OBITUARY

Christopher Matthew Lopez

Christopher Matthew Lopez, 27, entered the Kingdom of the Lord on July 16, 2021. Christopher was born on July 22, 1993 to Christopher Lopez and Leslie Burns. Chris is survived by his mother, Leslie Burns (Alex

Huerta); father, Christopher Lopez (Jill Corona); his siblings, Angel, Jaiden Rae, Trystan and Andon; and his grandmothers, "Gima" Mary Burns (Jimmy) and "Nana" Mary Helen Lopez. Aunts and uncles, including Lorraine (Gibby) Salazar, Cladia Cruz, Dina (Joe) Montano, Jeannine Burns (Roy), Buck Burns (David) and Phillip Romero, grieve heavily at the loss of their nephew. He is also deeply mourned by his cousins, Ashley, Jojo, Nikki, Chelsea, Gabbi, Danni, Mason, Mikey, Gage, Brooke, Joseph, and Jojo as well as his best friends Erin and Janifer Amparano. Numerous extended relatives and friends have also been impacted by the loss of this incredible soul.

Christopher is preceded in death by his sister, Destiny Cheyenne; "Gimpa" Pete Burns; Tata Tony Lopez; and Tio Joey Lopez.

Christopher grew up very kind, generous, and compassionate – these three are among the many great qualities Christopher carried into his adulthood. Chris

always put the needs of others before his own regardless of the battles he personally faced. Chris is remembered for his consistent and unconditional love to anyone who crossed his path. Memories of Chris often include his infectious laugh and knee-slapping jokes.

Christopher enjoyed spending time at the casino, playing scratch tickets, rooting for the Raiders, and spending time with his family and friends. Prior to his departure, Chris had found a job at a plant nursery. With this employment, Christopher found a new love and unknown passion caring for exotic breeds. Throughout the journey of his life, Christopher touched many hearts and shed light in a dark world.

A visitation will be held on Saturday, July 31, 2021 3-5 p.m. at Griffith Mortuary Chapel in Kearny, AZ.

Shop at Home: Buckboard City Restaurant & Saloon

In April 2020, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave

the go ahead to reopen, businesses slowly began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are

hanging on as best they can. *Copper Area News* wanted to give something back to the local business community as a thank you for supporting us through these troubled times. Our newspapers (*Copper Basin News*, *Superior Sun* and *San Manuel Miner*) have been featuring local businesses and non-profits since

the beginning of 2021, encouraging our readers to Shop at Home, stay local and support our local businesses. To date, *Copper Area News* has featured 87 businesses in the Copper Corridor.

Not just a theory: Block play builds STEM skills in early childhood

Young Albert Einstein spent a lot of time playing with blocks. It sparked his imagination and helped develop his scientific mind.

Now, more than a century after his revolutionary theories of relativity were published, there's growing evidence that playing with blocks helps young kids develop the skills needed for careers in science, technology, engineering and math (STEM).

You could buy Einstein's very own blocks, (price: \$180,000 plus \$3 shipping), but any ordinary set will do. Either way, your child will get the same developmental benefits.

How do blocks build STEM skills in early childhood?

There's no guarantee your little one will grow up to be a world-famous physicist, but it's not just a theory that playing with building blocks helps kids learn about things like shape, size, location, distance and direction.

Young children learn about these concepts — known as spatial awareness — through movement, exploration and play.

Block play is especially good for spatial learning because it provides opportunities for kids to move and arrange objects and see what happens. Each tower that rises and falls is an experiment in how things in the physical world relate to each other.

But it may be the language shared between children and their adult caregivers during block play that's the key. Researchers are finding that understanding spatial vocabulary — words like “above,” “below,” “next to,” “inside,” “over” and “through” — could be what fuels kid's abilities and interest in math and science later on in school. And studies show that children learn to use more spatial language when playing with blocks than when not.

Does early math matter?

Some recent studies show that spatial learning developed in block play relates to math learning as early as age 3. Could that really matter in the long run? Statistically, yes, because students who start kindergarten with stronger math skills go on to do better in elementary school math. And kids who do better in elementary school math are much more likely to graduate from high school and attend college.

What does all this mean for parents?

While the evidence about spatial skills and early math learning is powerful, keep in mind how young kids learn best — through play.

Yes, it's a great idea to get out the blocks and play with your little one, but don't be concerned with trying to teach. Make it fun. Talk together. Follow your child's imagination.

As Einstein said, “Imagination is more important than knowledge.”

Hundreds expected to travel along Arizona Trail from Mexico to Utah in one day

Eight hundred miles is a long distance to attempt to drive in a day. If traveling by foot, bike, horse or any other self-powered means, it's impossible within 24 hours.

Or is it?

On Saturday, Oct. 9, hundreds of outdoor enthusiasts from across Arizona stage themselves along the Arizona National Scenic Trail (AZT), from the Mexico border to the Utah border, ready to complete the entire trail in a single day. Each person will have a few miles to complete and 24 hours to do it.

A Sizable Challenge

"This is no small feat," said Karrie Kressler, coordinator for the challenge. "We're going to need hundreds of committed folks out there to pull this off."

In the previous three years of AZT in a Day, over a thousand hikers, runners, bikers and equestrians have come very close to covering the whole trail in one day, amassing over 5,000 trail miles each year and in their best year completing 97.5% of the trail in a one day.

The Arizona Trail has always been about group effort, and this challenge is no different. "It took tens of thousands of volunteers over three decades to build the Arizona Trail, and now we're delighted to be able to invite everyone to share this amazing public resource during one of the best times of the year," said Matt Nelson, Executive Director of the Arizona Trail Association. "No matter how far you can hike, run or ride, we hope everyone can enjoy some time on the AZT with the ATA this October."

Choosing Your Section

The 800-mile trail has been divided into sections ranging in length from 1.8 to 18 miles. Participants will have 24 hours to complete their portion of the trail. Online registration is free and open to everyone.

The Arizona Trail offers the public a unique way to experience some of the most scenic and wild parts of Arizona. Participants can choose between desert, mountain, canyon, forest or urban segments of the trail. The AZT passes through eight wilderness areas, four National Forests, two National Parks, one National Memorial, one State Park, and passes through or near 32 gateway communities.

"We advise participants be well-prepared. Some access points require 4-wheel drive or high clearance vehicles," said Karrie Kressler, Administrative Director.

A few sections of the trail are remote and require extra planning. For these sections, participants familiar with backpacking will be required to camp in particular areas at least a day before the actual event to be ready to complete their portion on October 9, according to Kressler.

Fundraising Opportunities

Participants who want to help raise money to support the Arizona Trail Association can appeal to family, friends and others to pledge dollars to support their commitment on October 9.

"Last year AZT in a Day participants raised over \$50,000

for the trail, an incredible show of support that we are hoping to reach again this year," said Nelson. "It takes a strong organization to protect and maintain 800 miles of trail. As we attempt to raise the funds necessary to sustain the ATA, please think about what your experiences on the AZT are worth."

Pinal County Supervisor Cavanaugh awards non-profit grants; prioritizes funding for those offering food, shelter, social services

Each year the Pinal County Board of Supervisors sets aside \$100,000 for each district to grant to local nonprofit organizations for the benefit of Pinal County residents. The County staff reviews the grant applications and scores them based on a rubric, rating each organization with a score of 1 to 5 in several different categories.

This year District 1 Supervisor Kevin Cavanaugh awarded \$8,000 (8%) towards education projects, \$20,000 (20%)

towards Economic Development projects, and \$39,500 (39.5%) towards projects relating to food, shelter, and social services. Supervisor Cavanaugh reserved approximately one-third of the funds for requests anticipated during the balance of the fiscal year.

The organizations receiving funds in District One include:

- Boyce Thompson Arboretum

- Copper Corridor Economic Development Coalition
- Local First Arizona
- Winkelman Resource Management Center
- Hope Women's Center
- Pinal Hispanic Council
- Hope International Food Pantry
- Horizon Health
- Salvation Army
- HOHP

hit; they were forced to reduce their services to take out only and limit their capacity when they were finally allowed to re-open.

The old western motif building on Highway 60 is the home to the Buckboard City Restaurant and Saloon, owned by John and Barahthi Tameron. Their family has maintained the quirky roadside attraction of the "World's Smallest Museum" and their menagerie of recycled objects fountains that were originally constructed by the restaurant's original owners.

The menu features a variety of American food favorites including hearty breakfasts to start your day, such as plate size pancakes, filling omelets and of course your basic eggs, bacon and toast breakfast. Lunch offers additional variety with some Mexican food choices but they are well known for their homemade Chicken Tortilla Soup, burgers and sandwiches.

Like all businesses, COVID created significant challenges to operations and in some ways, the pandemic created new opportunities. During the pandemic, the Tamerons developed an outdoor patio that would allow them to expand their saloon premises and create more space for outdoor seating. Prior to the pandemic there was limited room inside the Saloon and those wishing to dine outside had limited space on the wooden patio.

The Buckboard City definitely provides satisfying meals for locals and visitors alike. If you have never taken the time to visit the World's Smallest Museum, it is a must stop visit for everyone.

Buckboard City is located at 1107 W. Hwy. 60. They are open Wednesday through Sunday 7 a.m. to 2 p.m. They are closed on Monday and Tuesdays. Call ahead to reserve group seating or order take out at 520-689-5800.

Public Notice

NOTICE OF PUBLIC HEARING: A public hearing will be held by the Pinal County Planning and Zoning Commission at 9:00 A.M. on the 19th day August, 2021 in the Pinal County Historic Courthouse Board of Supervisors Chambers, 135 N. Pinal St., Florence, Arizona to consider **PZ-C-002-21**: a Zoning Ordinance Text Amendment to Title 2 of the Pinal County Development Services Code, adding a new **Chapter 2.365: LARGE MASTER PLAN COMMUNITY (L-MPC) ZONING DISTRICT** as follows: **Chapter 2.365 LARGE MASTER PLAN COMMUNITY (L-MPC) ZONING DISTRICT** Sections: 2.365.010 Legislative intent and purpose. 2.365.020 Applicable existing zoning districts and relationship to comprehensive plan. 2.365.030 Minimum land/development requirements. 2.365.040 Application requirements. 2.365.050 Large Master Plan Community. 2.365.060 Plats and specific site plans. 2.365.070 Amendments. 2.365.080 Authorization. 2.365.090 Validity. **2.365.010 Legislative intent and purpose.** A. The L-MPC zoning district is a floating zoning district that encourages creative land development. The intent and purpose of this zoning district is to provide an alternative to conventional zoning districts by promoting innovative land use planning consistent with the goals, objectives and policies of the Comprehensive Plan and to this title by promoting flexibility for large master planned developments that possess the following characteristics: 1. Predominately residential land uses with supporting non-residential uses. 2. Property to be comprised of no less than 2,000 gross acres; 3. Provide uses such as commercial, employment and public facilities and services that complement the residential component; and 4. Exemplary design and placement of land uses with proper transitions between dissimilar uses, and adequate open space and other appropriate recreational amenities. B. The L-MPC zoning district is intended to accomplish the following: 1. Permit and encourage innovative large-scale land development while maintaining appropriate limitations on the character and intensity of use and assuring compatibility with adjoining and proximate properties; 2. Permit greater flexibility within a development to best utilize the features of a particular site, in exchange for greater public benefits that otherwise could not be achieved through standard development processes provided under this title; 3. Ensure that large master planned developments function as integrated communities, with exemplary community amenities and benefits and with enhanced design elements such as, but not limited to: community entry features, social clubs, community spaces, and large recreational facilities; 4. Encourage integrated and unified design and function of the various uses allowed in the accompanying master plan; 5. Encourage a more productive use of land consistent with the public objectives and standards of accessibility, safety, infrastructure and land use compatibility; and 6. Foster a strong sense of community based on the distinctive character of the development and a shared physical environment. **2.365.020 Applicable existing zoning districts and relationship to Comprehensive Plan.** A. An application to rezone to an L-MPC zoning district may be submitted for properties within any Zoning District or combination of Zoning Districts. Approval of a Master Plan is required prior to development in an L-MPC zoning district. An approved Master Plan establishes the location and character of the uses and the unified overall development of individual

Public Notice

development areas and phases within the zoning district. The Master Plan shall be adopted by the County together with an approved development agreement between the County and the applicant/master developer. B. Projects developed under an L-MPC zoning district are only appropriate for, and deemed to be in conformance with, areas designated in the County's Comprehensive Plan land use plan map as either: 1. Residential land use designations (including allowable commercial and employment uses within these designations); or 2. Residential land uses combined with general commercial, employment, activity center or general public facilities and services land uses in any combination. At the time of the approval by the County of the L-MPC zoning district, the land shall be designated on the County's Comprehensive Plan land use plan map consistent with the land use designations that best aligns with the most common zoning district identified within the approved Master Plan. **2.365.030 Minimum land/development requirements.** The minimum land/development requirements for an L-MPC zoning district are: A. The land has a minimum of 2,000 contiguous acres under the ownership or exclusive control of a single legal entity who shall be the applicant/master developer for the entire project; B. The land has direct access to an arterial or higher roadway classification and is located within one (1) mile of a proposed or existing high capacity roadway interchange or higher roadway classification. C. The development includes planned multimodal transportation systems; and D. The development includes coordinated single family and multi-family residential that is supported by commercial, employment and public facility uses intended to complement the residential component. **2.365.040 Application requirements.** An application for an L-MPC zoning district shall comply with the rezoning process and requirements set forth in Chapter 2.166 PCDSC. An L-MPC zoning district application shall not be accepted for processing on any property that was part of a PAD overlay or change in zoning district application denied by the supervisors within the previous six months. **2.365.050 Development Master Plan.** Approval of a Master Plan (MP) is required prior to development in an L-MPC zoning district. The purpose of the L-MPC is to establish the location and character of planned uses and a unified development pattern with regards to balance and application, and phasing of amenities and supporting infrastructure. The L-MPC shall include, at a minimum: A. Title page that states: 1. Project name. 2. Case number (to be added at the time of filing). 3. Date of filing. 4. Revision dates (with any resubmittals). B. Principals and Development Team Page. This page will provide the name, address, telephone number and email address for the applicant/master developer and any members of the development team including, but not limited to, all architects, landscape architects, civil engineers, traffic engineers, legal representation and other professionals. C. Table of Contents page. D. Site Conditions and Location. This section shall provide information regarding the current condition of the project site, including: 1. Acreage; 2. Current land use and description of any structures and/or buildings; 3. Parcel map; 4. Ownership information for subject property; 5. An ALTA survey prepared no more than 60 days prior to the date of filing; 6. Ownership and use information for surrounding properties within one mile; 7. Surrounding zoning

districts within one mile; and, 8. Access to an arterial or higher roadway classification and proximity to proposed or existing high capacity roadway interchange or higher roadway classification. E. Comprehensive Plan Conformance. This section shall describe how the proposal is in conformance with the County's Comprehensive Plan. F. Development Plan. This section will provide a Development Plan prepared by a design professional for the entire project site identifying, at minimum, the following: 1. Roadway network and classifications thereof, for all collector and higher roadway classifications; 2. Development areas; 3. Drainage, washes or other natural features, either manmade or natural; 4. Major open space areas including public safety facilities and public services and utilities; and 5. Trails network plan. G. Project Development Table. This section will provide the following: 1. Area of each development area; 2. Land uses for each development area; 3. Residential density of each development area; 4. Total possible dwelling unit count (if applicable) for each residential development area; 5. Total square footage of non-residential land uses for each development area; and 6. Minimum area of open space for each development area. H. L-MPC Use Districts. This section shall provide the use, density and intensity classifications that will apply to each development area. Development areas may have more than one possible use, density or intensity classification. The L-MPC Use Districts shall utilize, to the greatest extent possible, existing Pinal County Zoning Classifications. If a development type cannot be achieved within any existing zoning classification, an applicant may propose a custom use classification for consideration as provided herein. If custom use classifications are proposed, each shall include, at minimum, the following standards: 1. Density (if residential) or intensity and total square footage of use (if non-residential); 2. Minimum Lot Area. 3. Minimum Lot Width. 4. Lot coverage; 5. Building setbacks or build-to lines; 6. Maximum height; 7. Landscape setbacks; and 8. Permitted land uses. 9. Exhibits detailing specific dwelling/building group types and arrangements to the satisfaction of planning staff. Each custom use classification shall be identified by a specific name to avoid confusion with standard zoning classifications. I. Master Project Design Character and Theming. This section shall provide the overall project design and character themes, concepts and/or other illustrative guidance. These character and theming concepts shall include, at a minimum: 1. Overall project landscaping theme. 2. Overall project lighting theme. 3. Overall project architectural character theme, including entry monuments and streetscape elements. 4. Areas with activity centers. Themes shall include visual examples of theme concepts. Concepts shall include specific materials, colors and/or vegetation options. Specific designs shall be required at the time of platting and/or specific site plan processing (PCDSC 2.365.060). J. Zoning Implementation Table. This section shall provide the total number of residential dwellings as well as the total amount of square footage of non-residential land uses allowed within each development area and overall L-MPC area. As each development area, or portion thereof, is platting or site planned, the applicant/master developer shall provide an updated zoning implementation table that (1) identifies the assigned uses for the specific

Public Notice

development area or portions thereof; (2) identifies the dwelling units and/or square footages assigned to the specific development area or portions thereof; and (3) updates the total remaining square footages and/or dwelling units for the remaining project-wide unassigned development area. The zoning implementation table on the last processed approval is the controlling table and all prior tables are void. Any remaining square footages and/or dwelling units remaining after full build-out of the project area shall be forfeited and are deemed no longer available. K. Signage Standards. This section may either (1) refer to the typical standards of this title, or (2) provide specific standards for the entire project area or specific development areas. L. Infrastructure. This section will provide a basic analysis for the project's circulation system, grading and drainage system for the overall site and how water and wastewater will be provided including utility and public safety facilities that can be used to enhance the provision of services to the region surrounding the development site. M. Phasing Plan. This section shall provide a phasing plan for the overall project which includes infrastructure. N. Additional Information. Nothing herein shall be construed as limiting what may be included in an L-MPC. The County may require and/or the applicant/master developer may include additional information, development standards or other materials within the final application including, but not limited to: traffic studies and archeological reports. Failure to submit the requested additional information, standards or materials will constitute an incomplete application and will not be processed. O. A regional transportation planning study as determined by the County Engineer. **2.365.060 Plats and specific site plans.** Plats and/or specific site plans or individual site plans in substantial compliance with the approved master plan shall be filed in accordance with Chapter 2.200 PCDSC, the schedule for development, if any, or the County's subdivision regulations. Prior to development, the applicant/master developer shall formally subdivide the development area or areas in order to (1) complete the required zoning implementation table as per PCDSC 2.365.050(J) and to (2) finalize design requirements as per subsection (F) of this section. A. There may be more than one plat and/or specific site plan or individual site plan within the L-MPC zoning district. B. Approval of a specific site plan in accordance with Chapter 2.200 PCDSC does not replace the plat process and shall not be used to circumvent the plat process required by the County's Subdivision Regulations. C. Where the plat process is required, no site plan, if required, may be approved prior to final plat approval. D. A plat, specific site plan or individual site plan shall be deemed in substantial compliance with the master plan and development agreement; provided, that the plat, specific site plan or individual site plan does not: 1. Change the uses or character of the approved L-MPC, development plan or development areas. 2. Increase the approved maximum density or intensity of the L-MPC or subject development area. 3. Change the number or make a substantial change in the location of streets with an arterial or higher classification. 4. Contain changes which would normally cause the plat or site plan to be disqualified under the applicable criteria. E. Dedications may be required with approval of the final plat or specific site plan or individual site plan when substantiated by final studies

Public Notice

that are not completed until review of the final plat, specific site plan or individual site plan by County staff. Studies may be for, but are not limited to, water and wastewater, drainage, hydrology, and traffic analysis. F. At the time of tentative subdivision plat application for any development areas (or any part thereof), the applicant/master developer shall provide development area specific detailed architectural, lighting and landscaping guidelines that comply with the overall master character and theming provided in PCDSC 2.365.050(I). The Community Development Director (or designee) shall conduct a design review of any submitted plans to verify compliance with approved specific guidelines prior to issuance of any building permits. G. If a plat, or site plan does not substantially conform to the approved master plan, the Community Development Department or Public Works Department shall notify the applicant/master developer of the deficiency, and County staff review shall be suspended until the deficiency is remedied. H. Minor land divisions are prohibited within the boundaries of an approved L-MPC zoning district. All land divisions shall be processed as a subdivision according to PCDSC Title 3. Modifications and appeals of the subdivision provisions under Chapter 3.60 PCDSC may only be used to modify the provisions of Chapters 3.20 and 3.50 PCDSC. **2.365.070 Amendments to the Master Plan.** A. Major Amendment. An amendment will be deemed major if it involves any of the following as determined by the Community Development Director: 1. A request for different type of land use not included in the L-MPC; 2. A greater than 10 percent change in development area boundaries when located within 600 feet of the exterior boundaries of the L-MPC zoning district; 3. A request to waive, or a change altering, any condition or stipulation of approval; 4. Changes in locations or classifications of streets identified as a collector or higher roadway classification; 5. Changes in locations or use of open space areas, excluding minor shifts in size, location and/or uses that are consistent with the approved L-MPC; 6. Dwelling unit density transfers or non-residential intensity transfers between development areas which are greater than 10 percent of the total density or intensity of the taking or receiving development areas; 7. An increase in the overall project density or non-residential intensity; 8. A change in location of wastewater facilities or change in the wastewater system excluding collection lines; 9. A deletion or addition of acreage to an approved L-MPC boundary; 10. A severance of a portion of the L-MPC zoning district; 11. Abandonment of an existing approved L-MPC by approval of a new L-MPC over the entire property; 12. Any change in the development phasing schedule that results in the delay of infrastructure improvements affecting properties beyond the approved L-MPC boundary; 13. Any significant change to the content of the master plan after a final master plan has been approved; 14. A change that would have a significant impact on surrounding properties; 15. Changes in signage standards for the entire project area, if the proposed change is not in compliance with the standards set forth in this title, as amended; or 16. Any change to the approved development agreement that would have a substantial effect on the master plan or stipulations of approval. B. Minor L-MPC Amendment. Any request that is not major, as defined in subsection A of this section, or is otherwise determined by the Community Development Director to be a minor amendment. In general, minor L-MPC amendments are small adjustments to the content of the L-MPC that do not substantively or materially alter the original character and/or intent of the L-MPC. D. Minor L-MPC Amendment Procedure. 1. Requests for minor L-MPC amendments shall be filed with the Community Development Department and subject to the applicable fee as specified in the County's fee schedule adopted from time to time. 2. The request will be routed for comment to any affected County departments. 3. Upon receipt of comments, but no later than 10 working days, the Community Development Director will determine whether to approve, deny or request revisions to the requested amendment. 4. Applicant/master developer will be notified by letter of the Community Development Director's decision and a copy of the letter will be filed for public record. E. Density/Intensity Transfers. The Community Development Director may permit residential unit density and/or nonresidential intensity transfers of 10 percent or less between development areas within the L-MPC, provided: 1. The procedures for such transfers are explicitly stated within the L-MPC and will be allowed only once per residential development area; 2. Density transfer proposals indicating donor and recipient areas are submitted to the Community Development Director for administrative review and approval; and 3. The overall density of the L-MPC is not exceeded. F. Reduction or Removal. An approved L-MPC zoning district may not be rezoned unless the remaining portion of the approved L-MPC can stand alone without changing the character, circulation or open space as originally approved as determined by the Community Development Director. G. Variances. The Board of Adjustment shall not grant any variances for an approved L-MPC. H. Appeals. Appeals of actions and/or decisions of the Community Development Director shall be made to the Board of Adjustment and processed pursuant to Chapter 2.155 PCDSC. **2.365.080 Authorization.** The various County officers and employees are hereby authorized and directed to perform all acts necessary and desirable to give effect to this chapter. **2.365.090 Validity.** Should any provision of this chapter be deemed or held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions thereof. COPIES OF THE PROPOSED TEXT AMENDMENT ARE AVAILABLE FOR REVIEW ON THE PINAL COUNTY WEBSITE AT <https://www.pinalcountyaz.gov/CommunityDevelopment/Planning/Pages/OrdinanceMajorCPA.aspx> UNDER ZONING ORDINANCE AMENDMENTS. DID YOU KNOW?

The Superior Chamber of Commerce, Rebuild Superior, Inc., and the Town of Superior work together with joint marketing and branding to **bring new visitors to our small businesses.**

The **Superior Municipal Airport** Master Plan outlines around \$37 million in long-term capital needs. The near-term step will be constructing helicopter pads that will facilitate faster and safer air evacuation from Superior.

A new section is being added to the **Highway 60 park** and a new small park on the east side of Stone Avenue.

The Town is designing and constructing a **Multi-Generational Center** that will include the Library, the Senior Center, exercise facilities, the Town Hall, and an Innovation Center.

Boyce Thompson Arboretum is now within the Town boundaries as a result of the annexation.

The **Legends of Superior Trail (LOST)** which made Superior the first Gateway Community to the statewide **Arizona Trail**.

The Town of Superior is upgrading the sewage plant to make it **more efficient** and creating redundant backup.

There are active discussions regarding groundwater levels and returning some flow back to **Queen Creek** through town.

The Town recently **annexed 6,000 acres of undeveloped land** both east and north of the Town that will include open space, housing, and industrial development.

The Town of Superior is implementing a **street improvement plan** to address substandard streets in Town.

SUPERIOR GENERAL PLAN

**SUPERIOR
GENERAL
PLAN**

We need **YOUR INPUT** on the future direction of Superior!

The Town of Superior is updating the General Plan – the plan that will guide your Town's future for the next 10+ years. The General Plan contains visionary goals and policies that will drive decision making for topics including land use, transportation, public facilities, open space, housing, and other critical community resources.

For the General Plan to truly represent the community's vision for the future, we need your voice in planning for the future of Superior!

WHAT:

Community Survey on the Future of Superior.

WHEN:

July 1st–30th, 2021

WHERE:

<https://www.surveymonkey.com/r/SuperiorGenPlan> or paper copies will be available for pick-up and drop-off at Town Hall.

WHY:

Voice your priorities for the Town as it grows and develops. Input you provide will be used to identify specific policies and strategies for how and where the Town will grow and invest resources in the future.

Please contact Amy Garinger (amy.garinger@kimley-horn.com) or Arlene Diaz-Gonzalez (adgonzalez@superioraz.gov) with any questions you might have.

And stay on the lookout for other opportunities and events to be involved in the General Plan throughout 2021!

US 60 to close overnight July 28 between Miami, Superior; extended closure of US 60 planned for September

US 60 will close between Miami and Superior the night of Wednesday, July 28, as crews pour a portion of the concrete deck on the new Pinto Creek Bridge.

The highway will close to all traffic between 8 p.m. and 4 a.m. as crews work in close proximity to the existing bridge. While US 60 is scheduled to reopen at 4 a.m. Thursday, July 29, drivers should be prepared for lane restrictions and flaggers directing traffic if work is necessary past that time.

With the new bridge nearly complete, the next major step of the \$22.7 million bridge replacement project will be shifting the roadway alignment to the new bridge. The work will occur in September and require a full five-day closure of US 60. ADOT will provide notice of the closure dates when the schedule is confirmed.

When US 60 is closed, traffic will be detoured to SR 177 in Superior and SR 77 in Globe. The detour includes a 10% grade and will significantly increase travel time.

Motorists with a destination between SR 177 and Top-of-the-World to the west of Pinto Creek, or between Miami and Pinto Valley Mine Road east of Pinto Creek, will be allowed to pass during the closure. No vehicles will be allowed between Top-of-the-

Pinto Creek Bridge, the old and the new, side by side.

World and Pinto Valley Mine Road. More information about the project is available at azdot.gov/PintoCreekBridge.

An Awesome God

We read in Psalm 116:1 & 2 – 'I love the LORD, because He has heard my voice and my supplications. Because He has inclined His ear to me, therefore I will call upon Him as long as I live.'

When life seems to take a wrong turn, we have an advocate in Heaven who stands with us. He hears our cries for help and rescues us. He is for us and not against us, covering us with His awesome love. We do not stand alone – unprotected.

The phrase, 'God is for us, not against us' is so true. We don't simply believe it, it must be lived each day. If we build our life around that concept, we will always be a winner. When we stand with God, losing is no longer an option for us.

David lived that love for the Lord, he also walked in it daily. Life for him wasn't always easy, but when you have
