) if the door remains closed.

2. Buy dry or block ice to keep the refrigerator as cold as possible if the power is going to be out for a prolonged period of time. Fifty pounds of dry ice should keep an 18 cubic foot, fully stocked freezer cold for two days.

3. If you plan to eat refrigerated or frozen meat, poultry, fish, or eggs while they are still at safe temperatures, it is important that each item is thoroughly cooked to a safe minimum internal temperature to ensure that any food-borne bacteria that may be present are destroyed. However, if at any point the food was above 40° F for 2 hours or more

(or 1 hour if temperatures are above 90° F) - discard it.

Once the power is restored, determine the safety of your food:

1. If an appliance thermometer was kept in the freezer, check the temperature when the power comes back on. If the freezer thermometer reads 40° F or below, the food is safe and may be refrozen.

2. If a thermometer has not been kept in the freezer, check each package of food to determine its safety. You can't rely on appearance or odor. If the food still contains ice crystals or is 40° F or below, it is safe to refreeze or cook.

3. Refrigerated food should be safe as long as the power was out for no more than 4 hours and the refrigerator door was kept shut. Discard any perishable food (such as meat, poultry, fish, eggs, or leftovers) that has been at temperatures above 40° F for 2 hours or more (or 1 hour if temperatures are above 90° F).

The Pinal County Public Health Services District has a goal to prevent disease, promote health, and provide nutrition services to the residents of Pinal County. The Environmental Health Services Division conducts inspections of permitted facilities, monitors the community for disease vectors, and investigates public health nuisance complaints. If you would like more information on our programs, or to file a complaint, please visit our webpage at <http://pinalcountyaz.gov/ehs> or call 866-287-0209.

Truth in Taxation Hearing Notice of Tax Increase

In compliance with A.R.S. §42-17107, the Town of Mammoth, Arizona, is notifying its property taxpayers of the Town of Mammoth's intention to raise primary property taxes over last year's level. The Town is proposing an increase of primary property taxes of \$22,997 or 41.29%.

For example, this proposed tax increase will cause the Town of Mammoth's total primary property taxes on a \$100,000 home to increase from \$258.22 to \$354.83 or \$106.61 a year.

This proposed increase is exclusive of increased primary property taxes received from new construction. The increase is also exclusive of any changes that may occur from property tax levies for voter-approved bonded indebtedness or budget and tax overrides.

All interested citizens are invited to attend the public hearing on the tax increase that is scheduled to be held on Thursday July 21, 2016, at or after 6 p.m. at the Mammoth Town Hall at 125 North Clark St., Mammoth, Arizona.

Tips for Back-to-School Reading and Beyond

(StatePoint) As summer comes to a close, it can be hard for both kids and adults to get back into an academic mindset. Whether you're a parent that's dreading the start of the school rush or struggling to help your children rediscover reading success, the trick is to plan ahead.

"Identify strategies and approaches to stay organized to help ease your child seamlessly back into a reading and learning mindset," says Christine Willig, President of McGraw-Hill Education's School Group. "Savvy parents use the week or two before school begins to give kids a jumpstart on refreshing their reading skills, and help prepare them for the school year ahead."

Willig offers parents the following tips to ease kids back into a reading and learning mindset:

- **Make it entertaining:** Reading should be fun. Let kids pick their own material to ensure the subjects engage them and help them develop a love of reading.
- **Play games:** Reading board games can be very useful in helping kids build their

spelling, vocabulary and comprehension skills. Games can reinforce skills in ways that are fun and memorable, so concepts truly stick.

- **Take advantage of free library programs:** Many community libraries offer special programs for kids, particularly in the summer or weeks leading up to school. Beat the heat and take advantage of these opportunities whenever possible.

- **Incorporate technology:** There's no denying it, children today are comfortable using all forms of technology, whether computers, tablets or smartphones. Getting kids to enjoy reading and to do it more often could be as simple as presenting it in a preferred medium. Many great books for kids of all ages are available digitally and provide interactive experiences that bring reading to life.

For example, Fusion Reading, a mobile learning app from McGraw-Hill Education, is a comprehensive, research-based reading intervention program for students in grades 6-12. It features interactive

lessons and games to make reading fun, so struggling students can quickly become fluent, competent, and confident readers. To learn more about how educational games like Fusion Reading are helping kids get a jumpstart on literacy, or to buy the \$0.99 mobile app visit bit.ly/FusionReading.

- **Build on schoolwork:** These tips can also be used when your child is back in school. For example, parents should stay involved with their children's schoolwork to help

them build on progress made throughout the school year. Many classrooms are improving the way reading is taught in order to make it fun, modern and interactive, while ensuring students meet state and national standards.

To help improve grades across the board, make reading a priority in your home. For greater success this school year and beyond, find opportunities to read that are fun, stress-free and engaging.

JONES RESPONSE

Continued from page 4

My resume includes 45+ years of business ownership, commercial offshore captain, enrolled member Standing Rock Sioux Tribe, rancher and Viet Nam Veteran. As a retired boat builder with 50 employees I felt more than qualified to run for the position of county supervisor. My resume is why the Town of Mammoth is back on track.

I ask Mr. Rios how many of the listed issues he claims were brought to the table by him and not the Board of Supervisors he is a member of. I called the county and talked to a person about recycling in the town of Mammoth. I talked to a person that stated there was some funding available for that purpose. We made arrangements and a large container was dropped that week. Mr. Rios' name was never mentioned but two weeks later he stated in an article that he had arranged all of the recycling for the town. Right!

I also ask Mr. Rios what you are doing for increased revenue for small towns along the copper corridor. What are you doing to insure treaty rights are not broken for

tribes in the county? What are you doing to bring economic development to the county and the small towns? What help are you to the miners in this area. By voting yes to add a \$10K cap to the RTA proposal is not the way to bring economic development to businesses it just puts a load on the dealers and persons purchasing large ticket items in the county and will go to another county where taxes are lower. I feel there is more to the position of supervisor than cutting a ribbon at a new Circle K.

I feel bad for the persons that signed my petition and are not able to vote for a candidate of their choice. If a person does a good job as a Pinal County Supervisor then the votes should come his way. If a person does a poor job and just attends meetings then he would try at all costs to get a more qualified person off the ballot to run unopposed. To the people that are in my support and feel Mr. Rios does a poor job the only option is to write in DON JONES on the primary ballot.

Sincerely,
/s/ Don Jones

I have missed you so much these past couple of weeks. A day before you left to be with our Lord we talked on the phone as usual, not knowing it would be our last time. We always ended our conversations with a curiosity of tomorrow and an "I love you". That tomorrow brought you eternal peace, but pain for me. Knowing that you are in a better place free from pain brings me solace and comfort.

You had a heart of gold and were my truest friend. You will always be in my heart. Rest in Peace.
Your Friend,
Lupe Sanchez

Sea Lions win home swim meet

The Sea Lions Swim Team hosted the Parkside Piranhas in the final dual meet of the season at the Mammoth Pool. Great swimming and home pool advantage helped the Sea Lions win the meet with 1,017 points while the Piranhas finished with 452 points. This win marks the 10th consecutive year that the Sea Lions have finished the Central Arizona Swimming League Dual Meet Season without a loss.

After a very close meet between the two teams in early June, another close meet was anticipated. While home pool advantage is hard to gauge, the Sea Lions had better turnout and the team depth was a big factor in the final score. Both teams looked sharp late in the season as swimmers from both teams achieved best times in a majority of the events.

Eight Sea Lions swam all the events in their age group and achieved best times in every event. Jocelyn Hudson (6), Malik Blackwell (7), Juliana Ramirez (9), Briana Castellanos (11), Robert Sanz-Anton (11), Andres Valenzuela (14), and Bonnie Bridges (15) all achieved personal best times in every event.

Five swimmers entered the maximum

number of events and won them all. Anya Zovko (8), Cooper Dale (8), Mason Stewart (10), Evan Apuron (13), and Darien Apuron (15) each won all eight events contested in their age group at the meet.

The following swimmers had first place finishes on Saturday:

Annie Nemans, 5, (Fly, Free);

Five year old Simon Fletcher competed in his first swim meet as a Sea Lion. Simon swam the 25 yard Backstroke and the 25 yard Freestyle, winning both events in the 6 and Under Boys division and earning first place ribbons.

Seven year old Malik Blackwell was named Beast of the Week. As a first year swimmer, Malik has made dramatic improvements during the season. In less than a month he has learned to swim all four competitive strokes. At the meet on Saturday he swam his first Individual Medley (IM). In this 100 yard race each stroke is performed in the following order Butterfly, Backstroke, Breaststroke, and Freestyle. It is a long grueling race for a seven year old. Add to this the fact that after completing his first IM, Malik went on to swim five more individual events (including the 50 Freestyle) achieving personal best times in each. Additionally, he was a member of both the winning 7-8 Boys Medley Relay and Freestyle Relay.

The Sea Lions will attend the Central Arizona Swimming League Relay Meet in Parkside on July 16th at the Anthem Merrill Ranch Pool (Florence). The League Championship Meet is less

than two weeks away and will be held at the Florence Aquatic Center on July 23, when the Sea Lions have hopes of winning their 10th consecutive League Championship.

There is still time to join the team - contact Alex or Wendy Gort at 896-2190 or stop by the Mammoth Pool between 4 and 6 p.m. (Monday-Friday) for more information.
