Pinal County Sheriff's Office issues sex offender notification for Dudleyville

The Pinal County Sheriff's Office has issued a sex offender notification for the Dudleyville area.

Daniel J. Stephenson, classified as a Level Three offender, has reported that he will be living in the area of Martinez Corrales Gila River Road, Dudleyville. Stephenson is a 59-year-old white male with brown hair and brown eyes. He is 5'5" tall and weighs approximately 159 pounds. He was convicted in 1992 of attempted sexual conduct with a minor and in 2015 for failure to register as a sex offender.

The Pinal County Sheriff's Office is releasing the above information pursuant to A.R.S. 13-3825, the Community Notification on Sex Offender Law. Notification must be made when certain sex offenders are released from the Arizona State Prison, accepted under an interstate

compact or released from the county jail back into the community. Offenders are categorized into three levels: Level One (low risk to the community), Level Two (intermediate risk to the community), and Level Three (high risk to the community).

The individual who appears on this notification has been convicted of a sex offense, which allows for community notification. He is not wanted by the Pinal County Sheriff's Office at this time.

This notification is not intended to increase fear; rather it is our belief that an informed community is a safer community. The Pinal County Sheriff's Office has no legal authority to direct where a sex offender may or may not live. Unless court ordered restrictions exist, this offender is constitutionally free to live wherever he chooses. Citizen abuse of this information to threaten, intimidate, or

harass sex offenders will not be tolerated. Sex offenders have always lived in our communities; but because of Megan's Law, law enforcement is now able to share this information with you.

Police caution that any use of this information to threaten, intimidate, harass or create an act against another person will result in prosecution.

Kearny Police Report

According to state law, there are two methods by which police may arrest suspected offenders. The suspect may be physically taken into the department and booked into jail, or the arresting officer may write a citation and release the suspect to appear in court later. All suspects are presumed innocent until proven guilty in a court of law. Only criminal citations are listed. All damages are estimates.

Sept. 14

Two verbal warnings were issued for a license plate light violations.

A set of keys was found at the corner of Hartford and Tilbury and turned in at the police department.

PCSO received 13 reports of fraud from different residences in SaddleBrooke.

Residents reported that they had received phone calls from someone saying they were from "the Treasury Department" and demanding money. According to PCSO,

no one fell for the scam, but reported it instead. Detectives followed up with the Federal Trade Commission to see what could be done. Follow up on these types of calls, the sheriff's office said, is difficult locally. Technology allows scammers to spoof phone systems and mask their call ID, so they can be calling from anywhere in the world, making it nearly impossible to track down. If you should receive a phone call scam like this one, report it directly to the FTC Consumer Response Center at 877-382-4357. PCSO still wants to track these calls as well, so please call

the non-emergency line at 520-866-5111 if you get one of these scam calls.

Councils discuss public safety coalition

By **Mila Besich-Lira**
Copper Area News

During their monthly meetings in September, the Kearny and Hayden town councils heard a presentation about the possibility of forming a Public Safety Coalition from Major Michael Orose who is from the office of the director at the Department of Public Safety. Orose made the presentations to the councils as a way to start the conversation. The idea came up after the communities of Hayden, Kearny and Mammoth have all had problems retaining a police chief and police officers.

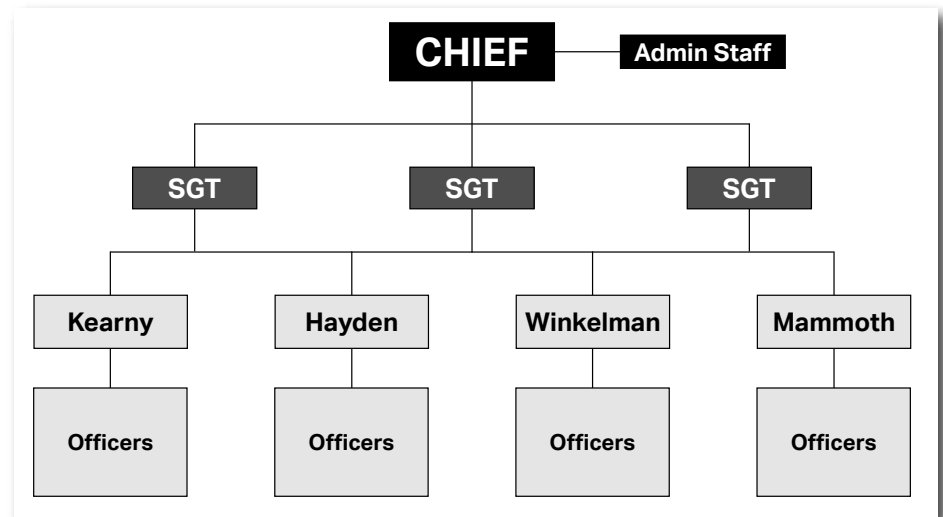

In his presentation Orose explained that the coalition cannot be viewed as a cost savings plan. "The concept is intended to increase the level of service and professionalism of the law enforcement services provided to each town at the current funding levels," explained Orose.

In order for the coalition to be started there would need to be an interagency agreement set up and that agreement would cover what type of coverage each community wanted to receive; it would identify the funding commitments by each community. The agreement would also identify which town will be responsible for dispatching, administrative support and record keeping, what type of reporting does each town want and it would

establish an oversight board that would oversee the operations. Orose suggested that each town have two representatives and they could be two government officials or one community member and one government official. The oversight committee would also have by-laws for the board to operate under.

Currently each town is distributing resources for vehicles, equipment, facilities, maintenance, supplies and personnel costs. If the coalition were to be developed these costs would be shared amongst the coalition. The development of the coalition could streamline operations and create efficiency; the coalition would hire one Chief of Police to manage the coalition department, along with three Sergeants and up to 22 officers to cover the four communities. This staffing level would provide for 24/7 coverage in each town. The public safety coalition officers, chief and sergeant would wear the same uniform and all cars would be marked to match the coalition.

Both councils heard the presentation in an open forum and allowed for questions and comments from the public. There was a concern about dispatching services due to the fact that Kearny dispatches for the Hayden-Winkelman police services. There were questions on whether or not the signal could reach Mammoth. Another topic of discussion was would personnel

Proposed Staffing Chart for a Public Safety Coalition

policies and codes be set up uniformly. Orose explained that these would be things that would have to be determined as the discussions continued but that it would be important to have consistency throughout the coverage area. He also indicated that it could take up to a year or more to get everything finalized for the coalition before it started to operate.

The Town of Winkelman currently contracts with the Town of Hayden for police services. There will be a

presentation given to the Town of Winkelman and Town of Mammoth. Neither council took any official action on the matter but it did appear that additional research will be done. The Kearny council asked that residents be asked to see if how they felt about the coalition being formed. One resident in Kearny spoke out saying that he did not want to see DPS or Pinal County Sheriff's Office involved in providing public safety services in Kearny.

Success for First Swap Meet, Farmers Market; and U-Turns

Let me begin this column with a big "thank you" to Angela Hillan-Ramirez and the Copper Basin Chamber of Commerce for the first Swap Meet and Farmers Market in Kearny last Saturday. It was a solid start and I am sure that, over the months, it will grow into quite an event.

Now, on to another subject. Yes, we have talked about this before. U-turns are, by Town Code, forbidden on Alden. Recently there have been some near-accidents. It is difficult for people who are backing out of parking spaces when another vehicle makes a U-turn to park close to you, for the person backing out is understandably looking for approaching traffic one direction when a U-turn maker is approaching from the other side. I have seen people make U-turns even without

using their turn signal.

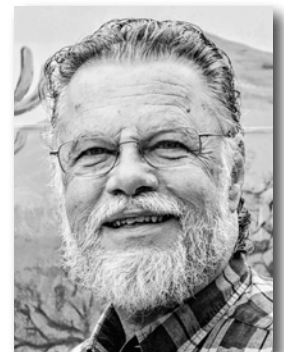

Yes, most of have had a sudden "I think I'll get the mail" moment. Please, everyone, over the next couple of weeks plan your approach in order to avoid making a U-turn. It is simple to enter Alden from the other end. There are lots of places to make a legal left and turn around to change lanes. U-turns are simply unnecessary as well as dangerous.

No one is exempt, including our police and town personnel. There will be a "learning period" allowing us time to learn new driving habits when only warnings will be issued, but in a couple of weeks our police department will begin issuing citations. Let's make Kearny a safer place.

This week starts off rainy then the sunny days return. The cool nights and warm

days are good for us, but the rain and sun are also good for the tamarisk plants which are thriving. They are growing quickly, crowding out grasses and other plants. In two years' time, they will be completely back, creating an incredible fire danger once again.

The Winkelman Natural Resource Conservation District, ASARCO, the ranchers and other landowners and the Town of Kearny are working to do something about this. But the wheels of State and Federal government turn slowly. Here's hoping a breakthrough occurs and work can begin on eradicating the tamarisk plants, introducing willows and grasses, and providing a safe place for our endangered species. We have a small window of time before the danger comes back.

ArtUs fall season to begin Oct. 1 in Kearny

The Copper Basin ArtUs Guild will begin meeting Thursday, Oct. 1, at Ray Hall, adjacent to Church of the Good Shepherd at 10 a.m.

The guild was formed after Gila Pueblo College no longer offered art classes due to the illness of the instructor. The primary group has been together for over 20 years and wanted to continue to meet to share their love of creativity.

Membership in the guild is open to anyone interested in the arts. All mediums are welcome, regardless of skill level and experience. There is no formal instructor and the members are encouraged to help each

other when help is requested. Just the love of creativity is all that one needs to join the group.

An added incentive is being introduced for those who would like to experiment with the arts. A kit will be available at no extra charge and will include paints and a canvas along with some helpful hints to get the budding artist started.

Dues are \$25 for this fall's session.

The group is planning to continue the annual ArtUs exhibit next spring at the Little Gallery with a date to be announced later.

Ray Homecoming is Friday; game also for the Copper Helmet

Ray High School is celebrating Homecoming this week with a variety of activities including two class reunions.

The annual parade will start at 4 p.m. Friday, Sept. 25 with the usual route starting at the library, up Tilbury and across Alden. Students have been working all week on the annual float competition using the theme of Action Movies.

The Bearcats will host arch-rival the Superior Panthers with kick-off at 7 p.m. and the 2015 Homecoming Royalty will be crowned at halftime.

Royalty this year includes Queen, Gabrielle Juvera, King, Jonathan Wernett, Junior Attendants, Kami Ratliff and Jonah Cude, Sophomore Attendants, Isabella Mendoza and

Francisco Martinez-Lopez and Freshmen Attendants, Tara Loroña and Romeo Williams-Varley.

The Class of 1985 is holding its 30 year reunion. Plans include meeting at the GKI after the game with a dance starting at 9 p.m. On Saturday a four-wheel adventure will begin at 10 a.m. with a gathering at Cactus Video. That evening classmates and families can enjoy the Rotary Club steak dinner at the GKI from 5 to 7 p.m. with more dancing starting at 8 p.m. A family picnic at the Dunn's residence in Kelvin will round out the weekend.

The Class of 1995 will be celebrating 20 years beginning with a family cook-out after the parade on the RHS campus and an after game party at La Cantina.

The 2015 Homecoming Court includes (from left) King Jonathan Wernett, Queen Gabrielle Juvera, Freshmen Attendants, Romeo Williams-Varley and Tara Loroña, Sophomore Attendants, Francisco Martinez-Lopez and Isabella Mendoza and Junior Attendants, Jonah Cude and Kami Ratliff. Vicki Clark | CBN

Cats face huge Homecoming test versus high-powered Panthers

By Andrew Luberd
Copper Basin News

The Ray football team won its first game of the season on Sept. 11, defeating rival Hayden in the Lobos' home opener, 30 – 14.

The win was after the Cats lost their first three games of the season, all against ranked teams.

After a bye last week, the Cats will host sixth-ranked Superior this Friday and must deal with the Panthers' high-octane offense, which has averaged almost 60

points per game.

The Panthers' defense is on top of its game as well, allowing only eight points per game while going 4 – 0 to start the season. Superior's gaudy statistics can be attributed to, at least partially, a weak early schedule. The Panthers first four opponents have combined for only three wins so far on the season.

Still, the Panthers are team to be reckoned with and hopefully the Cats used the extra week of preparation wisely to slow down the Panthers this Friday.

Kickoff is scheduled for 7 p.m.

Lobos lose third straight game

By Andrew Luberd
Copper Basin News

The Hayden football team lost its third straight football game last Friday night, falling to Chandler Prep at home, 42 – 6. The Lobos have now dropped consecutive home games after splitting their first two

games of the season on the road.

It doesn't get any easier this week, as the Lobos host third-ranked Gilbert Christian. The Knights are 4 – 1 so far this season and their lone loss came against second-ranked Pima by only three points, 22 – 19.

Kickoff for Friday's game is scheduled for 7 p.m.

POW/MIA Recognition Day celebrated

By John Hernandez
Copper Area News

Friday, Sept. 18, 2015, was National POW/MIA Recognition Day. A ceremony was held at the Pima Air and Space Museum in Tucson and sponsored by Davis-Monthan Air Force Base. The ceremony honored our Prisoners of

War and the Missing in Action and their families.

Opening remarks were followed by the National Anthem and an invocation. A POW/MIA Table Ceremony was then held and a recognition of those POW/MIA members in attendance. They received a standing ovation from those in attendance. Colonel Thomas H. Kirk, Jr. was the

guest speaker. Colonel Kirk is a decorated veteran of the Korean and Vietnam conflicts. He served his country for 28 years before retiring in 1978.

Colonel Kirk's plane was shot down during a bombing raid over Hanoi, North Vietnam in 1967. He spent five and a half years as a Prisoner of War in the notorious "Hanoi Hilton" where he met and became friends with John McCain and shared a cell with him. The Colonel spoke about his experiences as a POW and how it affected his family. They did not know if he was alive or dead for three years.

Following the closing remarks by Colonel James P. Meger, the audience was invited

outside where "Taps" was played and they got to view a Missing Man Flyover by the 357th Fighter Squadron stationed at Davis-Monthan.

One of those POWs recognized was Mic Johnson from Kearny, Arizona. Mic along with a number of his family members attended. Mic was a POW during World War II. His story is unusual in that he was a civilian when taken prisoner. The story of civilian POWs is not well known even though nearly 14,000 American civilian men, women and children were taken prisoner by the Japanese in the early days of the War in the Pacific. Mic's story will be told in the following weeks.

Mic Johnson and his family celebrated POW/MIA day at ceremony at Pima Air and Space Museum.

Cobre Valley Institute of Technology and Ray School Unified District school boards vote to form partnership

A historic step was taken by the Ray Unified School Governing Board on July 29, 2015. The governing board voted unanimously to ask citizens of their school district for approval to join the Cobre Valley Institute of Technology (CVIT). CVIT is a Joint Technological School District (JTED). The CVIT School Board accepted Ray's resolution with 5-0 vote to join CVIT in regular board meeting on August 27, 2015.

Registered voters in the Ray Unified School district will be able to decide at the November 2016 election if they want to be part of CVIT. Should voters approve the request of the Ray governing board to join CVIT, there will be a slight increase in property taxes. The exact amount was not available at press time. The process to include Ray Unified School district into the CVIT district could take up to two years due to the election process.

The primary purpose of the JTED is to deliver premier technical education programs in partnership with business, industry and community stakeholders in the region. JTEDs develop a skilled workforce by helping students attain technical and employability skills and preparing them to succeed in postsecondary education and develop job skills that can be used right after high school.

The CVIT district is currently serving students from Globe, Miami, Superior, Hayden- Winkelman and San Carlos, offering career and technical education programs on their five member high schools campuses as well as central programs held on community college campuses. CVIT's Central Programs are for college credit and lead toward college degrees and industry certifications. Programs are free to high school age students. Medical Assistant, Nursing Assistant, Welding Technology, Cosmetology, Graphic Design and Fire Science are currently provided by Gila Community College in Globe. There is also a Pre- Engineering-Geology program, held in Superior, in partnership with Central Arizona College and Arizona State University.

CVIT is planning to add Robotics and Law Enforcement programs to the offerings in the 2016-2017 school year.

"We work hard on continuous improvement to meet needs of students and industry in the Copper Corridor," said Pete Guzman, Superintendent of CVIT.

Franceen Gregovich-Benton, CVIT board President, and Curt Cook Ray Unified School District Superintendent.

Mining Rocks to be held at Miami's Bullion Oct. 3

The green in front of Bullion Plaza will be alive with interactive booths, arts and crafts vendors, a kids area, food booths and more on Oct. 3 for Mining Rocks. Displays by local mining companies will be on hand and the mobile visitor center from the Copper Corridor will be open for business. The event opens at 10 am and will continue until 6 pm.

Ever wonder what it's like to run a piece of heavy machinery? Do you have it in you to climb 35 feet up a rock wall? Maybe you're thinking your kids could use a little exercise on an obstacle course. If any of these are on your bucket list, the Mining Rocks festival on Oct. 3 in Miami is the place to be.

Vendors featuring everything from jewelry to copper art work and more will be out on the green. If you've always thought there's nothing to driving a piece of machinery bigger than a bus, this is your chance to see if you're right

with a simulator brought on site by Freeport-McMoRan.

The climbing wall and obstacle course will be open from noon to 4 p.m. and will be free for visitors. Live music by Low Expectations is offered from 2-6 p.m. and food vendors will be on hand all day, with seating for guests.

Head inside to see the art contest entries and see if you can guess how much a spool of copper wire weighs, or just how many pennies are in that jar. It's all part of the fun at Mining Rocks.

Enjoy hamburgers and hot dogs, snow cones and kettle corn just for starters. It's a great way to kick off fall with the Mining Rocks event at Bullion. A portion of the monies raised will go to the Bullion Plaza Museum. Sponsors for the event include Platinum sponsors Freeport-McMoran, Resolution Copper, Capstone, Supervisor Mike Pastor, Gold Sponsor Desert Fox Minerals, and Silver Sponsors Dream Pole Construction, KGHM-Carlota Copper Company, Southwest Gas, Supervisor John Marcanti.

Anyone interested in vendor space is invited to contact the chamber at (928) 425-4495.

The simulators were a favorite for all ages when Freeport held a community appreciation day a few years ago and they will be back in town at the Mining Rocks Festival on Oct. 3 at Bullion Plaza. This will be a great chance to see if you have the "right stuff" to be a heavy equipment operator.

Broken glass clean-up at Arizona Trail's Florence-Kelvin Trailhead coming in October

FLORENCE - Pinal County's Open Space and Trails Department will be assisting with a broken glass clean-up on Arizona State Trust Lands adjacent to the Florence-Kelvin Trailhead of the Arizona Trail on Saturday, Oct. 17, from 8 a.m. until 2 p.m.

"This is being headed up by a group called Natural Restorations, in partnership with the Arizona State Land Department and the Arizona Trail Association," stated Kent Taylor, Open Space and Trails Director. "They will be out there helping to beautify the trailhead and surrounding area."

The Arizona Trail is a National Scenic Trail that stretches from the border of Mexico north to the Arizona-Utah border. The trail crosses Pinal County north from the Coronado National Forest through Oracle, Superior and the Tonto National Forest.

To volunteer to help out with the clean up or for more information, contact Nicole at contact@naturalrestorations.org, or call 480-628-3903.
