Townspeople call for answers to financial problems in Mammoth

Another increase in utilities? Most of the citizens of Mammoth live on SSA and fixed incomes. Another utility rate increase will put more financial burden on the citizens. The citizens are entitled to answers from the City Council and Town Management.

What was \$646,795, plus interest from the June 30, 2011 Financial Statement Audit spent on that was borrowed from Hurf? What years were loans borrowed? What persons applied, approved and signed for the loans? Was there a June 30, 2013 audit done for this year? How much more monies are owed for June 30, 2011 to June 30, 2013?

Citizens, go to council meetings and ask questions?

LETTER TO THE EDITOR

'Modest' compensation?

Thanks to the Miner and John Hernandez for reporting on Pete Rios' statements about Bloom Dispensaries at the July 2 Pinal County Board of Supervisors meeting. The statements made by Supervisor Rios and the response by Bloom's CEO indicate to me that this proposed dispensary operation is, at best, suspect as a legitimate medical establishment.

Bloom responded that handing out an eighth of an ounce of marijuana was a "modest" compensation for testifying at the meeting, given that a patient's monthly allotment is 50 times that amount. In other words, a monthly allotment of the medicine they are offering to an individual patient would cost over \$2000 and would amount to over four ounces. That's a lot of reefer for

one person to consume in a month, and certainly not affordable for the typical Pinal County patient.

Claiming that the handout was modest compensation is an invalid argument, especially for a medical establishment.

Comparing this compensation to political parties offering rides to the voting centers is also an invalid argument. No political party has ever paid me to vote, even if they offered me a ride. And certainly, I can think of no other

medical lobby that would provide drugs in combination with a free ride to physically go somewhere to testify about a particular drug interest.

Bloom's CEO needs to clear his head, and several of the other Pinal County Supervisors need to reconsider what sort of establishment they have inflicted upon the the community of Oracle.

Protesters clash in Oracle – Plan to house illegal Local boys ranch to be converted to holding facility?

By **John Hernandez**
San Manuel Miner

The Sycamore Canyon Academy located next to the Peppersauce Canyon campgrounds may be housing unaccompanied illegal immigrant children for the Federal Government. The academy is part of Rite of Passage, a national provider of programs and opportunities for troubled and at risk youth from social services, welfare agencies and juvenile courts.

The Pinal County Sheriff's Office stated Monday that it had received information that 40 to 50 unaccompanied alien children are to be sent to the facility. Pinal County Sheriff Paul Babeu shared the information with the public at a political rally which included some members from the town of Oracle. The Sheriff has said that he has major concerns from a public safety standpoint about the facilities capacity to handle the incoming migrants.

Ike Shipman, Program Director at Sycamore Canyon Academy, in a statement to the Miner said:

"Sycamore Canyon Academy, at the urgent request of the U.S. Department of Health and Human Services, Office of Refugee Settlement (ORR), will provide safe and temporary care to a small number of unaccompanied youth from Central and South America. These children will be temporarily placed at the campus by the ORR until they can be properly placed with an appropriate sponsor or repatriated to their home country. Sycamore Canyon Academy is working closely with the federal refugee program and appreciates the support we have received for this humanitarian effort.

"Sycamore Canyon Academy is not taking a position on the immigration debate in any way. We believe it is for others to decide. Our mission is to improve the lives of youth, and we will continue to fulfill our mission by focusing on our work with children.

"Individuals who wish to contribute to this effort can contact the State Department Refugee Processing Center website at www.wrapnet.org or the HSS Office of Refugee Resettlement website at www.act.hss.gov."

Kenneth Wolf, Deputy Director of Public Affairs Administration for Children and Families at the U.S. Department of Health and Human Services, was contacted regard-

ing the rumors about Sycamore Canyon Academy. He stated via email, "We do not identify regular/permanent shelters in the Unaccompanied Alien Children program for the safety and security of minors and staff at the shelters."

Oracle and Tri-Community residents have had split reactions to the news.

On Sunday morning information was received that a notice had been posted on the post office bulletin board in Oracle. It read: "On Tuesday July 15, 2014, the Federal Government plans to locate (40) illegal young people into the community of Oracle. The plan which has been kept very secret is to house these people at the established Boy's Ranch in Peppersauce Canyon. Inasmuch as the present facility at the Boy's Ranch is not adequate to handle this new load of people. This facility is currently undergoing modifications to accommodate this new group.

"We the People of Oracle, are presently considering our options regarding this matter.

"We have contacted many of our elected county, state, and federal officials, along with Jan Brewer, our Governor, to put a stop to the import of these illegals to the Oracle area.

"We may take no action at all, on the other hand, we may do whatever is necessary to prevent these illegals from entering our community.

"Tuesday July 15, should be very interesting for all concerned."

The Miner has confirmed that the notice was written and posted by Robert Skiba, a resident of Oracle and a member of the We the People political activist group.

Skiba said that a protest has been organized and that many politicians may be coming as well as national news agencies. It will be stationed at the junction of Webb Rd. and Mt. Lemmon Hwy.

"It is going to be huge," Skiba said. "We are going to let everybody know about Oracle, Arizona."

A counter protest or at least a group of people showing support for the unaccompanied migrant children was also planned at the triangle area between the Oracle Post Office and Mt. Lemmon Rd.

Violence not tolerated, Babeu says

By John Hernandez
San Manuel Miner

At a Border Security Town Hall Meeting/political rally held Monday, July 14, in SaddleBrooke, Pinal County Sheriff Paul Babeu said his deputies would not tolerate violence or threats being made at a planned protest of unaccompanied illegal immigrant children being bused to the Sycamore Canyon Academy in Peppersauce Canyon. The bus, Babeu said, was expected to arrive sometime Tuesday. It was unknown how many protesters would be picketing.

"Transportation will be allowed to pass," Babeu said. "I am sworn to uphold the law. I have to insure that everyone is safe."

Two groups had announced plans to protest. Those in opposition to the plan were led by Robert Skiba, Oracle resident and activist. A community group also rallied to offer support and compassion to the immigrant children. That group was organized by Frank Pierson and others.

Babeu was concerned that his office had not been notified by the Federal government about the plans to relocate the children to the Sycamore Canyon Academy. He said he heard about it from two of his friends who are ICE agents. According to Babeu, some of the immigrant teen aged children being detained at the border are gang members including members of MS13 one of the most violent gangs in Central America and now in the United States. He wanted more information about the children to be held at the academy and said he did not believe that the academy was a secure facility.

The Border Security Town Hall Meeting featured Christine Jones who is a Republican running for Governor. She shared her plan for securing the border if she is elected: she will deploy 1,200 Arizona National Guardsmen on the border to support law enforcement; technology will be used to monitor the border including drones; and she will finish building the fence.

Mariachi Luz de Luna from Tucson also attended the protest, at one point surrounded by protesters.

The Dry Heat

The Republican gubernatorial primary is off and running and it seems that all the candidates are trying to convince the voting public that they are more right wing than their opponents and will stand up against that black man in the White House. A few candidates have dropped out of the race but there are six that still believe they can be the next governor. This is how I see the race:

Doug Ducey is currently the state treasurer and a former CEO of Cold Stone Creamery ice cream franchises. Al Melvin, the former Arizona senator from district 26 recently dropped out of the governor's race. He has endorsed Ducey which I thought would be the kiss of death for Ducey's campaign however Ducey is receiving lots of outside money. Jim Click is also a major backer of Ducey. Ducey currently has the largest campaign war chest of all the candidates with Christine Jones slightly behind. There is no truth to the rumor that as a payback for Melvin's endorsement, he is having a Cold Stone Creamery flavor named after him. It was supposed to be called Al's Border Solution Dream, extra white vanilla and Mexican chocolate separated by a wall of nuts, or was that

walnuts?

Christine Jones is an attorney and former executive of GoDaddy the internet domain and web hosting company. She has raised over two million in campaign funds although almost half was her own money. The GoDaddy girl has latched on to a sugar daddy, by that I mean Pinal County Sheriff Paul Babeu. He has given her his endorsement which gives her credibility with hard core conservatives. Something she needs as her opponents are letting the voters know that she once made comments in support of Hillary Clinton. Jones promises to build a border fence which must make Sheriff Paul smile. Babeu has also set up two Political Action Committees (PACs) to raise funds for his state and national candidates of choice. Look for her to get needed funding from this source and if she is elected, Babeu may be the next head of DPS or become the first Republican Border Czar in the State of Arizona.

Andy Thomas, what can you say about Andy Thomas? Disbarred attorney, disgraced the Maricopa County Attorney's Office, unethical behavior, and abused his power, Joe Arpaio's partner in crime. Yep, sounds like Arizona Governor material to me! Go away Thomas. You will not be elected governor. Just go away!

Next week: Ken Bennett, Frank Riggs, and Scott Smith.

CAC College for Kids in full swing

By **John Hernandez**
San Manuel Miner

The Central Arizona College Aravaipa Campus College for Kids began last week.

Deb Breen talks to the College for Kids students about Zumba.

John Hernandez | Miner

Around 50 kids are participating in this year's program.

This is the 28th year that the summer program has been offered. The program offers second through sixth grade students from the surrounding areas opportunities to learn and explore different subjects in a hands-on way.

This year's theme is "Food" and will include learning about the importance of nutrition and exercise. The kids will keep a daily journal recording everything they eat, the amount and what kind of food.

The first week the kids learned about bees from Oracle's own beekeeper and expert Fred Terry. Fred taught the kids about the importance of bees to our food supply (they are the most important pollinator on earth) and the nutritional value and medicinal properties of honey. The kids also learned a little about the history beekeeping and honey harvesting as well as how agrichemicals are lowering the population of bees and bats. The kids asked a lot of questions, keeping Fred longer than expected.

They also learned about arid food crops from presenter Jeff Amthor.

Deb Breen, exercise enthusiast from Oracle, taught the kids about Zumba. She told them about the three rules of Zumba which are:

1. Have Fun;
2. Move Safely;

3. Keep moving.

Deb had the kids jumping, laughing and exercising to the beat of some fun music.

On Wednesday, the students made the bus ride to Oracle to visit Nonna Maria's Pizzeria and Ristorante and Chef Frank Palazzolo.

After a brief tour of the kitchen, the kids settled down at their tables to make their own pizza. Once the pizzas were cooked, they chowed down on their masterpieces.

The College for Kids program concludes July 15.

Everybody Zumba!

John Hernandez | Miner

Thanks, Frank! Students at this year's College for Kids posed for a photo with Chef Frank Palazzolo of Nonna Maria's Pizzeria last week. Kids made their own pizzas and enjoyed eating them.

Oracle School District receives Certificate of Excellence in Financial Reporting Award

For the third straight year the Oracle School District received the Excellence in Financial Reporting Award. The Oracle School District was recognized by both the Association of School Business Officials International (ASBO) and the Government Finance Officers Association (GFOA) for its stellar work producing the District Comprehensive Annual Financial Report.

The certificate of

excellence award confirms the districts commitment to financial accountability and transparency and adherence to nationally recognized standards in government finance. Superintendent Dennis Blausler had this to say,

“The tax payers in the Oracle School District are very fortunate to have such an outstanding school business office that makes certain that monies are accurately accounted for and maximized for student education.” Blausler

continues, “This award is testimony to the good work that is happening in the Oracle School District.”

The association of School Business Officials International (ASBO), founded in 1910, is a professional association of

more than 5000 members that provides programs and services to promote the highest standards of school business management practices, professional growth, and the effective use of educational resources.

The Government Finance Officers Association (GFOA) is a nonprofit professional association serving approximately 17,500 government finance professionals with offices in Chicago, IL, and Washington, DC.

Oracle School District opening new pre-school

The Oracle School District is excited to open a new pre-school facility located on the Mountain Vista campus for the 2014/15 school year. The new pre-school is called Mountain Vista Kindergarten Prep. Mountain Vista

Kindergarten Prep features expanded hours, a certified teacher as director and will include an exciting new curriculum. The pre-school will occupy two newly renovated state of the art classrooms and will have its own secured

playground facility. The pre-school rooms will be equipped with mini computer labs as well as smart boards. The four-year-old program will be taught Theresa Rodriguez who has over 13 years of pre-school teaching

experience. The director and three-year-old teacher is Katrina Cassarino who is certified in early childhood education, special education and elementary education.

Students from any school district are welcome to enroll for the program on a first come, first served basis. Both a morning and afternoon session will be offered four days per week, with no classes on Wednesday. The morning session is from 8 a.m. to 10:30 p.m. and is open to four-year-olds and potty trained three-year-olds. An afternoon session from 12:15 p.m. to 2:45 p.m. is available for four-year-olds only. The pre-school program is tuition based. The rate for four and three-year-old students is \$10 per day and there is a minimum of three days attendance per week. Families with financial challenges can possibly qualify for DES reimbursement as well as Quality First scholarships. Breakfast and lunch are not provided to pre-school students but students may bring snacks to school with

them. Parents should avoid sending peanuts or peanut based snacks due to severe food allergies of some of our students. Busing will be provided for students that live within the District boundaries. Students must turn the age of their program by Sept. 1 of the current school year.

Quality early education is vital to students' long term success in school. Children taught at an early age usually benefit in the following ways: improved social skills, less or no need for special education instruction during subsequent school years, better grades, and enhanced attention spans. Likewise, some researchers have concluded that young children enrolled in pre-school programs usually graduate from high school, attend college, have fewer behavioral problems, and do not become involved with crime in their adolescent and young adult years. For more information contact the Oracle School District office at 520-896-3072 or visit our website at www.osd2.org.

Preschoolers will attend school at Mountain Vista School in Oracle.

Sea Lions look sharp in league relay meet

The San Manuel Sea Lions Swim Team traveled to a relay meet held at the Merrill Ranch Anthem Pool in Florence on Saturday. The meet was a league wide meet, but only the Sea Lions, Parkside Piranhas, and the Coolidge Dolphins attended. A co-ed relay only format with combined age groups was used. No team scores were kept, but team pride was on the line for every event.

After an hour weather delay, the relay format proved to be fun and exciting as leads changed with each swimmer. In a vast majority of the races, the Sea Lions had what it took to win 17 out of the 20 events held.

The following swimmers swam on winning relays at the meet on Saturday:

Anya Zovko, 6, (Free);
Nevaeh Derrick, 8, (Medley, Fly, Back, Breast);
Rocky Andrade, 8, (Medley, Fly, Back, Free);
Joey Castellanos, 8, (Fly, Back, Free);

Emerik Zovko, 8, (Medley, Breast);
Mason Stewart, 8, (Medley, Back, Breast, Crescendo);
Ethan Kellam, 8, (Fly, Breast, Free, Crescendo);

Jazelle Sanchez, 17, (Medley, Fly, 4 x 100 Free);
Timothy Mulholland, 17, (Medley, 4 x 100 Free, Free);
This week Eli Tilley (9) was named Sea Lions Beast of the Week. Eli swam a beastly leadoff Backstroke leg in the Medley Relay. Only in the co-ed relay format can you find yourself swimming head to head against your older sister in the adjacent lane. As the siblings took off, you could see the inner Beast in Eli take over as he battled stroke for stroke and surged to the finish ahead of his sister. He swam drastically faster than ever before. Eli is a first year swimmer with great work ethic and contagious smile. On Saturday he showed everyone that he has what it takes to be a great swimmer.

The Sea Lions swim team will host the Central Arizona League Championship Meet in San Manuel on Saturday, July 19 at 8 a.m. The Sea Lions have won the league championship every year since 2007, and have hopes of winning it again this year.

There is still time to join the team - contact Alex or Wendy Gort at 896-2190 or stop by the San Manuel Pool between 4 p.m. and 6 p.m. (Mon-Fri) for more information.

Homeowners' Tree Workshop and Firewise Education hosted; all Tri-Community invited

Learn how to properly select, plant and maintain trees for years of benefit and enjoyment. This workshop will help homeowners plant and maintain trees that live long and healthy lives, while protecting homes against wildfire.

Many residents in the Oracle and surrounding areas are concerned about the effects of the ongoing drought on their oaks, native and non-native trees and vegetation. This workshop will give homeowners the opportunity to learn about the life cycles of trees, how they adapt to adverse conditions and what they can do to help offset the negative effects.

Additionally, a state representative will be on hand to discuss

Judge Arnold Estrada announces candidacy for Justice of the Peace

Mammoth - Judge Arnold Estrada recently announced his candidacy for re-election as Justice of the Peace for San Manuel, Mammoth and Dudleyville, also known as Precinct #4. "It is important that we have someone who knows the issues that affect our community," Estrada said, "plus the management skills, respectful personality, and sound judgment to run a court."

Estrada has served nearly 8 years as a justice of the peace and received extensive judicial training from the Arizona Judicial College. He is responsible for deciding cases but also for managing the

administration of the justice court; and as a cost saving measure he performs the same functions as the city judge for Mammoth.

"As an active member of our community, I have seen, first hand, the problems our community faces every day; but as a Judge, I have the privilege of helping to protect our community and especially our senior citizens, the young, and the vulnerable," said Estrada.

Before becoming a judge in 2006, he served in the Pinal County Attorney's Office for several years, focusing on elder abuse issues, where

he gained the attention of former Governor Janet Napolitano, who honored Estrada with a Distinguished Service Award. He also became a member of the Arizona Crime Prevention Association and the Eastern Pinal Regional Coalition Against Domestic Violence, and he graduated from the National Crime Prevention Institute and served as a mediator for the state Attorney General's Office.

During this time, Estrada is also credited with helping to bring a dialysis center to the area and worked to secure RICO funding for organizations

in Eastern Pinal County, including numerous school programs, such as the Mammoth Trumpeters, after school programs, baseball, softball, and archery.

Estrada's record of public service is long and distinguished. He served for seven years on the Mammoth-San Manuel School Board, coached Little League for 17 years, and honorably served in the United States Army. He is also proud of his 29 years of hard work in the copper industry.

According to Estrada, what is most important in his life are his faith and his family. He is an

active member of St. Bartholomew's Catholic Church in San Manuel, where he has been a Cursillista since 1981. "I am blessed to be a husband, father, and grandfather," said Estrada.

"I know there are a lot of issues that kids and adults are dealing with at school and at home. Many times when they are before a judge, it becomes a matter of guidance: sometimes a firm hand, sometimes a gentle nudge."

Judge Estrada will be on the ballot for the upcoming primary election on August 26. "I am of my service to my community and my Country," said Estrada,

Honorable Arnold Estrada, Justice of the Peace

"and I humbly ask for the opportunity to continue to serve as your justice of the peace; I greatly appreciate your vote and support."

The Job Fair will be Thursday, July 31 in the Freeport-McMoRan training center in the Cobre Valley Plaza from 3 p.m. - 6 p.m.

Already 20 employers have confirmed attendance, including representatives from mining, retail, health, government, public safety and education.

This event is a being put on by the chamber, in partnership with Freeport-McMoRan and the Arizona Workforce Connection.
