LETTER TO THE EDITOR

Still in opposition of the Pinal Rural Fire District

Pinal Rural's subscriber fire service area was rapidly imposed on this region by someone who had just settled in Mammoth, but he recently left Pinal County as quickly as he had arrived and started making waves. Now, two other principal managers of this district, neither of whom make their primary residence in this area, are attempting to impose a significant new tax that will make participation in their new fire district mandatory.

This is not a fire district that grew organically, and is not one that fits with the prior spirit of cooperation among local fire districts and ambulance services. The old spirit of pitching in to fight a fire or helping someone with a medical problem, even if it was taking place outside of a district's boundaries, was disturbed by people who were more interested in starting an expensive new layer of government based upon "their" new claimed territory. Anyone

who was stuck with a bill for services from Pinal Rural knows what I am talking about, as do most of the dedicated volunteers in the Dudleyville and Mammoth fire departments.

For example, if the new head of Pinal Rural wants better emergency response at his secondary residence in Aravaipa Canyon, why can't he work with the existing fire district in Dudleyville and ambulance service in Kearny to improve response time and coordination with

the current emergency response efforts of his Aravaipa neighbors? Why can't he work with the people who have lived here and provided valuable volunteer services for decades? Why can't he band together with his neighboring residents in Aravaipa Canyon to purchase and deploy their new water trailer and implement their Fire Wise program? Are the two principal managers of Pinal Rural smarter than everyone

Judge Bravo censured by Arizona Supreme Court

PHOENIX – The Commission on Judicial Conduct announced last week that on June 26, 2015, the Arizona Supreme Court censured Justice of the Peace Larry A. Bravo for misconduct while in office. Judge Bravo is presently the justice of the peace for the Superior-Kearny Justice Court in Pinal County, and also serves as the magistrate for the Town of Hayden.

In 2012, a litigant who had appeared in Judge Bravo's court on two prior cases acquired a mining claim in his name and Judge Bravo's name. Although he initially placed Judge Bravo's name on the mining claim without the judge's knowledge, he later disclosed this interest to Judge Bravo. In 2012 and 2013, this litigant appeared

before Judge Bravo as a plaintiff in two separate protective order proceedings. Judge Bravo did not disclose his relationship or joint property ownership with this litigant to the other party in the protective order proceedings.

The court's decision was based on a stipulated resolution between disciplinary counsel and the judge, in which the judge did not contest that his conduct, as described in the stipulated resolution, violated Rules 1.2, 2.4(C), 2.9(A), 2.11(A), 2.11(B), 3.13(A), 3.13(C), and 3.15 of the Arizona Code of Judicial Conduct. Additionally, the judge's actions constituted conduct prejudicial to the

administration of justice that brings the judicial office into disrepute, a violation of Article 6.1, Section 4, of the Arizona Constitution.

Rule 1.2 requires a judge to "act at all times in a manner that promotes public confidence in the independence, integrity, and impartiality of the judiciary," and to "avoid impropriety and the appearance of impropriety." Rule 2.4(C) provides that "a judge shall not convey or permit others to convey the impression that any person or organization is in a position to influence the judge." Rule 2.9(A) requires that a judge "shall not initiate,

FIRE DISTRICT

else who actually live in this region and who have been developing community-based emergency services in Aravaipa, Mammoth, San Manuel, Dudleyville, Kearny, Winkelman, Oracle, and Hayden?

Where I live, just outside of the Mammoth fire district, my annual property taxes would go up by a whopping 40 percent if

this additional district is imposed. What would I get for that huge \$360 annual increase in taxes? I will get an additional fire department responding to the occasional brush fire that takes place, using my water storage system, my fire breaks, my pumps, and my heavy equipment to do what dedicated volunteer firefighters have done to help

me and my neighbors in the past. I will perhaps get a few minutes faster emergency medical service than what I already get from Southwest Ambulance in San Manuel, if Pinal Rural even has the EMT personnel ready to respond. This is not a very good value for most people in this very sparsely-populated proposed district. If I am going to pay for a huge tax

increase, I would much rather have it go to education or to supplementing Pinal County's general fund, which was recently raided by the state legislature.

Most of us choose to live in the country, and we understand what it takes to be as fire-smart as possible. Do we really need to have people come in from the cities and tell us that we need more government and more taxes to address our response to fires and medical services? Can't we simply expand the coordination with the existing services?

This proposed new fire district is a foolish venture, sort of a solution searching for a problem, and a bit of an insult to the existing services and the many volunteers who contribute to these services. Don't sign the petition to form a new fire district in this sparsely populated area. If you have already signed the petition, you can apparently still have your name removed. However, if you live in the boondocks like me, but having a fire department and ambulance service within blocks of your home is your top priority, then consider moving to Tucson or Mesa where the principals of Pinal Rural spend most of their time.

Signed by someone who does not wish to be a subject in the Pinal Rural Kingdom,
/s/ Peter Else

County participates in Probation, Parole and Community Supervision Week

During the week of July 12th through the 18th, 2015, people across the United States and Canada will join together to recognize the work that probation, parole and community supervision professionals do for our public safety. This year, we also celebrate the global effort to minimize incarceration while supporting re-entry of those who are supervised in the

community.

Today in America, there are over 5 million adults on community supervision and most of these individuals are monitored by pretrial, probation and parole officers. Monitoring may take the form of home contacts, drug testing, making sure the offender attends counseling sessions and helping offenders

to find suitable housing and employment. Many officers also supervise offenders using electronic monitoring equipment which requires expert knowledge of newer technologies.

Budget shortfalls mean that we must be creative in finding solutions to making sure those supervised have the support needed to find jobs, housing and treatment. By collaborating with community leaders and volunteering their own time off work, many officers are making a difference while faced with expanding caseloads and additional responsibilities.

Pinal County Adult Probation provides Pretrial, Presentence, and Probation Supervision Services to the court. Adult Probation manages over 1800 offenders placed on supervised probation and approximately 70 individuals placed on

pretrial release.

Pinal County Juvenile Court Services currently supervises 416 juveniles from diversion to probation and oversees 1,141 dependency cases. Volunteers within the court system help bridge the gap by supporting many activities like restorative justice initiatives and CASA (Court Appointed Special Advocates).

Members of our community are encouraged to join together during Probation, Parole and Community Supervision Week to honor those who work to make our communities a safer place to live.

Inadvertently Omitted, but Thanked Nonetheless

Last Wednesday I met with half a dozen concerned citizens from Oracle, AZ. Their main issue was over the San Carlos Irrigation Project that provides electrical power to much of this area. It appears that SCIP has been telling some people that they have "limited capacity" and don't have the infrastructure or resources to contact too many more homes or businesses to their power grid.

Since SCIP comes under the Bureau of Indian Affairs, and they report to the Federal Interior Department, I invited a staffer from Congresswoman Ann Kirkpatrick to also be present at the meeting.

Congressional staffer Varela will report back to the Congresswoman to determine a strategic course of action after they establish all relevant facts on the matter.

Unlike other Arizona power utilities SCIP does not come under the jurisdiction of the Arizona Corporation Commission. We will keep the Tri-Communities apprised of future developments involving SCIP, as the Congresswoman gathers additional information and facts.

On another note, as we gathered a list of all fire departments that helped during the Kearny Fire, we inadvertently omitted the Dudleyville Fire Dept. My apologies. Simply too many caring people and departments responding. A great and real sense of community response!

Improvements Coming

Two corners have been turned since the destruction wreaked by the Kearny River Fire. Future days will see some real improvement.

First, the Copper Basin Railway and the Town of Kearny will be working together to clear remaining brush and debris between the tracks and Jamestown Road, which is a mix of land owned by the railroad and the Town of Kearny. The area will not be clear-cut, but will leave small clusters of trees for both beauty and the benefit of animals. For a while there will be the minor inconvenience of dust and noise, but the benefit will be a firebreak.

This is not the first time the town and railroad have worked together. The area between the town and the ATV corridor was cleared a few months ago.

Second, the Winkelman Natural Resource Conservation District will be meeting Friday, July 17, in Kearny. Its executive committee has recommended sponsorship of a restoration project following the Kearny River Fire. All the landowners

Kearny Major All-Stars win District Championship

By Andrew Luberda
Copper Basin News

The Kearny Little League Majors All-Star team was crowned champion after winning the Arizona District 11 All-Star Tournament last Friday night. The team now advances to the Arizona State All-Star Tournament later this month.

Kearny, the tournament's host team, took on Pinal Mountain in the championship game, which was often tied throughout the first four-and-a-half innings.

Kearny finally moved ahead for good in the top of the fifth inning, taking a 10 – 6 lead they would not relinquish as they won the district championship by the same score.

The District 11 Champions should have another "home field" advantage in the Majors (11/12) Arizona State All-Star Tournament, which is being hosted by Pinal Mountain Little League, another District 11 league. The double-elimination tournament is scheduled to begin July 16 in Claypool.

For more information in addition to complete results and brackets visit the Kearny Little League Facebook page and www.eteamz.com/azstatell.

It's on to the State Tournament for the Kearny Little League Major All-Stars.

Summer time prep for kindergarten

PINAL COUNTY – School is letting out and many families have summer pool parties and vacations on the mind. For parents and caregivers of children under 5 years old, summer is also a great opportunity to help kids going into kindergarten prepare for success!

Today's schools expect 5-year-olds to arrive with basic academic and social skills so they are prepared on day one to start learning to read, write and do basic math.

Casa Grande's Mesquite Elementary School kindergarten teacher Alice Baker, who just finished her 36th year of

teaching, is looking for simple ways of preparedness. "Can they sit for 10 to 15 minutes at a time?" she asked. "This tells me whether they'll be able to sit through a story or lesson. How good are they at following simple directions? Have they used a pencil or crayons? If they can do those things, it's easy to start beginning to learn."

Baker's answers echo a survey of 4,500 kindergarten teachers were asked what skills a child should have to help ease his or her transition to school, the answers included:

- Pretends to read. Understands that words are read from left to right. Looks at pictures and tells a story.
- Recognizes own name and tries to write it.
- Counts to 10 and can count objects.
- Pays attention and follows simple directions.
- Can repeat sequences of numbers, sounds and parts of stories.
- Controls a pencil and crayon well. Cuts shapes and pastes them on paper.
- Is toilet trained. Dresses self. Brushes own teeth.
- Recognizes authority. Shares with others. Works independently.

"Parents are very important because a child's education starts at home," Baker said. "It's very noticeable when families spend a lot of times with their children. The child sees that learning is important to their mom and dad and think, 'They want me to do well.'"

First Things First offers tips to families and caregivers to help prepare their child for kindergarten.

Reading - Read with your child at least 20 minutes per day. Try books that repeat words about familiar objects; involve activities like counting, identifying colors, objects or letters; or, are about things your child likes. Ask questions

San Carlos Reclamation. Our own Bill Dunn has been the sparkplug for this concerted response. The Town of Kearny will be represented as well. The list of players will probably grow.

The meeting will begin with a tour of the burn area, followed by consideration of possible responses. The objective is not only to restore but to improve the area, creating conditions unfavorable to the growth of salt cedar and more favorable to willows and cottonwoods. Wetlands would be maintained, and public access would be improved.

On the swimming pool front, progress is being made. Mr. Al Hartman of Asarco finished the electrical work on the panel. A decision was also made to replace the old water filters which were installed in 1984 with a newer, more efficient style. Once the filters are in place, work can begin on the plastering of the pool. There will still be the installation of lighting and some other electrical work after that. Much good will has been generated through all this cooperative work.

And one more thing, the Town of Kearny will sponsor Firewise, a fire safety program, in cooperation with Arizona State Forestry and Pinal County. We will have more information after Tuesday, July 21.

To be included in the weekly church listing, contact the Copper Basin News at 520-363-5554 or by email at cbnsun@minersunbasin.com.

KINDERGARTEN

about the story like, "What do you think happens next?"

Talking - Talk and sing with your child everywhere – at home, in the car, at the store. Make up stories or songs about your outings.

Routines - Help your child get used to the structure of the school day by establishing regular routines for waking up and dressing, meal times, and bath and bed times. Do a test-run of the big day by practicing all the activities that will happen at school. This will help overcome any fears. Include waking up at the scheduled time, walk to the bus stop and talk about where to sit. If you drive, talk about landmarks on the way. Pack a lunch and

practice opening things together.

Early writing - Writing begins with scribbling. Give your child safe writing tools to play with, like crayons, chalk or markers and blank paper. Ask your child to tell you about their drawings. Use salt or coffee grounds as a tactile way to practice writing alphabet letters.

Talk change - Start talking to your child about the change that is coming when they start school. Be positive, and give your child the opportunity to ask questions or express fears. Read books with your child about starting kindergarten.

For more tips to prepare kids over the summer for their first day of school

and success beyond, First Things First offers resources at azfff.gov in the Parent Section under Early Education.

If you don't have kindergarteners this year, it's never too early to start helping kids prepare. Children who have positive experiences from birth to 5 are more likely to be prepared when they start kindergarten and do well in school. By turning everyday moments into learning moments, we can help our children develop the skills and the love of learning that will help them succeed in school and in life!

About First Things First – First Things First is a voter-created, statewide

organization that funds early education and health programs to help kids be successful once they enter kindergarten. Decisions about how those funds are spent are made by local councils staffed by community volunteers. To learn more, visit azfff.gov.
