# Marisol gets a wish granted by 'Make a Wish'

Marisol Perez with her 'Wish Grantors' Torrie and Michelle Yerkovich.  
Mila Besich-Lira | Superior Sun

By Mila Besich-Lira  
Superior Sun

It has been almost two years of chemo treatments, hospital stays, spinal taps and fighting the side affects of cancer medication for six year old Superior resident, Marisol Perez, her parents Rusty Perez and Julie Otero, and her siblings AJ, Jalyssa, and Bella. On Friday, Make a Wish wish grantors Torrie and Michelle Yerkovich of Globe surprised Marisol and her family with an all expense paid trip to the Disneyland Resort. Marisol thought she was going to have a family dinner at Edwardo's Pizza and was surprised with butterfly cupcakes and the announcement of her trip.

For Michelle and Torrie Yerkovich, they thought this day would never come. The mom and daughter have been Marisol's wish grantors since 2014. Currently they have two other wish kids one in Globe and another in San Carlos.

Marisol had originally made her wish in December of 2014 to meet Elsa from the Disney movie "Frozen" but her Doctors wanted her to wait to go on her Make a Wish trip to make sure that she could be in the best health possible. Today, Marisol continues to be an active little girl doing all she can to be "normal." Mom, Julie explained that one day, Marisol came up to her and said "Mom, I just want to be normal."

She and her family will see her wish come true when Elsa and other Disney princesses meet Marisol and her family for lunch at Ariel's Grotto at Disney's California Adventure Park. Marisol is looking forward to sitting by the window in the airplane. The family will stay at Disney's Paradise Pier hotel, visit Knotts Berry Farm and have some free time to visit other southern California attractions. She is also a huge Denver Broncos fan and her parents thought she might have asked to see a Broncos game in Denver but she opted for meeting Elsa. Her mom explained that Marisol has become a princess through this whole process.

Two years ago Marisa's parents got the news from doctors that Marisol had leukemia. At first the doctors only gave her

four months to live. Rusty and Julie made a tough decision and agreed to under go an experimental treatment to fight the cancer. "We figured if it did not cure her, it could help another child," explained Julie.

Marisol will receive her last chemo treatment on Feb. 26, 2016. It is a date the whole family is looking forward to.

Marisol has responded well to the treatments and despite the daily chemo pills and inhalers she continues to play and be very active. She will start Kindergarten with her friends next week. Unfortunately while the cancer is going away, "she will always suffer from permanent lung damage," Julie said.

Marisol's parents and family have endured a great deal of stress through the diagnosis and treatment process. A few weeks after her initial diagnosis Marisol's dad Rusty was laid off from his job at Cementation. Fortunately the company was able to keep them on the insurance during that lay off. As their days of treatment get closer to an end, the Perez family finds themselves once again at a crossroads, Rusty will be laid off from his job at Cementation again. This time the insurance won't be there and the COBRA payment to keep the same coverage is \$1000 per month. Rusty has applied for a job at a gold mine in Winnemucka, Nevada that has Blue Cross Blue Shield health insurance but that will separate the family while Marisol finishes her treatments. Due to the experimental treatment there are very few insurance companies that will cover the treatments. Her family fears that if her treatment changes it could have serious effects on her progress.

There is no doubt that this has been a long and strenuous journey for this Superior family. They attribute their faith and the faith and prayers of their family and friends for helping them get through this trying time.

Edwardo's Pizza donated the pizza for the surprise dinner and Fry's grocery store in Globe donated the butterfly cupcakes.

Want to help? Friends and family have established a GoFundMe page for donations for Marisol and her family. Go to <http://www.gofundme.com/zx3d7y4> to make a donation.

# Oak Flats no longer under consideration for historic nomination

By Mila Besich-Lira  
Copper Area News

A few weeks ago the Copper Area News reported that the Tonto National Forest with the San Carlos Apache Tribe submitted an application to the the Keeper of the Record at the National Register of Historic Places to nominate "Chi' chil Bildagoteel" most commonly known as Oak Flats as a historically significant site. This nomination process began in December 2014 and after a final public comment period which ended on July 16, 2015, the Keeper of the Record has determined that the nomination will be sent back to the Forest Service.

The Keeper of the Record has returned this application back to the Forest Service due to technical and substantive reasons. The exact reasons have not been disclosed by the Keeper. Congressional Representatives Paul Gosar DDS and Ann Kirkpatrick sent a joint letter to the Forest Service Chief and the Regional Forester asking them to withdraw the nomination. The Congressional representative cited several reasons to withdraw the nomination. Letters opposing the nomination were also sent by Pinal County Supervisor Pete Rios and local residents of Superior and San Carlos. Those letters were also reviewed by the Keeper of the Record.

The first point addressed by Representatives Gosar and Kirkpatrick in their joint letter was Geographic Accuracy. At this time the name Chi'Chil Bildagoteel does not appear on any maps maintained by the Tonto National Forest, the US Geological Service or even Google Maps - the letter points this out to the Forest Service officials. The original application to the Keeper of the Record also indicated that Oak Flats was near Kearney, Arizona, which is spelled incorrectly. Kearny is the correct spelling of the name. Gosar and Kirkpatrick pointed out not only the misspelling of the name but also the fact that the communities of Superior and Top of the World were

closer to the nomination area. Kearny is more than 20 miles away from Oak Flats as pointed out in the joint letter.

Their letter also addressed compliance with the Administrative Procedures Act which requires that there be adequate notice for the people near the area to comment on the nomination. Those procedures call for the time, place and nature of public rule making proceedings and reference to the legal authority under which the rule is proposed.

Gosar and Kirkpatrick also acknowledge that "many of our constituents have different views on the Oak Flat Campground area." Both expressed that the members of the public with views on either side of this question should have a full and fair opportunity to contribute their perspective and understand the scope of the listing.

Those opposing the Resolution Copper have repeatedly said that the passage of the Southeast Arizona Land Exchange and Conservation act was approved without any transparency. The nomination of Oak Flats as a historical and culturally significant site was requested by the San Carlos Apache Tribe, without using commonly known names or locations.

Opposition groups including members of the San Carlos Apache Tribe, the Arizona Mining Reform Coalition and the Superior-based Retired Miners and Concerned citizens continue to oppose the land exchange and the mining project. They are expected to host a protest in Washington, D.C. on the Capital Lawn on July 22, which closes out their cross country caravan protesting the

project. The group has received support from Arizona Representatives Raul Grijalva and Ruben Gallego along with other members of Congress.

## SUSD signs sponsorship agreement with Resolution Copper

Steve Estatico, Superintendent for Superior Unified School District, and Andrew Taplin, project director for Resolution Copper, last week signed a sponsorship agreement for \$75,000. For the past 10 years, the district has collaborated with Resolution Copper to fund various programs in the school.

“The Superior Unified School District is proud to once again partner with Resolution Copper Mining Company to support the students and staff of the Superior Jr./Sr. High School and the JFK Elementary School,” Estatico explained in a joint press release. “This partnership not only provides opportunities for students to explore science and technology but also provides instructional and planning support to our teachers. The relationship that we have developed over the last 10 years with RCC has not just benefitted our schools but our community as well.”

The sponsorship funds will be allocated to a variety of programs including athletics at the junior-senior high and intramural athletics at the elementary school. In addition to athletics the funds will help fund teacher trainings, the JFK Library at the elementary school and programs that students participate in such as the Beyond Textbooks program and the popular LEGO Robotics program during the 2015-16 school year.

Resolution Copper will continue to fund the Geology science classes with Central Arizona College and the Nature Club with the Boyce Thompson Arboretum. Both of those programs also benefit Superior students.

“We are proud to support schools and education in the community,” said project director Andrew Taplin. “It’s these students who will be entering the workplace as the Resolution Copper mine develops, and we’re certain that many students will need strong STEM skills to succeed in the economy of the future.”

# Superior Senior Softball All-Stars: State Runner-up

By Andrew Luberda  
Superior Sun

It certainly wasn't the result they were looking for, but the Superior Senior Softball All-Stars can hold their heads high despite a 13 – 9 loss to Sunnyside in the 2015 Senior Softball State Tournament Championship last Thursday night in Maricopa.

Superior suffered its first loss of the tournament against Sunnyside on July 14 before it defeated Blythe for a second time in three days on July 15, 4 – 3. That loss eliminated the state-border team from the tournament.

Wednesday's victory advanced Superior to the championship bracket, where they needed two wins versus Sunnyside to win the State Championship.

Unfortunately, Sunnyside eliminated Superior, defeating them for the second time in the tournament to win the State Championship.

Still, finishing the season as the District 4 champions and Arizona State Runner-up made for an exciting summer for the team and its fans.

Superior Senior Softball All Stars

Thank you, Superior Senior Softball All-Stars, for a great season!
