OBITUARY

Teresa Eudave Diaz-Gonzalez

Teresa Eudave Diaz-Gonzalez "Chita" was born Aug. 2, 1963 in Kearny, Arizona. Teresa died Aug. 1, 2015 on a motorcycle ride near Farmington, New Mexico.

Welcoming her into heaven are her brothers Pete Jr., Robert, and Peter Eudave. She is survived by her loving parents, Carmen and Pete Eudave; her brothers, Manuel and Joseph Eudave; her children, Jose and his wife Danielle, and Jenna Diaz-Gonzalez; and her two grandchildren, Leila and Max Diaz-Gonzalez.

Teresa lived at Grand Canyon for 16 years where she enjoyed being outdoors hiking, running and exploring one of the Seven Wonders of the World. She was proud to work for the National Park Service, where she always challenged herself to

achieve her best. One of her proudest professional accomplishments was becoming red card certified for wildland fire.

Teresa, Terre as many knew her, was an untamed spirit. Her favorite hobby was riding motorcycles. Recently, Terre spent much of her time at the clubhouse and on motorcycle trips around Arizona.

A joyous person, Terre had a memorable smile and a contagious, fun-loving personality. Those who knew her, remember Terre adorned with turquoise jewelry and the smell of her sweet perfume. Terre's family meant the world to her; she called her mother and children routinely to brighten their days with funny stories and to plan adventures. She will be dearly missed.

Funeral services will be held at St. Francis of Assisi Catholic Church in Superior, Arizona on Thursday, Aug. 13, 2015. Visitation will begin at 9:30 a.m.; Mass will be celebrated at 10 a.m., with interment following at Fairview Cemetery.

Family was assisted by Superior Funeral Home. Online memorial at www.superiorfuneral.com.

US 60 east of Superior to close briefly for blasting operations this week

Motorists traveling along US 60 between Phoenix and Globe on Thursday morning, Aug. 13, need to plan ahead or allow extra time as the Arizona Department of Transportation begins blasting work as part of a project to build a new passing lane and widen roadway shoulders east of Superior.

The construction of the two-mile-long climbing lane from Devil's Canyon to Oak Flat (mileposts 231-233) will require a full closure of US 60 for up to 90 minutes from 9 a.m. to 10:30 a.m. on Aug. 13.

Traffic on eastbound US 60 will be stopped east of Superior (milepost 227) and westbound US 60 will be stopped at the Top of the World, west of Miami (milepost 235) until the blasting work is completed and the roadway is reopened after all debris is cleared. Law enforcement officers will be stationed at each closure to assist with traffic control.

ADOT anticipates the highway will be closed briefly once a week for blasting for up to three months. As blasting continues there will be a lesser impact on traffic and delays will be reduced.

The \$8.8 million safety improvement project will make it easier for motorists to pass large trucks and slow-moving vehicles whose speed drops because of the sustained grades along this stretch of highway from Devil's Canyon to the Oak

Flat area.

The project will include the following: Construction of a new westbound passing lane from Devil's Canyon to Oak Flat (mileposts 231-233)

- Widening shoulders in the Devil's Canyon area (milepost 233-234)
- Improvements to the Waterfall Canyon bridge (milepost 229)
- Box culvert drainage improvements (milepost 242, west of Miami)

ADOT will work to minimize the traffic impacts as much as possible, including scheduling some nighttime work.

There will be narrow traffic lanes, wide-load restrictions and a reduced speed limit through the work zone. Flaggers and pilot cars will be used at different times throughout the project.

Drivers are asked to use caution, watch for construction equipment and personnel, and allow extra time for your commute.

For more information on the project, please visit azdot.gov/us60oakflat.

ADOT works to inform the public about planned highway restrictions, but there is a possibility that unscheduled closures or restrictions may occur. Weather can also affect a project schedule. To stay up to date with the latest highway conditions around the state, visit the ADOT Traveler Information System at az511.gov or call 5-1-1.

Kearny Police Report

According to state law, there are two methods by which police may arrest suspected offenders. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damages are estimates.

Filtration Plant Now Running

A column I wrote to run in last week's Copper Basin News could not be printed owing to lack of space. The gist of the article is that the water filtration plant is now up and running, something it has not done reliably for several years. When the plant was built it was not properly engineered to allow for pressure surges from the well at the elevation of the river and from the water tanks at a higher elevation. The result was "water hammering," which tore apart the pipe mounts in the filtering unit. This is the problem we have now fixed.

That is good news, but I tell you honestly that our water problems are not solved. Our water and sewer lines are old and weakening. The Kearny River Fire put a lot of stress as the fire hydrants received such heavy use and leaks have been springing up almost daily in the water lines around town. Each time a repair is made, old sediments are loosened and carried through the pipes into our homes.

The Town Council has, for the last few months, worked with NCS Engineering on proposals for redoing the water tanks and providing a better pumping system for the homes across the highway from uptown. A grants (or grants) will be sought to accomplish this. We expect to hear soon from Arizona's Department of Housing about our grant to replace some of our fire hydrants and also to begin our ten-year plan for the Town of Kearny (a plan which is a requirement for most of the grants we seek).

With all these repairs, our Public Works Department is short-handed. They have

been called out, day and night, to repair the leaking water lines in addition to their usual scheduled work. I commend them for their willingness to work and their loyalty to the residents of Kearny.

In another direction, Sergeant Dave Blue and the Kearny Police Department are holding a public informational session at Constitution Hall (just past the Town Hall) called "For a Common Cause," about transparency and openness in government and in the conduct of public business. It will take place on Wednesday, August 12, at 6 p.m. and I hope you will be there.

Finally, the Kearny Town Council will hold its regular meeting on Monday, August 17, at 7:30 p.m. Again, I hope to see you there.

Pomegranates, Pines, Palms and Figs: Plants of the Bible Walk Aug. 15

Superior - Walk just about anywhere in the East Valley and you'll probably find yourself seeking shade, at some point, beneath a palm. They are as decorative as they are functional, especially when swaying in the breeze, and, they bring delight to the eye. Everyone loves a palm tree, whether for food, shade, or, a place to pose for photos. Have you ever considered, though, the iconic tree's role in Biblical scripture and other religious teaching?

What about pomegranates? Learning the lore of these ancient fruits, alone, could be worth a full tour. Pomegranates would have been more likely than apples as the original 'forbidden fruit' in the Garden of Eden. Legend has it the pomegranate was among seven species collected to demonstrate fertility of the promised land; and pomegranate carvings topped columns and pillars in Solomon's temple. As well, they were among symbols sewn into priestly garb. Some say the number of seeds within a pomegranate finds a parallel in the Torah and that its crown-shaped calyx was a

model for crowns in Jewish tradition. Paintings show a pomegranate in the hand of Mary. |

Learn more about pomegranates, palms, pines, figs and other plants of the bible lands on Saturday Aug. 15 at Boyce Thompson Arboretum (BTA). Mesa resident and bible scholar David Oberpriller leads a relaxing, slow-paced 8 a.m. walk down smooth, level, and wheelchair -accessible trails where you'll see examples of dozens of plants that are referenced in scripture and thriving at the Arboretum.

Oberpriller's popular tour repeats on the third Saturday of each month, so, mark your calendar for Sept. 19. It's included with BTA daily admission of \$10 for adults and \$5 for ages 5-12. Admission is free for kids under age five and to BTA annual members, and AZ State Parks pass-holders.

Cactus fruit inspires colorful recipe

By **Kelsey Sherrard**
Special to Copper Area News

Last year in August I decided that I wanted to move to Superior, Arizona after attending the Prickly Pear Festival put on by the Superior Chamber of Commerce. I volunteered to run the bar at the festival and had a wonderful time.

I had never had anything prickly pear flavored until that day. Since the festival, I have experimented with my own prickly pear creations.

My dad was a bartender back in his day and he's given me some tips on preparing margaritas. I like to pretend that I can be a mixologist too.

My recipe is great for small dinner parties and can serve four to six people. The prickly pear margarita is a fun way to show off to your friends and the color is gorgeous.

I hope you'll attend the Fourth Annual Prickly Pear Festival and enjoy your time in Superior as much as I do.

PRICKLY PEAR MARGARITA

ice

½ cup raw sugar or salt for the rim (I like sugar, my boyfriend prefers salt. Please note that you should salt/sugar your rim before you pour! Also, a red solo cup will not work. The sugar/salt will not stick to plastic. Glass works best.)

Lime wedges for garnish (If you like the drink more tart, squeeze the lime wedge into the glass after you swipe the rim before using it as a garnish.)

10-12 oz. lime juice (Depending on how tart you like it.)

6 oz. tequila

4 oz. triple sec

10-12 oz. prickly pear syrup (Depending on how sweet you like it.)

Stir together syrup, lime juice, tequila, and triple sec; pour over ice if you like it on the rocks or crush it up in the blender. Serve and enjoy!

Dinner, entertainment offered at Prickly Pear Festival

New to the Prickly Pear Festival this year is an evening dinner featuring its Edible Desert theme. Valley chef Richard Ferrera will be creating this year's gourmet spread with help from Lucy Wing of the Jade Grill and Lina Austin and the Future Forward Foundation. He promises his signature Cactus Fries and other surprises for a mouthwatering dinner!

The dinner will be held from 6 to 9 p.m. in the old Superior High School library and costs \$25. Tickets can be purchased from the Superior Chamber of Commerce

Happy Days! Kearny kids are back in school

Guess what, kids? Your parents are super-excited that you are finally back in school! Students at Ray Schools boarded their buses early last week and set off the most joyous jig their moms and dads have ever danced. Classes started Thursday, Aug. 6, and while kids seem like they should be unhappy about the new year, most of the kids we saw look excited to start learning again. And kids, if you catch your parents doing their happy dance, be sure to snap a picture. Send them to us at editor@minersunbasin.com. We'd love to post them on our Facebook page. www.facebook.com/copperarea.

Technology at the high school and seventh grade levels.

He was born in Thousand Oakes, California, raised in Denver, Colorado and has lived in the Phoenix Metro area for the last 12 years. He says he is a proud Sun Devil having obtained both a Bachelor's degree in Political Science and a Master of Education degree from Arizona State University. He has previously taught U.S. Government at Corona del Sol High School in Tempe.

He chose teaching as a career because he wants to make a difference in the lives of students and the communities. He believes that education, especially in the Social Studies, is essential to ensure the future generations can lead happy productive lives and contribute to their community.

He said he is happy to be here and his only goal is to be the best teacher he can be and give 100% for his students.

His interests include reading, watching movies and soccer.
