Resolution Copper Project is at Risk!

Friends, Family and Neighbors, I am contacting you today with great urgency and a simple request: please contact our Senators and Congressmen and ask them to not support the "Save Oak Flat" H.R. 1884 bill that has been proposed by Representative Grijalva and the House Natural Resources Committee. This group of federal elected officials are trying to sneak this devastating legislation into the Reconciliation Bill.

We have learned that Rep. Grijalva and the House Natural Resources Committee have submitted the language for the "Save Oak Flat" into the House of Representatives Reconciliation Bill. The \$3.2 trillion dollar budget reconciliation package will bring tremendous opportunities for communities large and small, urban and rural across America. This bill if passed will need American copper to fulfill its intended benefits. The entire package being proposed in Washington, DC is critically important, and we want our elected officials to support it, but not with the poisoned pills added by the House Natural Resources Committee.

While the nightly headlines often talk

of the negotiations taking place between America's political parties in Congress, important details that will impact our lives in negative ways such as the "Save Oak Flat" bill often is unreported.

The addition of the Save Oak Flat Bill if approved will block any mining from the Oak Flat area, and essentially will kill any hope that Resolution Copper Mine will open. There are additional amendments attached to this H.R. 1884 bill that will cripple all of the mining operations in our region.

As residents of Arizona's Copper Corridor, we understand our role in the world. We mine and produce the copper that runs this world. Right now, our role in the global economy is at risk. Please join me and scores of other regional leaders by asking our Arizona Congressional Delegation to remove the Save Oak Flat H.R. 1884 legislation from the Reconciliation Bill. A simple email will make a huge difference. Here is the contact information and I respectfully ask that you make your voice heard now: **The Honorable Senator Mark Kelly** 516 Hart Senate Office Building Washington, DC 20510

LETTER TO THE EDITOR

Only You Can Bring Jobs to the Copper Corridor

Nestled three thousand feet off the desert bottom near Superior, Arizona, sits 2,000 jobs buried under the earth. These jobs are not temporary or seasonal, they are well-paying blue-collar jobs that will last for the next 50 years. And if your voice is not heard now, then these jobs will be gone forever.

Work is one of the most important things we do as residents of Pinal County. Ralph Waldo Emerson said, "The purpose of life is not to be happy. It is to be useful, to be honorable, to be compassionate, to have it make some difference that you have lived and lived well." It is through work that we provide our families with life's necessities. For most of us, we work for someone else, be it a private employer or the state or local government. Some of us have had the fortune to create jobs, which is why the opportunity that I am about to discuss is so rare.

You, yes, every single one of you Pinal County residents, have the opportunity to create 2,000 jobs for the next 50 years. Tucked into the 3.5 trillion-dollar reconciliation bill, that both sides of Congress are debating right now, is a provision to stop the jobs that President Barack Obama approved in 2014, that allows Resolution Copper Mine to open. The provision is called H.R. 1884 and it must be removed from the budget reconciliation bill to get these jobs. I ask each of you to write to your representatives and ask that this language be removed.

Federal Law Requires the Land Exchange

In 2014 President Obama signed into law a land exchange that would allow Resolution Copper to operate outside of Superior, Arizona. Over the subsequent seven years, the United States Department of Agriculture conducted numerous studies with input from the public and various federal, state, and local agencies. Public Law 113-219 authorized the land exchange after the House of Representatives, the United States Senate, and the President all agreed that the land exchange should take place after considering the impact to the environment, the various Tribes, and the compelling government interest in the mine.

The federal law mandates that Resolution Copper shall be conveyed the land, "Not later than 60 days after the date of publication of the final environmental impact statement..." 16 U.S.C. § 539p(c)(3). The Final Environmental Impact Statement was completed on Jan. 15, 2021, which means that Resolution Copper should have been conveyed the land on or before March 15, 2021. Instead, the USDA chose not to follow federal law.

The USDA has become a Law unto Themselves.

The USDA unilaterally decided that it was not going to comply with federal law when it withdrew the Final Environmental Impact Statement on March 1, 2021. It is acting like a rogue agency with the unilateral power to change federal law outside of Congress and the President of the United States. To be clear, 16 U.S.C. § 539p(c)(3) has been the law of the United States since it was approved on Dec. 19, 2014. Here is how it happened, starting from the most recent events, and an explanation as to why the USDA became political when it withdrew the Environmental Impact Statement.

On March 1, 2021, the United States Forest Service withdrew its Final Environmental Impact Statement published Jan. 15, 2021. This occurred in a little-known location called the Federal Register, which is a journal of all federal agency actions. Here is the March 1, 2021, entry:

EIS No. 20210005, Final, USFS, AZ,

WITHDRAWN—Resolution Copper Project and Land Exchange, Contact:

Mary Rasmussen 602-225-5200. Revision to FR Notice Published 01/15/2021; Officially Withdrawn per request of the submitting agency.

Dated: March 1, 2021.

According to the United States Forest Service (USFS), it was required by the United States Department of Agriculture (USDA) to withdraw its Final Environmental Impact Statement. The USDA justified the withdrawal by citing a Presidential Memorandum from President Joe Biden dated Jan. 26, 2021.¹ Strangely, the Presidential Memorandum makes no mention of Resolution Copper, Arizona, the land exchange, Oak Flat, or anything to do with the aforementioned project. The Presidential Memorandum merely reiterates President Obama's Policy on Strengthening Tribal Relationships that had been in place since 2000:

To this end, Executive Order 13175 of Nov. 6, 2000 (Consultation and Coordination With Indian Tribal Governments) charges all executive departments and agencies with engaging in regular, meaningful, and robust, consultation with Tribal officials in the development of Federal policies that have Tribal implications...The Presidential Memorandum of November 5, 2009 (Tribal Consultation), requires each agency to prepare and periodically update a detailed plan of action to implement the policies and directives of Executive Order 13175. This memorandum reaffirms the policy announced in that memorandum (emphasis added).

In other words, the Presidential Memorandum demands that all executive agencies act in accordance with President Obama's policies. Interestingly, it was President Obama that signed the Resolution Copper land exchange into law, so who in the USDA is holding 2,000 jobs and 113 million in tax revenue² to Arizona hostage? The USDA clearly is using the Presidential Memorandum as a subterfuge to refuse to follow the law. The United States Forest Service followed President Obama's directives in getting Tribal input throughout the entire land exchange process over the past seven years. The United States is a nation of laws that should be followed and enforced, and it certainly is not the job of the USDA to choose which laws to follow and which ones it can brush aside on the Federal Register.

Copper is an Absolute Necessity.

The Resolution Copper mine will not only bring thousands of jobs for the next 50 years, but it will also supply as much as 40 billion tons of copper. A couple more numbers for comparison: domestic mine production of copper was 102,000 metric tons year-to-date through March 2021.³ The Resolution Copper mine will produce approximately 132,000 tons per day of ore.⁴ Copper is a high demand commodity needed by Arizona and the rest of the nation to transition to renewable energy. Just one ton of copper brings functionality to 40 cars, 100,000 mobile phones, distributes electricity to 30 homes, and enables operation of 400 computers.⁵

The world uses 28 million tons of copper per year.⁶ This means that the Resolution Copper mine will have the capability to supply the world with copper long into the future. Opening the mine will make Superior, Arizona the copper capital of the world.

Recently, State and National media have reported an increase in positive COVID-19 Cases. The communities of the Copper Corridor have also started to see an increase in positive cases. The new Delta variant of COVID-19 has been reported as highly transmissible. The CDC and other health officials warn that those who are not vaccinated should continue to practice physical distancing, wear masks in public and avoid crowded places and is also strongly recommending everyone wear a mask indoors and in group settings.

Governor Doug Ducey has signed executive orders that prohibit Cities and Towns from mandating mask wearing, limiting restaurant capacity or other enacting other physical distancing requirements. At this time there is no indication that there will be any restrictions put into place. Local schools are also prohibited from requiring masks be worn on campus.

COVID Vaccines are readily available at local clinics in the region including Cobre Valley Clinics in Superior and Kearny, Pinal County Public Health and Sun Life Clinics. Other chain pharmacies such as Walgreens, grocery store pharmacies and CVS also have vaccines available.

We last reported daily COVID-19 case increased on Sept. 20, 2021. Above is a chart showing our last reported number and the current number of total cases for each of the Copper Corridor communities through Sept. 27, 2021. Keep in mind that zip code data also includes unincorporated areas around a community. For instance, Riverside/Kelvin area is included in the Kearny zip code. Aravaipa and Dudleyville are included in the Winkelman zip codes, etc.

Those experiencing COVID-19 symptoms should seek testing and quarantine until they can confirm a negative test.

Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6ft apart or more), practice good hygiene (wash your hands frequently, sanitize high touch areas) and stay home if you are not feeling well.

Superior falls to Ray in Homecoming, Copper Helmet match

By Nathaniel A. Lopez
Superior Sun

On Friday, Sept. 24, the Superior football team took on the Ray Bearcats, hosting them for their homecoming and the annual Copper Helmet Game. The Panthers have been in possession of the Copper Helmet trophy since 2014.

“[The] Copper Helmet game has a lot of emotion, and with it being homecoming as well, our team was excited for play to begin,” head coach Joshua Denhalter

commented. “[I’m] proud of how the team fought to the end.”

By the end of the first quarter, the Panthers held a two-point lead, but lost it in the second quarter. By the half, the game was tied 14-14. The Bearcats held down the Panthers’ offense attempts in the third quarter. Superior was unable to hold down Ray’s offense, allowing them to post 8 points in the third. The Panthers weren’t able to close the 8-point gap, but their defense held strong and kept it from growing bigger.

Sophomore David Drennan had 214 rushing yards and 2 touchdowns. Sophomore Isaiah Diaz-Gonzales led the Panthers on defense, with 16 tackles total.

“We will continue to get better, focusing on details and our execution. We need to be more disciplined and protect the football,” added coach Denhalter. “This week is senior night, and we are excited to recognize our senior Gabe Denogean, and compete for a win.”

The Panthers are scheduled to face Cicero Prep Academy on Friday, Oct. 1, with a kick-off time of 7 p.m.

Superior is celebrating 45 years of incorporation with a special event

With a storied history dating back to the 1800s, Sept. 7, 1976, is a special date for Superior as this is the day that the Town of Superior officially incorporated. To celebrate this occasion, Superior has been hosting events, tributes and dedications this month leading up to the first ever State of the Town Address to take place on Oct. 7, 2021 in Besich Park.

The Superior Historical Society helped to dig up a part of the past with newspaper clippings and yearbooks from over 45 years ago to chronicle the events that led up to Superior's incorporation. The Town of Superior's Facebook page has been sharing tidbits of historical findings and will continue sharing these pieces of the past all month long. You can follow their Facebook account @TownofSuperior.

"Superior has much to be proud of and we are coming together to celebrate this momentous milestone for our very special community. Since its historic founding, Superior has forged its own path forward and we continue this tradition to this very

day. We are excited about the abundant opportunities that collectively, we have worked hard to create, and look forward to building an even stronger and brighter future for our town in the years ahead. We have much to share and look forward to welcoming our residents, family and friends and visitors at our State of the Town event," said Mila Besich, Mayor of the Town of Superior.

Please join the Town of Superior and their sponsoring organization, Rebuild Superior Inc., for the State of the Town Address on Oct. 7, 2021 at Besich Park located at 240 W. Main Street. A reception and networking opportunity will begin at 5 p.m. with the program starting at 6 p.m. that includes live entertainment, presentations, auction and the State of the Town Address from Mayor Mila Besich.

Please RSVP to manny@rebuildsuperioraz.org. Sponsorships are available. For more information visit the official event page at <https://fb.me/e/1g0q1Y2n7>

Together we are Superior!

Resolution Copper needs our help! ASAP!

Rep. Raul Grijalva and the House of Representatives are adding the Save Oak Flat Bill H.R. 1884 to the Reconciliation Bill currently being negotiated in Congress. We expect votes to be held soon. This bill will close the mine, people will lose their jobs and it will essentially kill any chance for the Resolution Copper Project to open and also create other hurdles that will cripple the rest of the mining industry, which will gravely affect our local and regional economy.

COPPER CORRIDOR COMMUNITY CALENDAR

Dudleyville Burn Ban

Effective May 1 - Sept. 30 a BURN BAN is in effect for the Dudleyville Volunteer Fire District which includes the area of Dudleyville, Indian Hills and Aravaipa. Burn permits for both residential and agricultural purposes are not valid during this time.

Superior Farmer's Market

Superior Farm to Fantastic Farmers Market is open every Saturday 9 a.m. to noon at the Food Court on Main Street. Fresh produce baked goods and much more. Follow us on Facebook.

Wednesday Night BINGO

Doors open at 4:30 p.m. for Wednesday night bingo and play starts at 7 p.m., at San Pedro Valley Lions Club, 115 S. Main St. in Mammoth. Come down and enjoy! Remember to wear a face mask. For information call 520-487-2000.

Tri-Community Food Bank Open

The Tri-Community Food Bank located at 108 Redwood Drive in Mammoth continues to be in business. We are observing social distancing. Hours are 9 a.m. to noon Monday, Tuesday, Wednesday, Thursday and Saturday. To be eligible you must show proof of address that you live near or in Mammoth, San Manuel, Oracle or Dudleyville and have an income within the federal poverty guidelines. The thrift shop is closed and is not accepting donations. Call 520-487-2010 for more information.

San Manuel Senior Center Recycling Issues

Folks who are bringing the San Manuel Senior Center cans, please know that the Recyclers will not take the bags of cans if they have trash with them. San Manuel Seniors had 120 lbs of cans when they took them down recently that were not accepted and the recyclers sent back a note that said the group lost \$50 because of this. Please be careful when donating cans for recycling. Thank you and thank you for continuing to save cans and donate them.

Eagle One Veteran Outreach

Visit Eagle One Veteran Outreach Center online at hohp4heroes.org. Eagle One provides veterans a place to learn about and apply for all services available to them.

New Superior Food Bank Hours

Clients can now receive food from 3 p.m. - 4 p.m. on the last Thursday and Friday of each month at 99 N. Lobb Ave. in Superior. Drive up or walk up with an adequate cart and receive food without human contact. Every means possible is used to make the experience safe. Volunteers have their temperature taken and sign a consent form stating they are free from fever. Volunteers are always needed. Even an hour will be appreciated! Please contact, Sandy Van Gorp, at superioraz.foodbank@gmail.com or 520-689-2202. if you have questions or want to sign up to be a volunteer.
