## Resolution Copper recognized for environmental leadership highlighting efforts to help protect and preserve the endangered Arizona Hedgehog Cactus

The Arizona Mining Association (AMA) announced the recipients of the 2015 Sustainability, Preservation and Diversity in the Environment (SPADE) award for environmental excellence. The award, which is AMA's top recognition for exemplary achievement in environmental stewardship, recognizes individuals, businesses, organizations and agencies that have made a remarkable contribution to invest in creative ways to protect and preserve Arizona's precious natural resources. This year's awardee is Resolution Copper.

"AMA member companies are leading through action, forging new alliances and developing innovative ways to help Arizona achieve a healthy environment and a robust economy," said Kelly Shaw Norton, president, Arizona Mining Association. "We are honored to

recognize the exceptional efforts of Resolution Copper employees, our 2015 SPADE Award winner, who have gone above and beyond to ensure that Arizona's natural resources and beauty will be enjoyed today and by future generations."

Resolution Copper is developing one of the largest copper deposits in the world in the area of the former Magma Copper mine near the town of Superior, 65 miles east of Phoenix, Arizona. The company plans to operate a world-class mine while protecting the area's unique natural surroundings and cultural heritage. The Arizona hedgehog cactus (ACH; *Echinocereus triglochidiatus* var. *arizonicus*) occurs in the vicinity of the project and is listed as an endangered species under

# Court knocks Jones off ballot for District 1 Supervisor; inadequate signatures cited

Donald Jones has been ruled ineligible to run in the Aug. 30 Democratic Primary for Pinal County Supervisor District 1 by Pima County Judge Jeffrey T. Bergin.

In a court ruling issued on June 28, Judge Bergin found that nominating petitions for Jones, who is currently mayor of Mammoth, contained only 39 qualified signatures. This is less than the 43 signatures necessary to be placed on the ballot.

The challenge to Jones' petitions was

raised by current District 1 Supervisor Pete Rios, who will now run unopposed in the Democratic Primary for that position. The challenge was heard in Pima County Court as all Pinal County judges recused themselves from the case.

Jones has been unavailable for comment on the court ruling.

The Pinal County Board of Elections confirmed on July 1 that Jones has been removed from the Aug. 30 ballot.

Ted Sorensen remains the only

candidate running in the Republican Primary for Pinal County Supervisor

District 1 and will thus face Rios in November.

## On John McCain, Jan Brewer and Other Arizona Elites; And for Muhammad Ali

**W**hat's up with John McCain? The former Maverick. I say former because he is now just an old wishy-washy version of himself, another politician who moves whichever direction the wind blows. He was quick to join the blowhard wind of Donald Trump and offered his support despite Trump insulting him along with other prisoners of war when Trump said McCain wasn't a hero and was a loser for being captured. McCain was willing to overlook the insult and Trump's stand on torture of prisoners, hoping that supporting Trump will bring back the far right Republican vote that may help him win reelection.

No self respect left.

It is time for a new Arizona Senator.

Then there is former Governor Jan Brewer telling Trump she is willing to become his Vice Presidential candidate. Seriously, Jan? You may meet his Mexican-hating requirements and support his wall but unfortunately you do not live up to his beauty queen looks expectations.

Michele Reagan, Secretary of State, has already displayed her incompetence (or as I suspect corruption), receiving her marching orders from ALEC and the Koch brothers via Il Ducey. The lack of polling places during the primary election and now the failure to mail out 200,000 publicity pamphlets to voters which may have impacted the vote in Proposition 123 which barely was passed and Proposition 124. Think of the money wasted in having those pamphlets printed.

Do you really think these failures by our Secretary of State are simple mistakes? If they were, she needs to be impeached or recalled. If not keep your eye on our legislators and governor and the dark money providers that they worship.

There has been a concerted effort in Arizona and other Republican-controlled states to disenfranchise minority and poor workers. Most notable is the state of Kansas where the Secretary of State is Kris Kobach, the same man who helped author Arizona's "show me

your papers" Senate Bill 1070. Arizona and Kansas are the only two states in the nation that are enforcing voter ID laws. Kobach has ties to White Nationalist groups and some Arizona politicians. He is also Trump's immigration adviser.

On Muhammad Ali

Like most of the world, I was saddened by the news of Muhammad Ali's death. Muhammad was one of my heroes. I followed his boxing career as a young man and was amazed at his boxing skills and quickness which was unheard of in the heavyweight division at that time. I grew to admire this handsome brash young man known as Cassius Clay who bragged and boasted but backed up his words with his fighting skills. When he became a Muslim and changed his name, I was surprised but supported his decision. His views on the Vietnam War and racism in the country mirrored my views and many of the youth of America at the time.

When he was stripped of the heavyweight title for refusing to be inducted into the military after being drafted, I grew to admire him more. That he was willing to give up millions of dollars, fame and his freedom for

# In Your Biz

Communities throughout the world depend on their local non-profit organizations. In many communities it is not uncommon to see multiple non-profits and community groups working together for a common goal, maybe its to address homelessness, hosting an event or working on a community project. Without the work of many volunteers and these organization, many things would not be accomplished, especially in small rural communities.

The Veterans of Foreign Wars in Superior, Arizona has been serving the community of Superior for well over 50 years. As the community has changed, the VFW has seen its good days and bad days. But despite any challenges the organization may have faced, they have never forgotten their mission to serve the veterans of Superior and the surrounding areas. Their building has served as a meeting and bingo hall as well as a venue for many weddings, showers, birthdays and memorials. They have welcomed home veterans and said goodbye to long time comrades at the hall on Main Street.

Today, the VFW is growing in size as many locals have joined as an auxiliary member or local qualifying veterans are joining up to help support their comrades. One of the plans the post has is to bring in a Veterans Administration representative to help local vets with services and needs that they may have. They are also focussing on educating their members and other local veterans on their benefits and services available to them and providing more information on the Affordable Care Act and Social Security. They plan to have these forums in the near future. They will have some outreach events and fundraiser corn hole tournament during the Prickly Pear Festival.

“We want the post to be more than just a bar in the community,” explained Commander Tom Lindsay. He serves alongside Mike Montiel who is the Quartermaster for the post.

Anyone who has served overseas during a foreign war may join the VFW. Those who have had immediate family members

who have served overseas during a foreign war may join the auxiliary. Membership is \$35 a year and has many benefits. The Post has many events and activities being planned and they plan to further support many of the other community groups and their activities.

the Endangered Species Act. Resolution Copper has been proactive in developing and carrying out measures to conserve and protect this unique cactus, working with the U.S. Forest Service, U.S. Fish and Wildlife Service and the Boyce Thompson Arboretum, to develop and implement mitigation and conservation measures. Resolution Copper has also teamed up with scientists to expand the known range and distribution of the species and determine the most efficient methods for propagation. Finally, Resolution Copper has collaborated with Boyce Thompson Arboretum and a local youth group to sustainably propagate and relocate AHC conservation efforts.

“On behalf of Resolution Copper, it is my privilege to accept the Arizona Mining Association’s SPADE Award,” said Andrew Taplin, president Resolution Copper. “We are honored to join with the U.S. Forest Service, U.S. Fish and Wildlife Service, the Boyce Thompson Arboretum, and the young people of our area, to help protect this important resource. The partnership between business, government and community is a shared value for Resolution Copper.”

Judges for the SPADE AWARD Include:

Tom Jones, Amphibians and Reptiles Program Manager, Arizona Game & Fish Department; Raina Maier, Director, Center for Environmentally Sustainable Mining, University of Arizona; Senator Steve Pierce, Chair of Senate Natural Resources Committee; Maaik Schotborgh, Regional Ecologist, Wildlife Habitat Council; Kelly Shaw-Norton, President, Arizona Mining Association.

The Arizona Mining Association (AMA), established in 1965, is comprised of entities engaged in mining and mineral processing in Arizona and is the unified voice of responsible, sustainable and safe mining. The AMA acquires and disseminates scientific and business information essential to sound public policies affecting the mining industry in Arizona including the development of statutes and regulations affecting mining. AMA supports educational programs that demonstrate the importance and benefits of mining to the economy and our quality of life. Our members benefit from productive relationships and alliances with government, business associations, and natural resource industry groups. ## Chamber names July volunteer of the month

Merrilee Kinney is the Superior Chamber of Commerce Volunteer of the Month. Merrilee likes to call herself and her husband, Dan Levendowski, "part-time residents, full-time supporters of Superior."

They live in town for the 4 winter months and spend the rest of the year in Brooklyn Park, MN, in order to be near their grandchildren, family and gardens. When in Superior, Merrilee oversees the Caboose Visitor Center with the aid of the perennial volunteers. She also helps the Volunteer Coordinator with recruiting people for the January Home Tour and the Apache Leap Mining Festival. She may look familiar to you as she has been the Mining Competition registrar for several years.

Merrilee and Dan are also members of the Boyce Thompson Arboretum, the Superior Historical Society, the Lost Trail, and the VFW. When they return to AZ, Merrilee hopes to volunteer at the Kennedy Elementary School.

Dan and she love to hike the local trails and explore the AZ parks and

monuments. She is an amateur photographer and has recently taken up painting with the encouragement of the Superior artist community.

"The best part of Superior is the friendly residents. We feel embraced by the community and are huge promoters of the town," she said.

what he believed in earned my respect.

After being vindicated in the courts, what he accomplished as a boxer after losing three years of his prime made history. That he continued to speak out for freedom, equality and justice during and after his career made him a great man and a great American. He was an ambassador for peace around the world.

Ali, you are the Greatest. Rest in Peace.
