OBITUARY

Christopher Matthew Lopez

Christopher Matthew Lopez, 27, entered the Kingdom of the Lord on July 16, 2021. Christopher was born on July 22, 1993 to Christopher Lopez and Leslie Burns.

Chris is survived by his mother, Leslie Burns (Alex Huerta); father, Christopher Lopez (Jill Corona); his siblings, Angel, Jaiden Rae, Trystan and Andon; and his grandmothers, "Gima" Mary Burns (Jimmy) and "Nana" Mary Helen Lopez. Aunts and uncles, including Lorraine (Gibby) Salazar, Cladia Cruz, Dina (Joe) Montano, Jeannine Burns (Roy), Buck Burns (David) and Phillip Romero, grieve heavily at the loss of their nephew. He is also deeply mourned by his cousins, Ashley, Jojo, Nikki, Chelsea, Gabbi, Danni, Mason, Mikey, Gage, Brooke, Joseph, and Jojo as well as his best friends Erin and Janifer Amparano. Numerous extended relatives

and friends have also been impacted by the loss of this incredible soul.

Christopher is preceded in death by his sister, Destiny Cheyenne; "Gimpa" Pete Burns; Tata Tony Lopez; and Tio Joey Lopez.

Christopher grew up very kind, generous, and compassionate – these three are among the many great qualities Christopher carried into his adulthood. Chris always put the needs of others before his own regardless of the battles he personally faced. Chris is remembered for his consistent and unconditional love to anyone who crossed his path. Memories of Chris often include his infectious laugh and knee-slapping jokes.

Christopher enjoyed spending time at the casino, playing scratch tickets, rooting for the Raiders, and spending time with his family and friends. Prior to his departure, Chris had found a job at a plant nursery. With this employment, Christopher found a new love and unknown passion caring for exotic breeds. Throughout the journey of his life, Christopher touched many hearts and shed light in a dark world.

A visitation will be held on Saturday, July 31, 2021 3-5 p.m. at Griffith Mortuary Chapel in Kearny, AZ.

Infant and Preschool Child Developmental Screening offered at MSM School District

The Mammoth-San Manuel School District and the Arizona Early Intervention Program (AzEIP) will provide a free child developmental screening to any child living in the community who is under the age 5. The school district and AzEIP are very committed to early childhood developmental interventions. Research has shown that from birth to age 5 is a very critical period of learning for children. Early identification of delays in development and early educational interventions have a long-lasting impact for improving the lives of children.

All children taking part in the developmental screenings will be observed for the following developmental skills: hearing and vision, muscle coordination, speech and language, cognitive

development, social, and self-help. The results of the screening will be shared with parents as well as suggestions and recommendations for each child screened before they leave.

The Early Childhood Developmental Screenings will be on Wednesday, Aug. 11, at the Mammoth-San Manuel District auditorium from 9 a.m. to 1:30 p.m. For more information and to schedule a screening, interested parents should call the Mammoth-San Manuel Pre-K-12 office at 520-385-2336. Walk in appointments are also welcomed. Parents who have concerns regarding their children who are 5 years and older should contact the Adaptive Education Office to schedule an evaluation at 520-385-2337 ext. 1105.

US 60 to close overnight July 28 between Miami, Superior; extended closure of US 60 planned for September

US 60 will close between Miami and Superior the night of Wednesday, July 28, as crews pour a portion of the concrete deck on the new Pinto Creek Bridge.

The highway will close to all traffic between 8 p.m. and 4 a.m. as crews work in close proximity to the existing bridge. While US 60 is scheduled to reopen at 4 a.m. Thursday, July 29, drivers should be prepared for lane restrictions and flaggers directing traffic if work is necessary past that time.

With the new bridge nearly complete, the next major step of the \$22.7 million bridge replacement project will be shifting the roadway alignment to the new bridge. The work will occur in September and require a full five-day closure of US 60. ADOT will provide notice of the closure dates when the schedule is confirmed.

When US 60 is closed, traffic will be detoured to SR 177 in Superior and SR 77 in Globe. The detour includes a 10% grade and will significantly increase travel time.

Motorists with a destination between SR 177 and Top-of-the-World to the west of Pinto Creek, or between Miami and Pinto Valley Mine Road east of Pinto Creek, will be allowed to pass during the closure. No vehicles will be allowed between Top-of-

Pinto Creek Bridge, the old and the new, side by side.

the-World and Pinto Valley Mine Road.

More information about the project is available at azdot.gov/PintoCreekBridge.

In April 2020, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. *Copper Area News* wanted to give something back to the local business community as a thank you for supporting us through these troubled times. Our newspapers (*Copper Basin News*, *Superior Sun* and *San Manuel Miner*) have been featuring local businesses and non-profits since the beginning of 2021, encouraging our readers to Shop at Home, stay local and support our local businesses. To date, *Copper Area News* has featured 87 businesses in the Copper Corridor.

Local restaurants faced some of the toughest challenges when the pandemic hit; they were forced to reduce their services to take out only and limit their capacity when they were finally allowed to re-

Not just a theory: Block play builds STEM skills in early childhood

Young Albert Einstein spent a lot of time playing with blocks. It sparked his imagination and helped develop his scientific mind.

Now, more than a century after his revolutionary theories of relativity were published, there's growing evidence that playing with blocks helps young kids develop the skills needed for careers in science, technology, engineering and math (STEM).

You could buy Einstein's very own blocks, (price: \$180,000 plus \$3 shipping), but any ordinary set will do. Either way, your child will get the same developmental benefits.

How do blocks build STEM skills in early childhood?

There's no guarantee your little one will grow up to be a world-famous physicist, but it's not just a theory that playing with building blocks helps kids learn about things like shape, size, location, distance and direction.

Young children learn about these concepts — known as spatial awareness — through movement, exploration and play.

Block play is especially good for spatial learning because it provides opportunities for kids to move and arrange objects and see what happens. Each tower that rises and

Sea Lions swim fast at League Championship Meet

The Central Arizona League Championship Swim Meet was held at the Coolidge Aquatic Center on Saturday, July 24. The cool and rainy weather caused the Coolidge Pool Director to end the meet at the midway point. The Sea Lions had many awesome swims and brought home 27 medals, and finished third overall as a team. Team scores were:

First Place Tucson Aquabears – 672
Second Place Coolidge Dolphins – 459
Third Place Sea Lions Swim Team – 399
Fourth Place Florence Sharks – 51
Fifth Place Globe Piranhas – 41

The Sea Lions were proud of the fact that despite the wet weather, all Sea Lions that had qualified for the meet came and did well – something no other team could say. The weather did not effect how well the Sea Lions swam; they achieved improved times in a vast majority of the races.

Because the meet was ended early, Medals were awarded at team practice on Monday.

Sea Lions Coaches were excited how well the first year swimmers did at the meet.

The 9-10 Boys Medley Relay consisting of Talon Riddering, Joshua Doucette, Ben

Simons, and Darrian Kramer was one race among many. In the Medley Relay, each swimmer swims a different competitive stroke (Backstroke, Breaststroke, Butterfly, Freestyle). Early in the season, it looked like the Sea Lions might not be able to swim this relay. But at the Championship Meet, not only did the four boys swim they looked like they had been swimming for years. Everything fell in to place for them to finish in 3rd place and earn a medal.

Talon Riddering (10) learned all four competitive strokes in his first year as a Sea Lion. He had another great week of practice and the results showed at the meet. His Butterfly time was 10 seconds faster than he had every swam before. He followed up that swim with a 7-second improvement in his Backstroke. His leadoff Backstroke on the Medley Relay was key to 9-10 Boys earning the bronze medal. Talon was named Beast of the Week for his hard work during the week and accomplishments at the meet.

Evan Apuron (18) swam a sizzling 100 Backstroke in a time of 58.09 which is a new League Championship Record and a Sea Lions Team Record.

With over 250 swimmers at the meet, any

finish in the top 8 places was an impressive achievement. Every Sea Lions swimmer had at least one top 8 finish at the Championship even though only half of the events were held:

Cassadee Brown, 5, (4th Fly, 6th Medley Relay);
 Bradley Tafoya, 5, (5th Fly, 6th Medley

Relay);
 Teddy Olson, 5, (7th Back, 5th Medley Relay);
 Grayson Downing, 6, (4th Back, 8th Fly, 5th Medley Relay);
 Gabriel Hudson, 6, (4th IM, 6th Back, 4th Medley Relay);

BLOCK PLAY

Continued from page 5

falls is an experiment in how things in the physical world relate to each other.

But it may be the language shared between children and their adult caregivers during block play that's the key. Researchers are finding that understanding spatial vocabulary — words like “above,” “below,” “next to,” “inside,” “over” and “through” — could be what fuels kid's abilities and interest in math and science later on in school. And studies show that children learn to use more spatial language when playing with blocks than when not.

Does early math matter?

Some recent studies show that spatial learning developed in block play relates to math learning as early as age 3. Could that really matter in the long run? Statistically, yes, because students who start kindergarten with stronger math skills go on to do better in elementary school math. And kids who do better in elementary school math are much more

likely to graduate from high school and attend college.

What does all this mean for parents?

While the evidence about spatial skills and early math learning is powerful, keep in mind how young kids learn best — through play.

Yes, it's a great idea to get out the blocks and play with your little one, but don't be concerned with trying to teach. Make it fun. Talk together. Follow your child's imagination.

As Einstein said, “Imagination is more important than knowledge.”

About First Things First — As Arizona's early childhood agency, First Things First funds early learning, family support and children's preventive health services to help kids be successful once they enter kindergarten. NOTICE OF PUBLIC HEARING: A public hearing will be held by the Pinal County Planning and Zoning Commission at 9:00 A.M. on the 19th day August, 2021 in the Pinal County Historic Courthouse Board of Supervisors Chambers, 135 N. Pinal St., Florence, Arizona to consider **PZ-C-002-21**, a Zoning Ordinance Text Amendment to Title 2 of the Pinal County Development Services Code, adding a new **Chapter 2.365: LARGE MASTER PLAN COMMUNITY (L-MPC) ZONING DISTRICT** as follows: **Chapter 2.365: LARGE MASTER PLAN COMMUNITY (L-MPC) ZONING DISTRICT** Sections: 2.365.010 Legislative intent and purpose. 2.365.020 Applicable existing zoning districts and relationship to comprehensive plan. 2.365.030 Minimum land/development requirements. 2.365.040 Application requirements. 2.365.050 Large Master Plan Community. 2.365.060 Plats and specific site plans. 2.365.070 Amendments. 2.365.080 Authorization. 2.365.090 Validity. **2.365.010 Legislative intent and purpose.** A. The L-MPC zoning district is a floating zoning district that encourages creative land development. The intent and purpose of this zoning district is to provide an alternative to conventional zoning districts by promoting innovative land use planning consistent with the goals, objectives and policies of the Comprehensive Plan and to this title by promoting flexibility for large master planned developments that possess the following characteristics: 1. Predominately residential land uses with supporting non-residential uses. 2. Property to be comprised of no less than 2,000 gross acres; 3. Provide uses such as commercial, employment and public facilities and services that complement the residential component; and 4. Exemplary design and placement of land uses with proper transitions between dissimilar uses, and adequate open space and other appropriate recreational amenities. B. The L-MPC zoning district is intended to accomplish the following: 1. Permit and encourage innovative large-scale land development while maintaining appropriate limitations on the character and intensity of use and assuring compatibility with adjoining and proximate properties; 2. Permit greater flexibility within a development to best utilize the features of a particular site, in exchange for greater public benefits that otherwise could not be achieved through standard development processes provided under this title; 3. Ensure that large master planned developments function as integrated communities, with exemplary community amenities and benefits and with enhanced design elements such as, but not limited to: community entry features, social clubs, community spaces, and large recreational facilities; 4. Encourage integrated and unified design and function of the various uses allowed in the accompanying master plan; 5. Encourage a more productive use of land consistent with the public objectives and standards of accessibility, safety, infrastructure and land use compatibility; and 6. Foster a strong sense of community based on the distinctive character of the development and a shared physical environment. **2.365.020 Applicable existing zoning districts and relationship to Comprehensive Plan.** A. An application to rezone to an L-MPC zoning district may be submitted for properties within any Zoning District or combination of Zoning Districts. Approval of a Master Plan is required prior to development in an L-MPC zoning district. An approved Master Plan establishes the location and character of the uses and the unified overall development of individual

Public Notice

development areas and phases within the zoning district. The Master Plan shall be adopted by the County together with an approved development agreement between the County and the applicant/master developer. B. Projects developed under an L-MPC zoning district are only appropriate for, and deemed to be in conformance with, areas designated in the County's Comprehensive Plan land use plan map as either: 1. Residential land use designations (including allowable commercial and employment uses within these designations); or 2. Residential land uses combined with general commercial, employment, activity center or general public facilities and services land uses in any combination. At the time of the approval by the County of the L-MPC zoning district, the land shall be designated on the County's Comprehensive Plan land use plan map consistent with the land use designations that best aligns with the most common zoning district identified within the approved Master Plan. **2.365.030 Minimum land/development requirements.** The minimum land/development requirements for an L-MPC zoning district are: A. The land has a minimum of 2,000 contiguous acres under the ownership or exclusive control of a single legal entity who shall be the applicant/master developer for the entire project; B. The land has direct access to an arterial or higher roadway classification and is located within one (1) mile of a proposed or existing high capacity roadway interchange or higher roadway classification C. The development includes planned multimodal transportation systems; and D. The development includes coordinated single family and multi-family residential that is supported by commercial, employment and public facility uses intended to complement the residential component. **2.365.040 Application requirements.** An application for an L-MPC zoning district shall comply with the rezoning process and requirements set forth in Chapter 2.166 PCDS. An L-MPC zoning district application shall not be accepted for processing on any property that was part of a PAD overlay or change in zoning district application denied by the supervisors within the previous six months. **2.365.050 Development Master Plan.** Approval of a Master Plan (MP) is required prior to development in an L-MPC zoning district. Density transfer proposals indicating donor and recipient areas are submitted to the Community Development Director for administrative review and approval; and 3. The overall density of the L-MPC is not exceeded. F. Reduction or Removal. An approved L-MPC zoning district may not be rezoned unless the remaining portion of the approved L-MPC can stand alone without changing the character, circulation or open space as originally approved as determined by the Community Development Director. G. Variances. The Board of Adjustment shall not grant any variances for an approved L-MPC. H. Appeals. Appeals of actions and/or decisions of the Community Development Director shall be made to the Board of Adjustment and processed pursuant to Chapter 2.155 PCDS. **2.365.080 Authorization.** The various County officers and employees are hereby authorized and directed to perform all acts necessary and desirable to give effect to this chapter. **2.365.090 Validity.** Should any provision of this chapter be deemed or held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions thereof. CHAPARRAL MARKET

Continued from page 5

open.

Chaparral Market is one of Oracle's staple restaurants, having been there for 36 years. They have been providing the same quality service for years and continue to do so, even in these trying times. The ladies at Chaparral still have the best service around.

Chaparral serves burgers, fries, and ice cream along with Mexican food. They also sell packaged craft beers.

"Now offering dine-in, and we're still cooking our famous Mel's burgers and our Chilly-Willies," said manger Helen Hillman.

Chaparral Market is owned by Val Childers and is managed by her daughter Helen Hillman. Melvin Childers opened the market in 1985. He passed away in 2016, leaving it to his wife.

Chaparral Market is located at 2400 SR 77 in Oracle. You can order at (520) 896-2015. Hours are 11 a.m. to 8 p.m. Monday through Saturday and 11:30 a.m. to 7 p.m. on Sunday.

"We'd like to thank the Tri-Community for supporting our restaurant in these trying times of the pandemic," said Hillman.

So if you find yourself craving a burger or a Chilly-Willy, why not stop in at Chaparral and get a bite?

Helen Hillman, manager of the Chaparral Market in Oracle.
