New transfer station open in Dudleyville; supervisor continues to distribute vouchers

Last week, Pinal County Supervisor Pete Rios and officials from Alta Arizona were proud to announce the official opening of the new Dudleyville transfer station. It is in the same location as the landfill, which was closed on Aug. 10.

The official ribbon cutting ceremony was held on Aug. 19.

Supervisor Rios offers six vouchers for free dumping for residents in Eastern Pinal County.

"I continually advocate for these services in the Eastern communities. The vouchers are free to Pinal County residents and I highly encourage everyone to take advantage of them. I also hope it encourages people to not partake in wildcat dumping and care for our land," said Supervisor Rios.

Residents are reminded that in order to obtain vouchers they must present the

supervisor's office with a current utility bill that includes name and physical address. Please note that vouchers will not be issued without proper documentation. Those individuals who own more than one residence may only obtain vouchers for their primary residence. Vouchers are redeemable at the Oracle Transfer or the NEW Dudleyville Transfer. Vouchers will be issued according to the name that appears on the utility bill and that person must be present when redeeming the vouchers.

These additional vouchers can be obtained at the Mammoth County Complex located at 118 Catalina Ave. or by contacting Supervisor Rios' office at 520-866-7830 for other options.

The proposed hours of operations at the new transfer station will be every Friday and Saturday 8 a.m. to 4 p.m.

Supervisor Pete Rios cuts the ribbon officially opening the new transfer station in Dudleyville.

Copper Basin Community Health Care Foundation receives grant

The Copper Basin Community Health Care Foundation has received a Grant from the Brownfields Assistance Program and the Arizona Department of Environmental Quality. The Grant will provide funds for assessment and cleanup of asbestos and lead materials at the site of the Kearny Medical Clinic. The Grant will allow for future redevelopment of the facility.

The scope of work has been established to perform a Phase I environmental site assessment and an asbestos and lead survey. The goal is to perform the assessment in September to identify environmental concerns, then, based

upon the findings, a scope of work along with cost will be developed to remove the environmental hazards. Cobre Valley Medical Clinic services will not be interrupted during this project. Cobre Valley Regional Medical Center CEO Neal Jensen has given assurance that they will be an important partner in the long term goals of the project.

Kearny Town Manager Anna Flores and Foundation President Dave Orzell authored the Grant. Kearny Mayor Debra Sommers assisted in locating the grant through legislators David Cook, T.J. Shope and Frank Pratt. Each of the legislators signed a letter of support.

Local Governments, non-profits, Tribes, hospitals, schools, police and fire districts may apply for funding through ADEQ'S Brownfields Assistance Program. Brownfields grants help address blighted, under used properties with real or perceived environmental hazards which may hinder reuse or redevelopment. To learn more about the program, call (602) 771-2296 or visit www.azdeq.gov/brownfields.

The Copper Basin Community Health Care Foundation appreciates all of the assistance from ADEQ Brownfields Coordinator Travis Barnum during the processing of the Grant.

Brownfields dollars have been used frequently across the region. Recently the Hayden Motel was demolished and the property cleaned up by Gila County using Brownfields dollars. The Town of Superior has been successful in acquiring these funds to make significant environmental repairs to the Belmont Building.

Legislative District 8 Representatives David Cook and TJ Shope along with Senator Frank Pratt have been instrumental in supporting Kearny and other communities in the Copper Corridor to receive these funds and help find other solutions to blight remediation in the region.

According to state law, there are two methods by which police may arrest suspected offenders. The suspect may be physically taken into the department and booked into jail, or the arresting officer

may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damages are estimates.

Copper Area News is committed to providing our readers with as much information as possible. We post a daily update on our Facebook page with the total positive COVID-19 Data. This graph shows the daily counts of positive cases for the past week as of press time on Aug. 25, 2020.

There are a few points we would like our readers to consider when following this data.

1. This will continue to be a rolling total of positive cases. It does not reflect recoveries or deaths. The Arizona Department of Health Services does not break out this data.
2. If you see a reduction in numbers from day to day it is most likely due to a data entry error or mis-coding of a zip code (at the state level).
3. This is all zip code based data; most of our zip codes include unincorporated areas. There is no way to track exactly which areas each of the positive cases are. Example, Kearny and Winkelman each have small communities in their zip code that are not in the Town's incorporated boundaries.
4. If you live in Gila County, please follow the Gila County Health and Emergency Management, Facebook. They have maintained their data on recoveries and current positive cases.
5. You can follow other data such as ICU bed use, Ventilator use and hospital capacity online: <https://bit.ly/3inh28O>

Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6 feet apart or more), practice good hygiene (wash your hands frequently, sanitize high touch areas) and stay home if you are not feeling well.

Hayden house destroyed by fire

An unoccupied house on San Pedro Avenue in Hayden was destroyed by fire early Thursday morning.

A house next door was threatened, but the fast action of personnel from Accelerated Construction & Excavating, who were doing water line work in the area, saved the Martinez family and their house. The crew went inside, woke the family and safely help them out.

Billy Schneider, a Town of Hayden Public Works employee, said if it had not been for the fast response of the workers from Accelerated Construction and the Public Works department, the Martinez family might have lost their house and lives.

Schneider, along with others from the Hayden Public Works Department, Bobby Smith, Henry Padilla and Chris Bribeccas, helped control the fire. He said the crew from Accelerated Construction, Foreman Colton, Brian, Dan, Chopo and Vince, were the big heroes.

Accelerated Construction & Excavating had a large full water truck and was able to contain the blaze until Hayden and Winkelman Fire Departments arrived.
