Rattlesnakes in school? Officials check grounds for possible dens

By John Hernandez
San Manuel Miner

It is rattlesnake season again and the unusual heat this year seems to be bringing them out more and closer to civilization. Rattlesnakes have been seen in Oracle at Sunset Point, Arizona State Park, near Peppersauce and even at Mt. Vista School.

Mt. Vista Superintendent Crystle Nehrmeyer reported that there were four rattlesnakes on campus in less than two weeks. The snakes were safely removed but with concern over the number of sightings on campus, a professional rattlesnake locator was hired to help locate a possible den. On Saturday, Aug. 29, the snake expert accompanied by the Superintendent searched all classrooms and the surrounding area.

The Superintendent reported that the tour of campus went well.

“We walked the campus and the company provided an assessment to help decrease the number of rattlesnake sightings on campus,” Mrs. Nehrmeyer said, adding that “during the tour we learned many things” including:

High school fall sports season starts but will it finish?

By Andrew Luberda
Copper Area News

The Executive Board of the Arizona Interscholastic Association voted last Wednesday to endorse guidelines proposed by its Sports Medicine Advisory Committee (SMAC) for a safe return to sport and activity. As a result, the AIA fall sports season will continue as scheduled.

However, the question remains: Will it finish?

Football, the last fall sport to begin, started practice on Monday, with games scheduled to commence Sept. 30 – Oct. 2. The sport of golf has begun competition. Cross country, swimming & diving, badminton, fall soccer and volleyball have started practice and tryouts.

“I would like to say on behalf of the staff and the Sports Medicine Advisory Committee, especially for the sport of football, we would not have been able to make this decision until this time right now based on the metrics,” AIA Executive Director David Hines said in a statement. “So, the metrics have gotten to a place that we can start football practice. That we can start the heat acclimatization (guidelines). That we can get kids in a helmet and shoulder pads and begin doing work.”

Some teams across the state have already decided not to conduct a fall sports season, including Ray High School in Kearny, while others are still unsure if or when they will proceed. The AIA has stated “schools playing football will have the option of beginning practice on Labor Day, which is Sept. 7 with any date after that permissible.”

“Per our athletic director and superintendent, we’re going to push back the start of practice for two weeks,” Hayden football head coach John Estrada told *Copper Area News*. “The reason for pushing that back is because our area is still in the red per the health department. If things change in two weeks and we get put in the green, then I believe they’ll give us the OK to start practice. If things don’t change, I’m afraid our season

may be cancelled.”

Superior High School returned to the practice field after suspending activities a few weeks ago.

“The SUSD school board voted last Wednesday, 5-0, for the return of high school fall sports,” Panthers football head coach Ryan Palmer said in an email to *Copper Area News*. “Programs will be following the AIA guidelines and health metrics for a phased return to practice, and hopefully competition.

“I think that the guidelines, established by doctors and health officials, promote the safety of students, staff, and their families. Although nothing is ever guaranteed, I believe that by following the guidelines, we can return to sports safely. It will take a diligent effort from all involved, to make smart, safe choices, to successfully execute the season.”

Starting practice, especially in team sports where socially distancing is nearly impossible, including football, volleyball, and soccer, is a positive step. The proposed guidelines to continue toward game competition between teams remain a challenge.

The following county-specific benchmarks, as published on the Arizona Department of Health services (ADHS) website, allow for the start of practice:

1. Two weeks below 100 cases per 100,000 OR two-week decline in the number of new cases (not including current week).
2. Two weeks with percent positivity below 7% (not including current week).
3. Two weeks with hospital visits due to COVID-like illness below 10%.

The benchmarks to begin game competition must reach another phase, considering the SMAC guidelines assess the risk of COVID-19 spread in athletic sports settings. According to the 19-page document, the risk is expected to be increased during team-based practice, more risk within-team

competition, even more risk when full competition between teams from the same local geographic area, and the highest risk during full competition between teams from different geographic areas.

Modifications previously released by the AIA that address such game logistics of eliminating postgame handshakes, equipment sanitizing, and more aim to reduce risks, however, they don’t affect the benchmarks defined by the ADHS nor the SMAC guidelines to begin game competition.

Currently, most communities are considered in the “Moderate Community Spread” category of the SMAC guidelines, which allows larger team sports and contact sports to consider non-contact team practice with cohorts at least six feet from other cohorts at practice and the following:

- Outside practice encouraged when possible
- Maintain healthy operations and healthy environment guidelines shall be followed at all times
- Athletes shall be kept in the same training group (cohorting)

Sun Life hosts drive-through vaccine clinic

Sun Life Family Health Center is hosting a drive-through vaccine clinic for children of all ages. Children and adolescent vaccines will be available for the first 20 participants. With schools not opening on schedule this year, many children have gone without regular vaccine schedule. It is important for children to stay vaccinated to protect them and others against serious diseases.

The drive-through clinic is for children and adolescents ages 4 years and older.

The clinic will be held Tuesday, Sept. 15, 2-4 p.m. at the Sun Life Family Health Center in San Manuel, 23 McNab Pkwy., in the back parking lot. School-aged children must be accompanied by their parent or guardian.

The purpose of this event is to provide needed vaccines to children who may have delayed routine medical care due to COVID-19 concerns.

For more information about this event, please feel free to call 520-385-2234.

Pinal Rural Fire District receives grant for COVID-19 emergency response assistance

On Sept. 4, 2020, Pinal Rural Fire District received a grant of almost \$1,800 from the Arizona Emergency Medical Association to purchase personal protective equipment (PPE) and other needed COVID-19 supplies.

"We are a small, volunteer fire district. This grant will help greatly as we work to keep our firefighters safe while we provide emergency medical services to the residents and guests," said Bobby Apodaca, Fire Chief.

The best way to prevent illness is to avoid being exposed. The virus is thought to spread

mainly from person-to-person between people who are in close contact with one another (within 6 feet). This occurs through respiratory droplets produced when an infected person coughs or sneezes.

There are effective ways to practice physical distancing and reduce the risk to yourself and the people you care about.

For more information contact the Pinal Rural Fire District at 520-465-5300 or the Arizona Department of Health Services at <https://azdhs.gov/index.php>.

Oracle Brush Dump to close

By John Hernandez
San Manuel Miner

The Oracle Brush Disposal Site is being forced to close due to being at capacity and drought conditions preventing the Oracle Fire District from burning the brush.

After the Bighorn Fire, many residents began trimming vegetation on their property and transporting it to the brush dump increasing the number of dump trips from 172 in April to 323 in May and 356 in June. Since January a total of 1,625 trips to the dump site have been made. The dump has reached its maximum

storage capacity and will not be accepting any more vegetation until conditions allow the brush to be safely burned, making room for more dump space.

The brush disposal site is operated by Oracle Firewise and the Oracle Fire District. The brush dump is one of only two in southern Arizona. They are asking the public to be patient while the dump is temporarily closed until conditions allow for the brush removal and reopening of the disposal site. They encourage everyone to be Firewise. The Oracle Brush Disposal Site will close effective Tuesday, Sept. 8, 2020.

Oracle Community Learning Garden plans fall plant sale

With the expectation of cooler weather ahead, the Oracle Community Learning Garden is having its fall plant sale. Cool-season veggies and herb starts will be available for pre-order and pre-pay starting Thursday, Sept. 10, through Sept. 16 for drive-through pickup on Saturday, Sept. 19. All plants are locally and organically grown by garden volunteers and selected for their ability to thrive in Oracle's upcoming cool season.

The list of plants available for sale includes parsley, dill, chard, kale, collards, broccoli, arugula, mizuna, and more. The full list of plants and instructions for ordering and picking up your order is on the garden's Facebook page - 'Oracle Community Learning Garden at Wood Field'. You can also request the list by emailing us at oclgarden2020@gmail.com.

Because we are pre-packing your orders in order to observe social distancing, all purchases must be pre-ordered by Wednesday, Sept. 16. Organizers recommend placing your order early, as there is a limited supply.

An extra bonus to picking up your order on Sept. 19 is the opportunity to see the maiden voyage of their Kid's Oracle Community Learning Garden Railroad! When you pick up your order, you'll be able to drive past the railroad and see part of it in action. This is no small project - at completion, over 350 feet of track will be laid.

This plant sale benefits the Oracle Community Learning Garden and allows them to continue creating new and innovative gardening projects. Please stop by and see what's growing - new things are sprouting all the time!

FALL SPORTS

Continued from page 3

- Athletes should have their own equipment (i.e. helmets)
- Training drills with shared equipment may occur (i.e. sleds)
- Cleaning and disinfecting schedule in place

- Minimum cleaning before and after each cohort, but preferred before and after each athlete
- No close contact drills between players
- No competitions

- All coaches and staff should wear masks at all times

For competition to commence between teams, communities must reach a level of “minimal community

spread” defined as:

1. <10 cases/100,000
2. <5% of COVID-19 PCR tests performed are positive
3. <5% of hospital visits due to COVID-like illness

If and when that level is reached, “all sports, with and without contact, may

resume with usual activity,” according to the SMAC guidelines.

Many throughout the state, including coaches, parents, and media wonder if that level is unattainable in the next four weeks or less. Soccer and volleyball are scheduled to begin game competition Sept. 16-21.

The AIA appears to believe that communities will reach the level required to see games under the Friday Night Lights and more.

“To say we are happy to be where we are now is an understatement,” Hines said. “The Board members really took their time to make sure that this could be done safely. We think that it definitely can. With the help of everyone at our member schools doing their part, we can absolutely make this a memorable season.”

No doubt, this fall sports season will be remembered but for what?

We are about to find out.

RATTLESNAKES

Continued from page 2

- Rattlesnakes in our area had a late birthing season. The mother rattlesnake stays with her young then leaves.
- It has been a very warm summer. The heat makes rattlesnakes all the more in search of water and protection.

- The campus has been mainly vacant since COVID-19 school closures. It is possible that the vacant campus became a welcoming location for rattlesnakes.

“Since the inspection and assessment, we have been eliminating areas with tall grass, locating areas where water could gather, and continuing our efforts to keep rodents from becoming a food source for snakes,” she told the Miner.

“We recognize that our campus is in a desert environment and an occasional rattlesnake sighting is to be expected. We have procedures in place when a rattlesnake is spotted on campus including keeping the rattlesnake in sight and calling the Oracle Fire Department to have the snake safely removed. Our staff has been instructed not to attempt to harm the rattlesnake as an estimated 8 out of 10 rattlesnake bites take place when a rattlesnake feels threatened by a human trying to move or harm the snake.”

5. Notice is given that DCS is proposing to substantiate any allegations of abuse and/or neglect contained in the dependency petition for placement in the DCS Central Registry. Copper Area News is committed to providing our readers with as much information as possible. We post a daily update on our Facebook page with the total positive COVID-19 Data. This graph shows the daily counts of positive cases for the past week as of press time on Sept. 8, 2020.

There are a few points we would like our readers to consider when following this data.

1. This will continue to be a rolling total of positive cases. It does not reflect recoveries or deaths. The Arizona Department of Health Services does not break out this data.
2. If you see a reduction in numbers from day to day it is most likely due to a data entry error or mis-coding of a zip code (at the state level).
3. This is all zip code based data; most of our zip codes include unincorporated areas. There is no way to track exactly which areas each of the positive cases are. Example, Kearny and Winkelman each have small communities in their zip code that are not in the Town's incorporated boundaries.
4. If you live in Gila County, please follow the Gila County Health and Emergency Management, Facebook. They have maintained their data on recoveries and current positive cases.
5. You can follow other data such as ICU bed use, Ventilator use and hospital capacity online: <https://bit.ly/3inh28O>

Working together, we can slow the spread of the virus across the Copper Corridor. Wear a mask in public, remain physically distant (6 feet apart or more), practice good hygiene (wash your hands frequently, sanitize high touch areas) and stay home if you are not feeling well.

Peppersauce UTV Fun Run set for Oct. 23-25

Located on the edge of the picturesque Sonoran Desert, San Manuel overlooks the panoramic Galiuro Mountains.

This is a great venue for a UTV Fun Run. The town of San Manuel is welcoming the Peppersauce UTV Fun Run to their small old copper mining town. This will be the first event of its kind in this town (soon to be an annual event).

The UTV Fun Run includes two different guided trail rides throughout the desert, which will range from 75-100 miles long. You will have the option to choose one ride each day. The trails will be similar in miles, and they will take you through beautiful scenery and wildlife. There will be a leader and a sweep rider for each of the rides to make sure everyone is safe and accounted for. There will also be a Friday night ride which will range about 30+ miles.

Each morning before departing on the trail rides, you will enjoy breakfast hosted by the local FFA High School Club (100% proceeds from all meals will go to the club). After Saturday's ride, there will be

a cornhole tournament, dinner (hosted by FFA High School Club), music, raffles, vendors, and more. At the UTV Fun Run you will meet new friends and enjoy great company. There will be camping availability and vendors. Organizers will hold the first Miss Peppersauce UTV contest!

Everyone is welcome. You need to ask yourself ... are you ready for a GREAT time on some of the best trails in Southern Arizona? Cost to participate is \$100. The fun starts at the Peppersauce Motorsports and Rentals, 136 W. Eighth Ave., San Manuel.

Part of the proceeds will go to the local San Manuel Community Schools!

Special thanks to Peppersauce Motorsports and Rentals for making this event happen! If you do not have your own UTV, you can rent one from them for this event at a discounted price.

For more information, visit www.peppersauceutvfunrun.com or email kyle@azopracing.com.

Mt. Lemmon Gravel Grinder cancelled

Due to COVID-19 concerns and the uncertainty of the availability of course use due to damage from the Bighorn Fire, the 2020 Mt. Lemmon Gravel Grinder has been cancelled.

This would have been the 8th Annual Grinder which brings hundreds of mountain bicyclists and their families and friends to the Oracle area. The two-day event was expected to bring over 500 participants and attract 1,500 people this year. Pinal County was going to be the event's new title sponsor.

Mt. Lemmon Gravel Grinder organizers announced that as of Aug. 30, the Gravel Grinder has been cancelled. They said on their website, "Due to the continued uncertainty surrounding the course and the ongoing COVID-19 Pandemic, we feel that in the best interest of our staff, volunteers, participants, and the community of Oracle, to make the decision to cancel this year's event and look forward to 2021."

For more information about entry refunds and next year's event, visit www.mtlemongravelgrinder.com.

The Catalina Ranger District placed the Catalina Mountains and Mt. Lemmon under a closure order until Nov. 1, 2020. Peppersauce Campground remains closed.

The 2019 Gravel Grinder at the 3C Ranch. This year's event was cancelled.
