OBITUARY

Manuel M. Flores

Manuel M. Flores, 81, of Mammoth, Arizona passed away Aug. 22, 2017. He was born on Feb. 3, 1936 in Clarkdale, AZ to Carlos and Theodora Flores, the fifth of four brothers and eight sisters.

He was married for 57 years to Anita Flores (deceased) and raised six children, Rachel Flores Duran (deceased) (Dan), Richard Flores, Patricia Flores Villegas (Art), Manuel Flores Jr. (Sandy), Norma Flores Lucero (Johnny) and Irma Flores Silvas (Martin). Grandfather to Arturo Villegas Jr., Regina Villegas, Christopher Villegas, Andrino Garcia, Elissa Duran, Daniel Duran, Alex Duran, Manny Flores III (deceased), Leanna Flores (deceased), Cecilia Flores, Celina Flores, Jessica Silvas Serrato, Gabriella Silvas, Sonya Lucero Gonzales, Johnny Lucero III, Michelle Villegas Lozano, and Adrienne Duran. Great grandfather to Andrino Garcia Jr., Ayva and Cruz Gonzales, Johnny Lucero IV, Azaiah and Anthony Fernandez.

He was born into a musical family. At the age of 4 or 5 his father taught him the piano and then the drums.

His family was well known throughout the Verde Valley. Manuel was a drummer in the family band. His father had a family orchestra that started his music career. He was a prodigy musician. He learned to read and write music at an early age from his father. He picked up interest in the saxophone from his brother Johnny who was his high school band teacher in Flagstaff, which ultimately earned him a full music scholarship to Northern Arizona University. He decided not to pursue the college scholarship because he met his wife Anita. Years later his interest in the accordion began, which ultimately became his legacy. Throughout his life he was a musician, first with his brothers and sisters, and later with his own band Conjunto Monterrey with his son Richard Flores. They appeared on the Mexican Theater Sunday show. His current band was Conjunto Manny Flores and they recorded two CDs. His music will live on through his CDs.

His love of music came from his father, and his love of God and serving others from his mother. His mother's love transcended to his children.

He began work at Magma Copper in San Manuel at the age of 18 as a truck driver, then became a heavy equipment operator until his retirement. He retired after 45 years of service.

He was involved with the Cursillo for many years as a rector. He helped initiate, coordinate and build two rooms and showers to accommodate both men and women for weekend retreats that exist to this day by the Blessed Sacrament Hall.

He was one of six retired miners all over the age of 70 who created, designed and constructed the Mammoth

Miners Memorial through donations and fund raisers throughout the Tri-Community. The mission of the six retired miners was to build a memorial in honor of the miners who lost their lives during decades of copper mine operations. His father's death at the mine helped inspire the memorial.

Manny was well known and loved throughout the community. He had a compassionate heart and a great sense of humor. He was a mentor to many!

He would wake up in the morning and ask "How can I Help." Those words he said were powerful because he was used as an instrument to help others.

Manny believed that everyone's differences were like an instrument playing their own part. Nobody is the same in this world. We have to use every instrument and combine it. We have to play our own part making family a good harmony song.

You will be missed - Beloved children, grandchildren, great grandchildren, family and friends.

Services will be held Saturday, Sept. 2, 2017 at Blessed Sacrament Church, Mammoth, Arizona. Rosary is at 9 a.m., visitation 9:30-10 a.m., and Mass will be celebrated at 10 a.m. Interment will follow at Mammoth Valley View Cemetery. Reception to follow at Blessed Sacrament Hall.

The family was assisted by Griffith Mortuary. Visit the online memorial at www.GriffithMortuary.com

Labor Day in the Copper Corridor

Labor Day is Monday, Sept. 4. Much like Memorial Day, Labor Day is observed by most Americans as a day off rather than a real occasion to mark for its meaning. Our economic system is grounded in

our labor. People explore, dig, load, and transport ore, which is then crushed and processed into metals. Farm labor brings us the plants we buy at the grocery store, and the people at the grocery store display

the goods and sell them to us. The common thread is the human touch of people who provide their labor.

William Penn developed the Pennsylvania colony as a showcase of labor, peace, and godliness. Labor was honored as a godly virtue, in and of itself.

The early labor movement began at a time when large corporation and trusts used labor mercilessly, without respect for human values. The unions had a really tough time at first, but gradually gained enough power and respect to bring about collective bargaining, the forty-hour work week, safer working conditions and, later on, pensions and insurance and other valuable benefits. Labor led the way during World War II, producing the armaments and other things needed to bring about victory. The unions helped develop the middle class, and the middle class used its funds to bring about further growth in mom and pop stores, strip malls, and shopping centers.

It's not quite the same today. It takes the work of both husband and wife to make a decent living. Well, sometimes even with both working it's still not enough to support a family. Now our legal system recognizes corporations as people! You know, I thought only God made people. Now it's done with a legal filing... not so messy, I guess, but there's sure not much romance involved.

Let's remember the people, the people who labor for our benefit, this Labor Day.

The people of Oracle are putting on the GLOW! illuminated art show on three weekends this year, on Saturday, Sept. 9 and Saturday, Sept. 30, and again on Friday and Saturday, Oct. 6-7. The evenings will feature art, music, and food. Only 500 people can be accommodated each night, so purchase tickets in advance.

The Peppersauce Roundup Adventure Festival will take place in Oracle on Saturday, Sept. 23, with live music from 10:30 a.m. to 9 p.m. Check the posters for details.

The Copper Basin Chamber of Commerce is calling for residents to help plan the Great Pumpkin and Trunk-or-Treat celebration. People from Kearny, Winkelman, Hayden and Dudleyville (and all parts surrounding) are invited to come to the Chamber Office at the Court House in Kearny on Friday, Sept. 1, at 6 p.m. With your help it will be another great celebration for our youngsters.

Monday, Aug. 21, at the Kearny Town Council meeting, it was announced that Wallace Kenney is Kearny's new Chief of Police. He began work that very same day. The Mayor and Council also chose between

ATSDR testing returning to Hayden-Winkelman

The Agency for Toxic Substances and Disease Registry (ATSDR) has announced that it will return to the Hayden-Winkelman area Wednesday, Oct. 25, through Sunday, Oct. 29, 2017. They will be offering follow up arsenic urine testing.

participated in the April 2015 testing. They have determined that ATSDR needs more information to determine how much arsenic participants have in their bodies when air pollution levels are typical for the community.

During the 2015 testing the ASARCO smelter was shut down for maintenance,

which lowered the arsenic and lead in the air. ATSDR is working with ASARCO

to ensure that the smelter will be open during the testing dates in October.

Damaged phone lines cut internet, phone, cell service to Copper Corridor residents

A widespread phone and internet outage which affected most of Eastern Pinal County occurred Thursday last week when CenturyLink lines south of SaddleBrooke were damaged.

Service went down at approximately 2 p.m. Thursday and wasn't fully restored until after 8 p.m. Verizon Wireless service was also affected by the outage, leaving many without a way to call 9-1-1. The outage affected service as far north as Kearny.

Hayden Lobos shutout by Vikings

By Andrew Luberda
Copper Basin News

No. 2-ranked Williams steamrolled to a 48 – 0 victory against visiting Hayden last Friday.

The Vikings made few, if any, mistakes

on their way to a 32 – 0 lead at halftime.

The loss evened the Lobos' record to 1 – 1.

“We just didn't play football,” Hayden head coach John Estrada said after the game. “We made a lot of mistakes. Not taking anything away from Williams, it is

a sound and seasoned team.”

Estrada stressed the Lobos' need of putting last Friday's loss behind them saying, “We learn from it and move on.”

The Lobos have a bye-week before playing at Baboquivari on Sept. 8.

“In order for us to compete versus

Baboquivari and for the rest of the season, we'll need to correct (some) mistakes, have fun, and play Hayden football,” Estrada said.

Up next: Hayden at Baboquivari on Fri., Sept. 8. Kickoff is scheduled for 7 p.m.

Hayden hoping to build on last season's success

By Andrew Luberda
Copper Basin News

The Hayden football team reached the state playoffs last season for the first time in nearly a decade, when current Lobos' head coach John Estrada led the 2007 team to a 10 – 2 record.

Estrada expected last season's results to increase the number of players on the team in 2017 but it's simply not the case, as only 16 players were on the roster for

the season opener.

“It has been somewhat disappointing in regards to our numbers,” Estrada recently told the *Copper Basin News*. “There are a lot of good athletes out there that can help the program that choose not to play.”

“I was optimistic with our success last year we would have more players,” he continued. “Nonetheless, the kids we have will represent on Friday nights. They had a good summer and continue to work hard.”

Perhaps it's better to look at this season

in terms of quality above quantity and the Lobos have plenty of the former.

Five defensive starters figure to be the strength of this year's team, including Noah Monroy and Omar Lopez.

On offense, the Lobos return several skill position players as well as starting quarterback Mario Mariscal. Joel Rodriguez, Robert Bohrn and Frankie Valencia will make significant contributors in 2017.

“We're working hard to be game ready by

(the season opener),” Estrada answered when asked for his overall impressions of the Lobos. “As long as we do our jobs, execute, hit, and stay healthy, we'll be ok.”

By Andrew Luberda
Copper Basin News

The Ray football team won just three games last season and two were by forfeit.

Ray counting on experience in 2017

The Bearcats won only one game that was actually played on the field, against Ft. Thomas, a 68 – 12 victory.

The Bearcats expect to reap the rewards of last year's inexperience with 19 returning players, including six starters, this season.

Ray head coach Frank Lechuga likes how his team is progressing, just a week before the season opener.

“The boys have shown a lot more individual dedication and participation this year,” the Cats' head coach told the

Copper Basin News. “Especially during passing leagues held over the summer. We had a good turnout with great success.”

As can be expected with 19 returning players, Lechuga said depth will be one of his team's strengths this season, in addition to its conditioning.

“They are all key to this season,” Lechuga answered when asked to identify a few key players on the roster.

Senior quarterback Fabian Valenzuela led the Cats a year ago in passing and

rushing yards. Nathan Molar and Jaden Pace return in the offensive backfield as well.

Molar and senior Dyllin Lopez are the top two returning tacklers on the Cats' defense.

What does Lechuga want to see from his team in order to have success each week?

“Stay healthy, keep working hard, and stay focused to meet team goals set for this season.”

Annual Oracle Run 5K, 10K set for Oct. 25

The 35th Annual Oracle Run is scheduled for Saturday, Oct. 25, 2017. The run will include 5K and 10K races. The Oracle Run is an independent race which benefits the non-profit organization Oracle Historical Society. On race day, registration begins at 6:30 a.m. with the races starting at 8 a.m. The race begins at the Acadia Ranch (Oracle Historical Society Museum), 825 Mt. Lemmon Highway in Oracle..

Pre-registration is underway. Entry fee is \$35 until Oct. 6 when the fee is \$45. Entry fee includes an Oracle Run T-shirt which will be designed by an Oracle artist. Awards will be given to 10K Overall Winners in men, women seniors and masters champions. 10K awards for age divisions will also be presented. In the 5K, 1st, 2nd

and 3rd Place overall awards for men and women will be presented. Additional random raffle prizes provided by local merchants will be drawn for at the end of the race.

The Oracle Run takes place in the cool mountain desert terrain (elevation 4,500 feet) of Oracle, Arizona. The race has been popular and the 10K has been known to be a tough run over the rolling hills. The 5K is challenging. Runners from all over the state and country have participated including world class runners. This is a competitive but fun event for all.

For more information or to register visit www.oraclehistoricalsociety.org or contact Race Coordinator Darrell Klesch at (520)896-9609. Messages are returned on Wednesdays.

Hand Me Up Shop donates Heart Smart defibrillators

Thanks to the Hand Me Up Shop and the Copper Area Health Volunteers, the Ray School District is 'Heart Smart' as well as head smart.

On Aug. 21, member of the Copper Area Health Volunteers presented the school district with two Heart Smart Defibrillators for use at the Ray High School in the athletic program. According to the Arizona Interscholastic Association (AIA), it will soon be mandatory for all schools to have them available.

The defibrillators were purchased using proceeds from the Hand Me Up Shop.

"All of the proceeds that are received by the store go back to the community. We felt this was a great project to use our funds to place them where needed. Previously the H.M.U.S. has placed these same units in the surrounding schools, as well as the Senior Center in Hayden," a representative of the CAHV told the Copper Basin News.

"A huge shout out to our community, who keeps us filled with great donations and also to those who continue to shop with us. We appreciate your support and giving us the ability to fund these programs," the spokesperson added.

The Copper Area Health Volunteers present two defibrillators to Ray High School. Pictured from left are: Carol Lewis (CAHV member), Athletic Director Chris Ervin, Rose Bradford (CAHV President), Elementary Principal Rochelle Pacheco, and Barbara Carrell (CAHV Vice-President).

Gila County offers update on juvenile detention

Although the Gila County Juvenile Detention Center in Globe is officially closed, the Juvenile Probation Department continues to detain juveniles as needed in a different facility.

Closing the detention center was prudent for fiscal

Gila County Juvenile Detention Center is no longer open.

reasons, saving hundreds of thousands of dollars to Gila County taxpayers every year. Over the past decade juvenile crime has been on the decline in Arizona and across the country. As juvenile crime has declined, so has the number of juveniles detained in detention facilities and juvenile prisons.

- 2008 11,674 Arizona juveniles detained in local detention facilities
- 2016 7,883 Arizona Juveniles detained in local detention facilities
- 2008 924 juveniles were sentenced to ADJC (juvenile prison)
- 2016 218 juveniles were sentenced to ADJC (juvenile prison)

This reality combined with the high cost of running a detention center led to the closing of the Globe Detention Center. Recognizing there will still be juveniles that need to be in a detention facility, the Gila County Board of Supervisors has approved an agreement with the Pinal County Juvenile Justice Center (Detention) to house those youth needing detention.

The closing of the detention center did not result in any layoffs in Globe as the Juvenile Probation Department began a soft-closing of the Globe Detention Center a year ago to allow detention officers to transfer to other positions in the County or find work in the community. A smaller contingent of detention personnel will continue to carry out the mission of the Probation Department by transporting juveniles to the Pinal County Detention facility and other functions such as radio dispatching for field probation officers and supervising community work service crews in the community.

Juveniles enter the criminal justice and probation system

through direct contact with local law enforcement. Law enforcement contact probation to determine eligibility for detention, and if eligible, detention staff detain juveniles, taking them from law enforcement and transporting them to Pinal County. This process ensures law enforcement can return to the streets quicker, especially for Payson P.D. who no longer have to transport kids to Globe. Further, this is a cost savings as it reduces the cost of law enforcement being tied up to transport juveniles to intake in another County. In the future, the Probation Department wants to pursue taking juveniles from law enforcement that do not qualify for detention allowing detention staff to talk to the juvenile and bring him/her back to a responsible parent or adult.

Weatherization funds now available through CAHRA

Community Action Human Resources Agency (CAHRA) has funding to assist eligible low-income homeowners in Pinal County with Weatherization, according to Mary Lou Rosales, Executive Director.

Under the Weatherization program, improvements are made by CAHRA to help reduce energy consumption and energy costs. A thorough assessment of the eligible home is performed including diagnostic and blower door testing to determine where the house is losing energy and what can be done to stop the loss. The auditor will also assess health and safety issues that might exist in the home. A test to determine carbon monoxide leakage is also done.

Minor repairs are made to make the home safer, more sound and secure. Families are counseled as to changes in their energy use habits, which will complement the work done on the homes, and help promote the conservation of energy. After making the efficiency upgrades, the family could save from 5 to 30% on their energy bill.

Based on the results of the home assessment, weatherization repairs may include repair or possible replacement of old cooling and heating systems, repair or replacement of leaky ductwork, insulation, the replacement of old inefficient refrigerators and the addition of sunscreens. Funding may also be available to assist homeowners with the repair or replacement of non operable appliances and water heaters.

Homes needing larger repairs such as roofing, ceilings, floors, window or door replacement, plumbing, electrical or major rehabilitation may not be eligible for the weatherization program.

Funding is provided by the Department of Energy and Low-Income Home Energy Assistance Program through the Arizona Department of Housing. Arizona Public Service, Salt River Project and Southwest Gas Corporation also provide funding for the program. Funding for minor home repairs and appliances is provided by Utility,

Repair, Replacement and Deposit funds through Arizona Community Action Agency. CAHRA does not have funding for emergency home repairs or rehabilitation.

Eligibility includes: 1) household must be low income, 2) the home must be located in Pinal County and owned by the applicant or be in process of purchasing, 3) applicant must have lived in the home for at least 12 months, 4) mortgage payments and property taxes must be current. An application must be completed and verification of income, home ownership and other documents must be provided.

It's important to stress that the Weatherization program is not an emergency home repair program and applicants may be placed on a waiting list.

For an application or for information call the CAHRA office at 520-466-1112 or toll free 1-877-472-2472 (from long distance areas only) or write to 109 N Sunshine Blvd., Eloy AZ, 85131 ATTN: Weatherization Program.

Oct. 9 set as deadline for comments on Apache Leap Management Plan

By **Ted Lake**
Special to Copper Area News

The Tonto National Forest has announced that an Environmental Assessment has been completed and a Draft Decision Notice has been issued for the adoption of the management plan for the Apache Leap.

This special management area is 839 acres of land (1.31 square mile) local east of the town of Superior south of U.S. Hwy. 60 and on the west side of the Oak Flat area.

The National Defense Act of 2015 calls for the establishment of special management of this site for three reasons. They are to preserve the natural character of Apache Leap, to allow for traditional uses of the area by Native Americans and to protect and conserve the cultural and archaeological resources of the area

Neil Bosworth, who is the Tonto National Forester Supervisor, said in the announcement, "We have

developed a management plan with components that specifically meet the stated purposes as directed by Congress and will serve as a strategic framework for the management of this special area into the foreseeable future."

The Draft Decision notice with the final version of the management plan, along with the legal notice can be seen on the project website, <http://www.apacheleapsma.us/>.

Objections must be submitted by Oct. 9 to the Forest

Service Regional office in Albuquerque, New Mexico. All objections will be available for public inspection during and after the objection process. Those who may file an objection are individuals and entities who have submitted substantive formal comments during opportunities for public comment during the planning and environmental review process for this decision. Further information on the objection process can be found on the official site of the Tonto National Forest.

Oracle State Park to host eclipse talk, star party Sept. 23

Oracle resident and amateur astronomer Mike Weasner was part of a Sky and Telescope tour group to view the Aug. 21 Total Solar Eclipse from Hopkinsville Community College in Hopkinsville, Kentucky. Totality at Hopkinsville lasted 2 minutes and 40 seconds.

Traffic getting to the viewing site was unexpectedly light, Weasner told the Miner. There were a few thin clouds when the group arrived, but nothing significant. Anticipation was high.

The eclipse began with a clear sky, and the sky stayed mostly clear until about 30 minutes before Totality. Then a large cloud covered the Sun. Fortunately the cloud

moved on within a couple of minutes and the sky was mostly clear through the end of the eclipse.

"Totality was beautiful," Mike said.

Mike will be giving a talk on his Eclipse experience with many more of his photos at Oracle State Park on Saturday, Sept. 23, at 5:30 p.m. Please call the Park at 520-896-2425 to make a reservation. A star party with telescopes will follow the talk.

Public Notice

Opportunity to Object to the Draft Decision Regarding the Apache Leap Special Management Area Management Plan and Environmental Assessment Notice of Draft Decision

As the Responsible Official, Forest Supervisor Neil Bosworth has prepared a draft Decision Notice (DN) and Finding of No Significant Impact (FONSI) for the Apache Leap Special Management Area (SMA) Management Plan Environmental Assessment (EA). The proposed action is to (1) prepare and adopt a programmatic management plan for the approximately 839-acre Apache Leap SMA; and (2) amend the 1985 Tonto National Forest Land and Resource Management Plan with a new management area and plan components for the Apache Leap SMA.

Along with the management plan, the draft DN and EA/FONSI are available to view online at: [<http://www.apacheleapsma.us/public-involvement>]. Hard and electronic copies (CDs) of these documents are available for review at the Globe Ranger District Office, Superior Public Library, and Tonto National Forest Supervisor's Office.

How to Object and Time Frame

This decision is subject to the pre-decisional objection procedures identified in 36 Code of Federal Regulations (CFR) 219, subpart B. According to 36 CFR 219.53(a), those who may file an objection are individuals and entities who have submitted substantive formal comments during opportunities provided for public comment during the planning and environmental review process for this decision. Only those who provided a substantive formal comment, as defined in 36 CFR 219.62, will be eligible to object to the proposed decision.

Objections, including attachments, must be filed via mail, fax, email, hand-delivery, express delivery, or messenger service (Monday through Friday, 8:00 a.m. to 4:00 p.m., excluding holidays) to Cal Joyner, Regional Forester, Southwestern Region, at the following addresses. Mail: 333 Broadway SE, Albuquerque, NM 87102; FAX: (505) 842-3800; or Email: objections-southwestern-regional-office@fs.fed.us with Subject: Apache Leap SMA. Electronically filed objections may be submitted by email in word (.doc), rich text format (.rtf), text (.txt), portable document format (.pdf), and hypertext markup language (.html).

Objections must be submitted within 45 calendar days following the publication of a legal notice in the Arizona Capitol Times. The publication date in the newspaper of record is the exclusive means for calculating the time to file an objection. Those wishing to object should not rely upon dates or time frame information provided by any other source. The regulations prohibit extending the time to file an objection.

At a minimum, the objection must include the following (36 CFR 219.54(c)):

- The objector's name and address, along with a telephone number or email address if available;
- Signature or other verification of authorship upon request (a scanned signature for electronic mail may be filed with the objection);
- Identification of the lead objector, when multiple names are listed on an objection. Verification of the identity of the lead objector if requested;
- The name of the plan, plan amendment, or plan revision being objected to, and the name and title of the responsible official;
- A statement of the issues and/or the parts of the plan, plan amendment, or plan revision to which the objection applies;
- A concise statement explaining the objection and suggesting how the proposed plan decision may be improved. If applicable, the objector should identify how the objector believes that the plan, plan amendment, or plan revision is inconsistent with law, regulation, or policy; and
- A statement that demonstrates the link between prior substantive formal comments attributed to the objector and the content of the objection, unless the objection concerns an issue that arose after the opportunities for formal comment.

Incorporation of documents by reference is permitted only as provided in 36 CFR 219.54(b). It is the objector's responsibility to ensure timely filing of a written objection with the reviewing officer pursuant to 36 CFR 219.56(c). All objections will be available for public inspection during and after the objection process.

To work for the solution of the problems of the farm and ranch, the rural home and the rural community, by the use of the recognized advantages of organized action, to the end that those engaged in the various branches of agriculture may have an opportunity for prosperity and happiness in their chosen work. 2. To represent, protect, and advance the social, economic, and educational interest of members who shall be actively engaged in or interested in various branches of agriculture. 3. To receive or to raise funds by solicitation, borrowing, or by gifts, legacies, devises, or other lawful means to accomplish the objects of this corporation. 4. To affiliate, contract, coordinate, or operate with other organizations, associations, corporations, or individuals, including, but not limited to, the Arizona Farm Bureau Federation and American Farm Bureau Federation, in carrying out and conducting the activities and endeavors for which this corporation is formed, and in effecting the benefits and results sought to be gained. 5. To purchase, lease, option, contract for, or otherwise acquire, take, own, hold, exchange, sell or otherwise dispose of, pledge, mortgage, hypothecate, encumber, any and all classes of real and personal property necessary to the fulfillment and furtherance of the objects and purposes of the corporation, within the limits prescribed by law. 6. To purchase, acquire, hold, sell, assign, transfer, mortgage, pledge or otherwise acquire, dispose of, hold, or deal in the shares of stock, bonds, debentures, notes, or other securities or evidences of indebtedness of this or any other corporation, association, or individual, and to exercise all the rights, powers, and privileges or ownership, including the right to vote thereon, to the same extent as a natural person might or could do. 7. To load

or invest its funds, with or without security, upon such terms and conditions as shall be prescribed or determined by the Board of Directors. 8. To borrow money, and to issue bonds, debentures, notes, contracts, and other evidences of indebtedness or obligation, from time to time for any lawful purpose, and to mortgage, pledge, and otherwise hypothecate any or all of its properties, property rights, and assets to secure the payment thereof. 9. To act as surety or guarantor, agent, trustee, broker, or in any other fiduciary capacity when appropriate to the fulfillment and the furtherance of the objects and purposes of the corporation within the limits prescribed by law. 10. To make gifts, grants, donation, or loans for the purpose of attaining and furthering any of its objects. 11. To establish the terms and conditions of members in the corporation. 12. To make and to perform contacts of every kind and description and in carrying on its business, or for the purpose of attaining and furthering any of its objects, and in general to do and perform such acts and things, and to have and exercise all of the powers and to transact such business in connection with the foregoing objects as may be necessary and required. ARTICLE IV This corporation shall have no power to issue capital stock, and no dividends or pecuniary profits shall be declared or inure to any member, director, officer of the corporation, or any private individual (expect that reasonable compensation may be paid for services rendered to or for the corporation affecting one or more of its purposes), and no member, director, officer of the corporation, shall possess any property rights in or to the property or assets of the corporation. In the event property or assets not otherwise disposed of shall be distributed and given by the Board of Directors for one or more exempt purposes as defined by Section 501(c) (3) International Revenue Code of 1954, or to the Federal Government, or to a state or local government, for a public purpose. ARTICLE V The time of the commencement of this corporation shall be the day these Articles of Incorporation are filed, and its termination date shall be twenty-five (25) years thereafter, with the privilege of renewal as provided by law. ARTICLE VI The corporation will have members. The Bylaws of the corporation shall prescribe the type and classes of members, the qualifications of members, the mode of election and the terms of admission to membership, provided that the voting rights of all active members shall be equal and all active members shall have equal rights and privileges and be subject to equal responsibilities. Such Bylaws shall also provide the fees of admission, dues and assessments to be paid by members and the grounds and the manner in which members may withdraw, be suspended or expelled. No membership shall be transferable, and no assignee or transferee thereof, whether by operation of law or otherwise, shall be entitled to membership in this corporation or to any property rights or interest therein, except as shall be provided in the Bylaws, of the corporation. Any person ceasing to be a member voluntarily, by expulsion or death, shall not be entitled to any membership rights or privileges in this corporation or to any property rights or interest therein, except as shall be provided in the Bylaws of the corporation. ARTICLE VII The affairs of this corporation shall be conducted by a Board of Directors. The number of directors shall be no less than three nor more than 25, as shall be provided in the Bylaws. The officers of this corporation shall be a President, a Vice-President, a Secretary, and a Treasurer. The offices of Secretary and Treasurer may be combined into one office. All such officers shall be members of the Board of Directors. All officers and directors shall be elected by members at the annual meeting of members of the

corporation at such time and date during such month of each year as shall be designated by the Board of Directors, by not less than twenty days written notice to the members by email, fax, first class mail, postage prepaid, at such addresses as shall be set forth on the membership records of the corporation. Officers shall be first elected as officers and directors and then the remaining directors shall be elected. In electing directors other than officers it is the declared policy of the incorporators that the remaining directors be elected from among the members of the Farm Bureau within the county and in any event that geographic representation be considered. The directors and officers shall hold office for a term of TWO YEARS until their successors are elected and qualified. The following persons were, at a meeting of members, on the 21st day of June 2017 in San Carlos, Arizona, duly and regularly elected to serve as directors until the first annual meeting of the members in October of this same year and until their successors have been elected and qualified: /s/ Cassie Lyman - President Mary A. Lions Club provides vision screening for Copper Corridor kids

By **John Hernandez**
Copper Area News

Members of the Lions Club International were busy this week providing vision screening for students at the elementary schools in Winkelman, Kearny and Oracle as well as Ray and Hayden High Schools. It is part of their effort to screen all the students along the Copper Corridor. The Lions Club members were from the Catalina-Oro Valley and South Tucson Lions clubs.

Vision Screening Team Leader, Richard Stevenson, said "The Lions are the largest service organization in the world. Our primary mission is vision. As a result, we screen school children for vision which assists the schools. About 20% of the children in southern Arizona should see an optometrist and we identify those children so that the school health personnel can work with the parents to get exams and glasses."

On Thursday, Aug. 24, the Lions traveled to Kearny and Winkelman where they screened 702 students. On Friday, they were

at Mt. Vista School servicing 330 students. The Mammoth and San Manuel schools will

be visited by the Lions Vision Screening Team soon.

"All the schools in the Copper Corridor will be serviced," said Peterson.

Volunteers from the Catalina-Oro Valley and South Tucson Lions Club visited Hayden Schools to check the vision of its students.
