Obituary

Hilda Mae Brisby, 83, died July 21, 2013, following a brief respite at Grace Manor. Mrs. Brisby was a long term resident of Oracle, Arizona.

Hilda was born in De Kalb, Texas on March 19, 1930, the eldest of six children of Velton Lonzer Chapman and Ruby Lee Bray Chapman. Hilda was fondly referred to as "Hoody" by her younger

siblings. One of their most vivid memories of childhood was of Hilda saving them from a house fire that destroyed their grandparent's farm home near Broken Bow, Oklahoma. Hilda attended school in Lukefata, Oklahoma. In 1939, Hilda, along with her siblings picked cotton in Texas so the family could leave the dust bowl to move west

to Burney, California. She continued her education through the Fall River Joint Union High School.

Hilda first moved to Arizona in 1949 to join her parents who had relocated to Maricopa, Arizona. It is in Maricopa where Hilda met the love of her life, Hershel Lee Brisby, while working at the Maricopa Cafe. Hilda and Hershel

married on March 30, 1952 in Lordsburg, New Mexico. Hilda, Hershel and son Robert moved to Oregon and then to southern California, owning and operating various gas stations and restaurants. In 1954, the family moved to San Manuel, in 1955 moved to Oracle, and in 1958 moved to Tucson where Hilda enjoyed working

at a grocery store making many friends with her customers. In 1961, Hilda and Hershel built a home in Holly Creek in Oracle and subsequently resided in other homes in the area.

Hilda managed several stores then subsequently worked in security at Magma Copper Company in San Manuel and then the Biosphere 2 in Oracle, receiving numerous recognition awards along the way for her outstanding performance. Hilda was a long term member of the First Baptist Church of Oracle and enjoyed attending other local churches with friends as well. Hilda enjoyed playing cards, especially Canasta, with friends at in-home gatherings and at the Senior Center. Her warmth, strength and loyalty touched all that knew Hilda.

She is survived by her son, Robert (Linda Sue) Brisby of Litchfield Park, and twin daughters Charla (Steven) Berens of Boulder, Colorado and Paula (Robert) Hann of Scottsdale, grandchildren Robert Earl (Sonya) Brisby, Jr. of Bakersfield, California, Mark (Joyce) Brisby of Santa Barbara, California, Lauren, Samuel, and Mitchel Berens of Boulder, Colorado, Jacob and Katherine

Hann of Scottsdale, great-grandchildren Kyle Brisby of San Francisco, California, Kayla (Anthony) Green of Colorado Springs, Colorado, Leah Beth Brisby of Brooklyn, New York, and Hannah Brisby of Santa Barbara, California, brother Donald (Jean) Chapman of Oklahoma City, Oklahoma, sister Johnice Chapman of Bullhead City and many nieces, nephews, cousins and friends.

Hilda was preceded in death by her husband of 41 years Hershel Lee Brisby, her parents Velton and Ruby Chapman, her brothers Velton Lonzer Chapman Jr. and Shelby Chapman, her sister Bobbie Mitchell, and many nieces, nephews, cousins and friends.

Interment was Friday, July 26, 2013, 10 a.m. at Evergreen Cemetery in Tucson. A memorial service was held Saturday, July 27, 2013, 10:30 a.m., at the First Baptist Church of Oracle, followed by a luncheon in the Fellowship Hall.

Hilda's family are grateful for Grace Manor and Evercare Hospice and her many friends for their support. Hilda has now gone home to be with her Savior. She will be missed as a mother, friend and grandmother.

Reward offered in killing of deer near Biosphere 2

Oracle, Ariz. – Up to \$1,250 in reward money is being offered for information leading to an

arrest in the possible illegal killing of a deer last year on the opening day of the 2012 archery season for the

species.

The incident occurred on between 6 a.m. and 11 a.m. Aug. 24, 2012, near the old airstrip north of Biosphere 2. Two individuals are suspected of involvement. “We know archery deer

hunters frequent the area, and there is a good chance they may have witnessed this crime. Any information, no matter how small, may be useful,” said Regional Supervisor Raul Vega. “We need the public’s help.

Poachers are not hunters, and those who commit these acts are stealing resources from the citizens of Arizona.”

Those with information about the case are urged to call the Game and Fish

Operation Game Thief hotline toll-free at (800) 352-0700 and reference OGT #12-002327. Calls are taken 24-hours-a-day, seven days a week. Information may also be provided online at www.azgfd.gov/thief.

Mammoth - San Manuel Schools going solar

By John Hernandez

After three years of planning and negotiating, the Mammoth-San Manuel Unified School District is going solar. Construction and installation of 3,000 solar panels has begun with an estimated completion date around Sept. 16. Plans had been to begin construction in May or June this summer and be completed by the start of the school year but due to permit delays, the project started later than anticipated. The solar project involves building a covered parking lot in the current parking area at the high school. The covered parking will have solar panels on top of it. There is also a solar panel covered staff parking area on the backside of the school by the baseball field being erected.

The solar system being built is expected to produce a

good percentage of the power for the high school and administration building. Not only will it save money in electrical costs but the project is costing the district zero dollars to build. The solar company makes their money charging the school for the electricity provided. Superintendent John Ryan said the district will be paying a set rate to the company. They are locked into a lower rate for the next 20 years, meaning that the rates will not be raised during that period. This will help with the demand charge at an estimated savings of 10 to 20 percent. It is projected to save 480 kilowatts per year. The solar company is also responsible for the maintenance and repair of the system which will be more savings. While the solar system is being built, parking will be in the dirt parking area by the high school football field.

The solar system is one of three cost savings projects the school is working on. The second project was approved a few months ago. It is an

energy performance contract replacing 30 air conditioning units. The current units were over 16 years old. They are being replaced with larger more energy efficient air conditioners. The project also includes an upgraded energy control system that provides for time control and does not allow all the units to kick on at the same time. The units will be paid off with capital funds, not maintenance and operations money. The guaranteed savings of \$26,700 will mean the system will pay for itself over the years.

A third project includes two gym coolers with an energy control system being installed through a grant provided by the School Facilities Board. The amount saved in energy costs will eventually pay for the system. The gym is also getting new lighting in the form of new more energy efficient light bulbs. The bulbs use less energy and last longer allowing for additional savings. The solar project has been a long time coming but now that it is here it will be saving the Mammoth-

San Manuel Unified School District a good amount of

money. It was a good decision by the board and admin-

istration to get involved with solar energy.

Sun Life receives grant funding to expand outreach, enrollment

Casa Grande, AZ – Sun Life Family Health Center, Pinal County's largest provider of primary care, received a \$136,462 grant award from the U.S. Health Resources and Services Administration (HRSA) to

expand outreach and enrollment (eligibility) services. The grant will be to expand Sun Life's Outreach and Enrollment services to the Coolidge, Maricopa, San Manuel and Oracle communities.

"Our outreach and enrollment specialists have been trained to provide application assistance and screening for state funded insurance plans as well as our discount programs," Sun Life Family Health Center Chief Executive Officer, Travis J. Robinette states. "The staff use a web based, streamlined process over the internet, which provides the applicant quicker processing (than paper applications), and shorter wait times for application determination. We are excited to expand our services to help consumers understand their coverage options through the new Health Insurance Marketplace and Medicaid/AHCCCS," Robinette continues.

In their national news release, HRSA announced that Arizona has 17 health centers with 140 sites that served 423,160 patients last year. Over twenty-seven

Winkelman man killed south of Globe Thursday

Arizona's monsoon weather had a hand in a fatal accident that claimed the life of a Winkelman man.

According to the Arizona Department of Public Safety, on Thursday, July 25, 2013, at 3 p.m., a two-vehicle collision on Highway 77 at milepost 164.2, approximately eight miles south of Globe, a vehicle driven by Jody

Gibson, 18, Tempe, was traveling north when it hydroplaned during a heavy rainstorm, crossed into the southbound lane and collided head on with a second vehicle, driven by Gilbert Meza, 47, Winkelman.

Gibson and her passenger, Angel Wheeler, 28, Tempe,

sustained only minor injuries. Meza was pronounced dead.

The accident forced the closure of the highway for several hours while DPS officers investigated. Traffic between Globe and Winkelman was routed through Kearny and Superior on Highway 177.

Copper Corridor receives \$50,000 for economic development from County

The Copper Corridor Economic Development Coalition accepted a check from the Pinal County Board of Supervisors for \$50,000 at its meeting last week in Aravaipa. Pinal County Supervisor Pete Rios along with the Pinal County Economic Development Manager Tim Knavel attended the recent meeting to present the check.

The CCEDC board is comprised of local community, government and business leaders from the communities of Superior, Kearny, Hayden, Winkelman, Oracle, Mammoth, San Manuel, Globe, Miami, Dudleyville and Aravaipa.

The Coalition uses those funds for economic development efforts for the region. Projects funded by the county funding include operation of the Mobile Visitor Center, Business Success Center and further promotion of the region to potential businesses and investors.

"The CCEDC is proud of Pinal County's continued support in our efforts to grow the regional economy," said CCEDC President Michael Carnes.

"In my opinion, this region is the most beautiful part of Pinal County. It has also been the area hardest hit by volatility in the commodities market with the opening and closing of mining operations," said Pete Rios. "Pinal County supports economic development directly through our staff and also by working with economic development foundations and coalitions who are often the 'boots on the ground' helping local businesses grow, expand and flourish."

"We know that the county's economic

prosperity is linked to the opportunities that are created in all of our communities, which is why I am pleased to present this contribution on behalf of the Board to support the Copper Corridor Economic Development Coalition," Rios said.

The Copper Corridor meets the third Friday of every month at the CAC Aravaipa Campus. Meetings begin at 8:30am. For more information on the Copper Corridor Economic Development Coalition you can visit them online at: www.coppercorridor.org.

Public Notice

Mammoth San Manuel Unified School District today announced its policy for providing free and reduced-price meals for children served under the National School Lunch Program and School Breakfast Program. Each school and/or the central office has a copy of the policy, which may be reviewed by any interested party.

The household size and income criteria will be used to determine eligibility for free and reduced-price benefits. Children from households whose income is at or below the guidelines are eligible for free or reduced-price meals. Children who are members of Supplemental Nutrition Assistance Program (SNAP) households, Cash Assistance (CA) units or Food Distribution Program on the Indian Reservation (FDPIR) households are automatically eligible for free meals. SNAP/CA families will be certified by the determining official via Direct Certification. Foster children that are the legal responsibility of a welfare agency or court may also be eligible for benefits regardless of the income of the household with whom they reside. Eligibility for the foster child is based on the child's income.

Application forms are being distributed to all households with a letter informing households of the availability of free and reduced-price meals for their children. Applications also are available at the principal's office in each school. To apply for free or reduced-price meals, households must fill out the application and return it to the school. The information households provide on the application will be used for that purpose of determining eligibility and verification of data. Applications may be verified at any time during the school year by school or other program officials.

For school officials to determine eligibility for free and reduced-price benefits, households receiving FDPIR only have to list their child's name, FDPIR case number, an adult household member must sign the application. Households which do not list an FDPIR case number must list the names of all household members, the amount and source of monthly income received by each household member, and the social security number of the adult household member who signs the application. If the household member signing does not have a social security number, he/she must indicate that a social security number is not available. An adult household member must sign the application.

Under the provisions of the free and reduced-price policy Joanna Diaz, DTR 520-385-2336 ext. 2214 will review applications and determine eligibility. Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. Parents wishing to make a formal appeal for a hearing on the decision may make a request either orally or in writing to Arizona Department of Education, 1535 W. Jefferson Street BIN #7, Phoenix Arizona 85007 Phone 602-542-8700.

If a household member becomes unemployed or if the household size increases, the household should contact the school. Such changes may make the children of the household eligible for benefits if the household's income falls at or below the levels.

Oracle's National Junior Honor Society travels to DC and New York City

Special to the Miner

In June, the National Junior Honor Society from Mt. Vista School in Oracle once again traveled to New York City and Washington DC. 21 students, ten parents, and three teachers went on the trip. While in Washington, they visited the Smithsonian museums, toured the Capitol, visited Mt. Vernon and Arlington Cemetery, and visited many memorials. They

were also treated to a walking "Ghost Tour" of Arlington, VA.

The group traveled by bus from Washington to New York where they were able to visit the 9-11 Memorial, the Statue of Liberty and Ellis Island, and tour the financial district. They also attended a Broadway play where they enjoyed seeing Cinderella. Students and adults had a great time in Times Square where

they shopped and spotted several celebrities. They were also enthralled as they strolled through Central Park and were entertained by the many street musicians.

The trip to Washington DC is a biannual event for the NJHS students at Mt. Vista. Students fund raise throughout the year in order to finance their trips. The district also assists by making tax credit money available to students.
