# Pinal County Recorder Virginia Ross addresses ballot issue

FLORENCE, AZ -- Pinal County Recorder Virginia Ross became aware of a ballot issue for the 2018 Election Primary. This problem affects voters not registered to a recognized party that are on the Permanent Early Voting List (PEVL). Arizona law allows non-affiliated voters on the PEVL to select a ballot from a recognized party if they choose to vote in the Primary and receive a ballot by mail. In this instance, the voter system retained the ballot selection of voters from the 2016 Election Primary and sent the voter their previous choice unless they had

contacted us in this election cycle with their current choice.

"We learned of this problem from the voters calling in stating they had not selected a ballot to be mailed to them." After researching the problem, we found the error occurred as a result of an invalid system program to purge voter selection after the 2016 Primary Election. This issue affects two other counties.

Recorder Ross has been in touch with the Recorders from the other affected counties to discuss the issue. "We are all very disappointed in the current vendor's lack

of support and look forward to a new voter registration system being implemented in 2019 with a new vendor as the current system is clearly outdated."

As Pinal had the most voters affected by this ballot issue problem, the following actions are recommended; voters can vote the ballot they received, discard the ballot or contact us for a different party ballot if they so choose. The Secretary of State office sent a file to Pinal County in which we are assessing the number of voters affected by this system error. The last day to request a ballot by mail is August 17th, 2018.

## LETTERS TO THE EDITOR

# Great job, Superior Optimists

Kudos to the Superior Optimists for another great Magma Royale event at the Magma Club. It's so wonderful to see a building packed with people, laughing,

hooting and having a fun time.

For those of you who haven't experienced this event, try to come out for it next August.

To all of you who worked so hard and the

sponsors that contributed to great prizes, many thanks. Thank you Optimists, for creating a "Superior" event in Superior and earning money to help the youth of our

community. I'll mark my calendar for next year.

**Superior Chamber of Commerce**

# Judge Bravo announces run for new District 5 JP

In the coming days, the voters of the copper communities will elect the District Five Justice of the Peace. Many of you know me as the JP for Superior and Kearny, or perhaps as the previous town magistrate in Hayden or Superior. I've presided over countless cases in our small town court rooms, and our local county court houses.

I didn't get acquainted with the Copper Area from the judicial bench, however. Like most of us, I'm from this community, had a career in the copper

mine, met and married my wife here, and raised three fine sons in the Copper Basin.

My interest in the law started first as a police officer, long before I had the opportunity to spend a dozen years as a JP. In my time as a local policeman, and as a Pinal County Sheriff's Deputy, I made it my priority to get involved in the community. I was a volunteer fireman, a little league coach, and an instructor at Central Arizona College. Yet, I enjoyed most when I could combine police work

with teaching the D.A.R.E. Program in our area schools. Our children's futures and raising them in a safe environment, continue to matter greatly to me, just as much today as it did then.

For more than 60 years, I've been proud of our communities' work ethic, our commitment to making our towns safe, the effort to keep drugs out, and the spirit of honesty we've built with one another throughout the copper area.

And so, when a case comes before me in the Justice Court, I bring my

life experience and love of our small towns to the job. As a judge, I strive for absolute fairness in the courtroom because it is right to do so, and because it is what we all deserve from our local court.

On August 28th, I ask for your vote so that I may serve four more years as Justice of the Peace. Your support in previously electing me JP for three terms, has been the greatest honor of my life. Thank you.

## Violent summer storm wreaks havoc, no injuries reported

A violent summer storm last week blew through the Copper Corridor, wreaking havoc from San Manuel to Kearny. Copper Area News first reported on the storm through its social media site, [facebook.com/copperarea](https://www.facebook.com/copperarea). The storm broke over San Manuel at just before 5 p.m. on Tuesday, Aug. 7. The storm dropped rain and hail, driven by powerful winds. Washes in the area quickly filled and overflowed causing flash flooding and closing the highway. The power was knocked out for two hours in San Manuel. Copper Area posted a video of the storm on Facebook and invited our readers to share their videos and photos of the storm. What ensued was a map of the storm as it made its way through the Copper Corridor. Rain and flooding in Mammoth and then Dudleyville. Wind and more rain in Winkelman and Hayden. In Kearny, through wasn't much rain, but the wind was strong enough to turn over this unoccupied (thankfully) mobile home in the Saguaro Trailer Park. This park seems to have borne the brunt of the storm.

## Phone and Internet Discounts Available to CenturyLink Customers

The Arizona Corporation Commission designated CenturyLink as an Eligible Telecommunications Carrier within its service area for universal service purposes. CenturyLink's basic local service rates for residential voice lines are \$18.47-19.47 per month and business services are \$35.00-\$38.00 per month. Specific rates will be provided upon request.

CenturyLink participates in a government benefit program (Lifeline) to make residential telephone or broadband service more affordable to eligible low-income individuals and families. Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs. The Lifeline discount is available for only one telephone or broadband service per household, which can be on either wireline or wireless service. Broadband speeds must be 15 Mbps download and 2 Mbps upload or faster to qualify.

A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Lifeline service is not transferable, and only eligible consumers may enroll in the program. Consumers who willfully make false statements in order to obtain Lifeline telephone or broadband service can be punished by fine or imprisonment and can be barred from the program.

If you live in a CenturyLink service area, please call 1-800-244-1111 or visit [centurylink.com/lifeline](https://www.centurylink.com/lifeline) with questions or to request an application for the Lifeline program.

# Something fun to read

## Row, row, row your boat

Here's a world record worth reporting: a high school teacher used his summer break to row 2,000 miles across the Atlantic in 38 days, 6 hours and 49 minutes, says the Association of Mature American Citizens [AMAC]. Bryce Carlson, who teaches at Seven Hills School in Madisonville, OH, crossed the Atlantic alone from Canada to England, topping the previous solo record of some 53 days. He told reporters: "I capsized about a dozen times, give or take. All occurred while I was inside the cabin, most while I was awake," hurting his tailbone pretty badly. On the bright side, he lost between 10 and 15 pounds.

## A dog-eat-dog competition

The sport of surfing is going to the dogs. At least it is in Pacifica, CA, which hosted this year's World Dog Surfing Championships, reports the Association of Mature American Citizens [AMAC]. The event, which is billed as "the premier dog surfing" competition, first took place in 2006 in San Diego. It was a one of a kind contest that has since spawned similar events around the world.

## They said it wouldn't last

And, here's a world record that requires stamina, according to the Association of Mature American Citizens [AMAC]. It's the one for the oldest living married

couple. The record keepers at Guinness announced recently that a Japanese couple managed to celebrate their

80th wedding anniversary due to their longevity. He is 108-years-young and she is a mere 100.
