Electrical, Policing Problems Plague Area

Approximately 20 people invited by the Oracle group met at the local fire station to gather information and discuss some of the limited, inadequacy power issues in the area.

OBITUARY

Melvin Curtis Whitten

Melvin Curtis Whitten, age 74, passed away Sunday, July 26, 2015 at his residence in Crockett, Texas.

Mr. Whitten was born March 10, 1941 to parents, Willie P. and Bernice Smith Whitten in Carlsbad, New Mexico. He worked as a pipefitter for 23 years for Magma Copper Company. Melvin was a hard worker and loved NASCAR.

Mr. Whitten is survived by sons, Donald Whitten of Oracle, Terry Whitten of Oracle and John Whitten and wife, Alicia, of Crockett; grandchildren, David Whitten and wife, Alina of Oracle, Kenny Whitten of Oracle, Jason Whitten and wife, Amanda, of Oracle, Courtney Whitten of Oracle, Amanda Castro of Oracle, Damon Whitten of Crockett and Mackayla Whitten of Oracle; eight great-grandchildren and beloved dog, Shawn.

He was preceded in death by parents, Willie P. Whitten and Bernice Smith; and wife, Priscilla Whitten.

Funeral services for Mr. Melvin Curtis Whitten were held Thursday, July 30, 2015 in the Callaway-Allee Memorial Chapel with his brother-in-law, Jack Sims officiating. Interment followed in the Evergreen Memorial Park in Crockett.

Representatives from San Carlos Irrigation Project (SCIP), Arizona Public Service (APS), and TRICO out of Marana were also present.

The group's goal is to try to ensure adequate power capacity for Oracle and Mammoth for their future growth and development. San Manuel is served by APS.

Enormous amounts of information, both historical and current was presented on a very convoluted, expensive and complex issue. I personally wish the Federal Rural Electrification Funds (REA) from the 1930's and 40's were still available.

This group will reconvene in approximately a month, after SCIP and APS run some rough cost numbers on the feasibility of improvements to the system. In the interim, Congresswoman Ann Kirkpatrick's staff will continue their research, as SCIP comes under the BIA and Federal Department of the Interior.

In the meantime negotiations between the Town of Mammoth and the Pinal County Sheriff's continue. The Town has increased its offer some, but not yet to the Sheriff's minimum of \$320,000. If Pinal County (versus the Sheriff's Office) needs to step up with close to \$100,000 to help pay for a fourth deputy, I would request the Sheriff make the fourth officer "at large." By this I mean he or she can be housed at the Mammoth PD, but still respond to calls outside the town limits to Oracle, San Manuel and Dudleyville. I assume this could be the "graveyard" officer's shift. This way the all the area taxpayers in the Tri-Community would be served by the officer paid by county taxpayers and not solely by the Town of Mammoth. My proposal is for the Mayor and Sheriff to ponder.

SCIP, APS to study resolving inadequate electric capacity problems in Oracle, Mammoth

By James J. Hodl
San Manuel Miner

Initial steps that could lead to a resolution of the inadequate electric power infrastructure around the southern Pinal County towns of Oracle and Mammoth were reportedly taken at a closed door meeting of interested parties held July 30 at the Oracle Fire Station.

Attendees included representatives of the San Carlos Irrigation Project (SCIP), the current provider of electricity to Oracle and Mammoth; and Arizona Power Service (APS) and Trico Electric, two other area electricity providers. Also present were Mammoth Mayor Don Jones, members of the Oracle business community, Pinal County Supervisor Pete Rios, and Blanca Varela, an aide to U.S. Rep. Ann Kirkpatrick.

Issues concerning the inadequate power capacity provided by SCIP and their effect on the economy of the Oracle-Mammoth area were thoroughly debated at the meeting.

SCIP argued that it was originally geared to provide power to the copper mines that once dotted the area and, beginning in the 1950s, local missile silos built to defend the U.S. in case of an atomic attack by the former Soviet Union; but not to be a consumer power company. Unlike many other Arizona electric utilities, SCIP is run by the U.S. government through the Bureau of Indian Affairs (BIA).

Business people in turn complained that the aging SCIP electric lines and that SCIP has not conducted studies to anticipate future power needs as state-regulated utilities like APS are required to do, SCIP's electric lines are now at peak load capacity. This has resulted in SCIP recently telling real estate developers that it couldn't guarantee it could provide electrical service to any new homes. SCIP is thus retarding real estate and business development along with job creation in the

area, and could be negatively impacting local real estate prices, they said.

After all concerns were aired, SCIP's representative said the utility would look into the situation and crunch some rough numbers to determine what it could do to improve local electricity load capacity. APS likewise said it would look into the costs of taking over and upgrading all or part of the SCIP territory. Trico Electric declined to look into joining this bidding, saying that as a member-owned co-op utility its funding is limited to what users pay into it and thus couldn't come up with the dollars that might be required to annex and upgrade any or all of SCIP's territory.

Economic analyses for improvements will likely take into account whether improvements to lines are made above or below ground, and if they might be piggybacked with cable firms such as Century Link, which is boosting its presence in southern Pinal County.

SCIP and APS said they would present their figures for upgrading electrical service and another meeting tentatively set for late August at a site to be named later.

APS already supplies electricity to the area around San Manuel, so any expansion into Oracle-Mammoth would be of short distance. Trico Electric serves a territory to the south and west of the SCIP territory, including SaddleBrooke Ranch.

In the interim, Valera promised that Rep. Kirkpatrick's staff would consider to study the situation, including whether BIA might be open to either improvements to SCIP or allowing SCIP to be spun off into the ownership of another electric utility. About 15 years ago, negotiations were conducted through the offices of Sen. John McCain to transfer SCIP's service territory to another Arizona utility, only to be quashed by BIA on grounds it would reduce local Native American employment. This may no longer be an issue with the San Carlos Apache Tribe building a second casino in nearby Dudleyville.

Nomination for Oak Flats Historic Site designation returned

By Mila Besich-Lira
Copper Area News

This week Copper Area News received numerous phone calls from readers claiming that the nomination application for Oak Flats to become a historic site was not returned and was still under review with the Keeper of the Record at the National Parks Service. These callers did not disclose which department at the Tonto National Forest Service was reporting this information. These claims were further researched and the original story remains intact.

In an interview with Paul Lusignan, a historian with the National Register of Historic Places, it was confirmed that the nomination application for "Chi' chil Bildagoteel" (Oak Flats) was returned to the Regional Preservation Office, and the application was no longer under consideration. A letter was also sent confirming the return of the application to the Federal Preservation Office. It is the responsibility of the Regional Preservation Office to return the application to the Tonto National Forest. At this time it is unconfirmed if the Tonto National Forest has actually received the comments from the Keeper on the returned application.

Historic and cultural designation nomination applications are approved through the Keeper of the Record through the National Park Service. The nominations are required to go through several levels of state and federal government before they are approved

or denied by the Keeper of the Record. Nominations that are returned are not listed online, only the applications that are approved for these designations are listed on the Park Service website.

Lusignan also explained that the even though the original nomination was returned for technical reasons, it can be re-submitted by the Forest Service should they decide to resubmit their application.

The original story was published in last week's *Miner* and a copy of the letter from Representatives Gosar and Kirkpatrick is published on our website at: <http://bit.ly/1MXykCT>.

Pinal County photo contest? Learn to take winning photos

Superior - Have you considered entering the Second Annual Pinal County Open Spaces and Trails Photo Contest? You definitely should! Entries will be accepted during the whole month of August. The theme is "People Enjoying Pinal County," and entry could hardly be easier, more convenient, or, and inexpensive.

You just upload your best JPGs on the contest's Facebook page. There's no printing, framing or cost. Its a great way to get your images published online, maybe even in print, and you could win a prize that will take your photography to another artistic level. The winner of April's contest won a personal shoot coached by Gold Canyon Pro Photographer, Sue Tatterson.

Search Facebook with keywords "Pinal County Open Spaces and Trails Photo Contest" to connect. If you need subject matter for this contest, check out events any weekend at one of Pinal County's crown jewels: Boyce Thompson Arboretum (BTA).

On Saturday, Aug. 8, you can photograph the camera-ready 'Wild Man Phil' or photogenic Abi King handling colorful reptiles, delighting audiences when they guide their popular Learn Your Lizards walk, which starts at 8 a.m. and is included

with \$10 daily admission to BTA Or practice after-dark camera skill, once night falls, composing portraits while,exploring dark garden paths,lit by the headlamps of participants, on a Scorpion Walk for BTA members on Saturday, Aug. 15.

How about a vignette portrait of a family enjoying a shady picnic together beneath the tamarisk and pine trees of our picnic area, or taking their canine compadre along for a dog walk just after dawn? Even if you just use a point-and-shoot or a smartphone camera, learn to harness the horsepower of your camera during a class with Sue Tatterson, an engaging instructor who offers a basic camera class again on Sunday, Aug. 9, from 8 a.m. - 11 a.m. Her beginners' classes are a smokin' deal at \$20 for BTA members, and, participants have heaped praise on her relaxed, low-key instructional style.

Kimberly called Sue "a great teacher with knowledge and enthusiasm.Thoroughly enjoyed her class!" While Marge wrote: "She's easy to work with, extremely helpful, fun and interesting," and Richard described her as "A natural teacher and a delight to spend time with in the field."

Spaces remain available for her Sunday morning class Aug. 9. With your credit card ready, call 520-689-2723 to enroll. Check

out this talented photographer's style, find links to her work and a direct link to that Pinal County contest page at ag.arizona.edu/bta.

San Manuel Airport gets much needed improvements

By John Hernandez
 San Manuel Miner

The San Manuel Airport is undergoing renovations as part of the first project of the new master plan for the airport.

First up are the ramp and taxi areas, which are being repaved. Plans include shaded tie downs on the

apron allowing for covered parking for planes. It is a 150-day project funded by grants from the Arizona Department of Transportation and the Federal Aviation Administration.

The renovation and expansion of the San Manuel Airport will improve safety at the airport and attract people and business to the area. There are currently 23 people on the waiting list for hangars at the airport.

Additional tie downs are needed for the increasing number of planes housed at the San Manuel Airport.

Grant writing class to be held

By Mila Besich-Lira
Copper Area News

Are you interested in learning about where you can apply for federal grants? Do you want to learn more about how to prepare a winning grant proposal?

You can learn more about how to find grants and write grants on Monday, Aug. 25, 2015 at the Superior Chamber of Commerce office. The Chamber is located at 165 Main St. in Superior. The class will be held from 10 a.m. to noon. Participants can bring their own computer or tablet but it is not required.

The class is hosted by the office of Congressional

Representative Ann Kirkpatrick. Congressional staffer from her office Cathy Melvin will teach the class. She has many years of experience in finding and applying for both government and private foundation grants. The class is provided as a service from Rep. Kirkpatrick's office.

The Copper Corridor Economic Development Coalition (CCEDC) has assisted with coordinating this class. They are also planning on hosting the class in Oracle, however the date and times have not been selected.

To RSVP, please contact Cathy Melvin at cathy.melvin@mail.house.gov or call 928-402-4318.

San Manuel Schools deal with damage, will start on time

By **John Hernandez**
San Manuel Miner

For those San Manuel kids out there with your fingers crossed, sorry. In spite of the damage from the Wednesday, July 29, monsoon storms, school will still start on time.

The Mammoth-San Manuel School District has been working hard to deal with the damage from last week's storm. The storm damaged eight classrooms at First Avenue Elementary and the Junior/Senior High auditorium pit. Wrestling mats were ruined and will have

to be replaced. Insurance will cover the cost of damage.

Contrary to some earlier reports, there was no raw sewage running through the school buildings and there was no hazardous material exposed that would be a danger to students or staff. All the books were not destroyed and insurance will pay for any that were damaged.

A lot of people including staff, administration and the community helped to clean up.

"It was a small town community coming together to help the school," said Superintendent John Ryan.

Roads reopened following massive storm Wednesday

FLORENCE – On Thursday, July 30, 2015 Pinal County Public Works crews spent their work day cleaning up and assessing the damage from Wednesday's major monsoon storm that hit the town of San Manuel.

“From what we have seen, there are five areas of significant road damage,” Public Works Director Louis Andersen said. “The most severe damage is located on Avenue G and Ladera Place (Fifth Street). Other areas include the 100 block of Avenue A, the street corners on McNab Parkway and Webb Drive along with Avenue B and Webb Drive.”

Pinal County's Oracle Maintenance crew worked on Saturday clearing more debris and sweeping sand from the roadways. Additionally, they temporarily filled in the

holes in the pavement created by the fast moving water to get the roadways reopened for traffic.

When asked about the amount of damage done to the roads in San Manuel, Andersen said the estimate came in at \$225,000.

“Our plan is to get a contractor working as soon as possible on getting these roads fixed,” Andersen stated. “The contractor to remove and replace Asphalt Coarse and Aggregate Base. That

should take around two weeks. Once the Asphalt Course and Aggregate Base are repaired we will need to complete pavement preservation to existing roadways hit by the storm. That schedule will depend on weather conditions and other factors. All we ask is that the residents take caution when they are driving around the damage and to watch out for workers trying to repair the roads.”

Water from the July 29 monsoon storm tore up pavement at the intersection of Avenue G and Ladera Place/Fifth Street in San Manuel. Pinal County Public Works Crews filled in the hole temporarily on Saturday to allow traffic to move through the area.

Jennifer Carnes | Miner

The roadway at the intersection of McNab Parkway and Webb Drive sustained asphalt damage as rushing water lifted the pavement up.

SCHOOL DAMAGE

Continued from page 10

Fund is working with the school to insure that all damage is cleaned up and repaired.

Superintendent Ryan issued a statement on the school's website:

On Wednesday July 29, 2015, San Manuel was hit with a massive storm causing damage throughout the town. First Avenue Elementary and San Manuel Junior/Senior High also suffered flooding issues.

Due to water damage at First Avenue Elementary and to the Junior/Senior High, some rooms cannot be used at this time. CRS Emergency and Construction Services has a crew working immediately to address the issues. Those classes affected by flooding (water damage) will be moved to other areas on their campus. Because some of the rooms have older tile, we must

check for asbestos under the carpet/tile per government regulation. No students will be exposed during the clean-up phase.

I am told the re-location could take a minimum of six weeks. All rooms will receive new flooring/carpet and all materials will be replaced. School will begin on time Aug. 6, 2015.

Thank you for your support and patience.

'Museum Meet Up' held at the Acadia Ranch Museum

By **John Hernandez**
San Manuel Miner

Every month, representatives of museums and organizations from around Pinal County "meet up" to exchange ideas, news, event information and work to promote museums and tourism in Pinal County. The groups also help each other to preserve, collect, document and promote the history of the area. The organizations visit at a different museum each meeting where they enjoy a pot luck lunch and get a tour of the museum.

This month, the group ascended en masse upon the Acadia Ranch Museum.

The Oracle Historical Society played host to "the Museum Meet Up" on Monday, July 27 with representatives from 10 historical societies/museums enjoying time at the Acadia Ranch Museum.

The visitors from the different museums received a tour of the Acadia Ranch Museum in Oracle. Some of them then traveled up Mt. Lemmon road to visit the newly renovated American Flag Ranch. They also learned about the upcoming American Flag Ranch Celebration to be held at the ranch on Sept. 26 which will be open to the public.

Representatives from the National Parks Services at Casa Grande Ruins National Monument attended the meeting and let everyone know about the National Parks Service Centennial coming up in 2016. Museums are partnering with the National Parks Service in planning the Centennial Celebration.

Other organizations that attended the Museum Meet Up included the Coolidge Historical Society, Casa Grande Valley Historical Society, Superstition Mountain Museum, Mammoth Historical Society, Queen Valley Historical Society, Maricopa Historical Society, Santa Cruz Historical Society, and the Pinal County Historical Society.

School takes energy.

Legends of Superior Trail hike offered during annual Prickly Pear Festival

Get an early start on the Prickly Pear Festival by joining Steward of the Legends of Superior Trail's Bill Vogler for a hike to Pinal City on the LOST Trail at 6:30 a.m. on Saturday, Aug. 22.

Participants will meet at the Superior Airport and hike a mile (plus) to the old Pinal City ruins.

Pinal City is where Superior got its roots during the 1870's and 1880's when it was a boisterous silver mining town that processed the silver ore from the old Silver King Mine. There are still foundations and evidence there indicating what a vibrant place it once was, now lost under the

summer sun and mesquite trees.

The LOST Trail has recently become incorporated into the Legends of Superior Trails, Inc. and is a 501(c)(3) non-profit tax exempt organization. It is accepting founding members into its organization which hopes to develop, maintain and restore trail systems in the Superior area and give residents and visitors an area to enjoy as well as a look into Superior's historical past.

Once you've walked the LOST with Bill Vogler, you'll be ready for some of those prickly pear pancakes at the fireman's breakfast!

To apply for free or reduced-price meals, households can fill out the application and return it to the school unless the household has already received notification that their children are approved for free meals this year. Application forms are being distributed to all households with a letter informing households of the availability of free and reduced-price meals for their children and what is required to complete on the application. Applications also are available At all School Cafeterias and Office. Only one application is required for all children in the household and the information provided on the application will be used for the purpose of determining eligibility and verification of data. Applications may be verified at any time during the school year by the school or other program officials. An application for free or reduced price benefits cannot be approved unless it contains complete eligibility information as indicated on the application and instructions, including the last four digits of the primary wage earner's social security number and a signature of an adult household member. Families can apply for benefits at any time. If a household member becomes unemployed or if the household size increases, the household should contact the school. Such changes may make the children of the household eligible for benefits if the household's income falls at or below the Federal Guidelines. Contact (school official) at any time to request an application. In the operation of a child feeding program, no child will be discriminated against because of race, sex, color, national origin, age or disability. Under the provisions of the free and reduced-price policy, Joanna Diaz, DTR Foodservice Director will review applications and determine eligibility. Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. Parents wishing to make a formal appeal for a hearing on the decision may make a request either orally or in writing to Lisa Armenta Hearing Official. When known to Mammoth San Manuel Unified School households will be notified of their children's eligibility for free meals if they are members of households receiving assistance from the "Supplemental Nutrition Assistance Program (SNAP); *Food Distribution Program on Indian Reservations (FDPIR); or *Temporary Assistance for Needy Families (TANF), if the State program meets Federal standards. An application is not required for free meal benefits for Assistance Program participants and all of the children in the households are eligible for free meal benefits. If any children were not listed on the notice of eligibility, or if a household does not receive a notice of eligibility, the household should contact the LEA or school to have free meal benefits extended to them. Participants in the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) may be eligible for free or reduced-price meals, but they will need to turn in an application including household size and total income. When known to Mammoth San Manuel Unified School District households will also be notified of any child's eligibility for free meals if the individual child is considered "Other Source Categorically Eligible", because the child is categorized, as defined by law as "Homeless, *Migrant, *Runaway, *Enrolled in an eligible Head Start, or *Enrolled in an eligible pre-kindergarten class. If any children were not listed on the notice of eligibility, the household should contact the LEA or school about their eligibility through one of the programs listed above, or should submit an income application. Households notified of their children's eligibility must contact the LEA or school if the household chooses to decline the free meal benefits. Oracle Schools Foundation presents first Levenson 'REACH' Award

Natalye Pinedo with her science project she completed at her stay at the Sally Ride Science Camp.

Alan Levenson began his association with the Oracle School District seven years ago tutoring Mountain Vista School students in reading.

Recognizing the unique challenges students from small rural schools face, Alan and his wife Betsy decided they wanted to do more to give students that extra push that helps them expand their expectations and accomplish things they never dreamt of. Alan and Betsy first took action by helping form the new Oracle Schools Foundation for which Alan is one of the founding Board members. Alan and Betsy helped kick off the Foundation's inaugural year by creating an opportunity for an Oracle School District student that would serve as a launching pad for future success that is boundless and filled with possibility.

The Levensons teamed up with Superintendent Dennis Blauser and Principal Nannette Soule to identify a first ever recipient of the Levenson Family

REACH Award. The REACH scholarship is a \$1,500 award to be used by the recipient for an academically intense educational summer camp. After much input from teachers, sixth grade honor student Natalye Pinedo was chosen to spend one week at the Sally Ride Science Camp at UC San Diego this summer.

Natalye was very nervous to begin her adventure but quickly settled in after the first full day. Natalye lived on campus during the camp and had two roommates, both from California. Natalye said that every day was filled with excitement, experiments and tons of research. Natalye's favorite parts of the experience were the excellent food and a field trip to the Birch aquarium.

It is the Oracle Schools Foundation's and the Levenson family's desire that this award continue on indefinitely and that other people support the foundation to create even more opportunities for children in the Oracle School District.

Young ladies honored for volunteer service

Two local young ladies were recognized by the Mammoth-San Manuel Unified School District Food Service on Monday. Food Service Director Joanna Diaz (center) presented special gifts to Lauren Carnes, left, and Victoria Zazueta, right. The two girls volunteered at the First Avenue Elementary School Cafeteria during the month of June, taking counts, helping with clean up and assisting younger students with crafts and fun activities.
