Geotechnical work at Pinto Creek Bridge will bring delays on US 60

Helicopter will operate in the area to relocate drill rigs, bringing 15 minute closures

Motorists traveling on US 60 in Gila County may encounter delays at the Pinto Creek Bridge on Thursday, Sept. 22 and Monday, Sept. 26 while the Arizona Department of Transportation conducts geotechnical investigations at the bridge.

The work requires assistance from a helicopter to move drill rigs requiring intermittent closures of the highway for

safety purposes. Closures of approximately 15 minutes will occur on those dates between 7:30 a.m. and 3 p.m.

The highway will be open to traffic between closures.

The work is in advance of a project to replace the Pinto Creek Bridge, located on US 60 between Miami and Top of the World at approximately milepost 238.

Drivers should proceed through the work zone with caution, slow down and watch for construction equipment and personnel.

ADOT works to inform the public about planned highway restrictions, but it's possible that unscheduled closures or restrictions might occur because of weather or other factors. For the latest

highway conditions around the state, visit the ADOT Traveler Information Center at www.az511.gov or call 511, except while driving.

For more information about this project, please call C.T. Revere, ADOT Senior Community Relations Officer, at 1.520.705.3574 or email at crevere@azdot.gov.

Out of town reserve programs help fill the gap for both Superior Police and Fire Departments

By Cat Brown
Superior Sun

The Superior Police Department has eight full-time officers, two of whom are command staff, but they also have the support of out of town reserves officers who help fill shifts. There is a need for out of town reserves because of Superior's remote location. If the full-time officers on duty need backup, without the reserves, that backup will most likely come from the Pinal County Sheriff's Office, but it can take as long as 30 minutes for deputies to reach Superior. Within that 30 minutes, Police Chief David Neuss says, "a fight or a family dispute, or an officer that is in danger" can mean a life and death situation.

The department has run an out of town reserve program for years, but according to Chief Neuss the program was, "dismantled completely in 2014, revamped in 2015, and then when I took office in October of 2015, I revamped it again." As part of his

remodeling, Chief Neuss stated, "We have the reserves pay for the backgrounds, so literally it cost the town no money at all to get a fully licensed, full authority police officer that passes a background just like the full-time officers." There are 13 out of town reserves currently on the department. Chief Neuss mandates that each Reserve Officer give the department a minimum of 16 hours for free each month. After those first 16 hours, if the department needs the officers to work more hours, those hours are paid.

Some reserves travel as far as two and half hours to work for Superior. Working for the town gives the reserves additional experience that helps them expand their resumes. Bigger city departments have specialized units within the department, but in a small town, a police officer can run the gamut of police duties.

"Here not only are you the field unit, the one that takes the call," Chief Neuss

Defense dominates again in Panther victory

By **Andrew Luberd**
Superior Sun

The Superior football team won its fourth-straight game last Friday night, defeating NFL Yet Academy on the road, 52 – 22.

The Panthers offense is widely considered one of, if not, the best in the state and it's hard to argue against that fact. When the average margin of victory is more than 40 points per game and the team is averaging 54

points per game it's easy to forget about the defense. But the Panthers' defense has been equally dominant and has contributed to the scoring totals in the last two wins, scoring 12 points in each. In Friday's win, the defense tallied three safeties and returned an interception for a touchdown. Additionally, the defense held its second-straight opponent to negative rushing yards for the game.

Quarterback Nicolaus Cruz threw for three touchdowns and ran for another, totaling nearly 300

yards of total offense in only one half of playing time. Edgar Galindo, a senior, also threw a touchdown pass in addition to finishing with five tackles and an interception for a touchdown on defense.

Galindo, Austin Navarrette, Jalon Murray and Joseph Diaz-Gonzalez each hauled in touchdown receptions.

Next up for the Panthers is a home game this Friday versus Ft. Thomas on Homecoming.

Kickoff is scheduled for 7 p.m.

New ADOT policy allows approved memorials along highways

PHOENIX – Recognizing the need of families to grieve in different ways for those killed in crashes, the Arizona Department of Transportation has established a policy allowing memorial markers along state-maintained highways in a way that minimizes risks for motorists, families and ADOT personnel.

Developed with input from community members, the policy specifies a maximum size and establishes standards for materials and placement so markers present less chance of distracting passing drivers or damaging vehicles leaving the roadway.

"We have heard the concerns shared with us and developed this way for families to honor loved ones, and we've done it in a way that promotes safety," ADOT Director John Halikowski said. "Those who have already placed memorials can work with us to keep tributes that meet these requirements and to replace those that don't."

A family or its designee should submit a request to the ADOT engineering and maintenance district serving a particular area, providing the intended design and location of a marker honoring a relative killed in a crash. District officials will review requests to make sure they meet requirements including:

- **Size and materials:** A marker may be up to 30 inches high and 18 inches wide, and the wood or plastic/composite material components used to create it may be up to 2 inches thick and 4 inches wide. It may include a plaque up to 4 inches by 4 inches and up to 1/16 of an inch thick. It may be anchored up to 12 inches in the ground, but not in concrete or metal

Hudson named to Dean's List

Rachel Katherine Hudson of Jasper has been named to the Dean's List at the University of the South for the Fall 2015 term. To earn a place on Sewanee's Dean's List, a student must earn a minimum grade point average of 3.625 on a 4.0 scale. She is a Pre Med student and will be attending University of South for her second year.

Hudson is the daughter of Adrienne L. Hudson and Tom D. Hudson who have lived in Superior for 35 years. Tom Hudson attended Superior schools for 11 years. Rachel is the granddaughter of James and Jane Hudson, who previously owned the Hamburger King for 20 years.

footings.

- **Placement:** In consultation with ADOT officials, families will place markers as close as possible to the outer edge of the highway right of way. Markers may only be placed in front of developed property if the property owner gives written permission to the family.

Memorials already along highways may remain if they meet safety standards for placement, size and materials. However, those who placed them must contact the ADOT district office serving that area and identify themselves as contacts should the memorials ever have to be moved.

Memorials that haven't been approved by ADOT or that don't meet the policy's safety standards for placement, size and materials will be tagged with notices giving those who placed them 60 days to remove the items. After that, the memorials will be removed after ADOT personnel document and

photograph their contents and leave a notice saying where the memorial items may be picked up.

ADOT will continue to remove without notice any memorial that presents a hazard and will leave notice of where the items can be picked up.

Memorials that are removed will be stored for at least 60 days at the nearest ADOT maintenance yard.

More information on roadside memorials and contact information for ADOT engineering and maintenance districts is available at azdot.gov/memorials.

said, “but you have to do the ID, you have to fingerprint, take pictures, identify the scene, you have to do scene security, you have to do evidence collections, you have to do the follow up because you are the detective, you have to do the grand jury if one is necessary.” They also get the opportunity to follow up with an attorney through

prosecution and work with search warrants.

The police department is not the only department in Superior which benefits from volunteer public safety personnel: the Superior Fire Department also has an out of town reserve program. The Fire Department tries to get as many in town reserves as possible, but it’s hard finding

qualified personnel within the town limits, and many of those in town reserves work full-time jobs out of town.

The fire department started its out of town reserve program in 2008. Their program requires 24 hours per month of volunteer time. The volunteers are “paid on call,” which means they only get paid when they actually go on a call during their shift. Superior Fire currently has 12 out of town reserves on staff. The reserves have to pay for most of their own training.

Fire Chief John Paul Perez stated that all reserve hires have to obtain EMT and Fire 1 and 2 certificates within two years of hire. All out of town reserves have to start with a minimum of an EMT.

Many of the out of town reserves use the experience they gain with Superior Fire as a stepping stone to a bigger department. Chief Perez stated, “If they go on to other departments that’s okay.” The firefighters learn a lot working for Superior. “It gets them well rounded, and it gives them a good idea what the fire service is about.” Chief Perez says working for Superior, “You will get a good opportunity to learn a bit of everything, compared to a bigger department.” At a bigger department, you might have to be on an ambulance for two years before you can start fighting fire.

A few out of town reserves have found full-time homes at the department. Three firefighters of the six full-time positions on the department started out as out of town reserves. The latest full-time hire, David Clinkenbeard, had been a reserve with the department since the program first started and made the transition this summer to a full-time firefighter. Clinkenbeard says in, “A small town like Superior you are trained to do a lot of different jobs.” He has wanted to work full-time for Superior Fire for a long time. “I come from a small town in California, and I’ve always liked working in a small town.” He is very excited he’s finally gotten the opportunity to move into a full-time position and looks forward to working for the department for many years.

The out of town reserve program is a win-win for the both the Police and Fire Departments and the out reserve personnel – the town benefits by getting extra bodies on any given shift and the reserves gain valuable knowledge they can add to their repertoire.

Sole to Soul Awakenings

Geri and Jody Romero opened Sole to Soul Awakenings two years ago on Magma Ave. Their store features a wide variety of services and products to create a lifestyle of wellness and healing. Geri began learning about holistic healing when her mom became ill.

"I wanted to help her feel better without interfering with her medicines and other treatments. So, I learned about reflexology and then I just couldn't stop learning more about it," she explained.

Once Geri immersed herself in reflexology and other healing processes she wanted to open a store to focus on these wellness services.

"I had a dream that said I should put my store in the east," Geri said. So she thought it might be Apache Junction or East Mesa. When she came up to Superior to visit her sister, she realized the mountains behind her store were in her original dream. "I knew this is where we were supposed to open the store, so we contacted the building owner and rented the storefront," she said.

Sole to Soul Awakenings offers many wellness products

like Himalayan Salt Rock Lamps, essential oils, candles, sage as well as other jewelry and home decor. You can also take yoga classes or attend a twice monthly women's dance movement class. They also have foot detox and a salt detox sauna that can be reserved. Throughout the year, the store hosts different wellness classes along with gifts and blessings events.

If relaxation is part of your wellness plan, you can make appointments for massages, reflexology, reiki, and also skin care such as facials and waxing with Superior Skin Care. Appointments are required for those services since each service provider works on different days. The store is open Thursday through Sunday in the Summer and Wednesday through Sunday in the Winter.

Geri's advice to her fellow entrepreneurs and future business owners: "When things look tough, keep going. We have to manifest our dreams," she explained.

The "In Your Biz" column is sponsored weekly by the Superior Chamber of Commerce in an effort to further promote their business members. To learn more about the Superior Chamber of Commerce you can visit their website www.superiorarizonachamber.org or call them at 520-689-0200. The Chamber meets the third Wednesday of every month at their building 165 Main St. in Superior, Arizona. Those planning on attending the Chamber luncheons do need to RSVP prior to the meeting, please call Deb McKee to RSVP at 520-827-1773. Desert, community clean up coming to Superior Oct. 1

Footprints Matter to Us and Natural Restorations have teamed up to organize and support a community cleanup event on Tonto National Forest land surrounding Superior at 7 a.m. on Saturday, Oct. 1, 2016.

This is the second annual fall cleanup that has been organized on Tonto National Forest land by Footprints Matter with the support of the community of Superior.

Last year volunteers filled six 40-yard dumpsters to the brim with household dumping items as well as some target trash. Sixty volunteers spent several hours working together in assigned areas to remove the unsightly items from the desert.

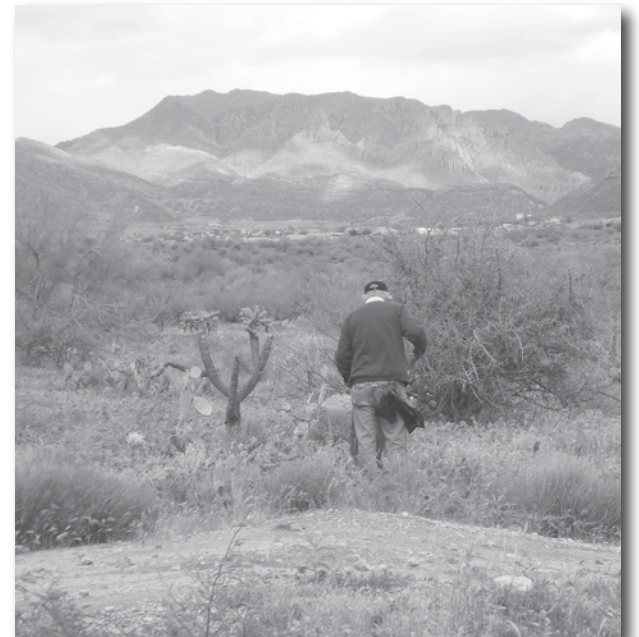

Volunteers will again be supported with large equipment assigned to the specific targeted areas and many hands make light work.

Join us along with the Tonto National Forest - Globe District, Resolution Copper Communities, the Arizona Trail Association, Superior Chamber of Commerce, OMYA, and Right Away Disposal as we work together to restore the natural beauty of the desert and make our Footprints Matter.

For additional details and to RSVP, please contact SuperiorCleanup@Footprintsmatter.org About Footprints Matter to Us Footprints Matter To Us is a community involvement

organization supported by the communities of Gold Canyon and Superior, along with surrounding cities in Northern Pinal County to organize cleanup efforts, provide education to our youth, as well as continue to bring this awareness to our community. Our mission is two-fold: The first goal is to rid our beautiful desert of indiscriminately dumped trash and target shooting debris. Our second goal is to educate people about this illegal and unbecoming behavior. The current focus areas are between Gold Canyon and Superior on Arizona State Trust Land as well as the Hewitt Station area on Tonto National Forest lands.

Justin and Nicole Corey founded Natural Restorations to address the long-standing issues of trash and illegal dumping in natural areas across Arizona. We remove trash, graffiti and anything foreign to the environment from natural areas and provide hands-on service learning opportunities for youth and communities across Arizona. We host multiple volunteer cleanup events throughout the year and we want to launch a full-time restoration team that will provide employment opportunities to veterans and allow us to focus on areas that see continual dumping, remote and difficult to access areas, and areas where conditions are unsafe for volunteers. The Arizona Trail Association is our non-profit fiscal sponsor.

A desert clean up is set for Oct. 1.

Cards of Thanks

On behalf of my wife, Roxie, and I, we would like to thank our family and friends who have stood beside us with love, support and prayers during our trying times. Also for all who helped in making my Benefit Golf Tournament a great success.

Epecially want to thank our children and grandchildren, Roy "Potts" Chavez, Red Bear Outfitters, Arnold Bogenschutz, Bobby and Margie Real, and Pee Wee Lorona.

To all the golfers and those who donated prizes for the raffle a big "Thank you" from the bottom of our hearts.

Also, to my Asarco Family, thank you for the payroll collect.

May God bless you each and every one of you.
