OBITUARIES

John Byron Giorsetti Jr.

John Byron Giorsetti Jr. passed away at the age of 70 on Tuesday, Aug. 9, 2016. He was born to John Byron Giorsetti, Sr. and Donna Sue on September 19, 1945, in Palm Springs, CA. He grew up in the towns of Ray and Winkelman, AZ. Johnny attended college in Thatcher receiving his associates degree in mechanics. While attending college he met the love of his life Carol Jean (Amos) Giorsetti. They lived their married life in the town he proudly told others was "Dudleville", AZ.

Johnny loved being a heavy equipment operator for Kennecott/ASARCO. He retired from the company after 32 years of service. Once retired Johnny loved to travel, sometimes just he and his wife, sometimes with his family

and as often as possible with his RV friends. Johnny was a gentle soul who loved everyone he met. He was a devoted family man, who worked hard to remain in touch with all family members. He adored his children and grandchildren, never missing any of their events.

Johnny is preceded in death by his father, John Giorsetti; his mother, Donna Giorsetti and a younger brother, Joe Giorsetti. He is survived by his wife of almost

49 years Carol Giorsetti; his daughter Donna Giorsetti, son John Giorsetti (grandchildren Janice and Josephine Giorsetti); sister Susan Hillman, brothers Mike(Dolly) and Dwayne Giorsetti and many loving family members.

A homemaker, Lily was a loving and dedicated wife, mother, and grandmother who had a way of making every one of her

family members feel like they were the most important person in the world.

In her 103 years of life she lived through two world wars, saw women finally get the right to vote, survived the Great Depression, witnessed the prominence of the Civil Rights Movement, experienced the national tragedies of the assassinations of MLK and JFK, saw a man walk on the moon, witnessed first-hand the advancements of technology and their impacts on society, and even watched as her AZ Diamondbacks won a World-Series Championship.

Lily is preceded in death by her father, Pedro, mother, Rita, husband, Ramon Camacho, daughters, Rachel Maes and Rita Vizzera, and granddaughter, Gloria Herrera.

Town of Kearny Has New Fire Hydrants

Kearny now has 18 new fire hydrants. These hydrants are capable of delivering higher water pressure for fire hoses. And it looks as if our scheduled paving of streets is pretty much complete, with the recent paving of Mountain View and the 400 blocks of Essex, Fairhaven, and Greenwich. Thanks to everyone for putting up with the inconvenience during these projects.

Thompson Construction has re-roofed the town library. Years ago a new addition was put on, and the roof connection was not good and led to continual leaks. A stiff

wind complicated the repair, so the crew worked much of the weekend. Thompson Construction is also doing some much-needed repairs on the building in the town yard.

While working on gas line improvements, Southwest Gas's crew accidentally damaged the water main on Croydon, resulting in a substantial leak. Our town crew responded and managed to get hold of the situation.

Chief Kenny Piggott submitted a report to the Town Council this week outlining several improvements recently made (including a new notification system for

our volunteer firefighters) and a listing of equipment improvements and pending repairs. In August our firefighters will be measured for the new turnouts (protective clothing and equipment worn during fires) which will replace the old and unreliable turnouts. Our firefighters are some of our best citizens – have you ever thought of joining up?

Town Manager Anna Flores is working hard on the pre-application to the United States Department of Agriculture for water tank repairs, a new pumping station, new

LETTER TO THE EDITOR

In support of Copper Corridor mayors

I am writing this letter of support for Mayors Sam Hosler of Kearny, Mayor Bobby Smith of Hayden, and Louis Bracamonte of Winkelman.

I have been the Mayor of Mammoth and have worked closely with these three Mayors. We have been meeting monthly at a 4 mayors meeting, trading ideas and problems at hand in our four towns. This has helped me in decisions for the town of Mammoth.

These Mayors meetings are facilitated by Allen Urban of CAG. Allen has been instrumental in helping to obtain CDBG grants for all four towns. The number 2 water storage tank is a good example of CDBG grant money in Mammoth. The paper work has started for the number 1 tank to be relined and will start next year.

Infrastructure in all four towns has been an ongoing issue. Our water mains need to be replaced and is a major problem. The town of Mammoth will need to increase their water rates in order to obtain a loan/grant to replace all water lines. Increased water rates will enable the town to pay back a large loan and needs to be done before requesting a loan.

The main topic at the Mayors monthly meetings has been police coverage. The issue now at hand is hiring a police chief to cover all four towns. This will be a large savings to all towns if we hire one police chief. It has been narrowed down to two persons and if time were not

an issue I would recommend opening up recruitment again.

The people need to thank DPS for sending in two officers to help restructure three of our towns police departments. DPS Sergeants Rudy Lujan and Dave Blue spent many hours helping our towns with professional input.

Also, many thanks to Sheriff Paul Babeu for his help in our police departments. He was always there for advise when I called him and has assigned Harry Grizzle for a 90 day period of time which is running out soon. Deputy Chief Grizzle was instrumental in the hiring process of

two new officers one full time and one part time and has taken over 6 weeks to accomplish.

The load of hiring a police chief has been put on Mayor Smith of Hayden. Thanks to him and Hayden's Council, the hiring of a unified chief is getting close.

After working closely with these three Mayors I highly recommend all three to be re-elected to continue their ongoing work. I see all three Mayors to be truly dedicated to their respective towns.

Sincerely,

/s/ **Don Jones**

Councilman, Town of Mammoth

water meters and, most urgently, repairs to Well No. 3. The water level behind Coolidge Dam is very low, so it is likely that our water allotment for next year will be reduced. If we can get Well No. 3 up and running, it might provide all the assistance we need during a drought.

Next week I will join with our Town Manager, Town Clerk, and all the Town Council members at the Arizona League of Cities and Towns for four days of schooling on new Arizona laws, budgeting, pension funds, economic development of our towns, and other such things. Each year there is an update on the proper conduct of meetings and the requirements of Arizona's open meetings law. The League assists Kearny during the year with employment postings, legal assistance, updates on legislative issues, and consultations on issues facing Kearny and the Copper Basin.

Remember to vote in the Primary Election on Tuesday, Aug. 30.

Kearny property tax to remain the same

By Mila Besich-Lira
Copper Basin News

The Kearny Town Council voted not to raise the primary property tax percentage during its special council meeting last week. The vote came after a public hearing in July, where many residents and business owners expressed their concern at the increase.

The property tax levy still had to be raised to accommodate the budget due to the fact that Pinal County decreased the property values of the area. The levy is the amount that is normally taxed on property for town revenue. When the values decrease the levy must increase to allow the revenues to remain the same. This does not necessarily cause a property tax increase.

The Council originally proposed a

property tax increase which would have added additional revenue to the town budget. Its plans for the additional funds would have been allocated to purchasing new turnouts (protective fire gear) for the fire department, replacing the roof at the library, making repairs to the public works facility and also allowing funds to remain in the town's savings. Much of the town's reserve or rainy day saving has been allocated to repairing the town's water and waste water treatment system, as those systems were in need of major repairs.

Town Manager Anna Flores, explained that without the additional property taxes the council will need find the funding for the projects in the general fund or use money in the town savings.

"The council plans to review the property tax increase again next year," she said.

One simple call to 811 gets underground utility-owned lines marked for FREE.

Whether you're a homeowner or professional excavator, every digging job requires a call — even small projects — so be sure to:

- Call 811 at least two days before starting any digging project
- Wait for the site to be marked
- Respect the marks
- Dig with care

Not calling can be life threatening and costly. You can harm yourself or others, disrupt natural gas service to an entire neighborhood, and potentially be responsible for injuries, repair costs, and criminal penalties.

Natural gas lines can be buried anywhere. If you ever suspect a natural gas leak, call **911** and Southwest Gas at **1-877-860-6020** immediately, whether you're our customer or not.

For more information about natural gas pipeline safety, visit swgas.com/safety or call **1-877-860-6020**.

a role now for a better tomorrow by positively impacting the environment.

Cynthia Corral explained, "I really enjoyed the conference a lot. It really opened my mind to new ideas and I would like to help the environment in some way. Hopefully CAC can help too."

Kyle Erickson added, "We don't hear a lot about environmental issues on a daily basis. It helped raise awareness and was a great opportunity to interact with professionals and meet others who are interested in the environment. It was a cool opportunity and I am thankful Pinal County sponsored us to attend."
