OBITUARIES

Monica Hudson

Emily Collins and Brooklyn Walker; son, Jameson

Monica Hudson, 33, passed away from an infection on July 1, 2020 at Oro Valley Hospital.

She is survived by her grandmother, MaryLou Hudson; grandfather, Ysidro Verdugo; parents, Larry and Mary Hudson; brothers, Gabriel (Ana) and David (JaNet) Hudson; sister, Jennifer (Scott) Orso; daughters,

Hudson; as well as multiple aunts, uncles, nieces and nephews.

Monica earned her General Education Diploma and was employed as a housekeeper for Wyndham Resorts and was a Home Healthcare Provider. She was always very family-oriented, loved her children and would try to make every family get-together. She loved family social events, cooking and baking, especially cheesecake.

Services for Monica are pending, as the family would like all to be able to attend.

Frank Mendoza Florez

Frank Mendoza Florez, age 92, entered eternal peace on July 8, 2020 with his family by his side and is now reunited with his beloved wife, Mary Martinez Florez, his parents Juan and Paz, his brothers Carlos, Ramiro, Juan Bautista, and his sister Leonor Martan. He is survived by his two sisters, Delia Buczek (Carl) and Olga Erickson; his six children, Jacque Florez-Ball (Todd), Frank (Cindy), Gene (Christine), David (Betty), Gail Ybarra (Albert) and Diane Dona (Jack); 15 grandchildren and 30 great-grandchildren.

A native Arizonan, Frank was born and raised in Hayden, AZ. His athletic skills, intelligence and determination served him well. He served in the U.S. Navy from 1946 to 1948. While on active duty, he earned his Golden Gloves by winning the heavyweight boxing title in 1948. He admired and respected all servicemen and took pride in being a veteran. After the Navy, he attended the University of Arizona College of Mines and graduated in

1954 with a B.S. degree in mining engineering. He was hired by Magma Copper Co. in Superior, AZ where he and his wife, Mary, raised their family. He earned the respect of his peers and worked his way up the ranks to General Manager. His imposing size and strong voice earned him the nickname "El Oso" (the bear). He retired after 40 years in the mining industry. He was well respected in the industry and the community of Superior.

Frank was also known for his quick wit and dry sense of humor that would make anyone chuckle. He enjoyed spending time with his family and friends and instilling family traditions. He had a specialty of preparing barbacoa and cooking it underground with mesquite coals and provided his culinary skills for the Los Reyes Social Club and the annual Little League BBQ. He would also make his mother's "cocido" soup recipe every Sunday for all of us to eat, even during the summer. He especially enjoyed the annual multi-family camping trip in the Apache White Mountains North Fork area. He was proud of all his children and grandchildren and always encouraged us to do our best, continue our education and to pass on family traditions.

Due to COVID-19 restrictions, a celebration of his life will be held when we are free to share our hugs and stories. The family appreciates all the phone calls, text messages, cards and Facebook comments.

OBITUARIES

Robert Louis Van Dielen Sr.

Robert Louis Van Dielen Sr., born on Jan. 23, 1933, in Wabash, Indiana, died July 9, 2020, at his home in Oracle following a short illness.

After high school, he had a good job working for a business making different kinds of containers. Just when things were going well and he was getting ready to get married, Uncle Sam called. Robert ended up spending two years in Korea where, for a major part of the time, he was lucky enough to be a radio man and did not have to participate very much in the actual war involvement (of which he was always thankful).

After returning home from Korea, he

went to work for a small water company in Wabash, IN that had holdings with the Arizona Water Company in Arizona. He moved with his wife, Wilma, and four small sons from Indiana to San Manuel in 1963 to work for the Arizona Water Company. A short time later he became the manager of the local Arizona Water Company, which included several small water companies in the area. He retired in the late 1990s.

Robert was very active in community service and loved the people in the Tri-Community. He was an active member of the Elks and participated in many of their programs. Bob was a member of the local Rotary Club. He was also a

longtime member of the San Manuel Fire Department, serving as Board President before he became too ill to serve. He organized the start of and obtained a building for the San Manuel Senior Citizens so they could enjoy lots of different activities within their own community. He served as president for 25 years and had great success in getting people involved in different activities.

Robert loved living in Arizona after the humid summers and cold snowy winters in Indiana. He hated the snow after living in foxholes in Korea during two winters, where he was never dry or warm. Bob and his family enjoyed camping, fishing

and general sightseeing in Arizona where they had many fond memories of family activities which included taking his grandchildren on his camping trips and teaching them to fish, camp, cook and learn to get along together.

There will be no memorial service as per his request. He will be interred in Wabash, Indiana.

Peter M. Guzman

Peter M. Guzman, 69, passed away Wednesday, July 1, 2020, in San Tan Valley following a hard fought battle with colon cancer.

Peter was preceded in death by his beloved parents, Pedro and Anita Guzman, and son, Paul Robert Guzman. He is survived by his wife of 48 years, Roberta. He is also survived by daughters, Jennifer (David) Elvira and Lisa Guzman; son, Preston Guzman; grandchildren, Paul Robert, Preston Daniel, Alexandria Renee, Julianna Sariah, and Alicia Marie; and great-granddaughter, Audrina Selene. Peter is also survived by his brothers, Ysidro, Jesse (Margie), and Aaron (Celestina).

Peter grew up in the Hayden-Winkelman

area and graduated from Hayden High School in 1969. He went on to earn his Bachelor's and Master's degrees from Northern Arizona University (NAU). Peter later earned his Administrator's Certificate and Principalship/Superintendency also from NAU.

To say Peter's passion for helping to facilitate proper education and motivation to the youth is an understatement. He knew children are the future. Peter was a man who wore many hats. Throughout his career that began at Hayden-Winkelman Schools in 1973, he was a teacher, coach, athletic director, curriculum director, and principal until 2001. During his time at Hayden, Peter was a long-time football and basketball coach. He loved motivating kids to always do better. To this day, he had friendships with many of his former players and students. In 2002, Peter was excited for the challenge of becoming the inaugural Cobre Valley Institute of Technology Superintendent. He remained in this position until his passing. Always ready to take on more, Peter was hired by the Superior Unified School District

in 2002. Peter was the elementary, junior high, and high school Principal and Superintendent during his tenure in Superior that ended in 2013.

He and Roberta raised their children in Winkelman and Kearny, Arizona. Peter was one-of-a-kind. He was one of the good guys. He loved his family to the fullest, and he let everyone know they were his priority. Beginning when his children were young, he involved them in sports and coached their teams. For many years, Peter and Roberta moved their family to Flagstaff for the summer months for Peter to pursue his higher education. He remained very involved in his children's education and was able to keep up with their activities since he was employed at the school. Once he became a Tata, he loved following his grandchildren's sporting events and made sure to drive in the importance of their education. He loved sitting on his bed having many conversations about history and politics. Peter's television was sure to be locked in on CNN or the Discovery Channel. He was an avid reader, runner, and even after his

diagnosis, Peter still managed to take his miles-long walks.

Peter was a humble and selfless man. Those who knew and loved him, will miss him dearly. A few of his earned accolades are: Arizona School Boards Association Superintendent of the Year, All-Arizona Superintendent Award, All-Arizona Hispanic Coach of the Year, Arizona Coaches Association All-Star Coach for Basketball and Football (Head Football Coach, 1992), Arizona Coaches Association Coach of the Year, and a member of the Hispanic National Task Force selected by then-U.S. Senator Dennis DeConcini to represent Arizona.

A viewing/rosary will be held on July 16, 2020 from 4-7 p.m. at the Queen of Heaven Catholic Cemetery and Funeral Home, 1562 E. Baseline Rd., Mesa, AZ 85204. The rosary and eulogy will begin at 6 p.m. The funeral services will be live-streamed online at Queen of Heaven's website: <https://www.qohcfh.org/obituaries/obituary-listings>. LETTER TO THE EDITOR

Where Did All the Businesses Go?

As I was driving a visitor through town a few days ago they remarked to me, "Why do you have so many empty shops and buildings? Where did they come from?" I had to stop and think for a moment ... Where did they go and why did they leave ?

We had one liquor store, all three utility had offices here, one bank, one credit union, two grocery stores, two clothing stores, one jewelry store, one Western Auto, one Big A auto parts, one Ford Auto, two insurance companies, one variety store, one DVD store, two gas stations, two beauty shops, one Sears catalogue store, one Radio Shack, two bars, one outdoors store, one drug store, one flower shop, one furniture store, two cafes, one pizza parlor, one drive in theater, one indoor theater and a thrift store .

At a later date we got one Italian restaurant, one Subway-Giant store, one Pizza Hut, one Tasty Freeze and two Fast Stops. The Tasty Freeze, both Fast Stops , one gas station, and the Pizza Hut sites are being repurposed. The pizza parlor repurposed an existing home and one Mexican restaurant built its own building as did Dollar General and the drive in restaurant, with Family Dollar repurposing an existing site as did the barber shop.

That is a total of 36 businesses that have left our community and have never come back. I am sure you are all familiar with the saying "If you don't use it, you will lose

it ". Well that is exactly what happened to the 36 businesses we lost. Our residents chose to exercise their freedom of choice and drive to Tucson to shop. They didn't USE their local businesses and now they are gone.

The prices locally were a bit higher but considering our isolated location they were well within reason, especially when you start taking in to consideration what it costs to drive to Tucson. There is wear and tear on your vehicle, tires, gas and insurance, to say nothing about the frustration with other drivers and eating at least one meal out. And if you involve your family, even McDonalds can become quite pricy. If you don't take your family you are going to hire a babysitter.

Because we didn't support our local merchants then, we have lost our freedom of choice and now whenever we need to do any major shopping we are forced to make that trip to Catalina or Tucson.

The merchants we patronize here put money that we spend with them back into our community, and thereby enrich us. The money we spend with the merchants in Catalina and Tucson only go to enrich their respective communities. When we support our local businesses they are happy to return that support when schools, local organizations and various groups ask for it.

Thank you.

/s/ **Marie Roybal**

O'Halleran hosts town hall – K-12 education and COVID-19

By Jennifer Carnes
Copper Area News

On Monday night, Representative Tom O'Halleran and Joe Thomas, president of the Arizona Education Association, hosted a telephonic town hall to discuss COVID-19 and what it means for K-12 education.

He opened the Town Hall with comments about current legislation, CARES Act funding and the new HEROES Act that members of the House have approved and now awaits Senate approval.

Thomas also spoke about his background, growing up in rural Oklahoma in towns much like those in the Copper Corridor.

Both men spoke on the loss of Hayden-Winkelman teacher Kim Byrd, expressing their condolences to the family and to her students.

Mrs. Byrd's death from complications of COVID-19 and the revelation that she shared a classroom this summer with two other teachers, who also contracted COVID-19, while teaching online summer school has garnered national attention. On Monday, according to the *Arizona Republic*, President Donald Trump was asked during a news conference about Mrs. Byrd's death and how he would respond to parents who are worried about sending children back to school. His response was to say that the schools need to be opened. He did not speak about Mrs. Byrd. Currently, Arizona schools will be going back on Aug. 17, per Arizona Governor Doug Ducey's Executive Order.

Following the opening remarks by O'Halleran and Thomas, the phone lines were opened up for questions from those attending the teleconference.

David, a school board member from an elementary school district was concerned about obtaining proper PPE for teachers and funding for school districts.

Kathleen, a parent from Winkelman, expressed her concern about the lack of technology for rural schools. Students are being left behind, she said.

Beatrice, who is the mother of a third grader, was concerned about sending her son back to school. What measures are the schools taking, she asked. There is only

one teacher for a whole bunch of kids but no teacher's aides.

"They need more workers in the schools," she said.

Thomas agreed.

"We absolutely need more teachers," he said. Arizona, he added, has the highest student to teacher ratio in the country.

Parents demand better and kids should have a quality educational experience, he said.

Rep. O'Halleran said that looking at business and industry response to COVID-19 shows that they had to hire more people to allow for social distancing, checking temperatures, etc.

Schools, he said, had to set the same protocols as businesses and industry.

"We will overcome this," he added, "through the strength of the American people."

Superior Mayor Mila Besich also attended the town hall meeting. She expressed her concern that in the ongoing rush to open schools, rural school districts were being left behind.

Rep. O'Halleran thanked Mila for being on the frontline of rural communities. He spoke about the HEROES Act, which he was urging the Senate to approve. Provisions in the bill would provide more funding to rural communities in this time of COVID-19, especially for broadband services to aid districts with distance learning.

"It can't be done on the cheap," he said.

Thomas said that the government needs to make sure that all the schools are included.

The final question for the meeting came from a teacher, Suzanne, who wanted to know what happens if a teacher tests positive for COVID-19.

Her fellow teachers, she explained, are "very nervous about returning to the classroom."

Social distancing is hard. Masks aren't required. Temperatures won't be taken and even if they are, she said, a lot of parents have no qualms about giving the child a Tylenol and sending them to school.

"Will teachers have protection (for their income) if they become sick?" she asked.

Unequivocally, O'Halleran stated, "Teachers are essential workers." Congress is working on a bill to officially give that status to teachers and childcare workers. As such, they will have protections in the form of unemployment payments in the likelihood that they become ill.

Thomas said that the Arizona Education Association has several advisories on their website (ArizonaEA.org/coronavirus) that addresses these concerns for teachers, including extra time off for being sick, and information about the CARES and HEROES Acts.

To contact Rep. O'Halleran, visit his website at OHalleran.House.gov. From there you can email the Congressman, obtain a mailing address or phone number to one of his offices.

Pinal Rural Fire/Medical District receives donation from Amazon

On July 7, the Pinal Rural Fire/Medical District received a donation of more than 190 boxes of personal care and residential maintenance products from the Amazon Distribution Center in Tucson, items such as laundry soap, car care products, men's and women's toiletries, toys, diapers and other infant care items.

This donation was received in partnership with Safety Fuego's First Responders WISH LIST Foundation. First Responders WISH LIST Foundation is a non-profit corporation that supports small rural and volunteer departments to obtain surplus equipment from large public safety departments and fulfills the WISH LIST request from the smaller communities through the non-profit program. These communities are located throughout southern Arizona and northern Mexico.

The Pinal Rural Fire/Medical District repacked boxes of the donated items and shared them with surrounding Volunteer Fire Departments located in Oracle, San Manuel, Kearny, Hayden and Winkelman.

"These are high quality products that will help many families in need in Pinal County. I am very thankful for the help and donations that both Amazon and Safety Fuego have provided for the residents of Pinal County. It is uplifting to hear some good news and be able to share with the community in new ways," said Bobby Apodaca, Fire Chief of Pinal Rural Fire District.

COVID-19 Positive Case Weekly Report

Copper Area News is committed to providing our readers with as much information as possible. We post a daily update on our Facebook page with the total positive COVID-19 Data. This graph shows the positive cases as of press time on July 14, 2020.

There are a few points we would like our readers to consider when following this data.

1. This will continue to be a rolling total of positive cases. It does not reflect recoveries or deaths. The Arizona Department of Health Services does not break out this data.
2. If you see a reduction in numbers from day to day it is most likely due to a data entry error or mis-coding of a zip code (at the state level).
3. This is all zip code based data; most of our zip codes include unincorporated areas. There is no way to track exactly which areas each of the positive cases are. Example, Kearny and Winkelman each have small communities in their zip code that are not in the Town's incorporated boundaries.
4. If you live in Gila County, please follow the Gila County Health and Emergency Management, Facebook. They have maintained their data on recoveries and current positive cases.
5. You can follow other data such as ICU bed use, Ventilator use and hospital capacity online: <https://bit.ly/3inh280>

Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6 feet apart or more), practice good hygiene (wash your hands frequently, sanitize high touch areas) and stay home if you are not feeling well.

New Principal at MSMPK12 School Introduced

I wanted to take a moment to introduce myself and to let you know what a distinct honor and privilege it is to have been selected as the new Principal at Mammoth-San Manuel PK-12 School. I am looking forward to serving the Tri-Community which prides itself on family, tradition and supporting the educational development of the children within the community.

I have been an educator for 28 years and have served in various capacities all of which have helped me to build a foundation for my new role within the Mammoth-San Manuel Unified School District. From an educational standpoint, I earned my Bachelor's Degree from Arizona State University in Education and minored in Athletic Training. I then earned my Master's Degree from Ohio University in Health and Sports Sciences and spent the next 15 years building my career as a teacher and an athletic trainer throughout Maine and Arizona. In 2017, I earned my Doctorate in Educational Leadership from Northern Arizona University.

As a teacher, I have taught classes at the middle and high school levels in the subject areas of P.E., Health and Sports Medicine. As an athletic trainer, most of my career has been at the high school level. As an administrator, I have served as an elementary principal, an assistant principal at both the elementary and high school levels and as a district CTE Director. Because of these experiences, I have been able to evolve into a leader who understands the continuum of a PK-12th

grade learning environment.

I am eager to build on the established framework of the school community to create an environment that sets high expectations for all students, fosters caring and supportive relationships between students and staff and provides opportunities for students to develop college and career readiness skills for a positive

postsecondary experience.

This is an achievable goal since the Mammoth-San Manuel PK-12 School has many classes, programs, athletic and extracurricular offerings to meet the individual needs and interests of the students.

My focus at this time is to get to know the students, staff and the families within the community. My door is open to you and I welcome your input and feedback on how we can partner to provide the best educational experience for your child. This partnership is especially important for the upcoming year since the traditional delivery of instruction may look a little different from years past.

With kind regards,

/s/ **Michelle Poppen Ed.D.**

AIA announces delayed start to fall sports season

By Andrew Luberda
Copper Area News

As the increasing number of COVID-19 cases makes Arizona one of the worst hot spots in the nation, the Arizona Interscholastic Association announced last Friday that the high school fall sports season will be delayed up to three weeks.

The AIA's preliminary plans to make modifications are in accordance with Governor Ducey's executive action to delay the start of in-person schooling until Aug. 17, which will serve as the start of the AIA fall season, at least for now.

In an email to media members, AIA Sports Information Coordinator Seth Polansky wrote, "plans are in place to finish all fall sports seasons on time and in full with modifications. Some of these ideas, among others, will be taken to the leadership of each conference," before adding "nothing is finalized yet."

According to the email, football in the 2A-6A conferences would play an 8-10 game schedule, commencing on Sept. 7, three weeks later than the original Aug. 21 start of the season. 1A football, which includes Copper Area schools Superior, Hayden, Ray, and San Manuel, "is currently looking at modifications, if necessary."

Golf and badminton would start Aug. 24 and Aug. 31, respectively. All other fall sports would begin the week of Sept. 7.

One idea being floated around social media to prevent a complete cancellation of the fall season, if necessary, is moving some fall sports, including football, to the spring.

That is not an option, according to AIA Executive Director David Hines.

"It doesn't make sense for us to look at that because there's a lot of other things going on that kids are involved in activities," Hines said in a Q&A video posted on YouTube. "Another piece of that is coaches; not all of our coaches are teaching at the schools. When they are hired to coach a sport, they're hired to coach a particular season. They [may not] be available at a different time during the season."

Hines estimated that he has been a part of 100 meetings since schools closed in mid-March, as plans have changed and changed again.

"This thing is moving at such a pace that every time you think you might have a plan a new day comes about, and we have to rethink the plans that we have," he said.

Superior Principal Billy Duarte is an AIA Committee member who has been involved in those meetings and can attest to the ever changing discussions taking place about moving forward amid the pandemic.

"Nothing is set in stone because of all the variables," Duarte told *Copper Area News*,

echoing Polansky's words in the email.

San Manuel Athletic Director Damon Lovato acknowledged the anxiety of the unknown among student-athletes, parents, coaches, and administrators, but believes the AIA has been as transparent as it can during these unprecedented times.

"The AIA has been very good at communicating with the schools throughout this whole process," he said. "They've been very clear about where we stand."

Some schools, mostly on the reservations, have already cancelled their entire fall sports seasons, causing other schools to scramble and find replacement games. The AIA will assist those schools in finding alternate games if the decision is to reschedule other opponents. Teams whose schedules are affected may simply play a reduced number of games. Nothing is off the table regarding scheduling as a result of the delay.

For those wondering about fan attendance whenever competition resumes on fields and courts, Hines addressed the subject in the YouTube video.

"That's a governor and CDC decision," he said. "Bottom line is Governor Ducey and our state has a planned approach, a phased approach to kind of coming back to some type of normalcy."

"Currently, we are in Phase I. Phase II allows groups of up to 50 then in Phase III it opens up where now you can have more people involved," he continued. "Those decisions will be based on the current numbers in Arizona, the current numbers going on around each county because our schools are really encouraged to pay attention to their county health departments across the state. That will

really dictate if we're going to be able to have some fans around."

Hines understands the importance of competition for student-athletes, including the mental aspect of it. Of course, the unfortunate experience of the absence of the spring championship season is still fresh in everybody's mind too. Still, the No. 1 priority remains the safety of the students.

"It is our intention that everything we can do to have the opportunity to participate and compete, we're going to be able to do that with the understanding that the governor sets the priorities of what we can and can't do," he explained.

There remains concern among some coaches about the difficulties of overcoming the challenges this pandemic presents in a return to playing.

"I am concerned," Superior football head coach Ryan Palmer said. "We can set any guidelines and precautions we want, but the reality is that it is hard to social distance in schools and in sports."

"My current understanding is that the more time that passes, the more knowledge and guidelines will be available. I hope our student-athletes, especially the seniors, get to play this season. They are dedicated and work hard. I know they want a chance to showcase their talents and abilities on the playing field."

It should be noted that any proposed modifications by the AIA for the fall season are contingent on students being schooled in-person sooner rather than later, which is a hotly debated topic the Copper Area is all too familiar with.

What if schools do not re-open?
"That takes us right out of the mix," Hines said.

Golden Goose now open

As fall approaches in these uncertain times, the Golden Goose Thrift Shop remains open to allow our customers access to high quality merchandise at a fraction of retail in a safe shopping environment!

"We have everything you need to help see you through these challenging times," said Stephanie Uridales, manager of the Golden Goose. "Each purchase allows us to help local children, seniors and families in need!"

The Golden Goose is a 501(C)(3) non-profit charitable organization dedicated for the past 17 years to the betterment of local communities. They are a green

business, dependent on a volunteer staff.

"We are striving to continue to serve our loyal donor and customer base in the safest ways possible. We ask that you visit our website at www.goldengooseaz.com for all COVID related updates. We also invite you to safely volunteer here at the Goose!" Stephanie added.

New volunteer orientation is the third Monday of every month at 3 p.m.

"If you are already a member of the Golden Goose family, we thank you! If you are not yet a member of the Golden Goose family, we invite you to join and we welcome you!" Stephanie said.

The First Postmasters of the Copper Corridor

In the more than two centuries since Benjamin Franklin was appointed the country's first Postmaster General in 1775, the United States Post Office has grown and changed with America. The Copper Corridor's history with the institution doesn't go that far back in history, but is linked with the history of the state of Arizona.

Copper Area News wanted to share some of that rich history, exploring the names of the first Postmasters of our region. Over the next several weeks, join us on a journey to meet those first civil servants and perhaps gains some Historical Perspective.

POST OFFICE TO CLOSE—Mrs. Pat DeLuca, who has been handling the mail at Tiger since last July when the postmaster, Mrs. May Roebuck, moved to Utah, indicates a notice to Tiger residents that the Tiger Post Office will be closed after Dec. 31. Mail formerly going to Tiger will go to San Manuel after the closing date unless residents give a change of address other than San Manuel.—(Miner Photo)

MAMMOTH & VICINITY

The Town of Mammoth post office was established on June 23, 1887. It was named for the Mammoth gold mine nearby. The Mammoth mine was originally discovered by Frank Schultz. Louis Ezekiels was named Postmaster. Ezekiels was part owner of the Mammoth mine and owned the company store.

Schultz would be the name of a camp in the hills above Mammoth. It was named for Frank Schultz. The Mohawk mine and Mammoth mine were located here. The post office was established on Nov. 5, 1894. Lizzie Schneider was the first Postmaster. It would be discontinued in 1902.

In 1939, the area known as Schultz and the old mines were developed as the Mammoth St. Anthony mine, leading to the town of Tiger with the post office established on April 20, 1939. Thomas Leo Chapman Jr. was the first Postmaster. Chapman was the manager of the company store at the Mammoth St. Anthony mine. His father, Thomas L. Chapman, was Superintendent of the mine. The area would later become part of the Magma mine operations and the post office would be discontinued in 1955. Mrs. Pat DeLuca was the last Postmaster. In 1954 Magma Copper Company ordered the residents of Tiger to abandon the town. By 1956 the town was completely abandoned. The Town of Tiger is now gone and the Magma/BHP open pit mine stands in its place.

Copper Creek's post office was established on Oct. 8, 1907. Belle E. Sibley was the first Postmaster. Belle's husband, Roy Sibley was the manager of the mine. Copper Creek is located in the Galiuro Mountains across the San Pedro River from Mammoth in the Bunker Hill mining district. Copper was produced by the mine and

later molybdenum. At one time as many as 500 people worked and lived in the area. The post office would be discontinued in 1942.

Sombrero Butte was a small mining settlement located about three and a half miles from Copper Creek at the base of a mountain shaped like a Mexican hat. The post office was established March 28, 1919. Mrs. Clara Johnson was the Postmaster.

ASARCO resists, won't terminate new permanent hires

Last week, *Copper Area News* reported that the United Steel Workers closed the picket lines and that the striking

Want to make a difference? Volunteer at the Golden Goose

The Golden Goose Thrift Shop relies on a volunteer staff to raise funds for SaddleBrooke Community Outreach (SBCO) and IMPACT of Southern Arizona. SBCO's programs provide food, clothing and educational opportunities to children along a corridor that stretches from Catalina to Miami. IMPACT offers hard working families struggling to make ends meet and low-income seniors with a food bank, clothing, and special services for children and seniors. Both organizations significantly help improve the lives of southern Arizona residents.

During the summer the Golden Goose always is in need of volunteers to staff the shop and help sort and price incoming donations. It's a difficult time to recruit volunteers since many SaddleBrooke and SaddleBrooke Ranch residents spend their summers elsewhere. But COVID-19 has made this an even more challenging time. Fortunately, the shop has re-opened with many safety measures to protect the health of volunteers and customers, including:

- Customers and staff are required to wear masks while in the shop
- A total of 50 people allowed on the sales floor and in the back at any given time
- A new "route" through the shop controls customer traffic and encourages social distancing
- Dressing rooms are closed; customers cannot try on clothing
- Shopping baskets and customer service carts are sanitized after each use
- Donations are stored in pods in the parking lot to allow enough time and heat to ensure sanitization

If you are able to work at the Golden Goose this summer, your assistance would be most welcome. Shop hours are 10 a.m. to 2 p.m. Tuesday through Friday and 9 a.m. to 2 p.m. on Saturday. Volunteers work three hour shifts either on the floor in your assigned area or working in the back room. However, under the current circumstances, we would appreciate any time you might be able to give us. Volunteer orientation takes place every month on the third Monday at 3 p.m. Please call 520-825-9101 for more information.

workers would return to their positions at ASARCO. This news came after the courts determined that the Unions had conducted an unfair labor practice strike.

Copper Area News received a copy of a letter sent to the Union from Human Resources at ASARCO. The letter indicates that the company will not be terminating the workers that were hired to replace the striking union members. The letter states "the former strikers will be entitled to reinstatement to their former positions or to substantially equivalent positions to the extent they are available."

The letter also indicates that ASARCO believes that the courts will rule in their favor, that the company has negotiated in good faith to an impasse and that this strike was solely based on economic conditions.

Town of Kearny Park Information

Until further notice, the ramadas at Kearny Town Parks and campgrounds at Kearny Lake are closed for public use.

Town of Hayden Water Line Construction

The Town of Hayden is beginning the CDBG Water Line construction project within the next couple of weeks. Certain streets in San Pedro will be closed during the project. Residents will be notified when streets will be closed and traffic will be detoured.

Wildfire Safety

Much of the southwest is considered a high-hazard fire environment. Within this hazardous environment are individual homes, and entire communities ill-prepared to survive an intense wildfire. It is not a question of "if" a wildfire will occur, but when. The odds of losing human life and property are growing. The Town of Kearny would like to protect you and the community from the dangers of wildfires. The Fire Chief is very concerned about this upcoming fire season. Even though we have received more rain than usual, it has caused more weeds. Once the rain stops, the weeds will dry out and this will make for a dangerous fire season. Please clear weeds, dry grass, dry shrubs or dead trees surrounding your property. Thank you for your support.

Jax Ethan Formo

Jax's Heart Journey – family hosts raffle to help with expenses

It's every parent's worst nightmare.

Healthy pregnancy. Normal delivery. By all appearances everything should be perfect at this happiest of times.

Your baby's born, but something is wrong.

One Copper Corridor family is taking that painful journey.

Jax Ethan Formo was born on April 17, 2020 to Hyrum and Camille Formo, weighing 7 pounds, 8 ounces. He has a very proud big sister, Madelynn Odelia Formo.

On Thursday, May 28, Jax was admitted to University Medical Center in Tucson and then was transferred to Phoenix Children's Hospital. He has been diagnosed with Williams Syndrome which is a rare genetic disorder that can cause a wide variety of health issues and developmental delays. In Jax's case, it has caused severe heart problems; left coronary ostial stenosis and heart failure. Jax is awaiting a heart transplant.

Jax has undergone several surgical procedures but with Williams Syndrome, anesthesia tends to alleviate bad reactions thus Jax is always high risk. Currently, Jax is stable, placed with a ventilator, a feeding tube and is being sedated to help keep him from not moving too much and also keep him comfortable.

His family asks, first and most important, for your help

in prayer.

"We pray a healthy, strong heart is gifted to our little boy. Pray it comes to Jax very soon and we can move towards his recovery," his grandmother, Laura Lopez said.

Jax is listed at level 1A, the highest level due to his condition.

Currently, because of COVID-19, the family and friends of Jax cannot plan any type of tournament because of disallowing large gatherings. Instead, the family has organized a raffle. The family's permanent residence is in Oracle and monies would assist in travel, lodging, meals, etc. during Jax's stay at Phoenix Children's Hospital.

If you would like to purchase a ticket, you could be the winner of a three-day cabin stay in Greer, AZ, or a 48-quart Calavera Cooler w/two tumblers. Many other prizes have been donated by local hair stylists and restaurants. All tickets will be \$10 per chance and can be purchased by calling Laura E. Lopez at (928) 200-0426 or Hyrum Formo at (520) 425-1114.

Editor's Note: There are a few families in the Copper Corridor (mine included) who can say with absolute conviction that the strongest hearts are those with scars. Our thoughts and hearts go out to this little boy and his family.

Paths to great careers.

Natural Gas Safety

Wherever you live, work, or play.

NATURAL GAS LINES

can be buried anywhere, even in areas where homes don't use natural gas. So it's important that EVERYONE knows how to recognize and respond to a natural gas leak, wherever they are.

A LEAK MAY BE PRESENT IF YOU:

a distinct sulfur-like odor, similar to rotten eggs, even if it's faint or momentary.

a hissing or roaring coming from the ground, above-ground pipeline, or natural gas appliance.

dirt or water blowing into the air, unexplained dead or dying grass or plants, or standing water continuously bubbling.

IF YOU SUSPECT A LEAK

- **Exit the area or building immediately.** Tell others to evacuate and leave doors open.
- From a safe place, call 911 and Southwest Gas at **877-860-6020**, day or night, whether you're a customer or not. A Southwest Gas representative will be there as soon as possible.
- Don't smoke or use matches or lighters.
- Don't turn on or off electrical switches, thermostats, or appliance controls; or do anything that could cause a spark.
- Don't start or stop an engine, or use automated (garage) doors.

For more information about natural gas safety visit
