LETTER TO THE EDITOR

In support of Copper Corridor mayors

I am writing this letter of support for Mayors Sam Hosler of Kearny, Mayor Bobby Smith of Hayden, and Louis Bracamonte of Winkelman.

I have been the Mayor of Mammoth and have worked closely with these three Mayors. We have been meeting monthly at a 4 mayors meeting, trading ideas and problems at hand in our four towns. This has helped me in decisions for the town of Mammoth.

These Mayors meetings are facilitated by Allen Urban of CAG. Allen has been instrumental in helping to obtain CDBG grants for all four towns. The number 2 water storage tank is a good example of CDBG grant money in Mammoth. The paper work has started for the number 1 tank to be relined and will start next year.

Infrastructure in all four towns has been an ongoing issue. Our water mains need to be replaced and is a major problem. The town of Mammoth will need to increase their water rates in order to obtain a loan/grant to replace all water lines. Increased water rates will enable the town to pay back a large loan and needs to be done before requesting a loan.

The main topic at the Mayors monthly meetings has been police coverage. The issue now at hand is hiring a police chief to cover all four towns. This will be a large savings to all towns if we hire one police chief. It has been narrowed down to two persons and if time were not an issue I would recommend opening up recruitment again.

The people need to thank DPS for sending in two officers to help restructure three of our towns police departments. DPS Sergeants Rudy Lujan and Dave Blue spent many hours helping our towns with professional

input.

Also, many thanks to Sheriff Paul Babeu for his help in our police departments. He was always there for advise when I called him and has assigned Harry Grizzle for a 90 day period of time which is running out soon. Deputy Chief Grizzle was instrumental in the hiring process of two new officers one full time and one part time and has taken over 6 weeks to accomplish.

The load of hiring a police chief has been put on Mayor

Smith of Hayden. Thanks to him and Hayden's Council, the hiring of a unified chief is getting close.

After working closely with these three Mayors I highly recommend all three to be re-elected to continue their ongoing work. I see all three Mayors to be truly dedicated to their respective towns.

Sincerely,

/s/ **Don Jones**

CAC students participate in One Young World Environment Expert event

Pinal County, Ariz. – Earlier this summer, three Central Arizona College

students were selected to attend the One Young World Environment Expert

CAC students participated in the One Young World program at the Biosphere 2.

Event held at the University of Arizona's Biosphere 2.

CAC delegates; Cinthia Corral, Kyle Erickson and Ashley Martinez were among hundreds of young leaders, ages 18-30, from around the world who received the opportunity to interact and learn from experts in science, arts, politics and business.

The three-day event focused on creating collaboration around environment solutions. Attendees participated in various workshops throughout the Biosphere 2 that focused on exploring and discussing unified options to address environmental issues such as energy efficiency, water systems, and combating

climate change. They were challenged to create initiatives as to how youth can play a role now for a better tomorrow by positively impacting the environment.

Cinthia Corral explained, "I really enjoyed the conference a lot. It really opened my mind to new ideas and I would like to help the environment in some way. Hopefully CAC can help too."

Kyle Erickson added, "We don't hear a lot about environmental issues on a daily basis. It helped raise awareness and was a great opportunity to interact with professionals and meet others who are interested in the environment. It was a cool opportunity and I am thankful Pinal County sponsored us to attend."

Oracle Firewise awards local citizens, business

By Joshua Delauder
San Manuel Miner

Last week, three citizens of Oracle were awarded the Firewise award for making sure their commercial and residential properties met or exceeded the national fire safety code.

The first two people awarded were Lou and Dee Moore for making sure their property was up kept. They were also applauded for having such an up-to-code property, that it would even help maintain safety for their neighbors.

The third person was Alicia Bristow who accepted the award on behalf of the Visitor's Center for the town of Oracle.

Brian Kirkpatrick presented the awards.

Larry Southard, the Fire Chief for the Oracle Fire Department, said the Firewise staff tried to give out these awards every year, but there were some years they skipped. He also said that the winners of this year's Firewise award were decided and voted on during the July Fire District meeting.

Southard said the Firewise board members bring suggestions as to who should be awarded these awards.

According to the Oracle Fire website, there are a few things that you can do to keep your property firewise:

- Cut down all the high grass;
- Remove dead shrubbery and leaves; and
- Make a perimeter around your property to prevent the spread of fire.

Lou and Dee Moore were presented a Firewise Award. Joshua Delauder | Miner

Mt. Vista's Spirit Rock ready for parents to rent

Oracle - This year, students of Mt. Vista School will be starting their own "spirit rock" tradition, with a boulder placed in front of the school that parents can paint a message on, to encourage their children, at the cost of \$10, the donation of which will help support the Student Council.

With the help of some paint and creativity, the rock will signal school events, celebrate holidays and milestones and applaud student accomplishments. Reservations must be made to paint the rock, and are on a first come, first served basis. All reservations will be managed

by Mt. Vista Student Council. A monthly calendar, found in the library, will indicate dates that are already reserved, as well as dates that are open. The library can be contacted by phoning 520-896-3031.

Persons seeking to make a reservation will be contacted by email to confirm or deny the reservation. Only one person or group may reserve the Spirit Rock per day, and, you will have 24 hours, beginning at 4 p.m. the day before. Which means, if you reserve the rock for Aug. 25, your reservation will begin at 4 p.m. on Aug. 24 and run until 4 p.m. on Aug. 25.

You must supply the paint for the rock and provide your own artwork. All rules as outlined in the Mt. Vista Student Handbook and code of student conduct must be obeyed. Materials and litter must be removed from the site so that the area is left in a clean condition.

Librarian and Student Council Advisor Darlene Cavanaugh said the idea came from her mother who teaches school in another state. Theirs is so successful, Cavanaugh said, that "they now have two (spirit rocks), one for students who walk and one for those who ride."

With less than a full week of school, the Student Council has already collected \$80 from parents who have reserved the rock. Two students celebrating their birthdays last week were surprised by their parents who decorated the rock overnight so it was ready to greet them when they came on campus.

Pretty much any paint can be used on the rock, but Cavanaugh recommended using inexpensive paint. "Cheap," she said. The cheaper the better.

New Miners' coach 'excited' for upcoming season

By Andrew Luberda
San Manuel Miner

The San Manuel football team will have its third head coach in as many seasons roaming the sidelines when it opens the 2016 campaign Friday night at home.

New head coach Daniel Williams, whose playing career includes collegiate and professional experience, will make his San Manuel coaching debut against the San Tan Foothills Sabercats.

Williams has extensive coaching experience at the collegiate, semi-pro and high school levels, including most recently at Cholla High School in Tucson, where he served the last three years as the head freshman coach as well the varsity offensive and defensive line coach.

"I'm very excited about what we're going to do this year," Williams told *The Miner* during a recent phone interview. "We've had a pretty good turnout during the summer. We've averaged 22 guys all summer long and from what I understand that's an improvement compared to the last few years. I was ecstatic about their dedication."

The players have bought into Williams' program and showed a new level of commitment and dedication to each other by the work they've put in. Williams has tried to make the coaching transition as smooth as possible.

"I didn't change too much of the program that they already knew," he said. "I like to ease players into my program by keeping them familiar with the same type of verbiage."

The Miners' defense will be one of the team's strengths this year, according to Williams. Returning two-way starting lineman Antonio Gallego, a senior, will anchor the lines on both sides of the ball. Active linebackers and blitz packages are part of the Miners' new defensive scheme.

Williams believes the running game will be another of his team's strengths this season.

"I'm not saying we're not going to pass," he said. "I'm a coach that believes in setting up the pass with the run."

Junior quarterback Alejandro Camacho and junior linebackers Christian and Gabe Velasquez, in addition to Gallego, are some of the Miners' players that Williams believes can impact the team's success this year.

"The twin Velasquez brothers are beasts at linebacker," Williams said. "And Christian is a really good running back."

Williams was asked what his team needs to do each week to have success.

"Commit," he responded in one word before expounding. "Fully commit, stay determined and commit to the program, the system and coming to practice."

San Manuel Miners new head football coach Daniel Williams is ready for the coming season.

The Miners open at home this Friday versus San Tan Foothills, another 2A conference team. Kickoff is scheduled for 7 p.m.

Community Church learns about Tri-Community Food Bank

By Dick Kroese
Special to the Miner

The Community Church of SaddleBrooke (CCSB) Mission Committee had the pleasure of having Judy Haberski of Tri-Community Food Bank (TCFB) speak at its monthly breakfast meeting. I do not think that any of us realized the poverty that is in Pinal County until we heard her speak of people living under bridges, people

with absolutely no food in the house and people that were placing cloth in the cracks in walls to prevent the cold from coming in. This is just a few of the many examples of poverty in this county that Judy told us about. TCFB is one of the major non-profits that Community Church supports through financial support, emergency needs and volunteers.

Tri-Community Food Bank is in Mammoth, AZ. Their mission statement is "Let no child go to bed hungry."

TCFB provides emergency food boxes to needy families with proof of residency within the communities of Oracle, San Manuel, and Mammoth and those needy families living as far east as Redington Pass and living as far north as Aravaipa.

Emergency food boxes contain good nutritious food, enough to last for three days. A box includes food for three meals for each day for all members of the family. In addition, TCFB offers Thanksgiving and Christmas food to needy families. TCFB also has a thrift store selling used clothing and household goods. TCFB is an all-volunteer organization (non-profit 501© (3)) and an Arizona Charitable Agency. If you would like to make a donation, call Judy Haberski at 520-825-6665. Of further interest is that TCFB is in need of a website, so if you have that ability to build at no cost, please let Judy know.

The Community Church of SaddleBrooke makes regular monthly donations of nonperishable food items to TCFB on its Blue Bag Sundays. CCSB meets every Sunday morning at 8:30 a.m. in the SaddleBrooke DesertView Theatre. We are an all denominational Christian Church and all are welcome.

**CALL
811
Before
You Dig!**

SOUTHWEST GAS

One simple call to 811 gets underground utility-owned lines marked for FREE.

Whether you're a homeowner or professional excavator, every digging job requires a call — even small projects — so be sure to:

- Call 811 at least two days before starting any digging project
- Wait for the site to be marked
- Respect the marks
- Dig with care

Not calling can be life threatening and costly. You can harm yourself or others, disrupt natural gas service to an entire neighborhood, and potentially be responsible for injuries, repair costs, and criminal penalties.

Natural gas lines can be buried anywhere. If you ever suspect a natural gas leak, call **911** and Southwest Gas at **1-877-860-6020** immediately, whether you're our customer or not.

For more information about natural gas pipeline safety, visit swgas.com/safety or call **1-877-860-6020**.
