LETTER TO THE EDITOR

CVIT superintendent responds

In the Letter to the Editor published on July 16, 2014, Mr. Neil Barwick, a former employee of the Cobre Valley Institute of Technology is reflecting on normal behavior. We in CVIT agree that everyone is entitled to their own opinion, but we also believe in operating based on facts not individual opinions. It is very clear that Mr. Barwick’s view of facts and opinions is blurred. As many of your readers know, school districts’ board proceedings are public and easily verifiable. There is nothing to hide. There are three major errors in Mr. Barwick’s letter: 1. I did not ignore his concern about the stipend and asked for advice from state officials before making a decision, 2. The Board took action on this issue on regular meeting on April 24, 2014, the board took my recommendation to take no action unless ADE in the future decided otherwise, they did not table it, 3. Auditors in the exit report said that the stipend may have to

paid back if ADE made that determination in the future, not Mr. Barwick. I would be more than happy to sit down with Copper Basin News to provide documentation: emails, and board minutes, to verify these three major errors. The funding that comes from state and federal government is spent according to a previously approved budget. At no time has a CVIT audit shown that any money, state or federal was not allocated according to the approved plan. The federal grant system has changed in the past few years and accountability has become even stricter. We work directly with the Arizona Department of Education to ensure that we stay in compliance with the regulations. Mr. Barwick’s concerns were addressed by the Arizona Department of Education officials, investigated, and found to be invalid. That is a fact. The bigger question here is if Mr. Barwick was ready for all the changes that come with moving forward. It is difficult to accept

that an informed professional would make accusations about a reputable organization and call it “normal behavior”. The answer is Mr. Barwick knew that CVIT was moving in a more positive direction concerning his position by eliminating the business manager’s position and contracting license accounting firm it saved CVIT \$28000.00. The CVIT administration is working hard to provide students in our communities with as many educational opportunities as possible. I would like the readers to reflect on this fact. We are getting ready to begin the 2014-2015 school year with eight central programs which are for college credit and industry certification. All tuition fees are free to the students. Students are also provided with books, uniforms, and supplies for their classes. We are giving young people a chance to become employable, respected members of society and have a good start in life. Last year, we graduated 42 students from two year programs in electrical

and instrumentation, welding, nursing assistant, medical assistant, cosmetology, fire science, pre-engineering geology, and graphic design. We allocated \$324,000.00 directly to the Globe, Miami, San Carlos, Hayden-Winkleman, and Superior school districts to enhance the career and technical educations programs. The CVIT governing board has also approved financial support for highly achieving students to attend national competitions. CVIT partners with educational institutions and industry to provide our students with the best educational options available. Our main goal in CVIT is to take care of our students. We appreciate all the support we receive from or communities. We will continue to operate with honor, integrity, and continually strive to improve and meet the needs of our number one concern, our students. Sincerely, /s/ Pete Guzman, Superintendent Cobre Valley Institute of Technology

AJ author leads Arboretum prickly pear classes

Prickly Pear Cactus with fruit.

The vivid magenta fruit of prickly pear cactus, a colorful margarita mixer, is also a juicy ingredient employed by many creative cooks, in everything from smoothies to barbecue sauce. The ripened fruit can also simply be eaten raw, right off the plant. There are many delicious ways to prepare and enjoy this delightful staple of Mexican cuisine. How, though, do you harvest these abundant desert fruits without your hands becoming a virtual porcupine of painful cactus spines and glochids?

Local author Jean Groen is an expert in the arts of cactus cuisine, and kicks-off the annual summer series of prickly pear classes at Boyce Thompson Arboretum on Sunday, July 27, 9:30 a.m -10:30 a.m. All ages are welcome to participate in her informal outdoor class, which is included with BTA daily admission of \$10. No pre-registration is required.

Jean will shares tasty prickly pear snacks at a sampling table when the class ends. While we don't have the menu plan for what will be prepared this year, last year's menu provides some clues to the delights that await the impromptu students of this culinary class. Included were chilled nopalito soup, cactus fruit salsa, chicken tenders in prickly pear BBQ sauce, and, smoothies made with fresh cactus fruit, yogurt, bananas and pineapple.

This class not only opens the season, but, closes it, with an encore set for Monday, Sept 1, aka: Labor Day. It also repeats twice next month, on Saturday, Aug. 9 and Sunday, Aug. 10 with guest instructors 'Chef Eric' & Terri Naddy of Tall Order Catering in Chandler, offering their own unique approaches to culinary uses for prickly pear

Resolution makes donation to QV Fire Department

In the good old days, you could count on your neighbor to lend a hand in a time of need. Neighbors still lend a hand, but sometimes it takes a formal document to finalize it.

Resolution Copper Company wants to make sure that it is a good neighbor. Earlier this month, RCC signed a memorandum of understanding (MOU) with the Queen Valley Fire District to provide emergency response and planning to RCC's mining sites adjacent to Superior. The MOU is good for five years.

On July 15, RCC presented a donation of \$25,000 to the small fire district.

"This money comes to our District at a very critical time when revenues are at an all time low due to declining property taxes making it very hard to maintain Fire District operations.

"The Queen Valley Fire District looks forward to a long standing partnership with Resolution Copper and appreciate Resolution

Copper's trust in our Fire District to provide the mine with emergency services," the fire district said in a press release.

Superior Clinic has Saturday hours

Cobre Valley Regional Medical Center would like to inform the public of the weekend hours at the Superior Clinic.

The Superior Clinic will be open on Saturdays from 10 a.m. to 5 p.m. for walk-in service. The Saturday service is provided to all of our communities to broaden their access to medical care during otherwise inaccessible hours.

Anyone needing non-emergent medical care is welcome to walk-in for service. Copies of the patient visit will be forwarded to the patient's primary care physician (PCP) upon request in order to keep the patient's PCP updated on medical services provided.

The clinic is located at 1134 Highway 60 in Superior. "Our Mission is Your Health."

The Queen Valley Fire District are excited about a \$25,000 donation from Resolution Copper Company.

Join Resolution Copper for a series of public meetings.

Resolution Copper cordially invites you to a series of tours and informational forums about our project. The forum on July 31 will include a presentation and discussion of health and safety at our site. August's forum will be a visit to our core processing facility for an inside look at our geological and geotechnical program. The series will conclude in September with a facilitated community feedback session to gain additional insight about the project from the public.

Light refreshments will be provided.

Superior Senior Baseball All-Stars are runners up at district tourney

By **Andrew Luberd**
Superior Sun

The Superior Senior Baseball All-Star team lost to Casa Grande in the Championship round of the AZ District 4 Senior Baseball Tournament. Both Superior losses in the double-elimination tournament came against Casa Grande, which is playing for the AZ State Championship this week.

Superior handily defeated Maricopa in its first game of the tournament, 12 – 1. The first-round victory set up a July 10 contest with Casa Grande. Unfortunately, Superior didn't find the same success in the second round, losing its first game in the tournament, 10 – 0. Superior was held to only two hits in the game – one each from Frank Pino and Marc Beuno.

"We just couldn't get the bats going," said Superior manager Robbie Real, aware it was an uncharacteristic offensive performance by his team.

Starting pitcher Ricky Longoria pitched an inning-and-a-third before being relieved by Edgar Galindo. Elias Olmos followed when he came in to pitch with one out in the third inning. The early pitching changes were made with a look forward, always part of the strategy in a double-elimination tournament.

"Our pitchers couldn't find the strike zone," Real said after the game. "In this league we're playing in, pitch count is everything and when we're wasting pitches by throwing balls instead of strikes it's going to affect us."

Despite the lopsided loss, Superior's coaches and players were confident they could still play for the championship. "It's not out of our grasps yet," Real said about winning the District Championship even with one loss. "We have to come to play – a different ball team has to show up. We have to shake it off and come back and play baseball."

Superior bounced back in its next game on July 11 by shutting out Coolidge, 17 – 0. With the win, Superior would need to beat Casa Grande twice on July 12 to win the District 4 Championship and advance to the Arizona State Senior Baseball Tournament.

Casa Grande proved to be too much in the championship round dealing Superior its second loss of the tournament, 6 – 2, and winning the District 4 Championship.

Superior Little League All-Star Roundup

By **Andrew Luberd**
Superior Sun

The Superior Little League All-Star seasons for both the 11/12 Division and the 9/10 Division came to end earlier this month in the respective District 4 tournaments. The District tournaments are double-elimination.

The 11/12 Division All-Stars were eliminated on July

7 after a 5 – 4 loss to Coolidge. Superior lost in the first round to Santa Cruz before defeating San Manuel/Mammoth in the one-loss bracket.

The 9/10 Division All-Stars were eliminated on July 9 after a 6 – 1 loss to Casa Grande. Superior dropped its opening round game to Casa Grande, 23 – 0, before winning back-to-back games versus Florence and San Manuel/Mammoth to setup the rematch with Casa Grande.

Superior Substance Abuse Coalition helps Panthers get back to school

The Superior Substance Abuse Coalition (SSAC) once again hosted their annual Win to Swim event. This year there was record attendance, just about all of the 225 back packs filled with school supplies were given away to the hard working students of Superior. In addition to the supplies and back packs the students were given a complimentary day pass to the Superior

Aquatics Center on behalf of the Town of Superior. Close to 300 students, parents and volunteers signed in for the event. To earn these back packs and pool passes the students participated in a scavenger hunt where they had to visit each of the prevention booth to learn about how to say no to drugs and alcohol. The Pinal County Sheriffs Office and County Attorneys Office were present to

staff a prevention booth along with Resolution Copper, MADD, Superior Red Bears, and the Superior Booster Club. Throughout the day the luau themed event had entertainment by the United Dance Crew from Coolidge and the SSAC gave away dozens of raffle prizes to the students and adults in attendance. A free hot dog lunch was also provided for those in attendance.

The SSAC is a local community group who's mission it is to teach children and parents about the danger of drugs and alcohol abuse. The group meets monthly and is under the leadership of Elizabeth Magallanez, the group is always encouraging new members to join and help host their events and activities. For more information contact Magallanez at 520-510-8247.

Students (and their parents) spent a lovely Friday learning about ways to prevent substance and other abuses while earning back to school supplies. Later they had fun at the pool at the Superior Substance Abuse Coalition's annual Win to Swim.

Duval visits mine site and visits with local leaders

By Mila Besich-Lira
Superior Sun

Fred Duval, the Democratic Candidate for the Arizona Governors seat visited Superior last week. During his tour he took a tour of the Resolution Copper project and met with members of the community and regional leaders during a meet and greet and private dinner event.

Duval, has announced that he supports the Resolution Copper Project, something he says is needed to help keep young people living and working in Arizona. "Rural Arizona is hurting. The recession crushed working families in rural Arizona and no matter how hard they try, they just cant seem to get ahead." I've got a detailed blueprint for how to create jobs and move rural Arizona's economy forward and it all starts with investing in infrastructure. One way to do that is to expand Arizona's globally renowned mining industry."

During his dinner event Duval told the attendees, mostly business and elected leaders from the region that most college graduates from Arizona plan on leaving after graduation. They move to states that have more career and job opportunities. He explained that the governor and legislature need to do more to fund education in Arizona. "I hope you remember, I will not cut another dollar, not another nickel and not another penny from K-12 education," he said. "We have to reinvest in Arizona."

Duval also announced that when he is elected he will commission an independent ethics commission to ensure

that state government is operated transparently and ethically. He also talked about his experiences working on both sides of

the aisle when he worked for Governor Bruce Babbitt, the Clinton administration and as a member of the Arizona Board of Regents.

Democrat Gubernatorial candidate Fred Duval speaks to Superior residents at a meet and greet at Porter's Cafe in Superior.

Trust in
the Lord

PASTOR'S CORNER

By Dennis Van Gorp
Family Life Christian Center

Isaiah 31:1 speaks to us today saying, “Woe to those who rely on human strengths and resources instead of looking to God and seeking His help.”

No matter what the problem is that we face, God always has the answer. His answers will bring healing and victory over circumstances. Only He can smooth the rough spots in our life’s journey.

When things seemingly go wrong or upside down, we first tend to look toward ourselves, trying to figure out what happened and what to do. We look for a reason, a place to put the blame.

Isaiah tells us that we are looking in the wrong place for understanding. We are to look at and trust in the Lord. Isaiah 26:12 tells us, “All that we have accomplished, the Lord has done for us.”

With all your heart, trust in Almighty God for success in life and victory over devastating circumstances. He is waiting for you to ask Him for His loving help. Do it now!
