LETTER TO THE EDITOR

Cavanaugh Offers Explanation for Vote

On Wednesday, the Pinal County Board of Supervisors rejected over \$3.3 million dollars from the federal government. The \$3.3 million dollars would have required Pinal County to create a Vaccine Equity Coordinator who would be in charge of federal communications regarding public health.

After reading the fine print, I decided that it was best to reject the federal dollars for a number of reasons, most importantly being that the federal dollars specifically forbid ANY money from being spent on actual vaccines!

OT21-2103 funds cannot be used for purchasing or providing vaccines. Recipients are advised to use other existing funding sources intended for those purposes. (<https://www.cdc.gov/publichealthgateway/docs/partnerships/OT21-2103-Recipient-Orientation-QandA.pdf>)

So, if the funding cannot be used for actual vaccines, then what is the money for? According to the CDC, "Increase/improve data collection and reporting for populations

experiencing a disproportionate burden of COVID-19 infection, severe illness, and death to guide the response to the COVID-19 pandemic."

In other words, the CDC is using your money to hire data collectors and analysis to track you and report your health information to Washington. Interestingly enough, Pinal County already has these capabilities and our Public Health Office has a website that is updated every other day with the latest COVID-19 statistics. <https://www.pinalcountyz.gov/publichealth/CoronaVirus/Pages/Home.aspx>.

The citizens of Pinal County should have the choice about providing their data to the federal government.

A DECISION BETWEEN YOU AND YOUR DOCTOR

Medical care is personal, and ALL medical decisions should be made between you and your doctor. You are a person, not a policy. Too often lawmakers in Washington think of Americans as tools to be manipulated for policy ends. Instead of creating more freedom for Americans, politicians, limit

freedom through one-size-fits-all policy.

The federal dollars would not have improved medical care, the dollars were essentially directed at creating a Vaccine Czar in Pinal County.

Item 5. Requirements.

The Intergovernmental Agreement requires, "The activities in this Contract shall be performed...for the purpose of increasing immunization coverage levels of children...and adults...in both public and private sectors of health care." The way the grant attempts to increase immunization levels is through a marketing plan, with cash giveaways and other incentives.

Missing from all of this is a medical doctor's opinion that the vaccine is necessary for you. Immunizations may be good for most but not for all. What if a person has cancer or other ailment which prevents them from receiving the vaccine?

According to the NIH:

Patients with blood-related cancers often have dysfunctional immune systems, and as a result they're just not able to respond as well to the COVID-19 vaccine as other people," said Elad Sharon, M.D., M.P.H., a senior investigator at NCI, who was not involved in the new studies but is leading a clinical trial testing COVID-19 vaccines in people being treated for cancer.

Now the federal government is creating vaccine mandates for all. Federal employees will take the place of your doctor and tell you what medicine to receive or not receive. Of course, these decisions won't be based upon your individual medical needs but the needs of equity and one-size-fits-all policy. Like most of these rules, they will apply to you and your family, not to elite politicians, or apparently to Federal Postal Workers.

From the time the vaccines were made available, I spent hours on the phone with the Public Health Director making sure that communities in District One had access to them and my staff in the Mammoth Office facilitated scheduling as people became increasingly frustrated with busy signals and hours on hold with the "Central Appointment Desk." Vaccines should be made readily available to those who want them.

LOCAL DECISIONS, LOCAL CHOICE

I believe that you have a Constitutionally recognized, God-given right to decide on your own medical care. These

LETTER TO THE EDITOR

Chairman Offers Apology for Vote

On Sept. 1, 2021, the Pinal County Board of Supervisors acting as the board of directors for the Public Health District meeting turned down 3.2 million dollars of federal grant money to help the county with the COVID-19 pandemic. In my opinion, this decision was shocking and disappointing. I'm sorry.

The purpose of the grant was to ensure greater accessibility of COVID-19 vaccines throughout the public health district, now

and in the future. Why my colleagues could not see the benefits to our constituents would need to be asked of them. I believe the decision to turn down the agenda item for the grant revolved around two things, misleading information from a fellow supervisor, and the term "equity".

To begin, during the Sept. 1 Board of Supervisors meeting, it was mentioned that 320,800 of our constituents have been vaccinated. This misleading information

was presented in the public meeting and also placed on a public blog by Pinal County Supervisor Kevin Cavanaugh, District 1. This deceptive statement was intentional to create a false perception to show that majority of Pinal County residents have been fully vaccinated; however, that is the furthest from the truth.

The 320,800 number presented by Supervisor Cavanaugh was reflective of the amount of vaccines administered, not the total of people fully vaccinated. According to the Arizona Department of Health and Human Services, only 165,160 citizens in Pinal County are fully vaccinated. I am not sure why a Supervisor's office with a staff of five does not understand the concept that the major vaccines Pinal County distributed requires two doses to be considered fully vaccinated.

The second issue that appeared in the discussion was the word "equity". This word has created strife in this country and in everyday dialogue. Equity is a word I do not fully understand as it is commonly viewed with multiple interpretations.

I was taught the meaning of equity as a term of "net worth" described in economics and accounting as, assets, minus liabilities, equals equity. I also view equity as the measure of value in relationships built. After my research, equity in my perspective as it relates to this issue is fairness, which I would define as "equality".

The word "equity" has become a divisive word that has inflicted animosity among our country and county. Ultimately, I believe it was the driving force as to why the grant was denied. Had a different word been used to identify the role, I firmly believe the agenda item would have passed.

As an elected official, I am given the charge to represent my constituents, not to impose my personal beliefs or philosophy that would impede on a worthy opportunity for the people I represent. I will make it a priority to secure the finances needed to ensure our residents get the vaccine, no matter their location or socio-economic status. Opportunity is the one thing that our country will grant you, and I will fight to ensure each citizen in our county has the opportunity to get vaccinated.

In the future, let's hope my colleagues understand our mission and job as county supervisors, which is to create and facilitate policy that is conducive to our constituent needs. We must do our best to represent the people who elected us. Collectively, we need to put aside our personal beliefs to overlook the divisive verbiage and focus on the foundation of this grant, and that is to provide critical resources to meet the needs of public health, now and in the future.

Moving forward, I will explore our options as a county to implement a similar program that will afford the opportunity to anyone who wants to get a vaccine, and to get one in the comfort of their own community.

I am optimistic that we will all come to an understanding and prioritize public health. There should be no room for personal agendas when dealing with the health and wellness of all the great citizens of Pinal County. If you are interested in further discussing my stance on the issue, please feel free to contact my office at (520) 866-7401. Thank you and God Bless.

Respectfully,

Support Local: Arthur Pomeroy Library, Kearny

In April 2020, COVID-19 brought much of Arizona's economy to a screeching halt. All businesses not deemed "essential" were ordered closed by Arizona's governor Doug Ducey.

The lockdown continued for nearly two months. When Gov. Ducey finally gave the go ahead to reopen, businesses slowly

began the road to recovery. Even those listed as "essential" had a challenge with this economic recovery.

Many small businesses and non-profits in Arizona didn't survive the lockdown. The businesses that did survive are hanging on as best they can. *Copper Area News* wanted to give something back to the local

business community as a thank you for supporting us through these troubled times. Our newspapers (*Copper Basin News*, *Superior Sun* and *San Manuel Miner*) have been featuring local businesses and non-profits since the beginning of 2021, encouraging our readers to Shop at Home, stay local and support our local businesses. To date, *Copper Area News* has featured 107 businesses and groups in the Copper Corridor.

As the COVID-19 Pandemic took its toll, businesses, families and even local non-profits had to adjust their strategies to keep their missions moving forward while working through the pandemic. Government organizations, too, felt the pinch from the lockdown.

The Kearny Public Library is officially the Arthur E. Pomeroy Library, named after the man who first started it in what became the Masonic Lodge on Fairhaven. It was established in 1963-64.

The Library, with Library Director Janet Danilow and Assistant Librarian Vickie Lechuga, is a very busy place these days as they offer all the latest in books and movies, as well as EBooks for your Kindle.

"We have a large selection of audiobooks for those with eye problems, travelers and the truck drivers out at the mine. We also offer a variety of services such as computers for public use, we also make copies, send faxes, and scan and email," Janet said.

They offer activities for the kids and the adults, such as Story Hour for the little guys on Wednesdays at 1 p.m. The Kearny Library

Activity Center (K.L.A.C.) with Coordinator John Putman is open on Fridays from noon to 3 p.m. There is Coffee and Conversation (C&C) on Tuesday and Thursday mornings for adults only, where their attendees play games and visit for hours over coffee and a sweet (use the SW door in the back) from 8:30 a.m. until whenever.

"Every third or fourth Wednesday," Janet said, "we host the Ladies Day Out for our local ladies, with everyone bringing a potluck dish. Then we have an activity and a craft."

Each April for National Library Week (NLW) the library partners with the school for the NLW Bookmark contest with the three top winners in each grade receiving a goodie bag at the Awards Ceremony held the last Thursday evening of the week. During the week they have cookie trays every day and for the Awards Ceremony, as well as Meat and Cheese, and Fruit and Veggie trays for all their patrons all day.

At the end of May through June the library has the Summer Reading Program (SRP) ending with a pizza and ice cream party and a performer from the AZ State Library website. They also host the Christmas Lighting Contest in December.

"We do our best to keep things new and interesting. If you have never visited or used you Library come in and give us a try," Janet invited.

All of the above activities are free, paid for by the donations made to the Library.

"We would like to thank our community for your support," she added.

CAVANAUGH

Continued from page 2

decisions MUST stay local. The other alternative is to have policy-makers in Washington decide what is best for you and your family. In order to keep these decisions local, I need your continued support to fight against Washington. I need you to write to the two Supervisors who want Washington to decide what medical care you should receive.

Washington politics and federal policy can be a distraction to many people. They are distracting us from participating locally where our freedoms are being taken, one bad policy at a time. Bad Washington policies are being slipped into our housing policies, public health codes, and local ordinances. PLEASE DON'T BE DISTRACTED. Think locally or else you will risk losing your freedoms.

I would also like to respond to Pete Rios' Letter to the Editor published on Sept. 8, 2021. As many of you know Pete was the Supervisor from District 1, who was never a qualified elector of District 1 in accordance with State Law. He claimed to live in Dudleyville by maintaining an empty residence when in fact he always lived in Apache Junction, which is District 2. His residence is in Apache Junction, he sent his children to school in Apache Junction, and received his mail there. Arizona Law requires that a Board of Supervisor, "shall be qualified electors of their supervisory district." A.R.S. § 11-211(A).

The purpose of this rule is so the people will elect someone from their own community, knows the local issues, and literally lives with their political decisions. For 12 years Pete mismanaged and underserved our communities, raised tax rates to the highest levels allowable by law, and developed a

bad reputation among his constituents, which is no doubt why the voters rejected him. My office is actually managing issues and serving our communities, and in my first eight months have successfully reduced the property tax rate. I helped bring jobs to San Manuel, and continue to work toward bringing a grocery store to San Manuel.

This week we are announcing a fiber network of over 320 miles of high-capacity internet cable to schools and libraries and to homes throughout the Copper Corridor. This is an almost 9-million-

dollar project which will supply high speed internet throughout Superior, Kearny, Dudleyville, Mammoth, San Manuel, and Oracle. This was a campaign promise that I delivered on in only eight months on the job because we made it a priority! Pete, on the other hand, had no notable accomplishments aside from a high-speed chase from a Sheriff's Deputy.

My office has also demanded more accountability and policing throughout the Copper Corridor. At the Board of Supervisor's Meeting a little more than a

week ago, I not only asked that salaries of Sheriff's Deputies be raised more than requested by our Sheriff, but I also asked our county manager if this money could be tied to keeping more deputies in the Copper Corridor. I demand action and accountability from my office and all county officers. Pete on the other hand accomplished little in twelve years, much less than I have accomplished in eight months.

Keeping Politics Local,
/s/ Kevin Cavanaugh
Pinal County Supervisor,
District 1

PETITION TO TERMINATE PARENTAL RIGHTS OF PETITIONER Civil No. 144100312 Honorable Angela Fonesbeck Commissioner Christina Wilson COMES NOW, SHANNON MULLINEAUX ("Respondent") by and through counsel, Christopher M. Guymon of THE CONFLICT RESOLUTION CENTER, and complains and alleges of FRANK ALBERT CONTRERAS ("Petitioner") as follows: JURISDICTION AND VENUE 1. Residency: The Petitioner and the minor children herein are actual bona fide resident(s) of Cache County, State of Utah, and have been for more than six months immediately prior to the filing of this Petition. 2. Jurisdiction: This Court has continued subject matter jurisdiction over this matter pursuant to UTAH CODE ANN. §§ 78A-5-102 and 78B-13-101 et seq 3. Venue: Venue is appropriate in this Court pursuant to UTAH CODE ANN. § 78B-3-307, as Utah is the "home state" in which the minor children have lived with Respondent for six (6) consecutive months. GENERAL BACKGROUND 4. The parties were never married one to another but have two (2) minor children together as issue of the relationship, namely, D.C. born September 25, 2009, and M.C., born July 29, 2010. 5. Pursuant to UTAH CODE ANN. § 78A-6-505(1)(a), the Petitioner, the biological Mother, resides at 148 South 300 East, Logan, Utah 84321, and has for at least 30 days prior to the filing of this action. 6. Pursuant to UTAH CODE ANN. § 78A-6-505(1)(b), the minor children's full names are: Dominic Contreras, born 9/25/2009 and Mitchell Contreras, born 7/29/2010. 7. Pursuant to UTAH CODE ANN. § 78A-6-505(1)(c), the minor children are the sons of the Petitioner. 8. Pursuant to UTAH CODE ANN. § 78A-6-505(1)(d), the Respondent Father's full name is Frank Albert Contreras, born October 1959, and Petitioner is unaware of Respondent's current address. However, per the attached True People Search, it is possible that Respondent lives in Arizona. 9. Pursuant to UTAH CODE ANN. § 78A-6-505(1)(f), the Petitioner asserts that the Respondent has abandoned the minor children pursuant to UTAH CODE ANN. § 78A-6-507(1), which states in whole or in part, "Subject to the provisions and requirements of Section 78A-6-503, and if the Court finds strictly necessary, the Court may terminate all parental rights, from the child's point of view, is strictly necessary, the court may terminate all parental rights with respect to the parent if the court finds any one of the following: (a) that the parent has abandoned the child; (b) that the parent has neglected or abused the child; (c) that the parent is unfit or incompetent...." 10. Respondent has also failed to pay any support towards the care of the minor child, pursuant to UTAH CODE ANN. § 78A-6-507(1)(f)(i) which states in whole or in part, "Subject to the protections and requirements of Section 78A-6-503, and if the Court finds strictly necessary, the Court may terminate all parental rights with respect to a parent if the Court finds any one of the following, (f)(i), to support or communicate with the child." 11. It is clear that the Respondent has abandoned his children and it is in the best interest of the minor children to terminate any parental relationship between the minor children and the Respondent. EVIDENCE OF GROUNDS 12. Pursuant to UTAH CODE ANN. § 78A-6-508(1)(b), it states in whole or in part, "In determining whether a parent or parents have abandoned a child, it is prima facie evidence of abandonment that the parent or parents: have failed to communicate with the child by mail, telephone, or otherwise for six months;" 13. In this case the Respondent has been absent for most of the minor children's lives and has made no attempt to communicate or locate the minor children for well over six (6) months and Petitioner has no personal knowledge of Respondent's whereabouts, however based upon a TruePeople Search it is possible that Respondent lives in Arizona. 14. Respondent has not contributed to the care of the minor children financially or in any other fashion for the last few years. Which is further evidence of abandonment WHEREFORE, Petitioner prays for judgment upon Respondent as follows: 1. For an Order of Termination of Respondent's Parental Rights to become final upon signing and entry by the Court; 2. For relief granted in accordance with this Petition; and 3.
