Cavanaugh Responds to Supervisor Miller

Before I begin my response to Supervisor Stephen Miller taking a knee in support of the CDC's bad policy, I would like to address him attacking my staff. I hired four of the hardest working people in Pinal County. Each week they read over one-thousand pages of law, regulations, opinions, and research just to get me prepared for a single Meeting with the Board of Supervisors; notwithstanding the numerous phone calls and constituent comments and issues handled through my office. We work closely together, and I see them as family. For an elected official, especially the Chairman of the Pinal County Board of Supervisors, to attack and disparage my staff is unprofessional and certainly not in accordance with the stated values of Pinal County. In a preparation brief, a staff member quoted a statistic directly from the Pinal Health Department website page that failed to clearly distinguish a count of vaccinated persons versus vaccines delivered, and I referenced that statistic in a meeting. You had the opportunity to address your understanding of the statistic in the Board meeting, but you were unprepared Mr. Miller. You could have walked across the hall to my office after the meeting, emailed me, or called me to discuss the perceived error, but you chose to write an editorial instead and sew the same type of discord you practiced with other Supervisors during the past eight years. My staff deserves an apology, Mr. Miller, and I hope you have the integrity to deliver one.

Beware of false knowledge; it is more dangerous than ignorance. - George Bernard Shaw.

The Pinal County Board Rightly Rejected Federal Government Policy

The people of Pinal County elected a Board of Supervisors to represent local interests not the interests of Washington, D.C. Chairman Miller's apology posted on September 17, 2021, is a continuation of take-a-knee politics. Why do I say this? The 'Equity' grant that the Pinal County Board of Supervisors rejected, is a continuation of a political movement that came to national prominence in 2016 when a professional football player began kneeling to protest alleged police brutality. That movement spurred the "Defund the Police Movement" which led to mass riots, burned out buildings, and the take-over of a city block in Seattle.

Whether purposefully or ignorantly, Supervisor Miller has embraced the assumptions of this flawed political ideology. As evidence of this, Supervisor Miller, in his Justin Trudeau-esq¹ apology letter states: "Equity is a word I do not fully understand as it is commonly viewed with multiple interpretations."² It is through this type of ignorance that the federal government takes control of local governments, police departments, school boards, and now public health departments. Research would have shown the Chairman that President Biden defined how "equity" shall be interpreted throughout his administration in an Executive Order signed on the day of his inauguration, Jan. 20, 2021.³ The relevant text of the Executive Order states:

Sec. 2. Definitions. For purposes of this order: (a) The term "equity" means the consistent and systematic fair,

just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian Americans and Pacific Islanders and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer (LGBTQ+) persons; persons with disabilities; persons who live in rural areas; and persons otherwise adversely affected by persistent poverty or inequality.

The Purpose of the Grant Was to Turn Pinal Citizens into a Political Product

The purpose of the grant rejected by the Pinal County Board of Supervisors had nothing to do with unequal access to vaccines in Pinal County; in fact, there is no evidence that vaccines are inequitably distributed in Pinal County. The real purpose of the grant was to create a Vaccine Equity Coordinator position in Pinal County in exchange for a small portion of the funds, and to transfer the remaining millions to some unknown private contractor. The federal government cares little how the money is spent, as long as the Equity Position was established. Why? Section 9 of the Executive Order tells us:

Sec. 9. Establishing an Equitable Data Working Group. Many Federal datasets are not disaggregated by race, ethnicity, gender, disability, income, veteran status, or other key demographic variables. This lack of data has cascading effects and impedes efforts to measure and advance equity. A first step to promoting equity in Government action is to gather the data necessary to inform that effort (emphasis added).

The real reason is to gather citizen data to establish, not discover, inequity. The grant would also have allowed fund recipients to begin to identify individuals who choose to remain un-vaccinated pursuant to their private health decisions in likely preparation for a future vaccine mandate. Other grant-supporting documents state that COVID-19 risk factors are present because of racism and systemic discrimination. In other words, the Vaccine Equity Coordinator is required, because of alleged inequity despite the federal government's admitted lack of data, to support this claim in Pinal County. To further President Biden's political objectives, he needs to divide Americans one against another under the guise of 'equity.' Notably, the rejected grant forbids the use of funds for actual vaccinations. Why did Supervisor Miller leave this out of his apology letter? The grant language includes attractive phrases like "greater accessibility", but the rest of the document can be easily interpreted as 'less privacy, less choice, less freedom, and divisive politics.'

Thomas Jefferson once said, "To compel a man to furnish funds for the propagation of ideas he disbelieves and abhors is sinful and tyrannical." As long as I am a Supervisor, I will fight for the best interests of you, the residents of Pinal County, not the Biden administration, or anyone else who seeks to divide our communities on the basis of race, sexual orientation, or socioeconomic

LETTER TO THE EDITOR

Rios Responds to Cavanaugh, Miller Letters

This is in response to Mr. Cavanaugh’s letter of Sept. 15, 2021.

The supervisor attempts to partially explain his negative vote on \$3.4 million for COVID-19 vaccines. He states that the grant would “forbid ANY money from being spent on actual vaccines!” Well, yes! One should NOT spend any grant money on vaccines that are provided FREE to the recipients and County!

In a letter to the editor on the same date by Pinal County Chairman Steve Miller, the chairman outlines Mr. Cavanaugh’s conniving attempts to mislead the board and the public... “his deceptive statement was intentional... the furthest from the truth.”

As to Mr. Cavanaugh’s statements and attempts to rewrite Rios’ history, I can only say, all this as a matter of public record. Cavanaugh is entitled to his own opinion, but is NOT entitled to his own trumped-up set of facts.

The Rios residency issue has been around for over 30 years and was resolved favorably by the Superior Courts, the State Attorney’s General Office and the county attorney’s office.

It’s OK for people to own multiple properties/homes so long as the primary one is in the district that one represents.

As to me voting to raise property taxes, I voted overwhelmingly with the rest of the board to reduce them year after year. Again it’s public record.

As to fiber optics and Wi-Fi, better paved roads, bridges, complimentary landfill vouchers, etc., all were initiated under the Rios administration.

As to the reference to a high-speed chase from a sheriff’s deputy, it only happened in the short circuited synopsis of Mr. Cavanaugh’s brain. Lack of medication?

It’s quite clear in Pinal County Chairman Steve Miller’s letter that Cavanaugh is a problem.

I do thank Republican Chairman Steve Miller for seeking other funding sources to help ensure that the residents of Eastern Pinal County and the whole county are protected from the deadly COVID-19 virus, by making healthcare professionals and free vaccines available.

status. The people of my District are my friends, my neighbors, for whom I am honored to serve with no matter their station in life, political party, sexual orientation, color, or other federal data sub-set. The COVID virus is blind to data subsets.

Pinal County Needs Leadership

Pinal County needs local leadership not acquiescence to federal mandates. As Peter Drucker once said, “Management is doing things right; leadership is doing the right things.” The right thing for Pinal County is to solve local problems with local solutions. Leadership is not the blind acceptance of money; real leadership creates solutions.

The Pinal County Public Health Department has done a fantastic job, under the circumstances, of providing access to vaccines within the County having facilitated more than 50 places for vaccine access.

As a Supervisor, I personally wanted to ensure that there were no people who wanted the COVID-19 vaccine but could not get one, so I sent my staff to canvass the district and conduct an anonymous study. After speaking with hundreds of citizens we have found zero residents so far who wanted the vaccine but could not get it. This is real evidence that the Health Department is distributing vaccines in an equitable manner. For Supervisor Miller to suggest that our Public Health Department is violating the law, or distributing vaccines in a way to disadvantage people of color, LGBTQ+ community, or the economically disadvantaged, is divisive to all who believe his thoughtless and politically panicked rhetoric.

The residents of Pinal County demand real solutions, which is why I presented a flexible and scalable plan to

our Public Health Department to handle current and future outbreaks or pandemics to facilitate actual delivery of vaccines, educational materials, and mobile medical services in the County - potentially using a portion of the 90 million-dollars in COVID funding already allocated, or other funds, but without the embedded political ideology and waste. The mobile vaccine contractors we have used so far have charged up to \$20,000 per day, and on at least one occasion and reportedly didn’t vaccinate a single person – a waste of citizen’s money by any measure.

“America will never be destroyed from the outside. If we falter and lose our freedoms, it will be because we destroyed ourselves.”- Abraham Lincoln. As your Supervisor, I promise to continue to fight for your freedom even if it means rejecting federal money with unreasonable strings attached. You elected local representatives to govern and lead locally, not to blindly accept dictates from Washington. Please join me in this fight.

Leading Locally,

Copper Corridor Communities Seeing Increase of COVID-19 Cases

| | Sept. 13, 2021 | Sept. 20, 2021 | Total Increase |

Recently, State and National media have reported an increase in positive COVID-19 Cases. The communities of the Copper Corridor have also started to see an increase in positive cases. The new Delta variant of COVID-19 has been reported as highly transmissible. The CDC and other health officials warn that those who are not vaccinated should continue to practice physical distancing, wear masks in public and avoid crowded places and is also strongly recommending everyone wear a mask indoors and in group settings.

Governor Doug Ducey has signed executive orders that prohibit Cities and Towns from mandating mask wearing, limiting restaurant capacity or other enacting other physical distancing requirements. At this time there is no indication that there will be any restrictions put into place. Local schools are also prohibited from requiring masks be worn on campus.

COVID Vaccines are readily available at local clinics in the region including Cobre Valley Clinics in Superior and Kearny, Pinal County Public Health and Sun Life Clinics. Other chain pharmacies such as Walgreens, grocery store pharmacies and CVS also have vaccines available.

We last reported daily COVID-19 case increased on Sept. 13, 2021. Above is a chart showing our last reported number and the current number of total cases for each of the Copper Corridor communities through Sept. 20, 2021. Keep in mind that zip code data also includes unincorporated areas around a community. For instance, Riverside/Kelvin area is included in the Kearny zip code. Aravaipa and Dudleyville are included in the Winkelman zip codes, etc.

Those experiencing COVID-19 symptoms should seek testing and quarantine until they can confirm a negative test.

Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6ft apart or more), practice good hygiene (wash your hands frequently, sanitize high touch areas) and stay home if you are not feeling well.

Drennan sets Superior school record for rushing, touchdowns and second for 1A record books in Friday night's game against Lincoln Prep

By Nathaniel A. Lopez
Superior Sun

The Superior football team traveled to face the Lincoln Prep Lightning. The Panthers put up a tough fight, but were still unable to come home with a victory. The final score of the game was 48-62. The team rushed for 600 yards during the game.

Sophomore David Drennan set a school record with 501 yards and 6 touchdowns, also second all time in the 1A record books.

"Lincoln Prep was a tough matchup, defensively, for us," commented head coach Joshua Denhalter. "Defensively, we need to be more fundamentally sound, and that's one me. I am proud of the way our team fought."

The Panthers will host the Ray Bearcats for their homecoming game on Friday, Sept. 24, with a kick-off time of 7 p.m. This game is also the annual fight for the Copper Helmet.

"Ray is a big game by itself, add in the homecoming festivities and we will have a lot of distractions this week. We need to stay focused and work hard to keep the Copper Helmet where it belongs," said coach Denhalter.

Superior High School to celebrate Homecoming

The Superior High School Student Council has announced Homecoming 2021 events and activities. The Panthers will face their rivals the Ray Bearcats on Friday, Sept. 24, 2021, at 7 p.m.

Before the game begins, the student council will host the annual homecoming parade at 4 p.m. Line up will be at 3:30 p.m. The Grand Marshals of the parade will be the front line medical heroes fighting COVID-19. Anyone in Superior that is working in the emergency

services or medical field are encouraged to march in the parade.

Following the parade there will be a tail gate party with food and game booths. Everyone is encouraged to participate in the school activities and celebrate the 2021 Homecoming.

For more information on the homecoming activities, please contact Student Council sponsor, Valerie Garcia-Denogean at 520-689-3100.

Vaccinated Athletes Save Hayden High School Sport Season

As both a principal and superintendent, I received the call I feared the most this past Friday afternoon. Yes, Mr. Gregorich, one of your student athletes tested positive for COVID-19. At that time a lot of things are going through my head. What do we need to do next? How many students will I need to quarantine? Do we need to cancel the games?

I know how much my students are looking forward to playing and canceling a game can risk making it to the post season. It would be devastating to our athletes that have waited so long to play. I know how important sports are to our students and parents in rural Arizona.

With that said, I want to give special thanks to our Hayden High School student athletes and parents who were vaccinated, which allowed this past Friday night games to be played and may have saved our post season dreams. The good news is that our students that

are vaccinated can continue athletics without being quarantined. It sure made a difference this weekend and will allow us to continue our fall sport season.

So far this year, Hayden High School had been spared from COVID-19. I can't say that anymore. I knew it was

New US 60 bridge at Pinto Creek opens to traffic; wider structure replaces 72-year old bridge between Superior, Miami

A new US 60 bridge over Pinto Creek opened to traffic Friday, Sept. 17, replacing a 72-year-old structure on the only route between Superior and the Globe-Miami area.

The Arizona Department of Transportation began the \$22.7 million bridge replacement project 23 months ago, constructing the new bridge just feet away from traffic that continued using the existing structure. Then on the night of Sunday, Sept. 12, work crews closed US 60 between Superior and Miami for a round-the-clock operation to realign the roadway to the new bridge.

The 695.5-foot-long bridge opened to the public shortly before noon Friday. While both bridges were designed for two lanes of traffic, the new structure also features 8-foot-wide shoulders and can handle heavier loads.

“US 60 is a critical route for passenger vehicles and commercial traffic, including heavy loads from mines in the area,” said ADOT Southeast District Engineer Bill Harmon. “By completing this new bridge

at Pinto Creek, we’re making sure the highway will remain reliable and safe for decades to come.”

The bridge is expected to handle roughly 7,200 vehicles a day.

While the largest milestone of the project is complete, drivers should expect periodic lane restrictions and delays in the area through the rest of 2021. Crews will work to restore the project site to its natural state over the next several months, with work beginning shortly to remove the existing bridge.

The old bridge, opened in 1949 with an estimated lifespan of 50 years, remained safe for traffic but had reached the end of its useful life. As noted on plaques at each end of the structure, the American Institute of Steel Construction bestowed an annual award of merit for 1949’s Most Beautiful Steel Bridge, Class II. Days after closing the old bridge, crews removed the plaques so they can be donated to local historical societies.

More information about the project is available at azdot.gov/PintoCreekBridge.

Pinto Creek Bridge now open for traffic.

Chamber of Commerce and Town of Superior recognize local businesses

On Sept. 7th, the Town of Superior announced the beginning of the 45th Anniversary of the Town's Incorporation.

As part of the month-long celebrations, the Town of Superior and the Superior Chamber of Commerce teamed up to recognize the many businesses, churches and non-profits who have been operating the entire 45 years of the Town's incorporation. They also recognized business owners who have restarted businesses that were formerly in operation in 1976.

The businesses were recognized with a special breakfast and awards ceremony. The business list was determined

based on businesses that advertised in the 1976 editions of the Superior Sun and the 1976 Superior High School Prospector. The Superior Historical Society aided with the research for the award ceremony.

The businesses receiving plaques for 45 years in operation were:

Boyce Thompson Arboretum, Circle K, Los Hermanos, Save Money Market, Superior Sun, Arnold Motor Sales, LDS Church, Saint Francis Church, Social Club de Damas, Superior Rotary Club, Knights of Columbus, Superior Little League, Superior Unified School District, Superior Food Bank, Pamela Peck, VFW and VFW Ladies Auxiliary, Albo

Guzman Construction.

Receiving awards for returning businesses to life: Magma Hotel, Element 29, Central Bakery, Copper Mountain Motel, and Resolution Copper.

The local utilities were also recognized for their service to the Town: Arizona Public Service, Southwest Gas, Arizona Water Company and CenturyLink.

During the breakfast Mayor Mila Besich and Councilmember Bruce Armitage both commented on how important small businesses are to the community. Chamber President, Sue Anderson also thanked all of the businesses and shared some of the activities the Chamber is working on.

a matter of time with the COVID-19 positivity rate in our county and community. Friday afternoon I received the call that set-in motion lots of phone calls to some very disappointed players and parents.

The district school medical assistant, Marisa Gallego's work begins when a positive case was reported to the school and the wheels are set in motion. She contacts the county COVID-19 contract tracing team to determine which students must be quarantined and how long they will need to isolate. The team reviews classroom seating charts to determine who is in close contact with the student that tested positive and who will need to be quarantined. The district mitigation plan follows the Gila County Health Services, CDC, and AIA COVID-19 guidance.

The district is a certified COVID-19 rapid testing site

which is an effective tool to fight COVID-19. We have tested many students, staff, and community members over the past six months, which has saved time and prevented further COVID-19 exposure.

I know there is fear about the vaccination because of misled politicians and misinformation campaigns. Please, listen to the medical experts that say without a doubt, that the COVID-19 vaccine can prevent infection, reduce the risk of severe illness and death. As a school leader, I highly recommend and encourage all students, staff, parents, and community members to be vaccinated as soon as possible to keep our students in school and our athletes on the field.

We are hosting our seventh onsite COVID-19 clinic on Wednesday, Sept. 29, between 10 a.m. and 1 p.m. The vaccination is available FREE to all school age children

12 and older. Parents must be present with children under 18 years of age.

For a reservation, please contact Gila County Health Services at 928-910-4009.

Public Notice

TOWN OF SUPERIOR NOTICE OF PUBLIC HEARING OF THE BOARD OF ADJUSTMENT

Notice is hereby given that on November 29th, 2021, the Board of Adjustment of the Town of Superior, will hold a public hearing the request for Variance for the Setbacks regulation at the address 823 W Martin Street, Town of Superior, Arizona:

The Board of Adjustment will meet at 7:00 p.m., on November 29th, 2021 in the Town Auditorium located at 199 N. Lobb Avenue, Superior, Arizona to act upon this item.

Additional information can be obtained at: Town Clerk of the Town of Superior at: rcervantes@superioraz.gov or by calling 520-689-5752.

Date posted: September 22, 2021

Due to the impacts of the COVID-19 pandemic, which have prompted declarations of a public health emergency at both the state and federal levels, this meeting will be conducted using measures to protect public health. Members of the public are encouraged NOT to attend the MEETING IN PERSON but instead to attend and listen to the meeting remotely by telephone.

To participate in the meeting telephonically follow the instructions below:

Tele-Conference Participant: At the specified time, dial the Access Number **712-451-0644**.

When prompted, enter your Participant Code followed by #.

Your Participant Code is **127483 #**.

Participant Star Commands:

*4-Volume - Pressing *4 will increase/decrease the volume.

*6-Mute - Participants can mute/unmute their own lines by pressing *6.

We will also be live-streamed on the Town's youtube channel.

<https://www.youtube.com/channel/UCd2f5D2dftKaaazjwNyhAXRA>

Public access to the Mayor and Council Chambers will be restricted in order to prevent a large or close gathering of the members of the public and to promote social distancing.

Additionally, some items on the agenda may be shortened, continued to a future meeting or taken out of order. These steps are part of the effort to limit the number of people who must be physically present, or who might desire to be physically present, at the meeting, and to limit the time of the public meeting.

This meeting will be held remotely through technological means, as permitted under Arizona law.

U.S. EPA Offers Free Job Training to Residents

NEW DATES!

Would you like to earn certifications? Are you interested in environmental work?

The U.S. Environmental Protection Agency is offering a program to train local residents for environmental jobs in the area. This program will provide participants with multiple certifications and prepare them for careers in environmental cleanup work.

Participants will be trained in:

1. Hazardous Waste Operations and Emergency Response (40-hr HAZWOPER)
2. CPR/First Aid
3. OSHA 10-hr Construction Outreach
4. Fall Protection and Confined Space
5. Trench and Excavation Safety
6. Work Zone Flagging
7. Asbestos Worker Training
8. Lead Worker Training

To be considered for the program, you MUST attend ONE of the 60-min. information sessions held at:

| Information Session Location | Dates | Times |
|--|----------------|-----------------|
| 824 Thorne Ave. Winkelman, AZ 85192 | Wed., Sept. 22 | 1 pm or 3:30 pm |
| Town Hall Building 199 N. Lobb Ave. Superior, AZ 85173 | Wed., Sept. 22 | 9 am |

Program Requirements

- 18 years or older.
- Unemployed or looking for work.
- Eligible for employment in the U.S.
- Willing to participate in a 3-week unpaid training program in Sept.-Oct. 2021.
- Willing to work outdoors in all weather conditions.
- Able to pass a drug test and background check.

Entry into SuperJTI is on a competitive basis. Job placement is not guaranteed after completion of the training program.
