LETTER TO THE EDITOR

'Modest' compensation?

Thanks to the Miner and John Hernandez for reporting on Pete Rios' statements about Bloom Dispensaries at the July 2 Pinal County Board of Supervisors meeting. The statements made by Supervisor Rios and the response by Bloom's CEO indicate to me that this proposed dispensary operation is, at best, suspect as a legitimate medical establishment.

Bloom responded that handing out an eighth of an ounce of marijuana was a "modest" compensation for testifying at the meeting, given that a patient's monthly

allotment is 50 times that amount. In other words, a monthly allotment of the medicine they are offering to an individual patient would cost over \$2000 and would amount to over four ounces. That's a lot of reefer for one person to consume in a month, and certainly not affordable for the typical Pinal County patient.

Claiming that the handout was modest compensation is an invalid argument, especially for a medical establishment.

Comparing this compensation to political parties offering rides to the voting centers is also an invalid

argument. No political party has ever paid me to vote, even if they offered me a ride. And certainly, I can think of no other medical lobby that would provide drugs in combination with a free ride to physically go somewhere to testify about a particular drug interest.

Bloom's CEO needs to clear his head, and several of the other Pinal County Supervisors need to reconsider what sort of establishment they have inflicted upon the the community of Oracle.

LETTER TO THE EDITOR

Leading by Example?

I constantly hear how bad the Obama Administration is because of all of the scandals and I certainly agree that former President Jimmy Carter's legacy as the worst President in history is in jeopardy but I don't think that's the real story here. I think the real story is that we accept scandals so easily and believe this kind of behavior is normal. Let me briefly explain what I mean by recounting an incident that happened to me in recent months. This story is true and from my forty-four years of experience in education I think it is more common than one might think.

In March I resigned, as Business Manager, from the Cobre Valley Institute

of Technology which serves Globe, Miami, Hayden, Superior, and San Carlos. I told the Governing Board that I would not compromise my credibility by continuing to work in the School District. (Strangely, they never asked what I meant by that statement.) There were a number of issues that brought me to this point but one in particular crossed a line I could not tolerate. An employee was paid \$2,121.00 out of a Federal Program for supposedly overseeing the implementation of a grant for three of our member Districts. The problem was that this employee was not entitled to this money and the Superintendent knew that prior to approving payment.

The following information should clarify this point.

The employee's regular job description already covered overseeing Federal Projects. This meant that the employee was paid twice to do the same job.

There was nothing in the Federal Project that authorized the payment this employee.

The Superintendent, Pete Guzman, was told repeatedly, by me, not to make the payment because it was not a legal expense and he authorized the payment anyway.

Outside Auditors determined that the payment was an "ineligible expenditure" and stated in the exit report that the stipend may have to be

paid back to the State. They also said that the employee's documentation of work performed was "not complete and approved".

I made a request to the Board President to place this item on the agenda because the Superintendent, Pete Guzman, refused my request. To his credit the Board President put the item on the agenda.

At a regular meeting of the Governing Board they refused to do anything about the situation and simply killed the matter by voting on the Superintendent's recommendation to table the issue.

The Department of Education has been looking into the incident for some time but there has been no indication that they want to get involved. Their position is that the amount is too small to worry about. They don't seem to be too concerned

with the moral or legal implications. The last I heard from the Arizona Department of Education is that they can't find any information on the Audit. I'm not joking.

Throughout this entire ordeal I was made to feel that I was the problem. I was given the impression that I was making a big deal out of nothing and it would all go away if I would just shut my mouth. It was clear that if I wanted to continue to be a part of the fraternity then I needed to get in line with the Superintendent and Board. I was told that this was a distraction from all the good things that we were doing. In short the, "end justified the means".

Is all of this a bit strange or I am going crazy? These folks are your neighbors, friends, and relatives. They are just like you and I, except they chose to condone something they knew was wrong. There

was not one good reason for them to allow this to happen! Doing the right thing would have been so easy but for some reason they decided to ignore the problem. How can they have so little regard for the truth? How can they be so much like the Obama Administration?

Dreams come true for former Hayden baseball player

By Andrew Luberda
Copper Basin News

Ever since he was five years old, former Hayden High School baseball player Hyrum Formo dreamed of playing professional baseball. After graduating in 2010 from Hayden and playing for Pima Community College in Tucson, Formo was selected in the 27th round by the Tampa Bay Rays organization in the June 2013 Major League Draft.

Formo, a pitcher, is in his second minor league season with the Rays. He started this season playing for the Rays' advanced rookie league team in Princeton, West Virginia. In four starts so far this season, he is 1 – 0 with 15 strikeouts in 17.2 innings pitched. His strikeout to walk ratio is a remarkable 15 to 1.

Reaching the major leagues took more than talent for Formo, who was throwing in the low 90's in high school (he throws in the mid 90's now). Typically, a high school player who throws that hard should have no trouble attracting college recruiters and team scouts, but that was not the case for Hyrum. It took hard work, determination and perseverance to realize his dream.

"I was that kid did well and everything," Formo said. "I wanted to go on (and play at the next level) but there wasn't anyone around to see me play. I just had to go on and do it myself. I didn't quit."

Formo credited his parents for his success. His father, Robert, coached him throughout his youth. Along with Julie, his mother, the couple would travel most summers across the country so Hyrum could participate in tournaments and play competitive baseball. As expected, his parents "are very, very proud" of his accomplishments.

"I think they deserve everything in the world," Formo said about his parents. "If it wasn't for them I wouldn't be where I'm at."

Playing professionally is a dream come true for Formo. He knows it's not easy to play in a small town and get recognized. He believes there are several local area players who deserve a chance to play at the next level. Hyrum says he returns home when his season is over and has spoken to local coaches about his willingness to work with kids and share his knowledge.

"I want to help the kids (in the Copper Corridor)," he said. "I want to help out those kids who want to make it to the next level."

CAC College for Kids in full swing

By **John Hernandez**
Copper Basin News

The Central Arizona College Aravaipa Campus College for Kids began last week.

Deb Breen talks to the College for Kids students about Zumba.

John Hernandez | CBN

Around 50 kids are participating in this year's program.

This is the 28th year that the summer program has been offered. The program offers second through sixth grade students from the surrounding areas opportunities to learn and explore different subjects in a hands-on way.

This year's theme is "Food" and will include learning about the importance of nutrition and exercise. The kids will keep a daily journal recording everything they eat, the amount and what kind of food.

The first week the kids learned about bees from Oracle's own beekeeper and expert Fred Terry. Fred taught the kids about the importance of bees to our food supply (they are the most important pollinator on earth) and the nutritional value and medicinal properties of honey. The kids also learned a little about the history of beekeeping and honey harvesting as well as how agricultural chemicals are lowering the population of bees and bats. The kids asked a lot of questions, keeping Fred longer than expected.

They also learned about arid food crops from presenter Jeff Amthor.

Deb Breen, exercise enthusiast from Oracle, taught the kids about Zumba. She told them about the three rules of Zumba which are:

1. Have Fun;
2. Move Safely;

3. Keep moving.

Deb had the kids jumping, laughing and exercising to the beat of some fun music.

On Wednesday, the students made the bus ride to Oracle to visit Nonna Maria's Pizzeria and Ristorante and Chef Frank Palazzolo.

After a brief tour of the kitchen, the kids settled down at their tables to make their own pizza. Once the pizzas were cooked, they chowed down on their masterpieces.

The College for Kids program concludes July 15.

Everybody Zumba!

John Hernandez | CBN

Thanks, Frank! Students at this year's College for Kids posed for a photo with Chef Frank Palazzolo of Nonna Maria's Pizzeria last week. Kids made their own pizzas and enjoyed eating them.

Sycamore Canyon Academy will play host to some unaccompanied illegal immigrant children at the request of Homeland Security.

Oracle boys ranch to be converted to holding facility?

By John Hernandez
Copper Area News

The Sycamore Canyon Academy located next to the Peppersauce Canyon campgrounds may be housing unaccompanied illegal immigrant children for the Federal Government. The academy is part of Rite of Passage, a national provider of programs and opportunities for troubled and at risk youth from social services, welfare agencies and juvenile courts.

The Pinal County Sheriff's Office stated Monday that it had received information that 40 to 50 unaccompanied alien children are to be sent to the facility. Pinal County Sheriff Paul Babeu shared the information with the public at a political rally which included some members from the town of Oracle. The Sheriff has said that he has major concerns from a public safety standpoint about the facilities capacity to handle the incoming migrants.

Ike Shipman, Program Director at Sycamore Canyon Academy, in a statement to the Miner said:

"Sycamore Canyon Academy, at the urgent request of the U.S. Department of Health and Human Services, Office of Refugee Settlement (ORR), will provide safe and temporary care to a small number of unaccompanied youth from Central and South America. These children will be temporarily placed at the campus by

the ORR until they can be properly placed with an appropriate sponsor or repatriated to their home country. Sycamore Canyon Academy is working closely with the federal refugee program and appreciates the support we have received for this humanitarian effort.

"Sycamore Canyon Academy is not taking a position on the immigration debate in any way. We believe it is for others to decide. Our mission is to improve the lives of youth, and we will continue to fulfill our mission by focusing on our work with children.

"Individuals who wish to contribute to this effort can contact the State Department Refugee Processing Center website at www.wrapnet.org or the HSS Office of Refugee Resettlement website at www.act.hss.gov."

Kenneth Wolf, Deputy Director of Public Affairs Administration for Children and Families at the U.S. Department of Health and Human Services, was contacted regarding the rumors about Sycamore Canyon Academy. He stated via email, "We do not identify regular/permanent shelters in the Unaccompanied Alien Children program for the safety and security of minors and staff at the shelters."

Oracle and Tri-Community residents have had split reactions to the news.

On Sunday morning information was received that a notice had been posted

IMMIGRATION

Continued from Page 8

on the post office bulletin board in Oracle. It read: "On Tuesday July 15, 2014, the Federal Government plans to locate (40) illegal young people into the community of Oracle. The plan which has been kept very secret is to house these people at the established Boy's Ranch in Peppersauce Canyon. Inasmuch as the present facility at the Boy's Ranch

is not adequate to handle this new load of people. This facility is currently undergoing modifications to accommodate this new group. "We the People of Oracle, are presently considering our options regarding this matter. "We have contacted many of our elected county, state, and federal officials, along with Jan Brewer, our Governor, to put a stop to

the import of these illegals to the Oracle area. "We may take no action at all, on the other hand, we may do whatever is necessary to prevent these illegals from entering our community. "Tuesday July 15, should be very interesting for all concerned." The Miner has confirmed that the notice was written and posted by Robert Skiba, a resident of Oracle and a member of the We the People political activist group. Skiba said that a protest

has been organized and that many politicians may be coming as well as national news agencies. It will be stationed at the junction of Webb Rd. and Mt. Lemmon Hwy. "It is going to be huge,"

Skiba said. "We are going to let everybody know about Oracle, Arizona." A counter protest or at least a group of people showing support for the unaccompanied migrant children was also planned

at the triangle area between the Oracle Post Office and Mt. Lemmon Rd. Do you have an opinion on this subject? Go online to www.FB.com/CopperArea and join the conversation.
