Superior Little League All-Star Roundup

By Andrew Luberda
Superior Sun

Five baseball and softball teams from Superior Little League are competing in All-Star tournaments which began on June 30, 2014. Baseball and Softball teams in three divisions – 9/10, 11/12, and Senior – are playing in the tournaments for a chance to advance to the 2014 Arizona Little League Baseball and Softball State Tournaments.

The winning team of the state tournament advances to a regional tournament with a chance to play for a berth in the Little League World Series.

The tournaments are being played at Maricopa, Casa Grande, and Coolidge. All of the tournaments are double-elimination.

The 11/12 Division Baseball All-Stars started on July 1 with a loss to Santa Cruz, 10 – 0. Superior bounced back in its next game, defeating San Manuel/Mammoth, 6 – 4. With a record of 1 – 1 so far in the double-elimination tournament, Superior was scheduled to play Coolidge on July 7. Game results were not available at press time. With a win versus Coolidge, Superior would advance to play the winner between Santa Cruz and Florence on July 8.

The 9/10 Division Baseball All-Stars started on June 30 with a loss to Casa Grande, 23 – 0. Just like the 11/12 Division team, the 9/10 All-Stars bounced back in their next game, defeating Florence, 5 – 2. With a record of 1 – 1, Superior looked to

avoid elimination versus San Manuel/Mammoth on July 7. Game results were not available at press time. With a win, Superior would advance to play the loser between Maricopa and Casa Grande on July 8.

The 9/10 Division Softball All-Stars were defeated by Casa Grande in their opening game on June 30, 30 – 0. They took on Coolidge on July 1 looking to avoid elimination but unfortunately dropped a

heartbreaking game, 16 – 15.

Both Senior Division teams started their tournaments on July 8. The softball tournament is being played at Casa Grande. The Softball All-Stars took on Coolidge in their first game. The baseball tournament is being played at Coolidge. The Baseball All-Stars took on Maricopa in their first game. Game results were not available at press time.

What kid doesn't like to snap photos? Know a young shutterbug who'd like to become a better photographer? Enroll your son, daughter, niece, nephew or grandkid in Jabon Eager's special Kids Photography class, to be held Saturday July 12. Adults who want to hone their own camera skills can sign up for the morning class at 8 a.m. on Sunday, July 13, with Tom Boggan.

Coached by the San Tan Valley artist and his talented 9-year-old son, Brett; Saturday's class starts with a lively 25-minute chalk-talk in the classroom, then heads outside to explore and photograph the colorful gardens at Boyce Thompson Arboretum, located about a 30 minute drive east of Apache Junction.

Jabon Eager's photography has been published by Arizona Highways, in the BTA members' magazine, and by the Tonto National Monument. His work was featured on the walls at Pueblo Grande Museum in Phoenix.

Topics begin with a 'meet your camera' discussion on camera basics followed by the important 'Camera Care' chat where students will learn to care for the fragile tool they are using. A visual presentation discussing techniques such as 'Stable Stance', 'Rule of Thirds', and 'What to focus on'; finishing with getting all cameras on their Auto-mode and baseline settings for good

results. Then, the next hour will be spent exploring the gardens, seeking close up images of vivid flowers and wide landscapes.

The class will also spend some time discussing portrait photography along the way. This class would be ideal for kids ages 8-14, their child's parent or guardian must be onsite at the Arboretum during the workshop, but can spend his or her time exploring the gardens and trails; daily admission for the chaperone is \$10.

Enrollment for either class is \$30, or \$20 for BTA annual members. Have your credit card handy and call 520-689-2723

to enroll. Students should bring their digital camera, water, and a snack.

Tom Boggan's class, for adults, will be a basic workshop geared to smartphones and 'point-n-shoot' cameras. As Boggan describes it: "The best camera is the one you have with you. Even if you're shooting with your cellphone or a point-n-shoot, you can still make great photos. In this two-hours class I'll demonstrate ways to capture better photos using compact cameras, mirrorless cameras, point-n-shoot cameras, and especially your smartphone. We'll spend about 45 minutes in the classroom talking about gear, apps for shooting and editing on your smartphone, capturing light and methods of composing a shot; then, head into the garden to practice together."

Boggan's workshops are limited to eight students; priced inexpensively, and rated highly.

Connect with Tom and read about other camera classes here: <http://ag.arizona.edu/bta/photoclass>

Public Notice

Pursuant to A.R.S. § 27-929 the Arizona State Mine Inspector is providing you with notice of the receipt of a proposed Mined Land Reclamation plan briefly described as follows.

Responsible party: Resolution Copper Mining, LLC
102 Magma Heights
P.O. Box 1944
Superior, Arizona 85173

Location of operation: Superior Mine

The West Plant Site is located adjacent to the northern edge of the Town of Superior in Township 1S, Range 12E, Sections 35 and 35, and in Township 2S, Range 12E, Sections 3 and 4. The East Plant Site is located within the same geographical area to the east, south of Highway 60.

Physical characteristics:

Type of mine: Existing hardrock shaft mine.

Size of operation: Previous operations have disturbed 445 acres in the East and West Plant Site areas. Re-disturbance of 78 acres in the West Plant Site and 25 acres in the East Plant Site are covered under this permit.

Surface disturbances covered by this plan include borrow pits, stockpiles of cover material, pads, disposal areas and rock faces.

Proposed reclamation timeframe:

Reclamation will be completed within approximately 24 to 30 months of cessation of mining.

Proposed Post mining land use:

The proposed post mining land use includes future exploration, industrial park, grazing and wildlife habitat.

Reclamation Measures:

- Disturbed areas will be re-contoured to promote drainage, reduce erosion, and improve stability.
- Slopes will be graded to 3H:1V slopes or flatter.

- Equipment, structures and appurtenances will be removed, with the exception of historic structures.
- Roads not required for maintenance, security, monitoring or future post-mining land use will be removed.

- Fencing, gates, and signage will be maintained for access control.
- Active revegetation will be used to stabilize soil and limit infiltration. Surfaces will be ripped and/or harrowed prior to hydroseeding.

- Stormwater management will utilize detention ponds for the control of runoff rates.

- Additional closure requirements under Arizona Aquifer Protection Permits and Arizona Pollutant Discharge Elimination System are in place, and are not duplicated in these reclamation activities. Remediation of historical mining areas is occurring under the Voluntary Remediation Program.

Questions and comments regarding this notice or to access a copy of the plan, you may contact: Office of the Arizona State Mine Inspector Reclamation Department
1700 West Washington, Suite 403.
Phoenix, AZ 85007
Phone: (602) 542-5971 Fax: (602) 542-5335.

Any person who may be adversely affected by the plan may file written comments on the plan within fifteen days after, July 9, 2014, the last publication and request a public meeting.

One simple call to 811 gets underground utility-owned lines marked for FREE.

Whether you're a homeowner or professional excavator, every digging job requires a call -- even small projects -- so be sure to:

- Call 811 at least two days before starting any digging project
- Wait for the site to be marked
- Respect the marks
- Dig with care

Not calling can be life threatening and costly. You can harm yourself or others, disrupt natural gas service to an entire neighborhood, and potentially be responsible for injuries, repair costs, and criminal penalties.

If you ever suspect a natural gas leak, call 911 and Southwest Gas at 1-877-860-6020 immediately, whether you're our customer or not.
